ACKNOWLEDGEMENT AND CONFIDENTIALITY STATEMENT

The Staff of the United States Luge Association (USLA), together with the input from and agreement of the USLA athlete reps on the USLA Board of Directors and USOC AAC, have prepared this Policy Statement with respect to athlete use of USLA Equipment and Tools. An overriding principle agreed upon is the need for open, professional, and honest communication between the athlete(s) and staff regarding technical adjustments in equipment. We ask that each USLA athlete read and agree to adhere to this Policy Statement and indicate his or her willingness to do so by signing and dating this Statement at the place indicated below. This policy will be effective from the date of signing, and it will replace and supersede any previously signed document of this nature. Please consult with the CEO and / or athlete reps if you have any questions / concerns.

• At no time will I allow any Item of Equipment / Tool to be examined, photographed, or measured by anyone other than an individual employed by USLA, or under their direct supervision, except for event race officials and media during the course of official training or racing; or if a situation seems out of the athlete’s control;
• At no time will I discuss / disclose (in writing, in person, via email, social networking, etc.) the technical ideas, concepts, or merits of Items of Equipment / Tools provided by USLA, other than with other USLA athletes and USLA staff, either while I am an athlete affiliated with USLA or thereafter;
• Equipment / Tools provided to me by USLA will only be serviced by myself or by USLA coaches and/ or staff, or by USLA’s express designee;
