• Continue to build an internationally competitive program, focusing on podium performances at regional, national and international competitions.
• Identify new talent.
• Develop and nurture relationships with adaptive and alpine programs and their coaches.

Specific activities in pursuit of these program goals will include:
• Focusing on fundamentals and technology in prep camps.
• Building athlete development at the regional levels.
• A podium focus at WPAS World Cups and WPAS World Finals.
2019 NATIONAL TEAM

U.S. Paralympics will nominate Alpine Skiing National Team(s) (A, B and C teams) for 2019-2020, based on athlete performances in the 2019 WPAS World Championships, 2018-2019 World Cup, NorAm and WPAS events. National Team status applies from May 1, 2019 through April 30, 2020.

U.S. Paralympics 2019-2020 National Team status applies for the season (as defined above) covered by this document. National Team status and benefits are only conferred upon athletes who accept, sign and remain compliant with the U.S. Paralympics National Team Athlete Agreement.

Athletes who meet the National A Team standard during 2019-2020, at a WPAS sanctioned event, become eligible for National Team benefits and will retain their National Team status until April 30th, 2020. Athletes will be nominated to the team on the first day of the month following achievement of the National Team standard. No nominations will occur after February 20th, 2020.

Athletes nominated to the 2019-2020 National Team(s) will be added to the USADA Registered Testing Pool/ Clean Athlete Program and will be responsible for remaining compliant with all forms, updates and tutorials as required by USADA. More information regarding USADA can be found in Attachment E.

Athletes nominated to the National Team(s) must have undergone an international classification evaluation and hold an international Paralympic-eligible sport class per the WPAS master list and hold a current season license for Alpine Skiing from WPAS and the US Ski and Snowboard Association.

2019-2020 National Team standards (Attachment A) are based on performances in all World Para Alpine Skiing sanctioned competitions.

2020 NATIONAL TEAM

U.S. Paralympics will nominate an Alpine Skiing National Team for 2020-2021, based on athlete performances during all 2019-2020 WPAS competitions (World Cup, Europa Cup, NorAm, and WPAS events).

NATIONAL TEAM BENEFITS

National Team athletes MAY be eligible for the following benefits – all athlete support recommendations submitted by the NGB are subject to USOPC Paralympic Sport Performance Approval:

1. USOPC Direct Athlete Support (Attachment B)
2. Alpine Skiing Additional Athlete Support Programs (Attachment C)
3. USOPC Elite Athlete Health Insurance program (Attachment D)
4. Air transportation (or ground equivalent), lodging, ground transportation, and coaching support at designated U.S. Paralympics Alpine Skiing training and competition activities.
5. U.S. Paralympics National Team uniform.

**EMERGING ATHLETES**

Athletes who meet the Emerging standard (C Team criteria as in Attachment A) during 2019-2020 may be invited to participate in selected U.S. Paralympics Alpine Skiing Program activities as outlined below. Invitation is at the discretion of the Director, Alpine Skiing and Snowboarding.

2019-20 Emerging standards are based on results from WPAS sanctioned competitions. Schedules and results can be located at [www.paralympic.org/alpine-skiing/calendar](http://www.paralympic.org/alpine-skiing/calendar).

Athletes nominated to the Emerging Team must be internationally classified by WPAS OR nationally classified by U.S. Paralympics Alpine Skiing and hold a Paralympic-eligible sport class as per the IF and/or U.S. Paralympics master list and hold a current season license from WPAS and the US Ski and Snowboard Association.

**2019 PROGRAM ACTIVITIES**

The 2019-2020 National Team(s) activities will be outlined in each National Team Athlete’s Individual Performance Plan (IPP). Athletes will be required to attend all 2019-2020 activities included in their IPP which will be developed in conjunction with the Director, U.S. Paralympics Alpine Skiing and Snowboarding.

Each athlete is responsible for individual arrangements (including expenses) to attend these activities (i.e. travel, lodging, accommodation, entries) unless otherwise indicated in the athlete’s personal performance plan or in Attachment C.

National Team athletes are required to obtain a 2019 WPAS License.

National Team athletes are required to be registered members of their respective U.S. NGB (US Ski and Snowboard Association).

**2019 OPERATION GOLD**

There is no World Championship event for World Para Alpine Skiing in 2019. Therefore, no Operation Gold will be awarded.

In a Paralympic Games year, teams and individuals must place in the top-three at the Paralympic Games to qualify for Operation Gold Awards; multiple Operation Gold Awards can be received if an athlete has multiple top-three finishes at the Paralympic Games.

In non-Paralympic years, Operation Gold Awards are limited to one award per athlete in a program year; athletes who qualify for more than one award automatically receive the higher award. Individuals must finish in one of the top eight places, while teams must finish in one of the top six places at the qualifying event in order to qualify for Operation Gold Awards in non-
Paralympic years, provided individuals/teams finish among the top 50% of the individuals/teams who started the event.

For purposes of Operation Gold, a team is defined as three or more athletes (pairs are awarded at the same rate as individual athletes).

NOTE: For Paralympic sports with a discipline or event that is not included on the program of the Paralympic Games, that discipline or event will not be eligible for Operation Gold. However, if a Paralympic sport has a revolving program for the Paralympic Games (i.e., an event is taken from the program one quad, but is added back to the program the next quad), that event or discipline will be eligible for Operation Gold at the approved qualifying event.

Whereabouts:
An important part of USADA’s testing program is the ability to test athletes without any advance
notice in an out-of-competition setting. Athletes are subject to testing 365 days a year and do not
have “off-seasons” or cutoff periods in which testing does not occur. Whereabouts information,
dates, times, locations, etc.) is information submitted to USADA by an athlete that allows the
athlete to be located for out-of-competition testing.

For more information on whereabouts, please go to https://www.usada.org/testing/whereabouts/.

Therapeutic Use Exemptions (TUEs):
In some situations, an athlete may have an illnesses or condition that requires the use of
medication listed on the World Anti-Doping Agency’s Prohibited List. USADA can grant a
Therapeutic Use Exemption (TUE) in these situations in compliance with the World Anti-
Doping Agency International Standard for TUEs. The TUE application process is thorough and
designed to balance the need to provide athletes access to critical medication while protecting the
rights of clean athletes to compete on a level playing field.

For more information on TUEs, please go to https://www.usada.org/substances/tue/.

Global Drug Reference Online (Global DRO):
The Global Drug Reference Online (Global DRO) provides athletes and support personnel with
information about the prohibited status of specific medications based on the current World Anti-
Doping Agency (WADA) Prohibited List.

Global DRO does not contain information on, or that applies to, any dietary supplements.

The Global DRO can be found at https://www.globaldro.com/Home.
