Form 990, Part IV:

USOC grant funds awarded to National Governing Bodies (NGBs) are agreed

upon and administered through a Performance Partnership Agreement

(PPA). The approved projects and payment schedule are outlined and

agreed upon in the PPA. NGBs receive payments from the USOC on a

quarterly basis. Prior to releasing funds, NGBs are required to

provide a quarterly report outlining the amount of dollars spent on

each of the USOC-approved projects. At the end of the year, NGBs are

required to provide a final report on each of the USOC-approved

Part IV Supplemental Information

projects. The NGBs are then periodically audited by the USOC Audit

Division.

The Direct Athlete Support Program is also agreed upon and administered

through the PPA. The payment schedule for athletes is outlined in the

PPA as well and typically the payments are either monthly or quarterly.

The NGB submits the athlete designation list and a signed (by the

athlete) athlete support designee form before the USOC will begin the

process for athlete payments. Prior to payments being made to an

athlete, the USOC confirms that the athlete is compliant with

anti-doping requirements. Once compliance is confirmed, the athlete

will then be paid. There are no reporting requirements for athletes

other than maintaining their status in their sport.

Part I, Line 1a:

First-class or charter travel and travel for companions:

The CEO may fly business or first class at his discretion on domestic and international flights. Managing directors and above may fly business class at their discretion on flights with segments of five hours or more in duration. The USOC has determined that it is sometimes beneficial for the CEO and Board Members to have their spouses accompany them to particular events, such as the Olympic Games. In such cases that expenses are paid by the USOC, the costs associated with the spouses' travel are evaluated for business purpose. Those determined not to be necessary business expenses are reported to the CEO and Board Members as taxable wages or non-employee compensation on either Form W-2 or 1099-MISC.

Part I, Line 5:

Chief Marketing Officer Baird received a special incentive payment of \$179,295 in 2014 for securing revenue for the 2016 quad.

Part I, Line 7:

The compensation practice of the USOC is that base pay plus at-risk bonus

Part III Supplemental Information

is the total cash compensation for all regular full-time
and part-time exempt positions. At-risk bonus compensation is based upon a
combination of organizational and individual goal attainment. The
Compensation Committee of the USOC's board of directors determines the
organizational achievement by using a performance screen that identifies
and quantifies annual goals and objectives for the organization. One of
those goals is meeting the board-approved annual budget. The Compensation
Committee of the USOC's board of directors determines the attainment of
these goals over the course of the year and, at year end, expresses them as
a percentage of the goals. Once that percentage is determined, it is
applied across the organization in a consistent formula to eligible
employees based upon an individual's overall performance and contributions
for the year.

The Ethics Officer and the chair of the Ethics Committee determine whether a conflict exists and so mark their decision on the disclosure statement, also indicating the required corrective action should they determine that a conflict exists (which may include, but is not limited to, prohibiting the person from participation in the organization's deliberations and decisions in the transaction).

present compensation amounts and policies to an independent Compensation Committee and management for approval. The discussions about compensation strategies and key programs are contemporaneously documented, and decisions about compensation and benefits are made by the Compensation Committee of the Board of Directors in strict accordance with the bylaws of the organization. The USOC specifically performs the following steps in determining compensation of all employees (including officers and key employees) as well as the CEO's compensation package.

The USOC has an established salary structure consisting of 40+ overlapping, symmetrical salary ranges for exempt and non-exempt positions. Each range includes a minimum, midpoint and maximum pay level. The salary ranges have been developed by blending our compensation philosophy, nationally and regionally available independent salary survey data and economic business conditions data. A job description and pay grade for each job title is established in collaboration of the supervisor of the position and with final approval by human resources. Final determination of the pay grade may also take into account available data regarding salaries paid for similar jobs in the marketplace as well as internal equity considerations.

All full-time and part-time regular employees are eligible for annual merit increases based upon performance. The approved merit pool for all employees is approved by the Compensation Committee of the USOC board of directors based on compensation philosophy, nationally available independent salary survey data, economic business conditions data and the recommendations of management.

All full-time and part-time regular exempt employees are eligible for

at-risk bonus compensation based upon organizational goal attainment as determined by the Compensation Committee of the USOC board of directors and individual goal attainment. The funding budget of the at-risk bonus is also reviewed and approved by the Compensation Committee.

The CEO's merit increases and at-risk compensation are determined by the Compensation Committee using processes similar to those described above for all employees. The Compensation Committee then provides a written confirmation of the process and outcome to human resources and finance for documentation and audit purposes.
