NATIONAL TEAM BENEFITS

1. USOPC Athlete Stipend (Attachment B)
2. Operation Gold
3. U.S. Paralympics Cycling Additional Athlete Support Programs (Attachment C)
4. USOPC Elite Athlete Health Insurance program (Attachment D)
5. Air transportation (or ground equivalent), lodging, ground transportation, meal per diem, and coaching support at designated U.S. Paralympics U.S. Paralympics Cycling training and competition activities.
7. U.S. Paralympics National Team uniform. National Team athletes will be provided with cycling competition and casual apparel for Team USA competitions. Guidelines for apparel are outlined in the team rules and athlete handbook for each competition or team activity.
EMERGING ATHLETES

Athletes who meet the Emerging standard during 2022, at a UCI or USA Cycling-sanctioned event, may be invited to participate in selected U.S. Paralympics Cycling Program activities as outlined on page 2. Invitation is at the discretion of U.S. Paralympics Cycling.

2022 PROGRAM ACTIVITIES

The 2022 National Team(s) activities are outlined on page 2. Athletes will be required to attend certain activities as part of their personal performance plan which will be developed in conjunction with the staff at U.S. Paralympics Cycling.

Each athlete is responsible for individual arrangements (including expenses) to attend these activities (i.e. travel, lodging, accommodation, entries) unless otherwise indicated in the activity listing or the athlete’s personal performance plan (as applicable).

Failure to attend required activities could impact an athlete’s national team status and/or eligibility for benefits.
2022 OPERATION GOLD

The Operation gold qualifying event(s) for Para-cycling in 2022 is either the UCI Para-cycling Track World Championships, location and dates TBD, or the UCI Para-cycling Road World Championships in Baie Comeau, Quebec, August 11-14, 2022.

In non-Paralympic Games years, Operation Gold Awards are limited to one award per athlete in a program year; athletes who qualify for more than one award automatically receive the higher award. Individuals must finish in one of the top eight places, while teams must finish in one of the top six places at the qualifying event in order to qualify for Operation Gold Awards in non-Paralympic years, provided individuals/teams finish among the top 50% of the individuals/teams who started the event.

For purposes of Operation Gold, a team is defined as three or more athletes (pairs are awarded at the same rate as individual athletes).

NOTE: For Paralympic sports with a discipline or event that is not included on the program of the Paralympic Games, that discipline or event will not be eligible for Operation Gold. However, if a Paralympic sport has a revolving program for the Paralympic Games (i.e., an event is taken from the program one quad, but is added back to the program the next quad), that event or discipline will be eligible for Operation Gold at the approved qualifying event.

U.S. Anti-Doping Agency (USADA)

Whereabouts:
An important part of USADA’s testing program is the ability to test athletes without any advance notice in an out-of-competition setting. Athletes are subject to testing 365 days a year and do not have “off-seasons” or cutoff periods in which testing does not occur. Whereabouts information, (dates, times, locations, etc.) is information submitted to USADA by an athlete that allows the athlete to be located for out-of-competition testing.

For more information on whereabouts, please go to https://www.usada.org/testing/whereabouts/.

Therapeutic Use Exemptions (TUEs):
In some situations, an athlete may have an illness or condition that requires the use of medication listed on the World Anti-Doping Agency’s Prohibited List. USADA can grant a Therapeutic Use Exemption (TUE) in these situations in compliance with the World Anti-Doping Agency International Standard for TUEs. The TUE application process is thorough and designed to balance the need to provide athletes access to critical medication while protecting the rights of clean athletes to compete on a level playing field.

For more information on TUEs, please go to https://www.usada.org/substances/tue/.

Global Drug Reference Online (Global DRO):
The Global Drug Reference Online (Global DRO) provides athletes and support personnel with information about the prohibited status of specific medications based on the current World Anti-Doping Agency (WADA) Prohibited List.

Global DRO does not contain information on, or that applies to, any dietary supplements.

The Global DRO can be found at https://www.globaldro.com/Home.
