

ADAPTIVE EQUIPMENT FORM EQUIPMENT ADAPTATION FORM

All requests for adaptive equipment or impairment adaptations to any piece of equipment as defined on the World Para Alpine Skiing Equipment Rule Book must be uploaded and submitted through SDMS, by the corresponding National Paralympic Committee/National Federation for World Para Alpine Skiing and Snowboard approval at least one (1) month before the event in which the athlete wishes to compete in, with a clear explanation and a maximum of five (5) high resolution pictures (different angles) attached to this form.

In addition, please refer to the article 318 in the World Para Alpine Skiing Rules and Regulations. World Para Alpine Skiing and Snowboard will inform the applicant, through SDMS, whether the equipment set has been approved or more information is required for approval.

Once the equipment has been approved, the information will be blocked on SDMS, meaning that if no changes occur for the following season, no action is required from either side and the equipment will be available for use in the following season.

Athlete's name		
Athlete's SDMS ID		
Athlete's category		
Athlete's Sport Class		
Submitted by NPC/NF's representative:	Name:	
	Position:
