The Process

USA Wheelchair Curling utilizes a multistep process to allow for and select among developmental athletes wishing to earn a coveted spot at the annual U.S. Wheelchair Team Selection Trials.

Page | 3

The process starts with you at your local club. Use this package and the “Skill Shots” to practice for your application and tryout. You can practice the Skill Shots as many times as you wish. You will be required to submit with your application five repetitions of the completed Skill Shots, each witnessed and signed by a local official. This official may be a local curling club board member, a local coach or other responsible individual who can attest that they witnessed and scored your submitted score. The official does not have to be the same person each time a score is submitted.

With the five submitted scoresheets, you will also need to submit the required application and a completed resume. The application is not considered “complete and submitted” until all of the above are received by USA Curling. The application deadline is April 1, 2019.

The applications will be reviewed by a committee consisting of USA Curling staff and at least one past National Team member of USA Curling in any discipline. Applications will be ranked, gender specific, on Skill Shot results and demonstrated past performance and involvement as evidenced by the resume. A minimum of eight and a maximum of 12 athletes will be selected from these applications to compete at the U.S. National Invitational Camp and Selection Trials. The results of the selection process will be released no later than April 15, 2019, or 30 days prior to the scheduled start date of the U.S. National Invitational Camp and Selection Trials, whichever occurs first.

The U.S. National Invitational Camp and Selection Trials will be a camp/selection event with two purposes; aid in the development of the “Next Gen” U.S. wheelchair athletes, and to seed the final spots in the U.S. National Team Selection Trials to complete a full field of 12 athletes. Expect the camp to be a 2-4 day process, likely scheduled over a Thursday through Sunday. Locations and dates for the 2019 selection event are tentatively scheduled for early June in Denver, but are subject to change.

The selection committee will evaluate athletes on skills, game knowledge and team dynamics. Potential will also be noted and recognized. A gender-specific rank ordered listing will be created by the selection committee. This rank ordered listing will be used to fill the U.S. National Team Selection Trials, which are tentatively scheduled for July at a location to be determined.

The Process Timeline

Download and read “U.S. National Invitational Camp and Selection Trials Application Package”

Practice Skill Shots

Complete at least five repetitions of the Skill Shots with an “Official” who can sign for the authenticity of those scores. You can complete and score as many repetitions as you want, but submit only your top five scores.

Page | 4

Complete the application and submit it by April 1, 2019. A complete registration must include the following:

- Application Form
- 5 Signed Skill Set score sheets
- Resume

Notification of invitations to U.S. National Invitational Camp and Selection Trials will occur by April 15, or 30 days prior to the scheduled start of the camp, whichever is earlier.

Upon completion of the U.S. National Invitational Camp and Selection Trials, four individuals will immediately be invited to the U.S. National Team Selection Trials.

The application deadline for the prior year’s team to register for the U.S. National Team Selection Trials is June 1, 2019.

If required to fill to a Trials field size of 12, additional athletes, as selected in descending order from the gender-specific rank order listing from the U.S. National Invitational Camp and Selection Trials, will be invited to the U.S. National Team Trials. Notifications to those selected athletes will occur immediately after the application and selection deadlines noted above..

Once the Trials field is filled to 12 athletes, should a selected athlete drop out any time after they have been notified of being selected, the selection committee retains the sole authority of determining if that open spot will be filled.

The U.S. National Team Selection Trials are tentatively scheduled to be held in July 2019, with a location to be determined soon.

The Skill Shots

U.S. Curling National Team Trials Selection Process Wheelchair Curling

Selection Process: The field for the 2020 USA Curling National Team Trials for wheelchair curling is limited to a maximum of 12 athletes. The field will be comprised of the eight returning athletes from the prior year's National Team plus the four qualifiers from the current year's PreTrials. The deadline for application is June 1, 2019. If vacancies exist following the application deadline, additional athletes may be selected from the gender-specific rank order listings from the U.S. National Camp and Selection Trials. Notification will be made to these additional athletes ASAP.

The Trials will consist of individual skill shots, game play, personal interviews and observations. Throughout the Trials, participants will be assessed by a panel of judges regarding their demonstrated curling abilities as well as other qualities including, but not limited to, on- and off-ice behavior, demonstrated team dynamics, fitness level, endurance and their match to specific team needs. Past National Team experience will also be considered. Gender-specific rankings will be created.

The panel will select from the gender-specific rankings the appropriate number of athletes to select a National Team of eight total athletes. The male/female ratio is at the sole discretion of the Selection Committee. The Committee will select a minimum of two athletes of each gender. Athletes who have received a medical waiver (see below) will have their known ability compared against the last selected athlete(s) on the gender-specific rankings. The Committee will then decide upon the National Team of eight athletes.

The final team of five athletes will be recognized as Team USA and will compete at the 2020 World Wheelchair Curling Championships, barring unforeseen circumstances. The athlete selection process will be based upon subjective and objective evaluation by the national staff regarding demonstrated curling abilities as well as other qualities including, but not limited to, on- and off-ice behavior, demonstrated team dynamics, fitness level, endurance and their match to specific team needs. The Committee will select a minimum of one athlete of each gender.

The National Team Selection Panel will consist of a minimum of three judges consisting of members of the USA Wheelchair Curling National Team staff and a prior U.S. National Team member (any curling discipline). Additional judges may also be appointed as deemed necessary to make for the best possible selection panel.

Waiver Process: If an athlete who has registered for the National Team Selection Trials has incurred or incurs an injury or illness that may prevent him/her from competing at or completing the Trials, the athlete must immediately contact the NGB and the National Wheelchair Program Coach. The injury or illness must be documented by a certified healthcare professional and that certification must be forwarded to the NGB. A panel including two

members of the USA Curling National Wheelchair Curling Program staff and one prior or current USA Curling National Team member (any discipline) will review the waiver request within 48 hours of the NGB receiving the documentation. The result of the panel's review and decision will be presented to the athlete within 48 hours of the completion of the review. The purpose of the review is solely to determine the legitimacy of the injury or illness and its effect on the individual. The review panel has no authority to place an athlete directly onto the National Team. Athletes that have received a waiver are not required to attend the National Team Selection Trials. Athletes who have received a medical waiver will have their known ability compared against the last selected athlete(s) on the gender specific rankings. The Committee will then decide upon the National Team of eight athletes.

The filling of any vacancy at the National Team Trials is at the discretion of the Selection Committee. If the committee chooses to fill a vacancy, additional athletes will be selected from the gender-specific rank order listings from the U.S. National Camp and Selection Trials.

Eligibility Requirements: Selected athletes must meet, be eligible to meet and/or maintain compliance with the following eligibility requirements:

1. Be eligible to compete as a U.S. citizen
2. Be a member in good standing with the United States Curling Association
3. Possess a valid U.S. passport and be eligible for international travel

5. Abide by the current Code of Conduct as contained within the USA Curling Wheelchair National Team Athlete Agreement
6. Exhibit a recognized physical impairment which allows the athlete to meet one of the six eligibility criteria for international classification specific to the sport of Wheelchair Curling
7. Submit a completed application to the United States Curling Association prior to the application deadline, including all required fees, forms and documents

GENERAL:

1. **In general, the USCA will reimburse expenses in the following categories:**
 - a. Airfare: Reimbursement will be provided for round-trip coach airfare. Whenever possible or less expensive, flying shall be the preferred mode of transportation.
 - b. Use of Personal Vehicle: Reimbursement shall be made to staff, volunteers and athletes on USCA administrative business under grants that include transportation for the authorized cost of using a personal vehicle at the IRS standard mileage reimbursement rate. ... The reimbursement for approved travel by automobile shall not exceed the travel expenses incurred by flying as an alternative. ***Note: We encourage travelers to compare the cost using a rental vehicle with mileage reimbursement, as vehicle rental can sometimes be a more economical option.***
 - c. Meals and Incidentals: Subject to budget availability, the USCA shall pay up to \$40 per diem for food expenditures and incidental expenses for authorized travel in the U.S and Canada. For travel outside of the U.S. or Canada, reimbursement (also subject to budget availability) shall be at the rate of up to \$75 per diem. Per diems will be reduced for meal(s) provided, according to the following schedule: breakfast: 15% of per diem rate; lunch: 25% of per diem rate; dinner: 60% of per diem rate. Receipts must be provided for meal expenses not covered by per diems.
 - d. Entertainment: The USCA should pay for entertainment only in rare circumstances and only as necessary to conduct official USCA business. All such expenses are subject to the review and approval of the Chief Executive Officer and Chairman (Chairman of the Finance Committee in the case of expenses incurred by the Chairman) prior to reimbursement.
2. **In the situation where team members are paid cash from an advance – or when teams or individuals are being reimbursed – a Project Expense Report Form is to be maintained** by the Team Administrator or Leader, or designated responsible party, and filed with the receipts.
 - a. Within a maximum of four weeks after the date of the event (but ideally within 2 weeks) or such other period as the Treasurer or Chief Executive Officer may specify, the payee must submit a detailed report of the funds expended including all receipts. If there are expenses not yet known at the time the report is due, the holder of the advance must submit in writing a partial report of the known expenses and an estimate of the expenses due, together with a return of such funds remaining. All expenses due after the report shall be authorized by the Team Administrator or Leader and paid by the National Office.

b. Please use a new form for each event, i.e., one form/one event.

3. **Submission of Receipts:** To be reimbursed for approved expenditures as described in this procedure, you must submit receipts for airfare, hotels and meals (if/where applicable in lieu of per diems), as well as miles driven. These receipts must be submitted within 30 days of the end of the event. If no receipts are received, the Controller will remind the individual that receipts must be received before reimbursement will be made. The individual then has 30 days to submit receipts to the USCA office. If these receipts are not received in this time period, the individual assumes full financial responsibility for the expenses.

a. The USCA requires a receipt for every expense that's being charged to a team's cash advance or being reimbursed. If a receipt isn't available (perhaps for a bus ride, some tolls, and so on), the team must keep a record of these expenses (see item #2, above). We encourage everyone, whenever possible, to provide receipts for all of their expenses, large and small. This includes (but is not limited to) airline baggage fees, local transportation, rental car fuel, tolls. Please note that USCA policy provides for the possibility of limited reimbursement without receipts for expenses under \$25.00.

b. The USCA requires original receipts or scanned copies of the originals. Original copies should be held for a period of 4 years. This is a USOC Audit Department requirement.

c. Receipts should show date and amount of payment, what the payment was for, and the name of the payee. If the name of the payer is also included, so much the better.

d. Receipts should be legible and clearly state which event they were for.

e. Not all documents qualify as receipts.

i. A photocopy of a check the team or individual has written to cover an expense does not qualify as a receipt.

ii. In most cases, credit card statements do not qualify as receipts (evidence of credit card foreign transaction fees is an exception).

e. Credit card statements can be used to document some specific expenses. This includes the U.S. cost to the team for foreign transactions (and foreign transaction credit card fees that were assessed), but credit card statements alone are not sufficient for everything – we will still need an original receipt for the foreign transaction (entry fee, hotel, car rental, trains, etc.).

f. Per diems and meal reimbursements

i. We do not require receipts for meals covered by per diems, but receipts are needed for any meals that are reimbursed.

a) The devil is in the details when it comes to per diems. Per diems are intended to cover the meals that individuals pay for out-of-pocket. Any meals that are covered either by full reimbursement or other means (breakfasts that are included, for example, with the cost of a hotel room) should not also be per diem'd.

b) If a USA Curling staff member pays for a group meal that will be covered by reimbursement, we will need the names of everyone whose meal was covered, as well as the receipt. Anyone in the group meal should not request per diem for that meal.

c) We may fully reimburse for items such as event banquet tickets that cost more than a per diem would cover – again, we'll need receipts.

- ii. The USCA does not cover the purchase of alcoholic beverages. Limited exceptions exist related to specific events and must be pre-approved by a USCA staff person.
- iii. Reimbursement can be expected within thirty (30) days of the USCA's receipt of all required documentation of expenses.

United Value-in-Kind (VIK)

Because a percentage of all U.S. Olympic Committee resources allocated are given to us as United VIK, either we use it fully, or we have to reduce available cash in other program/project areas.

Our National Team/Staff Program VIK Policy is:

1. All National Team program travel/training funding will be allocated as 90% cash and 10% United VIK. So there's no misunderstanding, if your team was advised that it has been allocated \$10,000, this will be recorded in our budget as \$9,000 in cash and \$1,000 in United VIK.
2. All National Team Program staff budgets are also being recorded as 90% cash, 10% VIK, and this is based both on expense budgets and salaries/stipends.
3. You are not required to have non-United flights pre-approved.

We keep a constant eye on the United VIK balance. We receive our VIK allocation from the USOC on July 1. We will review where each team and staff person stands around January or February, so that we can do everything to help you obtain the full value of the resources allocated to you.

For all events we ask that you look into flying United to see if it is a viable option. The USCA accrues benefit (as bonus VIK) when we purchase tickets for Curling flights. Again, we will provide monthly VIK status reports to you, and will keep you apprised as to whether or not more cash can be made available to teams and staff who have not yet met the 10% minimum VIK usage requirement. This will be based on the overall VIK balance and projections for the months remaining in this fiscal year.

We understand that United is not always an option, but the bottom line is that a percentage of the funding provided to you is in the form of United VIK, so everyone either helps use it or the funding gets reduced.

You should be aware that all staff (including in the National Office), as well as any directors flying on USCA business make United VIK their first priority when traveling, so that we can help turn this VIK into cash to support the high performance programs. We even have directors and others who will book personal flights using United VIK and then pay the USCA for these tickets to help convert the VIK to cash.

Lastly, the 10% is only a minimum. You are welcome to go as far above and beyond this as your budget allows. In past seasons a number of teams have realized the benefits of using the United Olympic Desk and VIK (for one, another non-public United resource to call when things go wrong during your travels).

If you have any questions, please contact Ron Rossi or Rick Patzke at the National Office (888-287-5377).

Instructions for accessing United VIK:

1. Call the USOC United Travel Desk: 800-841-0460 to arrange your itinerary (“coach airfare,” per USCA Financial Policies).
2. Tell the Travel Desk that the travel is to be charged to U.S. Curling’s Performance Pool VIK.
3. Alert Ron Rossi (ron.rossi@usacurl.org) or Rick Patzke in Ron’s absence (rick.patzke@usacurl.org) that you have an itinerary waiting for USCA approval.
4. The Travel Desk will send a copy of your itinerary to the USCA via email. Per protocol established with the USOC, Ron and Rick are authorized to approve use of the VIK, and one of them must call the Travel Desk with final approval before the ticket will be issued.
5. The USOC then reviews and approves the ticket order.
6. Once the approval and ticketing processes are completed, the ticket will be forwarded to you via email.
7. It is the Athlete’s responsibility to check that any itinerary has been ticketed. A reservation showing on your United App does not mean that it has been ticketed, you need to access your account online to check this or confirm with Ron that it has in fact been ticketed.

During times when VIK is not available, we can cover United flights booked through the Travel Desk using the USCA credit card. You would follow the same basic procedure to contact the USOC United Travel Desk, but instead of asking them to charge the ticket to VIK you would indicate payment is to be made using the credit card.

If USCA does not have a sponsorship agreement in place by Sept. 1 of this contract year with a competitor of a particular Athlete Sponsor, then Athlete shall be entitled to display that Athlete/Team Sponsor's name and/or logo in the Athlete Designated Area only throughout the term of this Agreement, even if USCA subsequently enters into an agreement with a competitive sponsor or supplier, provided that Athlete has notified USCA of the Athlete Sponsor agreement and otherwise complies with the Agreement.

The Athlete agrees to learn pertinent information and to clear all speeches through the USCA prior to attending such events. The USCA will compensate the Athlete for appearance-related expenses such as travel, lodging expenses and per diem as negotiated between the Athlete and USCA, unless the Athlete agrees to waive this compensation upon request. Athlete will not be requested to make more than two (2) such appearances during the term of this Agreement.

C. USCA Sponsor Events. Upon request by USCA, Athlete will consider making up to two (2) non-competition promotional appearances on behalf of USCA for the purpose of promoting the sport at events sponsored by USCA's sponsors or suppliers (a "Sponsor Promotion"). These appearances at Sponsor Promotions are to be made without cost to Athlete and USCA, and the sponsor or supplier shall pay all of Athlete's travel, lodging and meal expenses. Unless otherwise agreed, no appearance at a particular Sponsor Promotion shall exceed two (2) days, including travel time. During all Sponsor Promotions, Athlete will wear, *upon written request, specified* USCA-provided Apparel or, if USCA has not provided Apparel to Athlete, then Athlete may wear clothing with the particular Sponsor's logo or, if not supplied by Sponsor for the appearance, the Athlete will wear clothing without logos. The Athlete agrees to learn pertinent information and to clear all speeches through the USCA prior to attending the Sponsor Promotion. USCA agrees to make best efforts to secure for Athlete from the sponsor or supplier an appearance fee for each appearance at a Sponsor Promotion according to the following appearance fee schedule:

1. Paralympic Medalist: \$2,500;
2. Paralympian: \$1,500;
3. World Medalist: \$1,250;
4. U.S. National Team Member: \$750.

D. If the Athlete decides, after consultation with the USCA, that it is not in their best interest, or interest of their team, the Athlete may decline to make specific promotional appearances and/or attend charity or sponsor events.

6. **Allocation of Promotional Area.** The areas for display of sponsor names and logos for all USCA Sanctioned Events referred to herein this agreement shall be divided as follows:

A. **Apparel – High Performance Program/National Team Program Apparel:** Athletes in the USCA High Performance Program/National Team Program will be provided with competitive apparel for each season, or, in special cases, with the opportunity to secure their own apparel sponsors. As part of the funding support for the High Performance Program, the USCA will be soliciting sponsors/donors who may be recognized with logos on the National Team apparel. Athletes are allowed to have personal team sponsors recognized on their apparel throughout the season, including at all USCA National Championships, utilizing approved locations (adhering to placement and sizing restrictions as denoted in the USCA Championship Rules Book).. Separate apparel and cresting restrictions apply should athletes qualify to represent USA at World, Olympic or Paralympic events.

B. **Equipment** – The USCA and athletes shall share equally the number of cresting and logo positions as deemed available and acceptable by both parties on broom bags/duffle bags/equipment bags and water bottles as provided and paid for by the USCA. Other field-of-play and event-related equipment (as partially identified in Definitions, H) shall be dedicated for use by USCA or its sponsors and suppliers.

7. **USCA and USCA Sponsor Marks Use.** Nothing contained in this agreement should be construed to authorize the use of any USCA Mark or USCA Sponsor Mark without the expressed written permission of the USCA. Further, Athlete agrees to refrain from referring to or publishing (electronically or in print) or broadcast any works of authorship created by or for USCA to imply or create improper or fraudulent endorsement by USCA of Athlete.

8. **Confidentiality.** Athlete agrees not to reveal or disclose to any person USCA's confidential information which shall include, but not be limited to, all information relating to technology, reports, inventions, discoveries, improvements, developments, devices, tools, software, video, audio, multimedia productions, marketing programs, marketing concepts, marketing plans, marketing proposals, procedures, financial information, formula, processes, plans, samples,

models, drawings, compilations, methods, designs, programs, techniques and specifications, oral or in writing or in some other form, which is under the control of USCA.
