Greetings to the Members of USA Field Hockey,

Thank you for the opportunity to serve in the role of Executive Director of USA Field Hockey. USA Field Hockey is a vibrant organization which is providing governance to a sport that holds a great deal potential to sports minded individuals throughout the United States. Its past history is rich and its current generation of athletes, coaches, umpires, club organizers and members are all making substantial strides in progressing the sport. Within this report are examples of our progress as a governing body. I thought I would list some further efforts we are making since my arrival in January, 2010 plus report on some significant occurrences from 2009.

Despite the recession, USA Field Hockey operated with a $216K plus bottom line (when factoring in income developed by the women’s foundation). If one does not factor in the foundational income, the operating budget lost $88K. Deficits in operational income are certainly not positive, and looking toward 2010 projections are showing that quite the opposite is occurring.

There were a number of activities associated with National Team performance in 2009. The Men’s National Team rose in ranking from 31st to 19th in the world. Our women, unfortunately, lost out in a shoot-out in the Pan Am Cup to Argentina. With the shoot-out loss, our women narrowly failed to make the FIH World Cup.

Both the 2009 Disney Field Hockey Showcase and the 2009 National Hockey Festival grew. Both had the largest registration in their respective histories in terms of the number of teams playing.

All in all, 2009 was an okay year, 2010 is a good year and we are striving for 2011 to be a great year.

Thank you for everything you do for hockey!
Through sustained competitive excellence, become the most effective hockey playing country in the world.

Our Vision

USA Field Hockey Annual Report 2009
Please Note: This report includes distinct individual members who signed up or renewed their membership in 2009. In previously years, this report has included both new and expired members.
USA Field Hockey continues to show leadership in the international Hockey community. In 2009 we hosted the International Hockey Federation bi-annual Congress and the BDO Junior World Cup in Boston.

2009 BDO Junior World Cup
Held every four years, the BDO Women’s Junior World Cup represents the top international event for field hockey athletes under the age of 21. The sixteen finest women’s junior national teams from around the world compete for the championship. The 2009 edition was the culmination of two years of preparations by USA Field Hockey to bring a world class international hockey event to the United States. The 2009 BDO Women’s Junior World Cup was the largest international field hockey event ever held in the United States, other than the Olympic Games, and would return hockey to its American roots: Harvard University in Boston, where Constance Applebee first introduced the sport to the United States in 1901.

USA Field Hockey supports members of our hockey community to participate in the Pan American and International Hockey Federation leadership positions. The members listed below attend a minimum of one meeting per year along with the valuable committee work associated with their area of expertise: Aaron Sher, Gus Soteriades, Fook Wong, Pam Hixon, Roque Viegas, Laura Darling, Bev Johnson, Christine Franklin.
In 2009 USA Field Hockey welcomed it’s most significant partnership in our history, as ASICS became the Official Apparel and Footwear sponsor of the National Teams. They are a committed partner and support all of our programming and events, their products are widely regarded as best in our sport and they continue to work closely with our national team to further enhance their range. It has been an exciting first year for USA Field Hockey and ASICS and we look to continue to strengthen our relationship in coming years.

Two other partners, YOLO and Dita, were also welcomed into the USA Field Hockey Partnership in 2009. YOLO have long been a major player in teamwear and apparel, Dita is a key stick and equipment provider to our sport. They join longtime partners, Harrow, CranBarry, and Longstreth. The licensee category has expanded from Goal Sporting Goods, KB Jewelry, Penn Monto, and JBS, to also include Defender Mouthguards as the official mouth guard supplier.

The renewal of old partners and licensees, and the welcoming of new partners and licensees, has allowed USA Field Hockey to continue efforts to grow the sport domestically and lift our presence in the international community. We thank our partners for their continued support of our sport and of USA Field Hockey.

INDEPENDENT AUDITORS’ REPORT

Board of Directors
United States Field Hockey Association, Inc.

We have audited the accompanying statements of financial position of United States Field Hockey Association (the Association) as of December 31, 2009 and 2008, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Association’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United States Field Hockey Association at December 31, 2009, and the change in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplemental information on pages 13 and 14 is presented for the purpose of additional analysis, and is not a required part of the basic financial statements. This supplemental information is the responsibility of the Association’s management. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.
