

2024 OLYMPIC TRIALS FOR BOXING QUALIFICATION GUIDELINES FOR OLYMPIC WEIGHT DIVISIONS

Important Notice

This document has been established to provide USA Boxing members with the qualification process to participate in the 2024 Olympic Trials for Boxing, which will be used as a part of the elite team selection process for 2024. As of November 28, 2022, official qualification guidelines for the 2024 Paris Olympic Games have not been published by the International Olympic Committee (IOC). Therefore, it is possible that an international Olympic qualification event, which qualifies athletes directly to the 2024 Paris Olympic Games by name, could take place in 2023 prior to the 2024 Olympic Trials for Boxing.

If an international Olympic qualification event is held in 2023 and a US boxer qualifies for the 2024 Paris Olympic Games through this event, his or her qualification will be accepted by the US Olympic & Paralympic Committee and USA Boxing. In this scenario, the weight category that the boxer qualifies in will still be contested at the 2024 Olympic Trials for Boxing. The athlete who places first at this event will not advance to the next stage of team selection for 2024 but will be considered as an alternate in case the qualified athlete must withdraw from competing at the Paris 2024 Olympic Games.
