- NPCs may enter an eligible athlete in an unlimited number of individual medal events as long as the athlete has achieved a MES performance in each respective event.

Team Selection Steps

Only athletes who compete at the 2020 Trials will be considered for Team selection, with the exception of Discretionary Selection, Marathon Qualifiers and Bipartite Commission Invitation. Athletes will be nominated to the team in the order listed below.

1.3.1 Bipartite Commission Invitation

The IPC may award Bipartite slots for the 2020 Paralympic Games using the Bipartite Commission Invitation method. The IPC awards these Bipartite slots by name. Bipartite slots are allocated by the IPC based on the principles below (in no particular priority order):

- to ensure participation of top athletes who may have not had the opportunity to formally qualify through other methods due to extraordinary circumstances;
- to ensure the representation of athletes with high support needs;
- to ensure medal events will have sufficient representation for viability; and/or
- to enable greater representation by gender.

Prior to awarding Bipartite slots the IPC may invite each National Paralympic Committee to submit an application requesting that an athlete or athletes be considered for a Bipartite slot. U.S. Paralympics may, but is not required to, submit an application for a Bipartite slot depending on whether or not, as

determined by the Discretionary Selection Committee, there are athlete candidates who meet the above principles and who are capable of a top three (podium) result, can positively impact team performance, or are considered to be on track to produce a top three (podium) result in the near future. The selection of a particular athlete for submission to the IPC for a Bipartite slot will be based on the above and on the discretionary selection criteria set forth in Section 2.1. The Discretionary Selection Committee shall be responsible for making any such selection. U.S. Paralympics will disclose on its website at www.usparalympics.org the submission of a particular athlete to the IPC for a Bipartite slot.

If the IPC awards a Bipartite slot to an athlete by name, U.S. Paralympics will accept such athlete to the Team. U.S. Paralympics will disclose on its website at <https://www.teamusa.org/usparatrackandfield/selection-procedures> the name of any athlete named to the Team through the Bipartite Commission Invitation Method.

1.3.2 Marathon

Wheelchair- As stated in section 1.3, NPCs may enter a maximum of six (6) eligible athletes in each marathon medal event. A maximum of three (3) athletes per NPC may enter each marathon medal event as their only event. For the purposes of these selection procedures, the top two (2) U.S. finishers in each gender will be nominated to the Team in the Marathon event based on results from the U.S. Paralympics Marathon Qualifiers provided each eligible athlete has achieved a 2019 National Team A Standard (track events or marathon) prior to or at the Marathon Qualifier (between 1 January 2019 through the date of Marathon Qualifier) and has achieved the MES in their respective marathon event between 01 October 2018 through the date of the Marathon Qualifier). **The wheelchair marathon selection event has concluded. Athletes nominated to the 2020 Tokyo Paralympic Team during this selection event will remain nominated to the Team.**

Ambulatory- As stated in section 1.3, NPCs may enter a maximum of six (6) eligible athletes in each marathon medal event. A maximum of three (3) athletes per NPC may enter each marathon medal event as their only event. For the purposes of these selection procedures, the top two (2) U.S. finishers in each gender will be nominated to the Team in the Marathon event based on results from the U.S. Paralympics Marathon Qualifiers provided each eligible athlete has achieved a 2020 National Team A Standard (track events or marathon) prior to or at the Marathon Qualifier (between 1 January 2019 through the date of Marathon Qualifier) and has achieved the MES in their respective marathon event between 01 October 2018 through the date of the Marathon Qualifier).

1.3.4 Team Selection Ranking List

~~All remaining~~ Team slots, per gender, will be filled using the Team Selection Ranking List (“ranking list”). Athletes nominated to the team via steps 1.3.3 and 1.3.4 will total a maximum of 75% of the allocated slots per gender.

- The ranking list will be comprised of each athlete’s best event result (from any round) from the 2020 Trials.
- If 100m, 200m and Long Jump results from the 2020 Trials are wind-aided, the eligible athletes’ place finish in the final will determine start right order as long as the eligible athlete has a valid and recognized result included on the Tokyo 2020 Paralympic Games – MES list ~~WPA Tokyo 2020 MES list~~(Attachment C).

- All results for each eligible athlete will be given a percentage score. The score is calculated by comparing the athlete's result from the 2020 Trials to the ~~2020~~ 2021 National Team A standard (Attachment C) for each event using the following formula.
 - Track events: $(2020\text{1 National Team A Standard} / \text{result}) \times 100$
 - Field events: $(\text{result} / 2020\text{1 National Team A Standard}) \times 100$
- The percentage will be provided with two decimal points (to the one-hundredth of a percent) with the highest percentage compared to the 2020~~1~~ National Team A standard being the better result.
- Team slots and start rights will be filled concurrently in order via the ranking list (highest to lowest percentage). ~~until all remaining team slots are filled.~~

Up to 25% of the allocated slots per gender may, but are not required to be nominated to the team according to COVID-19 Discretionary Selection. Start rights for athletes selected in section 1.3.5 will be filled concurrently at the time of nomination.

- Team slots and start rights will be filled concurrently in order via the ranking list (highest to lowest percentage). until all remaining team slots are filled.

1.3.7 Guide Athletes

Guide athletes will be nominated based on the discretionary selection process as outlined in Section 2. Guide athletes are not included within the IPC/World Para Athletics slot allocation.

In reference to all percentages included in the aforementioned selection steps, the number of slots for that step of the process will be rounded down if the percentage number is not a whole number.

Example 1: 75% of 35 slots = 26.25. The number of slots that may be filled is up to 26.

Example 2: 25% of 35 slots = 8.75. The number of slots that may be filled is 8.

Tie Breaking Procedures

If a tie exists for the final team slot or for a final event start right at any point during the implementation of these procedures, the percentages will be calculated to three decimal points (rounded to the one-thousandth of a percent).

If a tie persists for the final team slot or for a final event start right following the above percentage re-calculation to the one-thousandth, the athlete who has the highest ranking on the current WPA 2021 World Ranking list as of 16 June 2021 in the respective event(s) shall be nominated to the final team slot or start right.

Additional Start Rights

Start rights remaining open after all team slots have been filled may, but are not required to, be assigned by U.S. Paralympics Track & Field staff to eligible athletes already nominated to the team. In assigning start rights, the staff will consult with the athlete and the relevant discipline coaches. The following factors may be considered when assigning additional start rights:

- The desire of the athlete to start the event.

2. DISCRETIONARY SELECTION

2.1. Provide rationale for utilizing discretionary selection (if any):

The rationale for discretionary selection is to allow U.S. Paralympics Track & Field the ability to nominate the best physically, psychologically, and technically prepared athletes to the Tokyo 2020 Paralympic Games Team.

In the event where the 2020 Trials will not be fully conducted or completed due to natural disaster or other unforeseen circumstance, the impacted event(s) will be nominated based on discretionary selection outlined in section 2 of these Procedures.

2.2. List the discretionary criteria and explain how they will be used (if any):

Athlete Selection:

The Discretionary Selection Committee may consider input and coaching feedback from Tokyo 2020 Paralympic Games coaches and staff.

Discretionary selection will be focused specifically on athlete(s) who are likely to produce a medal winning performance at the Tokyo 2020 Paralympic Games. Performance criteria used to evaluate athletes for discretionary selection are as follows and are not listed in priority order:

- If the athlete experienced an injury, illness, equipment malfunction or was unable to compete for unforeseen circumstances which impeded maximal performance at the 2020 U.S. Paralympic Team Trials- Track & Field;
- The athletes best 2019 performance compared to the 2019 National Team A standard;
- The athletes best 2020 performance compared to the 2020 National Team A standard;
- **The athletes best 2021 performance compared to the 2021 National Team A standard;**
- If an athlete has a verifiable performance that is not listed in the WPA World Rankings due to unforeseen circumstances, but the mark approximates what would be a top three (3) ranking in ~~2020~~**2021**;
- An athlete, who despite competing a relatively short time in the sport, is on a trajectory for podium performance at the 2020 Tokyo Paralympic Games;
- If WPA allocates a relay specialist slot.

COVID-19 Discretionary Selection:

Athlete(s) who test positive for COVID-19 during their 4–6-day testing period as per the Trials COVID-19 mitigation plan and are unable to travel to Minneapolis due to a COVID-19 PCR positive test may be considered for team selection by discretion in section 1.3.5. Athletes who do not travel to Minneapolis to compete in the Trials due to a positive COVID-19 test and want to be considered for selection via section 1.3.5, must provide proof of a positive COVID-19 PCR test by submitting a written copy of the positive test result along with the discretionary petition form in order to be considered for discretionary selection. The COVID-19 positive PCR test result must be dated June 11, 2021 or later as per the Trials COVID-19 mitigation plan.

Athletes who travel to Minneapolis and are unable to compete in one or more events due to testing positive for COVID-19 during the onsite testing process or who are removed from the competition due to the COVID-19 Mitigation Plan are eligible to be considered for discretionary selection via section 1.3.5. Athletes who test positive for COVID-19 during the onsite testing process in Minneapolis or athletes who are removed from the competition and required to quarantine due to contact tracing, may, but are not required to complete the discretionary selection petition form to be considered for discretionary selection in section 1.3.5.

Athletes considered for discretionary selection due to COVID-19 via section 1.3.5 will be evaluated based on the performance criteria listed in section 2.2.

Discretionary Petition Form for Athletes and Guide Athletes:

Only the Athletes and Guide Athletes (who did not compete with an eligible athlete at the 2020 U.S. Paralympic Team Trials- Track & Field) who submit a discretionary selection petition form may, but are not required to, be considered by the Discretionary Selection Committee. Guide Athletes (who competed with an eligible athlete at the 2020 U.S. Paralympic Team Trials- Track & Field) and the Replacement of Athletes (Section 4) are not required to submit a discretionary petition form.

The discretionary petition form must be submitted no later than one hour following the conclusion of the final event at the 2020 U.S. Paralympics Team Trials-Track & Field in order to be considered. The discretionary selection petition form can be found at the following link starting 01 June ~~2020~~2021.

<https://www.teamusa.org/usparatrackandfield/selection-procedures>. The submission of a discretionary petition form does not guarantee an athlete will be nominated to the team. Athletes must confer with their personal coaches to ensure coaching feedback and comments are submitted as a part of the athlete's discretionary petition form and must be submitted at the same time as the athlete discretionary petition form.

Guide Athletes:

The Discretionary Selection Committee will nominate guide athletes to the Team through discretionary selection. Guide athletes are used for the T11/12 and F11/12 sport classes (visually impaired). The guide athletes are not included in the maximum team size nor are the guide athletes accounted in the discretionary selection slots as outlined above in Section 1.3. Unless extenuating circumstances apply, a guide athlete will typically work with one athlete during practice, competition and day-to-day activities; therefore accreditation allocation is typically provided for one guide per qualified athlete as outlined in the WPA Rules:

<https://www.paralympic.org/athletics/events/rules-and-regulations>.

The following may be considered in the discretionary selection of a guide athlete (in no particular priority order):

- Track events: the speed of the guide in relation to the athlete being guided; the guide must be faster than the visually impaired athlete.
- Field events: voice command and positioning experience.
- Preference of the nominated visually impaired athlete.
- Demonstrated expertise of the guide athlete, including expertise and experience in the assigned athlete's specific event(s).
- Knowledge and understanding of the WPA rules pertaining to guide athletes.

Guide athletes are held to the same standards and code of conduct as outlined in these procedures. Guide athlete nomination to the team is contingent upon the nomination and participation of the designated athlete to be guided. The guide athlete will be removed if the athlete the guide is assigned to is no longer eligible to compete and the guide cannot be reassigned to another athlete.

- 2.3. Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

U.S. Paralympics Track & Field Discretionary Selection Committee

- ~~Chief of Paralympic Sport~~
- ~~Sr. High Performance Director, U.S. Paralympics~~

- Athlete Representative 2 (not currently on the National Team and/or competing in ~~2020~~2021)

- 2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

3. REMOVAL OF ATHLETES

- 3.1. Prior to entry by name to the Local Organizing Committee by the USOPC, U.S. Paralympics Track & Field has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by U.S. Paralympics Track & Field may be removed for any of the following reasons, as determined by U.S. Paralympics Track & Field:

- will not commit a doping violation as defined by the World Anti-Doping Agency (WADA), the United States Anti-Doping Agency (USADA), the International Paralympic Committee (IPC) or USOPC rules;
