United States Olympic Committee SafeSport Audit of USA Cycling
Executive Summary

Summary Observations
It shall be the policy of the United States Olympic Committee (USOC) that each National Governing Body (NGBs) adopt a Minimum Standards Policy for Athlete Safety Programs (Athlete Safety Standards) by December 31, 2013.

Based on this review of USA Cycling’s SafeSport-related documentation and administrative materials, USA Cycling’s policies and procedures met the requirements of the Athlete Safety Standards. Therefore, there were no observations noted during this audit.

Background and Approach
USOC engaged Baker Tilly Virchow Krause (Baker Tilly), to assist the USOC in the completion of SafeSport audits, to assess compliance with SafeSport policies and procedures at the USOC and all of its NGBs and High Performance Management Organizations (HPMOs).

Baker Tilly performed a review of USA Cycling to evaluate compliance with the Athlete Safety Standards. The following activities were performed for this review of USA Cycling:

> Developed and executed an audit program that included:
  - Holding a virtual entrance meeting to discuss and document USA Cycling’s SafeSport program and processes.
  - Selecting a sample of 10 from the required individuals to ensure a background check was performed and education and training was completed. See Appendix A for a list of documents reviewed.
  - Reviewing USA Cycling’s athlete safety policy and determining whether the following was addressed:
    - Required misconduct is prohibited and defined;
    - Reporting procedures are documented; and
    - The grievance process is documented and complies with Athlete Safety Standards.
  - Identifying which individuals are required to undergo a criminal background check and complete education and training.

> Conducted a virtual exit meeting, if requested, following delivery of the draft report, to discuss audit findings and recommendation(s) with USA Cycling. See Appendix B for a list of individuals interviewed.

1 Effective June 20, 2017 the USOC replaced the Athlete Safety Standards with the NGB Athlete Safety Policy. Due to the timing of this audit, fieldwork was performed in accordance with the Athlete Safety Standards.
Identified specific observations and recommendations regarding opportunities to enhance compliance with Athlete Safety Standards. Observations include the following attributes: criteria, condition, cause, effect and recommendation, as set out in the International Professional Practices Framework (IPPF) Standards and Practice Advisory 2410-1.
Report Appendices
Appendix A: Documents Reviewed

We reviewed the following documents:

- Athlete Safety Standards Program Questionnaire
- Population listing of “required individuals” (i.e., covered individuals required to undergo background check and training)
- USA Cycling Code of Conduct
- USA Cycling Criminal Background Check Procedures
- USA Cycling SafeSport Education Policy
- USA Cycling Applicable SafeSport Policies
- Policy III: Administrative Grievances
Appendix B: Personnel Interviewed

We interviewed the following personnel:

> Jon Whiteman, Risk Protection Manager
> Shane Garman, Legal Counsel at USA Cycling
