Executive Summary

Summary Observations

It shall be the policy of the United States Olympic Committee (USOC) that each National Governing Body (NGBs) adopt a Minimum Standards Policy for Athlete Safety Programs (Athlete Safety Standards) by December 31, 2013.

We noted the following opportunities to enhance the design of USA Badminton’s (USAB) compliance with the Athlete Safety Standards:

- **Athlete Safety Standards - Criminal Background Checks and Education and Training Policy Requirements** – USA Badminton’s SafeSport Policy only requires annual criminal background checks for coaches and staff. Based on further discussion with USAB, there are other stakeholders that are required to have a criminal background check conducted (e.g., Officials/Referees, volunteer officials); however, USA Badminton’s SafeSport documentation and administrative materials does not state that these stakeholders are required to have a criminal background check completed.

Background and Approach

USOC engaged Baker Tilly Virchow Krause (Baker Tilly), to assist the USOC in the completion of SafeSport audits, to assess compliance with SafeSport policies and procedures at the USOC and all of its NGBs and High Performance Management Organizations (HPMOs).

Baker Tilly performed a review of USAB to evaluate compliance with the Athlete Safety Standards. The following activities were performed for this review of USAB:

- Developed and executed an audit program that included:
  - Holding a virtual entrance meeting to discuss and document USAB’s SafeSport program and processes.
  - Selecting a sample of 10 from the required individuals to ensure a background check was performed and education and training was completed. See Appendix A for a list of documents reviewed.
  - Reviewing USAB’s athlete safety policy and determining whether the following was addressed:
    - Required misconduct is prohibited and defined;
    - Reporting procedures are documented; and
    - The grievance process is documented and complies with Athlete Safety Standards.
  - Identifying which individuals are required to undergo a criminal background check and complete education and training.

2 Effective June 20, 2017 the USOC replaced the Athlete Safety Standards with the NGB Athlete Safety Policy. Due to the timing of this audit, fieldwork was performed in accordance with the Athlete Safety Standards.
Conducted a virtual exit meeting, if requested, following delivery of the draft report, to discuss audit findings and recommendation(s) with USAB. See Appendix B for a list of individuals interviewed.

Identified specific observations and recommendations regarding opportunities to enhance compliance with Athlete Safety Standards. Observations include the following attributes: criteria, condition, cause, effect and recommendation, as set out in the International Professional Practices Framework (IPPF) Standards and Practice Advisory 2410-1.
