1.2.2. Provide event names, dates, locations and description of how athletes qualify for the trials, events and camps listed above in 1.2.1. (if any).

- Athletes selected to the USAFH Junior National Squads during the 2018 – 2019 period
- Athletes selected as a member of a High Performance Center Program during the 2018 – 2019 period
- Athletes invited to a USAFH Women’s National Team trial or training session during the 2018 – 2019 period
- Athletes identified during ongoing assessment at any NCAA or USAFH event.

1.3.2. Athletes in the Pool are observed and monitored by the Women’s National Team High Performance Staff during international competition and other events (e.g. Women’s National Team Trial, NCAA events, training camps and centralized training where relevant) during 2018 and 2019 and will be considered for selection for the Pan American Games Team based on cumulative observations and evaluations using the selection criteria in Section 2.

1.3.3. For the Pan American Games, the 16 athletes who provide the best combination of technical, tactical, physiological and psychological makeup, attitude, work ethic, balance and blend of squad, using the criteria outlined in Section 2, will be recommended by the Women’s National Team High Performance Staff for final approval by the Women’s Selection Committee (WSC).

2. **DISCRETIONARY SELECTION (if applicable)**

2.1. Provide rationale for utilizing discretionary selection (if any):

The multi-faceted nature of team sport makes objective criteria very difficult to define, and thus there will be a significant component of discretionary decision making with regard to final selection. The criteria below are weighted against the requirements of a senior international player at world podium level. The criteria are not a nationwide comparison.

2.2. List the discretionary criteria and explain how they will be used (if any):

The selection criteria for field hockey is a mixture of technical, tactical, physiological and psychological components as well as attitude, work ethic, blend and balance of the
squad. Indeed, the measure of these components is somewhat subjective with specificity being aligned to each of the components with some objective measures. Objective measures, which tend to be most common within the physiological makeup of athletes, are handled by experts in the field and include maximal aerobic speed, speed, strength, the ability to repeat high intensity actions and low to ground actions required in field hockey at international level.

The environment from which selection is measured is a combination of centralized training, testing, domestic competition and international tournament exposure. An athlete from the Pool is eligible for selection as long as the performance within the technical, tactical, psychological, physiological, attitude, and work ethic areas is deemed appropriate by Women’s National Team High Performance Staff. In selecting athletes as members of the Pan American Games Team, the Women’s National Team High Performance Staff will consider the information listed below. Statistical, video, written and observational evaluations of athletes shall be retained by USA Field Hockey for at least six (6) months past the Closing Ceremonies of the 2019 Pan American Games.

The Women’s National Team High Performance Staff and National Team Coaches will use the following criteria, not listed in any priority order:

**Proven Effective Hockey Ability**

- Learns and is aware of options within a system of play
- Understands & implements tactical instructions
- Consistently takes right options
- Technical ability to make right options work
- Demonstrates sound basic skills under pressure
- Athletically capable
- Flexibility - can effectively play more than one position across and through lines
- Understands playing philosophy; believes in it and commits to it

**Balance & Blend of the Squad**

- Pan American Tournament hockey dictates a 16-player squad. The balance of forwards, midfielders and defenders, left, center and right sided, and players with critical set piece skills are a crucial part of the selection decision.

**Hockey Tournament Fitness**

- Ability to deliver repeated high intensity performances over the length of a tournament in difficult climatic conditions without accruing injuries.
Special Skills

- The ability to score and defend set pieces is fundamental to medal success. Similarly set piece skills such as static restart aerials skills are a required component of senior international hockey.

Heart

- The length & intensity of the program surrounding senior hockey requires self-motivated, self-disciplined, dedicated players who only require themselves to motivate their training and play. The pride and passion of players representing their country should be evident to all in what they do day-to-day.
- Strong work ethic, both on and off pitch.
- Supports teammates, in matches, training and off-pitch.
- Players who take individual responsibility
- Players who are optimistic, adaptable and demonstrate grit

Team Player

- Selfless in attitude towards team members both on & off pitch. Will give everything for the success of their team-mates
- Growth mindset – open minded to new ideas and concepts
- Plays to strengths

Resilience

- Warrior mentality - copes with & bounces back from the lows of international hockey, as well as remaining focused on the tasks still to be completed
- Thinks clearly under pressure
- Demonstrates the ability to learn from previous experiences through self-reflection and self-awareness

2.3. Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members’ titles currently serving on the committee:

Women’s Selection Committee:
Head Coach, Women’s National Team
Assistant Coach, Women’s National Team/Head Coach U21
Assistant Coach, Women’s National Team
Strength & Conditioning Coach, Women’s National Team
Athlete Representative
2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

5. **NGB’S RESPONSIBILITIES**

5.1 Subject to the continued financial support from USOC and the NGB (in amounts sufficient to enable the delivery of the services referred to in this clause), the NGB agrees:

(a) to manage and operate a world class program for the sport to the best standards achievable within the available funding with a view to implementing the standards recommended by the Head Coach, Performance Director and other USAFHHPP staff as best practice as these apply from time to time;

(b) to consult with the Athlete as part of his or her induction to the USAFHHPP (and, for Athletes already established on the USAFHHPP, at periodic intervals thereafter) to develop an integrated performance plan incorporating individual training, competition and personal development needs of the Athlete which is progressive and which identifies and agrees with the Athlete’s personal performance, development goals and support service requirements ("the Performance Plan");

(c) to work together with the Athlete to plan, monitor and review his or her Performance Plan on an ongoing basis to ensure that personal targets are set and the Athlete continues to progress towards them. The Athlete’s performance level will be reviewed on a regular basis, being a minimum of at least once every 12 months;

(d) to notify the Athlete of the NGB’s requirements and standards of training and performance relating to the USAFHHPP as may be amended from time to time;

(e) to provide a package of support and benefits to the members of the USAFHHPP during their respective Membership Periods as set out below. Listed at (i) to (viii) below are those general benefits that will be made available to Athletes. The services are designed to support the Athlete in delivering the personal performance and development goals agreed in the Athlete’s Performance Plan referred to at Clause 5.1(b) above, therefore, the level or amount by which each Athlete is entitled to enjoy any of the benefits is determined on a case by case basis:

(i) Training, competition, analysis, and personal development planning & review;

(ii) Coaching support;

(iii) Team clothing & equipment;

(iv) Sports science support,

(v) Medical services and insurance for injuries sustained in the course of USAFHHPP field hockey activities when training or playing, whether home or abroad;

(vi) Lifestyle management and personal development support (“Performance Lifestyle”);
(vii) Where appropriate, travel and accommodation costs at camps, events and competitions as designated by the NGB, including travel insurance to overseas events and competitions; and

(viii) Athlete Personal Stipend funding (“APS”) Details of how the APS is awarded and its composition are detailed in Schedule 2 to this Agreement.

(f) In addition to the medical services and insurance provided by the NGB at (v) above, the USOC will provide Elite Athlete Health Insurance (“EAHI”) to eligible Athletes under the USOC’s approved NGB criteria. The NGB’s allocation for EAHI for 2019 is 16. Athletes nominated for EAHI will be notified by the Performance Director or the Director of National Teams.

For clarification, an Athlete eligible for EAHI who becomes pregnant during the term of this Agreement will continue to be covered by EAHI during the term of pregnancy and cover will continue for either three months from the date of childbirth or until the Athlete’s doctor confirms the Athlete is healthy enough to return to training, whichever is sooner.

If the Athlete decides not to return to the USAFHHPP after childbirth, EAHI will no longer be available through the NGB after three months from the date of childbirth. An Athlete may, however, opt to continue EAHI cover by taking on the liability for their own premium.

5.2 The NGB will provide to the Athlete a handbook (“Athlete Handbook”) containing such information as the Athlete may reasonably require to enable him or her to perform his or her obligations under this Agreement, including:

(i) USAF Eligibility Requirements;
(ii) USOC Eligibility Requirements;
(iii) USOC Selection Policy for Olympic and Pan American;
(iv) USAFHHPP Selection Policy & Criteria;
(v) Code of Conduct;
(vi) Grievance Procedures;
(vii) Anti-Doping Rules;
(viii) USAFHHPP Injury and Health Management Guidelines;
(ix) Competition Rules and Regulations;
(x) Social Media Guidelines; and
(xi) USAFHHPP Competition and Training Schedules.

5.3 The NGB will ensure that the Performance Director and/or Head Coach or some other appropriate member of the NGB staff is available at reasonable times to receive and consider any requests for advice and information, reports, applications or other matters relating to their membership of the USAFHHPP.
5.4 The NGB will provide the Athlete with updates detailing relevant changes in the USAFHHPP or in the organization of the NGB.

5.5 Further, the NGB agrees:

(a) to manage its relationship with the Athlete in a manner that develops openness, honesty, mutual trust and respect, and ensures the highest professional and ethical standards from all staff;

(b) to manage and govern all aspects of the USAFHHPP in a manner that constitutes good governance and best practice. This involves ensuring that the NGB’s sports policies and procedures are regularly reviewed and if necessary enhanced to comply with current good practice;

(c) to abide by all the sport’s policies and procedures adopted by the NGB;

(d) to actively encourage and support consultation with the Athlete in policy and program development and to ensure timely communication of any revisions with each Athlete;

(e) not to make any public statement (whether made as part of a formal interview or not) which is detrimental to the reputation of the Athlete or otherwise derogatory or offensive. Fair comment and criticism of a sporting performance or behavior linked to a sporting performance or some other aspect of this Agreement shall not be prohibited by this Clause. This clause will not limit or restrict the NGB’s reporting obligations to the USOC or other appropriate lawful authority.

(f) to ensure that, in the event the Head Coach and/or the Performance Director depart from the NGB, coaching and program support is provided to the Athlete in line with the Athlete’s Performance Plan and the terms of this Agreement.

6. ATHLETE’S RESPONSIBILITIES

6.1 The Athlete agrees to the terms of this Agreement including the following provisions of this Clause 6.

Performance Plan

6.2 The Athlete will develop and agree to an individual Performance Plan as defined in Clause 5.1 (b) in close consultation with the Head Coach and signed off by the Performance Director. This will include any designated USAFHHPP activities. At the time of making the plan, the Athlete shall inform and agree with the NGB on any non-USAFHHPP commitments, including college commitments, which might involve the Athlete being absent from USAFHHPP activities.

6.3 The Athlete agrees to follow his or her Performance Plan as defined in Clause 5.1 (b) to the best of his or her abilities and to seek the prior consent of the Head Coach and Performance Director for any change in the plan or support service arrangements and/or for any other change or decision that may affect his or her full participation in the USAFHHPP.
USA Field Hockey High Performance Program Athlete Agreement

6.4 The Athlete agrees to participate in all elite-level USAFH events for which the team qualifies, provided that exceptions for medical restrictions or other unique circumstances can be made with prior approval by the Head Coach and Performance Director.

6.5 Where the Athlete engages/accesses the services of a coach who is not engaged by the NGB (a "Personal Coach"), or for those at college, is coached by a "College Coach", the Athlete agrees that he or she will ensure that the Personal Coach and/or College Coach is aware of the obligations undertaken by the Athlete under this Clause 6 and, further, that the Personal Coach or College Coach uses his or her best endeavors to work with the Head Coach and/or Performance Director to further the interests of the USAFHHPP as a whole as well as the interests of the Athlete. The Head Coach and/or Performance Director will also recognize the interests of the College Coach but cannot guarantee that the interests of the College Coach will always prevail in the event of a conflict.

6.6 The Athlete understands and agrees that selection for training or assessment camps, National Championships and international competitions shall be conducted in accordance with the NGB selection policies and procedures.

6.7 The Athlete agrees to maintain a training log as required by the Head Coach and to submit training reports as reasonably required by Head Coach and/or Performance Director.

Clothing & Equipment

6.8 The Athlete agrees to wear the designated team clothing and use designated team equipment as required by the NGB when performing his or her obligations that arise out of this Agreement. The Athlete shall be responsible for supplying his or her own hockey specific equipment such as sticks and protective equipment.

6.9 The Athlete acknowledges that team clothing and equipment supplied to the Athlete by the NGB in connection with USAFHHPP and Team USA activities is owned by the NGB and is not the personal property of the Athlete. Unless otherwise determined by the NGB, the Athlete shall return to the NGB all equipment and clothing either upon the termination of this Agreement or earlier at the NGB's request.

6.10 Unless permitted to do so under any other provision of this Agreement, the Athlete agrees not to alter or amend the team clothing or equipment and not to conceal or interfere with any supplier/sponsor logo or advertising material that has been applied to it. The athlete agrees to take reasonable care of and not to cause any damage to the team clothing and equipment.

Fitness, Injury & Illness

6.11 The Athlete agrees to use his or her best efforts, and to work with the USAFHHPP coaches and the Performance Director, to obtain and maintain the highest possible level of health and physical fitness required for consistent training and competition as an elite international competitor in the sport.

6.12 The Athlete understands that in the high performance sport environment a fully integrated support system involves a range of support staff working together (e.g. doctors, physiotherapists/trainers, sports scientists, coaches). This is required not only to provide quality health and injury management support to the Athlete, but also to make assessments about the Athlete’s fitness to perform optimally in training and
6.13 The Athlete further understands that he or she may withdraw consent for the release of medical information at any time by notifying the physician carrying out the consultation and understands that only the notice of its withdrawal will be released to those specified. The refusal to give consent for the release of such details will not affect Athletes access to medical or treatment but it may be considered in relation to selection for the USAFHHPP or representative team competition.

6.14 Upon joining the USAFHHPP and at other times as reasonably requested by the Head Coach and Performance Director, the Athlete shall attend interviews and/or sports science and medical tests, examinations and assessments. The Athlete acknowledges there may be a requirement to take part in no more than minimal risk research (for example, collection of saliva samples, blood samples, urine samples etc.)

6.15 The Athlete agrees to immediately notify the Head Coach and/or Performance Director as soon as the Athlete becomes injured or ill during an event or competition or at other times if the illness or injury interrupts the Athlete’s training for three or more consecutive days.

6.16 The Athlete agrees to immediately notify the Head Coach and Performance Director as soon as the Athlete suspects or realizes that he or she is likely to or will be absent from any events or competitions (including organized training events) due to injury or illness. Such notification shall (if required by the Head Coach and Performance Director) include a written explanation from the Athlete, together with copies of any medical report(s) dealing with the injury or illness which the Athlete may have obtained.

6.17 The Athlete understands and accepts that the sport carries a risk of physical injury and the Athlete agrees to take all reasonable care to avoid causing harm to him or herself and others.

**Fit to Play Protocol**

6.18 The Athlete agrees to undertake a number of physical performance tests as part of a screening procedure and gym assessment in order to attain baseline scores. The Athlete acknowledges that the purpose of these baseline scores will be to assess training and match fitness in the event a physical injury or illness occurs. In order to be declared fit to play (train), the Athlete must be able to perform all chosen NGB physical performance tests within 10% of baseline and, in the case of returning to competition, must also have completed a full week’s training and any bespoke assessments (as determined by the performance and medical staff) established for the injured area.

Such tests and assessments will measure hockey specific movements and assess objectively the Athlete’s fitness to play. Athletes who do not achieve scores within 10% of their baseline measurement, completed a full week’s training and any bespoke assessments (as determined by the performance and medical staff) established for the injured area may not be declared fit to compete.

The Athlete acknowledges that during a competition or tournament environment the Fit to Play protocol may be overridden by the Head Coach and integrated medical team.

Further and fuller details are provided in Injury and Health Management Guidelines.

(i) news and information purposes,
(ii) promotion of the specific competition(s) in which Athlete competes,

Appearances may extend, but not be limited to, charity and community participation, reasonable attendance at selected events such as conferences, camps, schools, speaking opportunities, autograph signing, pre-event promotion, pre and post match hospitality etc. Such appearances shall not interfere with the Athlete’s training, preparation or competition.

6.27 The NGB shall pay or promptly reimburse (subject to the Athlete providing satisfactory receipts or invoices) the Athlete’s reasonable travel expenses incurred in fulfilling an Appearance under clause 6.25 in line with any policy the NGB may have on expenses from time to time.

General Media

6.28 The Athlete agrees to participate in media sessions, including photo shoots, as reasonably requested by the NGB, to promote a competition in which Athlete is participating.

6.29 The Athlete agrees not to make any unjustifiable public statement (whether made as part of a formal interview or not) which is derogatory of the NGB, the USAFHHPP or any of the bodies working to promote high performance sport in the USA, nor to make any public statement which constitutes a “personal attack” upon another sporting competitor. Fair comment upon the NGB or a fellow competitor made without the use of offensive language is permitted where the substance of the comment is known (or can be shown) to be true and will not constitute a “personal attack” for the purpose of this Agreement.

6.30 Before entering into any personal agreements which would involve the Athlete working in any media capacity whatsoever in any period leading up to, during or after a major competition, whether as a print journalist, on the radio or television or by providing exclusive interviews or diaries or columns, the Athlete agrees to obtain the prior written consent, (such consent not to be unreasonably withheld), of the Performance Director or Head Coach to ensure that any proposed media activity shall not conflict or negatively infringe upon any individual or team training or competition activities.

Athlete Personal Sponsors

6.31 Athlete may not use or authorize the use of the NGB’s intellectual property, including use of photographs, films or videos of Athlete in NGB apparel or equipment, or the marks and logos of the NGB, or terms containing national team without the express written permission of the NGB.
