- In the event that two or more classes in Field Events are combined following the final entry by name and event viability review (e.g. Shot Put F53/54/55), an NPC may not exceed a maximum of five (5) eligible athletes in a combined medal event. However, per each sport class, a maximum of three (3) eligible athletes can be entered.

#### 1.3.1 IPC Direct Invitation

The IPC may award Bipartite slots for these World Championships using the Bipartite Invitation Allocation Method. The IPC awards these Bipartite slots by name. Bipartite slots are allocated by the IPC based on the principles below (in no particular priority order):

- to enable the greater representation by nation;
- to ensure events featured on the program have sufficient representation for viability;
- to enable greater representation by gender;
- to ensure the representation of athletes with high support needs;
- to ensure top athletes that may have not had the opportunity to formally qualify due to extraordinary circumstances.

Prior to awarding Bipartite slots the IPC may invite each National Paralympic Committee to submit an application requesting that an athlete or athletes be considered for a Bipartite slot. U.S. Paralympics may, but is not required to, submit an application for a Bipartite slot depending on whether or not, as determined by the Discretionary Selection Committee, there are athlete candidates who meet the above principles and who are capable of a top three (podium) result, can positively impact team performance, or are considered to be on track to produce a top three (podium) result in the near future. The selection of a particular athlete for submission to the IPC for a Bipartite slot will be based on the above and on the discretionary selection criteria set forth in Section 2.1. The Discretionary Selection Committee (Section 2.3) shall be

responsible for making any such selection. U.S. Paralympics will disclose on its website at <http://www.teamusa.org/US-Paralympics/Sports/Track-and-Field/Selection-Procedures> the submission of any particular athlete to the IPC for a Bipartite slot.

If the IPC awards a Bipartite slot to an athlete by name, U.S. Paralympics will accept such athlete to the Team given that the requirements of these selection procedures have been met. U.S. Paralympics will disclose on its website at <http://www.teamusa.org/US-Paralympics/Sports/Track-and-Field/Selection-Procedures> the name of any athlete named to the Team through the Bipartite Invitation Allocation Method.

### 1.3.2 Discretionary Selection

Prior to the objective selection process (outlined below) a maximum of 10% of the athletes may, but are not required to, be nominated to the Team according to Discretionary Selection (see Section 2).

### 1.3.3 Team Selection Ranking List

Athletes will be ranked using the results (finals/final round only) from the 2017 U.S. Paralympics Track and Field National Championships according to the following system:

- If the 100m, 200m, Long Jump or Triple Jump results from the 2017 U.S. Paralympics Track and Field National Championships are wind-aided, the eligible athletes' place finish will determine start right order as long as the eligible athlete already has a valid and recognized result included on the World Para Athletics Minimum Qualification Standard Ranking for the World Para Athletics Championships London 2017.
  - 100m and 200m wind-aided results will be given an adjusted result to be included on the team selection ranking list based on the wind adjustment calculation.  
<http://myweb.lmu.edu/jmureika/track/wind/> and <http://myweb.lmu.edu/jmureika/track/wind/200altwind.html>
  - Long Jump and Triple Jump results will be included on the Team selection ranking list regardless of wind because there is no calculation for wind aided jumps results.
- All event results for each eligible athlete will be included on the team selection ranking list and given a percentage score. The score is calculated by comparing the athlete's final result from the 2017 U.S.

Paralympics Track and Field National Championships to the 2017 National Team A standard for each event using the following formula:

- Track events:  $(2017 \text{ National Team A} / \text{result}) \times 100$
  - Field events:  $(\text{result} / 2017 \text{ National Team A}) \times 100$
- The percentage will be provided with two decimal points (to the one-hundredth of a percent) with the highest percentage compared to the 2017 National Team A standard being the better result.

Slots and start rights will be filled based on the Team Selection Ranking List (highest to lowest percentage) for the medal events scheduled to be contested at these World Championships (Attachment C).

Nomination will continue until either all 50 slots have been filled or all eligible athletes who have achieved the Entry Standard have been nominated to the team (if that occurs before all 50 slots have been filled).

#### Tie- Breaking Procedures

If a tie exists for the final team slot or for a final event start right at any point during the implementation of these procedures, the athletes who qualifies will be, in order, those athletes:

- Who have the highest place (or preliminary round) finish in their sport class of the individual event or sport class of the combined event at the 2017 U.S. Paralympics Track and Field National Championships.
- Who have the highest ranking on the current World Para Athletics 2017 Annual Best Performance Ranking list in the event(s) that he/she is eligible to enter.

#### Start Rights

Any start rights remaining open after the Team has been filled may be assigned by the High Performance Director (“HPD”) to eligible athletes already nominated to the team. In assigning open start rights, the HPD may consult with the athlete, the athlete’s personal coach or the relevant World Para Athletics Championships London 2017 discipline assistant coaches. The following factors may be considered (not in priority order):

- The desire of the athlete to start the event,
- The athlete’s number of events and the time schedule of events,
- The likelihood of the athlete winning a medal in the event,
- World Para Athletics World Ranking lists, and

- 2016-2017 performances

### Relays

The assignment of athletes to the relay pool and of start rights in all relays shall be determined by the HPD in consultation with the relevant World Para Athletics Championships London 2017 discipline assistant coaches, considering all of the following factors (in no particular order):

- The athlete must have already been nominated to the Team and be entered in at least one individual event.
- Building a Team that is most likely to medal in the event.
- The athlete's commitment to the relay team including the athlete's attitude towards the Team, physical readiness and participation/performance in relay training sessions.
- The athlete's results leading up to the relay, including the 2017 U.S. Paralympics Track and Field National Championships and any at the most current Paralympic Games/World Championships.
- The number and schedule of other events in which the athlete will be entered.

### Guide Athletes

Guide athletes will be nominated based on Discretionary Selection as outlined in Section 2.2.

## **2. DISCRETIONARY SELECTION (if applicable)**

### 2.1. Provide rationale for utilizing discretionary selection (if any):

A minimum of 90% of the athletes nominated to the Team will qualify themselves by the objective selection (times and distances) from results obtained from 2017 U.S. Paralympics Track and Field National Championships. With a fixed Team size and start rights for each event, U.S. Paralympics sees benefit to the entire U.S. delegation and overall Team and medal performance in nominating top performing athletes to the Team before objective selection.

In the event where the 2017 U.S. Paralympics Track and Field National Championships will not be conducted or fully completed due to natural disaster or other unforeseen circumstance, the entire Team will be nominated based on discretionary selection disregarding the discretionary selection petition requirement outlined below.

### 2.2. List the discretionary criteria and explain how they will be used (if any):

Only the athletes who submit a discretionary selection petition may, but are not required to, be considered by the Discretionary Selection Committee except for in the case of Guide Athletes and the Replacement of Athletes (Section 4). Athletes must submit a discretionary selection petition request in writing to the U.S. Paralympics Track and Field High Performance Director (HPD) before or no later than two hours following the conclusion of the 2017 U.S. Paralympics Track and Field National Championships in order to be considered. Petitions must be submitted via printed letter delivered in person at the 2017 U.S. Paralympics Track and Field National Championships or via email sent to the HPD, and must include the reason to be considered for discretionary selection and any supporting documentation (e.g., medical documentation). The petition submission does not guarantee that the athlete will be nominated to the Team.

The Discretionary Selection Committee will consider input and recommendations from relevant World Para Athletics Championships London 2017 discipline assistant coaches and may, but is not required to, make discretionary selections from among all athletes who submit a discretionary selection petition up to a maximum of 10% of the total Team size. Each athlete selected by discretion will be assigned one or more start rights in individual events at the time of selection. The Discretionary Selection Committee will consider the following performance-related factors (not in priority order):

- If the athlete experienced an injury or illness that impeded maximal performance during the 2017 U.S. Paralympics Track and Field National Championships;
- If the athlete was subject to equipment failure, weather, interference, or other external factors, either natural or caused by others, that impeded what otherwise likely would have been a qualifying performance at the 2017 U.S. Paralympics Track and Field National Championships;
- If the athlete has achieved an Entry Standard at an IPC Athletics Approved Event from 1 January 2017 – the end of the 2017 U.S. Paralympics Track and Field National Championships and is ranked in the top 8 in that medal event on the World Para Athletics Minimum Qualification Standard Ranking for the World Para Athletics Championships London 2017 as posted on the World Para Athletics website at the time of nomination;
- If the athlete has achieved an Entry Standard at an IPC Athletics Approved Event from 1 January 2017 – the end of the 2017 U.S. Paralympics Track and Field National Championships and was unable to compete at the 2017 U.S. Paralympics Track and Field National Championships due to unforeseen circumstances to be determined by the Discretionary Selection Committee;

- The athlete's likelihood of winning a medal or medals at these World Championships;
- If the IPC changes or makes amendments to the medal events, current rules or qualification criteria;
- If the IPC allocates a relay specialist slot.

## Guide Athletes

The Discretionary Selection Committee will nominate guide athletes to the Team through discretionary selection. Guide athletes are used for the T11/12 and F11/12 sport classes (visually impaired). The guide athletes are not included in the maximum Team size nor are the guide athletes accounted in the 10% of total of discretionary selection as outlined above. A guide athlete will typically work with one athlete during practice, competition and day-to-day activities; therefore accreditation allocation is typically provided for one guide per qualified athlete as outlined in the IPC Rules:

<http://www.paralympic.org/Athletics/RulesandRegulations/Rules>

However, accreditation allocation is not guaranteed and the number of guide athletes will be based on final NPC (U.S. Paralympics) credential allocation from World Para Athletics.

The below factors will be considered in the selection of a guide athlete:

- Track events: the speed of the guide athlete in relation to the athlete being guided. The guide athlete must be faster than the visually impaired athlete.
- Field events: voice command and positioning experience.
- Preference of the qualified visually impaired athlete.
- Demonstrated expertise of the guide athlete – must have expertise and experience in the assigned athlete's specific event(s).
- Knowledge and understanding of the IPC Rules pertaining to guide athletes.

<http://www.paralympic.org/Athletics/RulesandRegulations/Rules>

Guide athletes will be held to the same standards and code of conduct as outlined in these Procedures. The guide athlete position is contingent on the nomination and participation of the designated athlete to be guided. The guide athlete will be removed unless otherwise reassigned by the Discretionary Selection Committee.

- 2.3. Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

Discretionary Selection Committee:

- Managing Director, Paralympics
- High Performance Director, Paralympic Track and Field
- Associate Director, Paralympic Track and Field National Teams
- World Para Athletics Championships London 2017 Coaching Staff (maximum of four)
- Athlete Representative
- Athlete Representative

- 2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

### 3. REMOVAL OF ATHLETES

- 3.1. Prior to submission by U.S. Paralympics to the IPC and this World Championships Organizing Committee an athlete who is to be selected to the Team by U.S. Paralympics may be removed for any of the following reasons, as determined by U.S. Paralympics:

  - 3.1.3. Violation of the USOC Code of Conduct for U.S. Paralympics National Teams and Paralympic Programs (Attachment A).

- 3.1.4. Re-classification by the IPC such that the athlete's qualifying performance would not have qualified him or her for the Team.
- 3.1.5. Removal by the IPC of the event in which the athlete qualified for the Team from the program of these World Championships.

Event Viability Criteria as outlined in the World Para Athletics Championships London 2017 Qualification Criteria and Event Program:

World Para Athletics shall review the event viability following the close of the final entry by name on 08 June 2017. In the case an event did not meet the above viability criteria by final entry, World Para Athletics reserve the right to combine such event with other events(s) where the appropriate and applicable. In such combined field events, the Raza point system may be used to determine the placings.

World Para Athletics also reserve the right to either cancel such events or run them as non-medal events. Non-medal events shall be run in an additional non-ticketed session outside of the official program (within the official competition period).

Should a seated throw event exceed twelve (12) entries at the close of final entry, a qualification round shall be held to allow the competition to be conducted in a single round (final). The Top 8 entered athletes from the Qualification Ranking shall proceed to the final without competing in the qualification round. The Top 4 athletes from the qualification round shall proceed to the final. All qualification rounds shall be held in an additional non-ticketed session outside of the official program.

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per the U.S. Paralympics Complaint Procedures or the USOC's Bylaws, Section 9.

I pledge to uphold the spirit of this Code of Conduct (the "Code"), which offers a guide to my conduct as a member of a U.S. Paralympics National Team or a U.S. Paralympics Team to international competition (the "Team"). This Code applies to those Paralympic sports in which the United States Olympic Committee (USOC) has not recognized a National Governing Body or a Paralympic Sport Organization to govern the sport. I acknowledge that I have a right to a hearing if my opportunity to compete is denied or if I am charged with a violation of this Code.

I have familiarized myself with the Code and understand that acceptance of its provisions is a condition of my membership on the Team.

#### **As a Member of the Team, I hereby promise and agree that I:**

- will abide by all published rules related to the Team selection procedures as approved by U.S. Paralympics or the USOC;
- have acted and will act in a sportsmanlike manner consistent with the spirit of fair play and responsible conduct;
- will maintain a level of fitness and competitive readiness that will permit my performance to be at the maximum of my abilities;
- will submit to a physical examination by USOC medical personnel if my ability to compete is compromised due to physical injury, illness or incapacity and I understand that such physical injury, illness or incapacity may be cause for my not being selected to the Team, being removed from the Team, or not being allowed to participate if I remain on the Team.

### U.S. Paralympics COMPLAINT PROCEDURES February 14, 2017

#### Section 1. Jurisdiction.

These Complaint Procedures are applicable to those Paralympic sports in which U.S. Paralympics has not recognized a National Governing Body or a Paralympic Sport Organization to govern the sport. Only matters concerning those Paralympic sports fall within the jurisdiction of these Complaint Procedures. Any member of any of those Paralympic sports, by reason of membership, agrees to be subject to these complaint procedures and agrees to be bound by any decision rendered pursuant to these complaint procedures.

#### Section 2. Designation of Complaints.

The following kinds of complaints may be filed with U.S. Paralympics:

- a. Administrative Grievance. U.S. Paralympics or any aggrieved individual may file a complaint pertaining to any matter relating to the cognizance of U.S. Paralympics, including but not limited to any alleged violation of or grievance concerning any U.S. Paralympics rule, regulation or code of conduct.
- b. Disciplinary Proceeding. U.S. Paralympics, or any member of the respective Paralympic sport may file a complaint against another member of the Paralympic sport, or former member of the Paralympic sport if the action occurred while the individual was a member, regarding any alleged violation of the Paralympic sport Code of Conduct, Paralympic sport SafeSport Policy, or any other rule or regulation relating to conduct.
- c. Right to Compete. Any athlete, coach, trainer, manager, administrator or official may file a complaint pertaining to any alleged denial, or alleged threat to deny, of that individuals opportunity to compete in a U.S. Paralympics sanctioned/sponsored competition or protected competition.

#### Section 3. Manner of Filing.

The complainant shall file the complaint with the Managing Director of Paralympics. The complaint shall set forth in clear and concise language, preferably in numbered paragraphs: (i) the alleged violation, grievance, denial or threat to deny and (ii) the remedy requested. The complainant shall sign the complainant.

#### Section 4. Statute of Limitations.

A complaint filed under these Complaint Procedures shall be filed within one hundred and eighty (180) days of the occurrence of the alleged violation, grievance, denial or threat to deny.

#### Section 5. Field of Play Decisions.

The final decision of a referee during a competition regarding a field of play decision (a matter set forth in the rules of the competition to be within the discretion of the referee) shall not be reviewable through the procedures for, or the subject of, Administrative Grievances or Right to Compete Complaints unless the decision is: (i) outside the authority of the referee to make or (ii) the product of fraud, corruption, partiality or other misconduct of the referee. For purposes of this Section, the term "referee" shall include any individual with discretion to make field of play decisions.

#### Section 6. Doping Decisions.

A decision concerning a doping violation adjudicated by the independent anti-doping organization designated by U.S. Paralympics to serve as the U.S. National Anti-Doping Organization (currently the United States Anti-Doping Agency) shall not be reviewable through, or the subject of, these complaint procedures.

#### Section 7. Safe Sport Decisions.

A decision concerning a safe sport violation of a sexual nature adjudicated by the independent safe-sport organization designated by U.S. Paralympics (currently the United States Center for Safe Sport) shall not be reviewable through, or the subject of, these complaint procedures.

#### Section 8. Hearing Panel.

Upon the filing of a complaint, the Managing Director of Paralympics shall appoint a hearing panel consisting of three (3) individuals to hear the complaint. The Managing Director of Paralympics shall also appoint a chair of the hearing panel from among the three individuals appointed. At least one member of the hearing panel shall be an athlete.

The Hearing Panel shall be responsible to ensure that all complaints are heard in a timely, fair and impartial manner.

#### Section 9. Administration.

The United States Olympic Committee General Counsel's Office shall generally administer and oversee all administrative grievances, disciplinary proceedings, and right to compete matters filed with U.S. Paralympics.

#### Section 10. Conduct of the Proceeding.

The hearing panel shall rule on all motions and other matters raised in the proceeding. If the complaint is not dismissed, the hearing panel shall hold a hearing on the complaint. The hearing panel shall set such timelines and other rules regarding the proceeding and the conduct of the hearing as it deems necessary. The hearing shall be informal, except that testimony shall be taken under oath.

The hearing may be conducted by teleconference, if necessary or convenient to the parties. Each party shall have the right to appear personally or through a legal representative. All parties shall be given a reasonable opportunity to present and examine evidence, cross-examine witnesses and to present argument. Members of the hearing panel shall have the right to question witnesses or the parties to the proceeding at any time.

Any party may have a record made of the hearing. A court reporter may be present at the hearing at the request of a party. The court reporter shall be paid for by the party requesting the court reporter, or if mutually agreed, the cost may be equally divided. Any transcript shall be paid for by the party requesting the transcript.

#### Section 11. Expedited Procedures.

Upon the request of a party, and provided that it is necessary to expedite the proceeding in order to resolve a matter relating to a competition that is so scheduled that compliance with regular procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties, the Managing Director of Paralympics is authorized to order that the complaint be heard and decided within forty-eight (48) hours of the filing of the complaint. In such a case, the hearing panel is authorized to hear and decide the complaint pursuant to such procedures as are necessary, but fair to the parties involved.

#### Section 12. Complaints Involving Selection to Participate in a Competition.

Where a complaint is filed involving selection of an individual to participate in a competition, the complainant shall include with the complaint a list of all other individuals, together with their contact information, that may be adversely affected by a decision rendered on the complaint. The hearing panel shall determine which additional individuals must receive notice of the complaint. The complainant shall then be responsible for providing appropriate notice to these individuals. Any individual so notified then shall have the option to participate in the proceeding as a party. If an individual is notified of the complaint, then that

individual shall be bound by the decision of the hearing panel even though the individual chose not to participate as a party.

Section 13. Decision.

A decision shall be determined by a majority of the hearing panel. The hearing panel's decision shall be in writing, shall state the reasons for the decision and shall be distributed to the parties.

Section 14. Arbitration.

Any party may appeal a decision of the hearing panel to the American Arbitration Association. The arbitrator appointed by the American Arbitration Association shall have the authority to hear the matter anew or if requested by a party to render a decision on a more limited review. Either party may submit the decision of the hearing panel to the arbitrator for the arbitrator's consideration. The arbitrator may give whatever weight or authority to the hearing panel's decision as the arbitrator deems appropriate.
