

## NATIONAL TEAM SELECTION CRITERIA

### 2022-2023 U.S. Paralympics Nordic Skiing Standards

The U.S. Paralympics Nordic Skiing Team aims to win medals in Paralympic Winter Games (PWG). Athletes will be nominated to the 2022-2023 National Team or Development Team based on objective criteria (results) from the previous season (June 2021-May 2022), along with subjective criteria that demonstrates each athlete's capacity, preparation, and commitment to winning at PWG competition in 2026.

### General National and Development Team Guidelines

- National Team or Development Team status does not guarantee Athlete Stipends or activity support for the entire season. Athlete Stipends and activity support will be based on continued progress towards individual goals as outlined in each athlete's Personal Performance Plan and a sustained commitment to excellence in training and performance in international competition. Similarly, athletes who are not on the National Team or Development Team may earn funding/support for particular projects and competitions by showing significant potential towards achieving international competitive success in individual or relay events.
- National Team and Development Team status will be evaluated after each season is completed.
- No minimum team size will be established.
- Athletes selected to the National Team must demonstrate a commitment to and performance trends indicative of podium results in future Paralympic Winter Games, in addition to the criteria described below.
- National C Team is the entry level of the National Team Program and is meant to identify developing athletes who are on their way to achieving higher levels of National Team status toward achieving PWG medal objectives. Therefore, returning National Team Program athletes are not expected to remain on the National C Team for more than three (3) years and athletes who have been on the National A or B Team levels will not be permitted to drop down to National C Team status without special consideration.
- Development Team status is not considered equivalent to "National Team" status but recognizes progress towards achieving that Team and international success. Development Team criteria is described in Part B below.
- World Cup (WC) "test" events (testing a new format that is not accepted in World Championship (WCH) or PWG program) will not be considered for National A or B Team Criteria but will be considered for National C Team and National Development Team.

#### DISCRETIONARY CRITERIA

U.S. Paralympics Nordic Skiing may use discretionary criteria to select additional athletes onto the National Team who have not met the objective criteria for the National Team for several reasons. These include, but are not limited to, injury or illness (via the “Injury or Illness Provision” of the National Team Agreement) and the occurrence of exceptional circumstances (e.g. earthquakes, cancellation/postponement of IF events, epidemics, riots, pregnancy).

Discretionary nominations, if any, may be based on a variety of factors, including consideration of competition results outside of the (12-month) selection period and data analytics of individual and relay events, to ensure that U.S. Paralympics Nordic Skiing is investing in the most qualified athletes with the greatest potential of winning Paralympic Winter Games medals in individual events and in Team Mixed and Open Relay events. The following factors will be considered when considering an athlete for discretionary selection:

- athlete achieved a medal in the 2022 WPNS Nordic World Championships or in the 2018 Paralympic Winter Games.
- athlete demonstrates a trend of improving performance in international competition that is indicative of a podium performance by the current international standards within the next two (2) years.
- athlete is eligible for and needed to complete the make-up of a Team Relay due to specific sport class requirements for the Relay.

Discretionary nominations for the National Team, along with National Team status and term length, will be determined by a panel of three U.S. Paralympics Nordic Skiing program staff and two elite athlete representatives meeting the eligibility requirements under, and appointed pursuant to, the USOPC Bylaws. The selection committee will automatically consider all athletes who have reached Development Team objective criteria by April 30, 2022.

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.
