

Candidate Statement for Victor Chia

I am passionate about archery and would like to see its continued growth as a sport in USA. I like to contribute ideas to USAA to purposefully improve JOAD archers' experience. If we are successful we will create a strong JOAD talent pool that will service our JDT program. JDT archers will then have the opportunity to become our next generation Olympians. So it is important USAA has a cohesive and comprehensive JOAD National direction.

An immediate thought that comes to my mind is consider USAA develop a JOAD Symposium similar to the Coach Symposium. As the Head Coach of a JOAD club I would greatly benefit from such a meeting forum to learn from other coaches and professional speakers about how they run their programs and tournaments. It would not just be a forum to share archery experiences but also different aspects for running a successful JOAD business. Any networking opportunities for JOAD coaches are good.

In my continued pursuit to become an elite coach I realize that I enjoy teaching kids very much. My reward is the gratification to see them learn from not ever holding a bow to become an accomplished archer. I started my coaching career at U.C. Berkeley in 2006. I formed my own high performance club for private coaching, Chia Archery, after Sharon and I receiving our Level 4-NTS certification. While I was coaching the archery team at U.C. Berkeley I worked as the lead archery instructor at their summer camp, Blue Camp. As the lead instructor I was responsible for the safety of the kids, to develop the archery lesson plan, hire instructors, train the instructors, repair equipment, order targets, etc.. In 2009 I was awarded Cal Staff position of Director of U.C. Berkeley Camps and Youth Programs for Archery. Our archery youth program is for kids ages 9 to 16. In 2014 I successfully convinced U.C. Berkeley to allow me to start an all year Cal Archery Academy JOAD. The JOAD program has been very successful because of the high archery interest in the Bay Area, CA. Please view a typical session on <https://flic.kr/s/aHsk9zomdD>. As a USAA Coach Trainer I have certified many Level 3 coaches who are coaches at JOAD clubs or are starting a JOAD program. For example, all the Level 3 coaches at Wilderness Archery JOAD in Rocklin, CA are certified by me. I have certified Level 3 coaches who came to my home from as far as Alaska and Brazil (to my surprise). The Alaska Level 2 instructor wanted to be certified because she wanted to start a JOAD program as there was nothing available in her area. Listening to the people attending my Level 3 classes has given me ideas to improve our own Cal JOAD program.

CHIA ARCHERY JOAD

High Performance Coaching

Victor K.F. Chia, Ph.D.
510-825-3701; chia.archery@gmail.com

Personal Profile

Archery Division	Recurve and compound
