10th - 12th January 2020

Santiago de Chile
1 Initial Greetings

As president of the National Sports Federation of Karate in Chile, I have the honour of welcoming our Series A Karate1 Santiago 2020 to our country.

This is the third version in Chile, this K1 Series A being the last of the cycle to be set up by the first group of Tokyo 2020 Olympics qualifiers through the Olympic Ranking. During these years we have worked hard to offer everyone a level tournament that preserves Karate and each of the athletes who honour us with their visit.

In this last section to reach the goal to Tokyo, everyone is welcome to KARATE1 SERIES A of SANTIAGO 2020.

MARIA ANGÉLICA CORONIL FLORES
President Chilean Karate Federation

Presented in an open format thus allowing every athlete in the world to compete, the Karate 1-Series A is framed under the umbrella of the Karate 1 to bring together the best competitors in a series of open championships of unprecedented scale and quality. In addition to this, the Karate 1-Series A offers karatekas the chance to increase their ranking position as the universality of top Karate tournaments is showcased.

While maintaining the individual character of each event, all Series A events have to meet certain standards in order to achieve the above-mentioned goals. Therefore, it is necessary to follow these organising rules:

The number of competitors is open. All members of WKF are admitted to participate. The competition categories are identical to those of Senior World Championships except for Kumite team.

The WKF competition Rules in force will be applied:

The Karate 1-Series A complies with the highest level of presentation. In order to guarantee the correct delivery of the event, and to ensure the suitable quality of the tournament, exclusively the following brands are WKF approved for use in the 2020 Karate 1-Series A Season.

*The detailed competition schedule will be fixed after closing the online registration in order to adequate it to the final number of athletes.
5 Site and Date

Date: 10th – 12th January 2020
Place: Polideportivo Estadio Nacional, Santiago, Chile
Start Time: Friday 10th January at 09:00

6 Competition Venue

**Polideportivo Estadio Nacional**

The place of competition was the Polideportivo de Estadio Nacional, located at Av. Pedro de Valdivia 4851, which is located in the municipality of Ñuñoa. This venue was built for the X Games South American Santiago 2014 and has hosted several international events, as well as the National Championship of the National Sports Federation of Karate of Chile.

As a multi-purpose enclosure, the project generates a central nave with great accessibility to allow the efficient entry and evacuation of massive events. The sunken field allows optimal conditions of visibility for the public and conditions of autonomy for athletes. The concave geometry facilitates sound transmission and noise dissipation, achieving an environment free of annoying "acoustic surplus".

In its upper part, controlled openings are generated that generate cones of natural ventilation sufficient to maintain comfort temperatures in public areas. Its structure also allows to achieve a wide free surface of supporting elements, by means of two structuring arches that form a translucent polycarbonate dome that allows a high luminance autonomy.
This scenario has been the home of many Karate Championships as Federated National Championships 2017 and 2018; Pan-American Karate Championship 2018, Karate 1 Series A 2018 and XI World Championship Karate Cadet, Junior & U21 Santiago 2019, having a great acceptance by the public, athletes and organizers.

Currency and Exchange

The official currency of the country is the Chilean peso, and it is represented by the $ sign. The exchange rate varies continuously. As of June 2018, one US dollar amounts to $690 Chilean pesos and one € Euro amounts to $780 Chilean pesos.

Exchanges can be made at the airport, in exchange bureaus or in banks. In Chile, credit cards are accepted in commercial establishments such as shops, hotels, restaurants and travel agencies. Nevertheless, it is recommended to have some cash in the national currency at hand for minor expenses.

Tipping in Chile is voluntary, and it’s usually not included in your bill or receipt. In restaurants, it is customary to leave a 10% tip. However, cab drivers are not used to being tipped.

Business Hours

Office hours are Mondays to Fridays, from 9:00 to 18:00. Bank hours are 9:00 to 14:00. Commercial centres and malls are open Monday to Sunday, from 10:00 to 21:00. Supermarkets are open 8:00 to 22:00.

Electricity

In Chile, electrical currents have a voltage of 220V and 50 hertz. Devices designed for 110V will burn when plugged in, unless a voltage converter is used. It is recommended to take voltage converters and adapters on the trip. The electric plugs have round pins and are Italian Type C or L

Local Law

La República de Chile is a unitary state, therefore all current laws are valid throughout the whole country. Any person within Chilean soil must obey the national laws. Claims of unawareness or ignorance will not represent any exemption.

Vehicle Driving

A valid driver’s license (Class B or equivalent) is needed for driving light motorized vehicles. This type of license authorizes driving vehicles of three or more wheels and up to nine seats, plus the driver’s seat.

Foreigners entering the country with a tourist visa can drive vehicles while their visa is valid, provided that they carry a legally standing driver’s license from their country of origin, and that the driver’s license is equivalent to a Chilean Class B non-professional driver’s license. Foreigners entering the country with a tourist visa can drive vehicles while their visa is valid, provided that they carry a legally standing
driver’s license from their country of origin, and that the driver’s license is equivalent to a Chilean Class B non-professional driver’s license.

**Alcohol**

The legal drinking age is 18 years old. Alcohol consumption is only allowed in private, indoor areas. Alcohol selling is not allowed in sporting facilities. Alcoholic tasting events can only be carried out in indoor spaces, where minors are banned from access.

**Tobacco**

Only people 18 and over are allowed to use tobacco or tobacco products. Tobacco use is only allowed in private areas and in public, open spaces.

In general, sporting facilities are smoke free zones, and smoking is only allowed in those facilities that have specific designated smoking areas.

**Safety in the city**

Chile is ranked as one of Latin America’s safest countries.

The Ministry of Internal Affairs is in charge of public security in the country, which is enforced by Carabineros de Chile (Police) and Policía de Investigaciones (PDI, Investigative Police).

Currently, crime levels are decreasing and most criminal activity is concentrated in property crime, such as thefts and burglaries. A recommendation is to make a copy of your passport for everyday use, while keeping the original document in a safe location. Additionally, it’s best not to carry too much cash when going out.

The local police, Carabineros, one of the strictest police in the world, is constantly making rounds in the streets, and you can go to them in case of doubts or any incidents.

Guidelines in case of tremblor or earthquake

Chile is prone to earthquakes. In the Metropolitan Region, where Santiago is located, most constructions are modern and designed to withstand any seismic movement, which gives added security to dwellers and visitors.

While the earthquake is still happening: if you are inside a house or building, you must remain indoors, unless the construction is visibly deteriorated. If you are outdoors when the movement begins, stay away from buildings, trees, streetlights and overhead cables. You should remain outdoors until the earthquake is over. If you are in a vehicle, it is suggested to switch off the engine and remain inside the vehicle. Once the tremor is over, act carefully. Avoid bridges or ramps that might have been damaged during the quake. Always follow emergency instructions of the place you are located.
AFTER the earthquake: avoid walking barefoot, since there might be glass and other sharp objects on the floor. You should be prepared for the aftershocks, which can happen several months after the main earthquake.

**Street sexual harassment**

In Chile, street sexual harassment is a fault that offends the morals and good manners of people.

**19 Visa Requirements**

**Visas and Immigration**

All foreigners must have a valid passport or travel document to enter Chile. If needed, the traveller should have also a valid visa.

[https://tramites.minrel.gov.cl/](https://tramites.minrel.gov.cl/)

**Servicio Agrícola y Ganadero (SAG)**

In order to prevent exotic diseases, quarantine infestations and/or economically danger species according to the agropecuary politics from abroad in Chile, The Agropecuary Service (Servicio Agrícola Ganadero - SAG) sets strong regulations for products of vegetal and/or animal origin entering the country.

SAG recommendation is to always DECLARE YES when in doubt about the products you are bringing into Chile. Shall you have any questions about the product statement declaration, please do not hesitate to ask a SAG officer at the airport, who will assist you on how to fill the document.

Please check the following link (Spanish only) for a complete list of forbidden products:

Customs regulations

If you are traveling into Chile with personal belongings such as: film equipment, film camera, furs or similar, must fill a temporal importation request form and submit it to the Policía Internacional (PDI). Otherwise, you must pay the custom tax.

Customs Office performs random inspections on the luggage of the travellers at the airport. Chile is located in the southwestern end of South America, between the Andes mountains and the Pacific Ocean. Its area extends to 4,200 kilometres, which makes it possible to find various landscapes and climates along its territory. In the northern extreme we find the Atacama Desert, the world’s driest desert, and in the Patagonia, millenary glaciers.

Santiago, host city of the Karate1 Series A – Santiago 2020

Santiago is the most populated town in the country and the capital of Chile, totaling 6,685,685 inhabitants in its metropolitan area. It has the executive and judicial power, being also an economic and cultural pole at world-wide level.

Culture

Some of the city’s newest attractions are: the viewpoint Sky Costanera, the tallest tower in Latin America with its 300 meters of height; the Gabriela Mistral Cultural Centre (GAM), a monumental building dedicated to the arts and culture; the Palacio de La Moneda Cultural Centre, an underground museum with exhibitions from around the world, and the Mirador Interactive Museum (MIM), filled with artefacts that allow you to experience science.

The city also has traditional areas that showcase the old town, such as the Central Market (Mercado Central), the Fine Arts Palace (Palacio de Bellas Artes), La Moneda Palace (Palacio de La Moneda, which houses the executive power), San Cristobal Hill and the Main Square (Plaza de Armas), all of which are located in the city’s historic centre. The restaurants, bars, parks, concerts, parties, bookstores, museums, pubs and rst-level architectural projects give life to a modern and cosmopolitan city.

**Geography and Climate**

The city is located in a geographically distinctive location, surrounded by mountain ranges. The country itself is a long and narrow strip of land: just 116 km separate Santiago from the coastal city of Valparaíso. The nearest ski centres are 50 km from Santiago, approximately an hour-long trip.

The climate has Mediterranean patterns, with 80% of the rainfall during the winter. In September, average temperature is 19° C (66° F), with a typical daily maximum of 25°C (77° F) and low near 4 ° C (39° F). Also, September is the month where spring begins and the national holidays of Chile are celebrated.
