Components of SafeSport Program

Section One: SafeSport Policies

Section Two: Athlete Protection Policies and Guidelines

Section Three: SafeSport Awareness Training

Section Four: Screening and Background Check Program

Section Five: USA Racquetball Policy on Harassment and Abuse

Section Six: Reporting Abuse, Misconduct, and Policy Violations

Section Seven: Monitoring and Supervision of SafeSport Program
INTRODUCTION:
USA Racquetball strives to provide a safe environment for its members and to protect the opportunity of its members to participate in the sport in an atmosphere that is free of harassment and abusive practices. The association will not tolerate or condone any form of harassment or abuse of any of its members including athletes, coaches, officials, directors, employees, parents, and volunteers or any other persons while they are participating in or preparing for any activity or event conducted under the authority of USA Racquetball.

There are many positive reasons to participate in racquetball, but like all sports, it can also be a high-risk environment for misconduct: emotional, physical, sexual, bullying, harassment and hazing. All forms of misconduct are unacceptable and in direct conflict with USA Racquetball’s morals and ideals.

Misconduct may damage an athlete’s psychological well-being. Athletes who have been mistreated experience social embarrassment, emotional turmoil, psychological scars, and loss of self-esteem. Misconduct also may have a negative impact on family, friends and the sport. Misconduct often hurts an athlete’s competitive performance and may cause him or her to drop out of sport entirely.

This SafeSport Handbook, originally created by the United States Olympic Committee, www.safesport.org, and adapted by USA Racquetball, includes various guidelines that apply to all USA Racquetball programs, events and activities. It further includes the available and required training of coaches and select USA Racquetball volunteers, officials and staff members on recognizing and reducing circumstances for potential abuse to occur; information on USA Racquetball’s screening and background check program; the availability and procedures for any person to report suspected abuse or misconduct (including protection from any retaliation or repercussions for such reporting); the procedures and means by which USA Racquetball and its member clubs and programs should respond to allegations of abuse and misconduct; and how USA Racquetball and its member clubs and programs will monitor and supervise this program to help ensure its effectiveness.

As described more fully within this handbook, each USA Racquetball Instructor will be required to complete the SafeSport training.

Through the USA Racquetball SafeSport Program, USA Racquetball is committed to providing the safest possible environment for all participants, members, and staff.

INTRODUCTION:

SafeSport is the Olympic Community’s initiative to recognize, reduce, and respond to misconduct in sport. The six primary types of misconduct are:

- Bullying
- Harassment
- Hazing
- Emotional Misconduct
- Physical Misconduct
- Sexual Misconduct, including Child Sexual Abuse

Why SafeSport?

SafeSport provides athletes with an opportunity to perform both on and off the field. Unfortunately, sport can also be a high-risk environment for misconduct and abuse. For example, studies indicate that as many as 1 in 8 athletes will be sexually abused within their sport. Misconduct is a critical issue in sport, and one for which we all need a game plan to prevent.

Who is affected by SafeSport?

We all play a role in reducing misconduct and abuse in sport. SafeSport provides resources for all members of the sport community – organizations, coaches, parents and athletes – to identify misconduct, implement ways to reduce it and enact plans to respond to it.

What tools are available from SafeSport?

The SafeSport tools include written materials to help the community prevent misconduct in sport. For example, this USA Racquetball-adapted SafeSport Handbook, provides a starting place for all member clubs and programs to develop a SafeSport strategy and includes sample guidelines, forms, and documents.

The tools also include SafeSport Training, a video-based online training program for coaches, staff, and volunteers that addresses the six types of misconduct and provides an in-depth look at how to recognize, reduce and respond to child sexual abuse.

As a community, we have an opportunity to be part of the SafeSport solution. Start now by visiting www.safesport.org
Letter from Scott Blackmun

As a leader in youth sport, you have a role to play in creating and maintaining a safe sport environment. Sport provides many important lessons, including the value of hard work and fair play, the experience of dedicating yourself to a goal and the joy of competing, to name just a few. As we all know, the impact of sport extends far beyond the field of play and can help prepare kids to be successful in any field they choose.

The United States Olympic Committee is proud to dedicate its energy and resources to promoting safe training environments. However, no one individual or club is responsible for addressing issues of misconduct in sport. It’s a team effort, and that team consists of sport clubs, coaches, parents and athletes. This responsibility requires constant vigilance; misconduct in sport threatens athletes and clubs as well as the fundamental value that sport contributes to our society.

In order to help you be successful in this critical area of responsibility, the USOC has developed a SafeSport program to provide information and resources so that all members of the sport community have the awareness, tools and support structure they need to recognize, reduce and respond to misconduct in sport. Please visit www.safesport.org to learn more about the proactive steps you can take to ensure that sport continues to deliver on its promise to athletes and the communities that nurture them.

I thank you for your support of this initiative.

Sincerely,

Scott A. Blackmun

Chief Executive Officer

United States Olympic Committee
DEFINITIONS

Child, children, minor, and youth:

Anyone under the age of 18. Here, “Child,” “Children,” “minor,” and “youth” are used interchangeably.

Child physical abuse:

- Non-accidental trauma or physical injury caused by contact behaviors, such as punching, beating, kicking, biting, burning, or otherwise harming a child. Child physical abuse also may include non-contact physical misconduct as described in the athlete protection policy.
- Legal definitions vary by state. To find guidelines concerning your state, visit the Child Welfare Information Gateway (www.childwelfare.gov.)

Child Sexual Abuse:

- Child sexual abuse involves any sexual activity with a child where consent is not or cannot be given. This includes sexual contact with a minor that is accomplished by deception, manipulation, force or threat of force regardless of whether there is deception or the child understands the sexual nature of the activity. Sexual contact between minors can also be abusive if there is a significant imbalance of power or disparity in age, development or size, such that one child is the aggressor. The sexually abusive acts may include sexual penetration, sexual touching or non-contact sexual acts such as verbal acts, sexually suggestive written or electronic communications, exposure or voyeurism.
- Legal definitions vary by state. To find guidelines concerning your state, visit the Child Welfare Information Gateway (www.childwelfare.gov.)

Misconduct:

Conduct which results in harm, the potential for harm, or the imminent threat of harm. Age is irrelevant to misconduct. There are six primary types of misconduct in sport: emotional, physical misconduct, sexual misconduct, bullying, harassment and hazing.

Participants:

Participants are minors who participate in a sport activity through a club or organization, athletes 18 years or older, and officials.

Participant Safety Handbook:

As used here, a set of guidelines collecting policies and practices related to an organization’s strategy for recognizing, reducing and responding to child sexual abuse and other misconduct in sport.
COMPONENTS OF THE SAFESPORT PROGRAM

USA Racquetball’s SafeSport Program involves several component pieces:

- Policies Prohibiting Abuse and Misconduct
- Monitoring and Supervision of SafeSport Program
- Education and Awareness Training
- Responding to Reports of Abuse
- Reporting Concerns of Abuse
- Mandatory Background Screening
SECTION I: SafeSport Policies

USA Racquetball is committed to providing a safe and positive environment for its participants’ physical, emotional, and social development and ensuring it promotes an environment free from abuse and misconduct. As part of this program, USA Racquetball has implemented policies to address certain types of abuse and misconduct, and to reduce, monitor and govern areas where potential abuse and misconduct could occur.

The policies below address the following types of abuse and misconduct:

- Sexual Abuse
- Physical Abuse
- Emotional Abuse
- Bullying, Threats, and Harassment
- Hazing
- Willfully Tolerating Misconduct

The SafeSport policies below set forth the boundaries for appropriate and inappropriate conduct and should be implemented to reduce the risks of potential abuse:

- Athlete Protection and Commitment to Safety
- Two-Deep Leadership and Appropriate Supervision
- Locker Room and Changing Room Policy
- Social Media, Mobile and Electronic Communications Policy
- Travel Guidelines
- Codes of Conduct for Athletes, Parents, Coaches and Club Board Members

All USA Racquetball members shall familiarize themselves with each form of abuse and misconduct and shall refrain from engaging in such misconduct and/or violating any of these policies.

In the event that any USA Racquetball member, club volunteer, official, or staff member observes inappropriate behaviors (i.e., policy violations), suspected physical or sexual abuse, or any other type of abuse or misconduct, it is the personal responsibility of each such person to immediately report their observations to the appropriate person as described in Section IV of this Handbook concerning Reporting.

In addition to reporting within USA Racquetball, all members and staff must also report suspected child physical or sexual abuse to appropriate law enforcement authorities as required under USA Racquetball rules and under applicable law. One should not attempt to evaluate the credibility or validity of child physical or sexual abuse allegations as a condition for reporting to appropriate law enforcement authorities.

USA Racquetball has ZERO TOLERANCE for abuse and misconduct. How USA Racquetball and its member clubs and programs respond to an allegation of abuse or misconduct is described in Section V of this handbook concerning responding.
What is Child Abuse?

A legal definition of child abuse exists in each state; each of which USA Racquetball will adopt for purposes of enforcing this policy. A child is someone under the age of 18 or who has not attained the age of legal majority in the state in which he or she resides.

Child abuse can include physical contact or the threat of it that intentionally causes bodily harm or injury to a child. Examples include hitting, shaking, kicking, forcing an individual to play knowing that he or she is injured, and mandating excessive exercise as a form of punishment.

It can include touching for the purpose of sexual arousal or gratification that involves a child, or forcing a child to pose for or watch pornographic materials. This includes rape, incest, fondling, exhibitionism, and sexual exploitation.

Child abuse can include chronic attacks on a child’s self-esteem. Examples include screaming or directing profanity at a child, exhibiting racism, threatening, stalking, hazing or isolating a child. It can include chronic inattention to a child’s basic needs by a person responsible for the child’s welfare. Examples include improper supervision, not providing adequate food or rest, inadequate medical or dental care, and unsafe equipment or facilities.

Sexual Abuse and Misconduct

How to Recognize, Reduce and Respond to Sexual Misconduct:

Racquetball teaches lessons that reach beyond the court, but its ability to do so depends on maintaining the bonds of trust, mentorship, and mutual respect among members. These elements are undermined when sexual misconduct occurs in any sport setting. Sexual misconduct includes sexual abuse, sexual harassment and rape. Every member of the sport community, especially adult staff in positions of authority, can contribute to a sport environment free from sexual misconduct by working together and being informed.

It is the policy of USA Racquetball that there shall be no sexual abuse or misconduct of any minor involved in any of its member clubs and programs by coaches, officials, directors, employees, parents or volunteers.

Definition:

Sexual misconduct involves any touching or non-touching sexual interaction that is nonconsensual or forced, coerced or manipulated, or perpetrated in an aggressive, harassing, exploitative or threatening manner. It also includes any sexual interaction between an athlete and an individual with evaluative, direct, or indirect authority that is considered an imbalance of power. Last, any act or conduct described as sexual abuse or misconduct under federal or state law (e. g., sexual abuse, sexual exploitation, rape) qualifies as sexual misconduct.

Notes:

- An imbalance of power is always assumed between an athlete, regardless of age, and an adult in a position of authority (such as a coach, official, director, employee, parent or volunteer.)
Minors cannot consent to sexual activity with an adult. All sexual interaction between an adult and a minor is strictly prohibited.

Sexual abuse of a minor occurs when an adult coach, official, director, employee, parent or volunteer touches a minor for the purpose of sexual arousal or gratification of the minor or the coach, official, director, employee, parent or volunteer. Sexual abuse of a minor also occurs when a minor touches a coach, official, director, employee, parent or volunteer for the sexual arousal or sexual gratification of either the minor or coach, official, director, employee, parent, or volunteer, even if the touching occurs at the request or with the consent of the coach, official, director, employee, parent or volunteer.

**Authority and Trust:**

Once the unique coach-athlete relationship is established, the authority and trust on the part of the coach over the athlete shall be assumed, regardless of age. However, in some circumstances in regard to adult athletes, this assumption is rebuttable.

**Imbalance of Power:**

Factors relevant to determining whether there is an imbalance of power include, but are not limited to: the nature and extent of the coach's supervisory, evaluative or other authority over the athlete being coached; the relationship between the parties; the parties' respective roles; the nature and duration of the sexual relations or intimacies; the age of the coach; the age of the athlete or participant; and whether the coach has engaged in a pattern of sexual interaction with other athletes or participants.

Sexual contact between children also can be abusive if there is a significant disparity in age, development, or size that renders the younger child incapable of giving informed consent; if there is the existence of an aggressor; or where there is an imbalance of power and/or intellectual capabilities. The sexually abusive acts may include sexual penetration, sexual touching or non-contact sexual acts such as exposure or voyeurism.

Neither consent of the minor to the sexual contact, mistake as to the participant's age, nor the fact that the sexual contact did not take place at USA Racquetball function are defenses to a complaint of sexual abuse. Sexual abuse may also occur between adults or to an adult. Sexual abuse includes sexual interactions that are nonconsensual or accomplished by force or threat of force, or coerced or manipulated, regardless of the age of the participants.

Sexual abuse may also include non-touching offenses, such as sexually harassing behaviors, an adult discussing his/her sex life with a minor, an adult asking a minor about his/her sex life, an adult requesting or sending nude or partial dress photo to minor; exposing minors to pornographic material, sending minors sexually explicit electronic messages or photos (e.g. “sexting”), deliberately exposing a minor to sexual acts, or deliberately exposing a minor to inappropriate nudity.

Without limiting the above, any act or conduct described as sexual abuse, sexual misconduct or child sexual abuse under applicable federal or state law constitutes sexual abuse under this policy.

Any USA Racquetball member who engages in any act of sexual abuse or misconduct is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension, and/or referral to law enforcement authorities.
Examples of Sexual Misconduct:

Touching offenses:

- Fondling of an athlete’s breast or buttocks
- Exchange of reward in sport (e.g., team placement, scores, feedback, free lessons/ etc.) for sexual acts
- Genital contact; whether or not either party is clothed
- Sexual relations or intimacies between participants in a position of trust, authority, and/or evaluative and supervisory control over athletes or other sport participants.

Non-touching offenses:

- Sexually oriented comments, jokes, or innuendoes made to or about an athlete, or sexually harassing behavior.
- Discussing his or her sex life with an athlete
- Asking an athlete about his or her sex life
- Requesting or sending a nude or partial-dress photo to an athlete
- Exposing athletes to pornographic material
- Sending athletes sexually explicit or suggestive electronic or written messages or photos (e.g., “sexting”)
- Deliberately exposing an athlete to sexual acts
- Deliberately exposing an athlete to nudity (except in situations where locker rooms and changing areas are shared.)
- Sexual solicitation, physical advances, or verbal or non-verbal conduct that is sexual in nature.

These guidelines do not apply to pre-existing relationships between spouses or life partners.

Reporting Sexual Misconduct:

It’s critical for clubs, programs, coaches, staff members, volunteers and parents to report suspicions or allegations of sexual misconduct to USA Racquetball and appropriate law enforcement officials.

“Grooming” Behaviors:

Offenders typically control their victims through a systematic process called “grooming” or seduction. Many offenders exploit a child’s vulnerabilities using a combination of tactics to gain the victim’s trust, lower inhibitions, and gain cooperation and “consent.” Since the initial stages of the grooming process can occur in public or group settings, offenders also take care to groom the community, which makes it easier to gain the trust of staff and administrators. The grooming process has six steps:

1. Targeting the victim: An offender will identify a child and determine his or her vulnerabilities
2. Gaining trust: Through watching and gathering information about the child, an offender will become acquainted with his or her needs.
3. Filling a need: Offenders will often lavish gifts, extra attention and affection to forge a bond with their victims.
4. Isolating a child: By developing a special relationship with the child, an offender creates situations in which he or she is alone with the child.
5. Sexualizing the relationship: An offender will desensitize a child by talking to, taking photos of, and even creating situations in which both the offender and the victim are touching or naked. The adult then uses a child’s curiosity and feelings of stimulation to engage in sexual activity.

6. Maintaining control: To ensure the child’s continued participation and silence, offenders can use secrecy and blame as well as other tactics. Victims sometimes continue the relationship out of fear or shame at the thought of having to tell someone about the abuse.

Since interactions between a predator and child can occur in sport settings around other people, coaches, staff members or volunteers are well positioned to witness grooming behavior. Therefore, it's critical for all members of the sport community to be on the alert for policy violations, suspicious behavior, or other signals that an individual might be a sexual predator. Offenders will use tickling, wrestling, horseplay, photography and giving gifts to push the boundaries of what’s acceptable and form connections with their victims.

All questions or concerns related to inappropriate, suspicious, or suspected grooming behavior should be directed to the appropriate persons within USA Racquetball as defined below.

**Physical Abuse and Misconduct:**

**How to Recognize, Reduce, and Respond to Physical Abuse and Misconduct:**

Almost all sport involves strenuous physical activity; in practices and competition, athletes regularly push themselves to the point of exhaustion. However, any activity that physically harms an athlete - such as direct contact with coaches or other members, disciplinary actions, or punishment - is unacceptable. Physical misconduct can extend to seemingly unrelated areas including inadequate recovery times for injuries and diet. Two of the best ways to promote safe conditions are to set clear boundaries and take a team approach to monitoring athletes and participants.

It is the policy of USA Racquetball that there shall be no physical abuse or misconduct of any participant involved in any of its member clubs, programs and activities by any coach, official, director, employee, parent or volunteer.

**Definition:**

Physical abuse means physical contact with a participant that intentionally causes or has the potential to cause the participant to sustain bodily harm or personal injury.

Physical abuse also includes physical contact with a participant that intentionally creates a threat of immediate bodily harm or personal injury. Physical abuse may also include intentionally hitting or threatening to hit an athlete with objects or sports equipment.

In addition to physical contact or the threat of physical contact with a participant, physical abuse also includes the providing of alcohol to a participant under the age of 21 and the providing of illegal drugs or non-prescribed medications to any participant.

It also includes any act or conduct described as physical abuse or misconduct under federal or state law (e.g., child abuse, child neglect and assault).

Physical misconduct does not include professionally accepted coaching methods of skill enhancement, physical conditioning, team building, appropriate discipline, or improving athlete performance.

Without limiting the above, any act or conduct described as physical abuse or misconduct under applicable federal or state law constitutes physical abuse under this policy.

Any USA Racquetball member who engages in any act of physical abuse is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension, and referral to law enforcement authorities.
Examples of Physical Misconduct:

Contact Offenses:
- Punching, beating, biting, striking, choking, or slapping an athlete
- Intentionally hitting an athlete with objects or sporting equipment
- Providing alcohol to an athlete under the legal drinking age (under United States law)
- Providing illegal drugs or non-prescribed medications to any athlete
- Encouraging or permitting an athlete to return or play prematurely without the clearance of a medical professional after a serious injury such as a concussion.
- Prescribed dieting or other weight control methods. Examples of these include public weigh-ins or caliper tests for humiliation purposes.

Non-Contact Offenses:
- Isolating an athlete in a confined space (e.g., locking an athlete in a small space.)
- Forcing an athlete to assume a painful stance or position for no athletic purpose (e.g., requiring an athlete to kneel on a harmful surface.)
- Withholding, recommending against, or denying adequate hydration, nutrition, medical attention, or sleep.

Reporting Physical Misconduct:

It is critical for clubs, programs, coaches, staff members, volunteers, and parents to report suspicions or allegations of physical misconduct to the proper officials and appropriate law enforcement officials.

Physical Contact in Training and Instruction:

Physical contact in sport is inherent in instruction and training. Appropriate physical contact has three elements:
1. The physical contact takes place in public
2. There is no potential for actual, physical, or sexual intimacies during the physical contact
3. The physical contact is for the benefit of the athlete, not to meet an emotional or other need of an adult.

With these elements in place, physical contact with athletes for the safety and instruction, celebration or consolation may be appropriate. In particular, coaches improve skills and make the training environment safer through appropriate physical contact.

Emotional Abuse and Misconduct:

It is the policy of USA Racquetball that there shall be no emotional abuse of any participant involved in any of its clubs, programs or activities by any coach, official, director, employee, parent, or volunteer.

Definition:

Emotional abuse involves a pattern of deliberate, non-contact behavior that has the potential to cause emotional or psychological harm to a participant. These behaviors may include verbal acts, physical acts or acts that deny attention or support.

Examples of emotional misconduct prohibited by this policy include, but are not limited to:

- Verbal Acts:
  - A pattern of verbal behaviors that attack a participant personally (e.g., calling a person worthless, fat, or disgusting) or repeatedly and excessively yelling at a particular participant or participants in a manner that serves no productive training or motivational purposes.
• Physical Acts:
  o A pattern of physically aggressive behaviors such as throwing sport equipment, water bottles, or chairs at in the presence of participants; or punching walls, windows, or other objects.

• Acts that Deny Attention and Support:
  o A pattern of ignoring a participant for extended periods of time or routinely or arbitrarily excluding participant from practice.

Emotional abuse does not include generally accepted and age-appropriate coaching methods of skill enhancement, physical conditioning, motivation, team building, appropriate discipline or improving athletic performance.

A USA Racquetball member who engages in any act of emotional abuse is subject to appropriate disciplinary action, including but not limited to suspension, permanent suspension, and referral to law enforcement authorities.

Note: Bullying, threats, harassment, and hazing (defined on the next page) often involve some form of emotional misconduct

Clarification – a single incident, e.g., a verbal outburst – while it may be inappropriate – does not constitute emotional misconduct, which requires a pattern of harmful behaviors over time.

**Bullying, Threats, and Harassment:**

USA Racquetball supports an environment for participation in racquetball conducive to the enjoyment of the sport that is free from threats, harassment and any type of bullying behavior. The purpose of this policy is to promote consistency of approach and to help create a climate in which all types of bullying, harassing or threatening behavior are regarded as unacceptable.

**Bullying:**

Bullying is the use of coercion to obtain control over another person or to be habitually cruel to another person. Bullying involves an intentional, persistent or repeated pattern of committing or willfully tolerating physical and non-physical behaviors that are intended to cause fear, humiliation, or physical harm in an attempt to socially exclude, diminish, or isolate another person. Bullying can occur through written, verbal or electronically transmitted expression or by means of a physical act or gesture. Bullying behavior is prohibited in any manner in connection with all USA Racquetball sanctioned events and activities.

Examples of bullying prohibited by this policy include, but are not limited to, physical behaviors such as punching, kicking, or choking an athlete; and verbal and emotional behaviors, such as, the use of electronic communications (i.e., “cyber bullying”), to harass, frighten, degrade, intimidate or humiliate.

While other members are often the perpetrators of bullying, it is a violation of this policy if a coach or other responsible adult knows or should know of the bullying behavior but takes no action to intervene on behalf of the targeted participant(s).

A USA Racquetball member or parent of a participant who engages in any act of bullying is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension and referral to law enforcement authorities. The severity and pattern, if any, of the bullying behavior and/or result shall be taken into consideration when disciplinary decisions are made.

**Threats:**

A threat to harm others is defined as any written, verbal, physical or electronically transmitted expression of intent to physically injure or harm someone. A threat may be communicated directly to the intended
victim or communicated to a third party. Threatening behavior is prohibited in any manner in connection with USA Racquetball sanctioned activities and events.

Any USA Racquetball member or parent of a participant who engages in any act of threatening or harassing behavior is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension, and/or referral to law enforcement authorities. The severity and pattern, if any, of the threatening behavior and/or resulting harm shall be taken into consideration when disciplinary decisions are made.

Harassment:

Harassment is defined in various sources such as case law, state legislation, sports organizations, and professional association codes of conduct and training manuals, corporation and workplace documents, and Human Rights Commission materials. USA Racquetball has not adopted any specific definitions of harassment, choosing instead to defer to such general sources and definitions for reference and application, depending upon circumstances. The following, however, presents a general overview:

Behavior: Harassment in sport includes any pattern of physical and/or non-physical behaviors that (a) are intended to cause fear, humiliation, or annoyance, (b) offend or degrade, (c) create a hostile environment, or (d) reflect discriminatory bias in an attempt to establish dominance, superiority, or power over an individual participant or group based on gender, race, ethnicity, culture, religion, sexual orientation, gender expression, or mental or physical disability.

Environment: Creation of an environment through behavior or course of conduct that is insulting, intimidating, humiliating, demeaning or offensive. Harassment usually occurs when one person engages in abusive behavior or asserts unwarranted power or authority over another, whether intended or not. It includes, for example, name-calling, taunts, threats, belittling, unwelcome advances and requests for sexual acts, as well as undue threats to perform or succeed. Harassment includes child abuse.

Sexual Harassment is a form of harassment prohibited by this policy. It shall be a violation for any member, coach, official, director, employee, parent or volunteer, to harass a participant(s) through conduct or communications of a sexual nature or to retaliate against anyone that reports sexual harassment or participates in a harassment investigation.

USA Racquetball shall investigate all indications, informal reports and formal grievances of sexual harassment by any athlete, coach, official, director, employee, parent or volunteer, and appropriate corrective action shall be taken. Corrective action includes taking all reasonable steps to end the harassment, to prevent harassment from recurring and to prevent retaliation against anyone who reports sexual harassment or participates in a harassment investigation.

Unwelcome sexual advances, requests for sexual acts, or other verbal, nonverbal or physical conduct of a sexual nature may constitute sexual harassment, even if the harasser and the participant being harassed are the same sex and whether or not the participant resists or submits to the harasser, when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of a participant’s participation in any activity
2. Submission to or rejection of such conduct by a participant is used as the basis for decisions affecting the participant
3. Such conduct is sufficiently severe, persistent or pervasive such that it limits a participant’s ability to participate in or benefit from a program or activity or it creates a hostile or abusive environment.
Any conduct of a sexual nature directed by a minor toward an adult or by an adult to a minor is presumed to be unwelcome and shall constitute sexual harassment. Acts of verbal or physical aggression, intimidation or hostility based on sex, but not involving conduct of a sexual nature may also constitute sexual harassment. Legitimate non-sexual touching or other non-sexual conduct is not sexual harassment.

It is also a violation of this policy if a coach or other responsible adult knows or should know of the harassment or sexual harassment but takes no action to intervene on behalf of the targeted participant(s).

A USA Racquetball participant or parent of a participant who engages in any act of harassing or sexually harassing behavior is subject to appropriate disciplinary action, including but not limited to, suspension, permanent suspension, and referral to law enforcement authorities. The severity and pattern, if any, of the harassing or sexually harassing behavior and/or result shall be taken into consideration when disciplinary decisions are made.

Hazing:

It is the policy of USA Racquetball that there shall be no hazing of any participant involved in any of its member clubs, programs or teams by any member, coach, official, director, employee, parent, or volunteer.

Definition:

Hazing includes any conduct that is intimidating, humiliating, offensive, or physically harmful. The hazing conduct is typically an activity that serves as a condition for joining a group or being socially accepted by a group’s members.

Examples of hazing prohibited by this policy include, without limitation, requiring or forcing (including through peer pressure) the consumption of alcohol or illegal drugs; tying, taping, or physically restraining a participant; sexual simulations or sexual acts of any nature; sleep deprivation, or the withholding of water and/or food; social actions or public displays (e.g., public nudity) that are illegal or meant to draw ridicule; beating, paddling, or other forms of physical assault.

Activities that fit the definition of hazing are considered to be hazing regardless of a person’s willingness to cooperate or participate.

Hazing does not include group or team activities that are meant to establish normative team behaviors, or promote team cohesion, so long as such activities do not have reasonable potential to cause emotional or physical distress to any participant.

It is also a violation of this policy if a coach or other responsible adult knows or should know of the hazing but takes no action to intervene on behalf of the targeted participant(s).

A USA Racquetball member or parent of a participant who violates this Hazing Policy is subject to appropriate disciplinary action, including but not limited to, suspension, permanent suspension and referral to law enforcement authorities.

Willfully Tolerating Misconduct:

It is a violation of this Athlete Protection policy if a coach, official, director, employee, parent or volunteer knows of misconduct but takes no action to intervene on behalf of the athlete(s), participant(s), staff member and/or volunteer.
Reporting:

Although these policies are designed to reduce child sexual abuse and other misconduct, it can still occur. Staff, members, volunteers and participants of each member club and program shall follow the reporting procedures set forth in the reporting policy. It is a clear violation of this policy if a club or program does not investigate suspicions or allegations of child physical or sexual abuse, or attempt to evaluate the credibility or validity of such allegations, as a condition of reporting suspicions or allegations to the appropriate law enforcement authorities.

Violations:

Violations of the Athlete Protection Policy shall be reported pursuant to our reporting policy and will be addressed under our disciplinary rules and procedures.
SECTION II: Athlete Protection Policies and Guidelines

The following guidelines are set forth to further help prevent misconduct in all USA Racquetball-related activities. USA Racquetball strongly recommends each member club and program to develop and implement its own policies based upon the information within this SafeSport Handbook for the purposes of athlete protection and providing a safe environment for all to participate.

Athlete Protection Policy:

An athlete protection policy describes the organization’s commitment to promoting athlete safety by describing acceptable and unacceptable conduct.

The absence of clear behavioral boundaries is a significant risk factor for misconduct. If inappropriate conduct is not clear to sport stakeholders, unacceptable situations might be tolerated and no disciplinary action taken. Unclear boundaries can also lead to inadvertent misconduct (e.g., where a coach models behavior that he or she experienced as an athlete without realizing its negative effects).

An Athlete Protection policy clarifies to all stakeholders that the organization is committed to creating a safe and positive environment for athletes. It also emphasizes and sets forth standards of behavior that clearly outline unacceptable behaviors, minimize opportunities for misconduct, and help to prevent unfounded allegations.

Elements:

- States commitment to athlete safety
- Describes to whom the policy applies (e.g., those individuals within the organization’s control)
- Defines child sexual abuse and all other forms of misconduct in sport:
  - Emotional, physical, and sexual misconduct in sport
  - Bullying, harassment, and hazing in sport
  - Prohibits all forms of misconduct in sport
- Meets or exceeds requirements of relevant standard of care or legislation
- States who shall/may report suspected misconduct.
- States to whom a report should be made within the organization
- Describes how the organization will address violations of the Athlete Protection Policy

Commitment to Safety:

In the event that a coach, official, director, employee, parent or volunteer observes inappropriate behaviors (i.e., policy violations), suspected physical or sexual abuse or misconduct, it is the personal responsibility of each member to immediately report his or her observations to the Club Ambassador and take the appropriate action stated in applicable USA Racquetball rules.

Sample Public Statement:

[CLUB/PROGRAM] is committed to creating a safe and positive environment for members’ physical, emotional and social development and ensuring that it promotes an environment free of misconduct. Members should not attempt to evaluate the credibility or validity of child physical or sexual abuse allegations as a condition for reporting to appropriate law enforcement authorities.
Instead, it is the responsibility of each member to immediately report suspicions or allegations of child physical or sexual abuse to the appropriate people. Complaints and allegations will be addressed under USA Racquetball’s disciplinary rules and procedures.

[CLUB/PROGRAM] recognizes that the process for training and motivating athletes will vary with each coach and athlete, but it is nevertheless important for everyone involved in sport to support the use of motivational and training methods that avoid misconduct.

**Supervision of Athletes and Participants:**

This policy describes USA Racquetball’s plan for advising the proper supervision of members and participants during all program activities and to minimize one-on-one interactions with a coach, official, director, employee, parent or volunteer. A plan for proper supervision raises awareness about those activities that pose a high risk for child physical or sexual abuse and other misconduct, as well as ways to minimize one-on-one interactions.

**Two Deep Leadership:**

Two-deep leadership is a preventative method to minimize one-on-one interactions between minors and adults. Two-deep leadership means that at least two adults are present at all times with individual minors when off the court. For example, it could be two club volunteers, two coaches, or a coach and parent of the athlete. This two-deep strategy makes it more difficult to isolate a minor and avoid detection. This policy is intended to minimize one-on-one interactions not only for the protection of the minor but also to help protect coaches and volunteers from false accusations.

Appropriate one-on-one interactions with athletes or participants are individual meetings at the court or during events and competition.

An individual meeting may be necessary to address an athlete’s concerns, training program, or at an event or competition. Under these circumstances, coaches, staff members and volunteers should observe the following guidelines:

- Any individual meeting should occur when others are present and where interactions can be easily observed.
- Where possible, an individual meeting should take place in a publicly visible and open area.
- If an individual meeting is to take place in an office or a locker room, the door should remain unlocked and open.
- If a closed-door meeting is necessary at a test session or competition, the coach, staff member and/or volunteer should inform another coach, staff member and/or volunteer and ensure the door remains unlocked.

**Locker Rooms and Changing Areas:**

Athletes and participants are particularly vulnerable in locker rooms, changing areas and restrooms due to various stages of dress/undress and because they are less supervised than at many other times. Athlete-to-athlete problems, such as sexual abuse and bullying, harassment, and hazing, often occur when a coach or other responsible adult is not in a position to observe. Adherence to a locker room and changing areas policies enhances privacy and reduces the likelihood of misconduct.
As part of USA Racquetball’s commitment to safety, USA Racquetball encourages all member clubs and programs to publish and post locker room policies specific to the facilities and distribute them to parents and guardians of all minor participants and members.

Clubs should include the following information in their policy:

- Procedures for supervising and monitoring locker rooms and changing areas
- Permission or prohibition for parents to be in the locker rooms
- Prohibited conduct including at least all forms of abuse and misconduct prohibited by USA Racquetball.
- Specific policies regarding the use of mobile electronic devices and prohibiting the use of all recording and photographic devices.

**Co-Ed Locker Rooms:**

If the club activity or event consists of both male and female participants, both female and male privacy rights must be given consideration and appropriate locker room arrangements made. Where possible, member clubs and programs should have male and female athletes dress/undress in separate locker rooms. If separate locker rooms are not available, the athletes will take turns using the locker room to change or use the appropriate restroom within the facility.

Please note - the use of a designated locker room for warm-up purposes by co-eds is acceptable as long as there is no dressing/undressing occurring and the door remains open.

Locker rooms at USA Racquetball sanctioned events will be labeled with regard to specific use, and where so identified will be gender specific, and for use by athletes only. Parents and coaches will not be allowed in the changing locker rooms.

**Rationale:** This policy creates a consistency in the use of the locker rooms for changing clothes and putting on equipment purposes only. Coaches and parents will be prohibited from entering the “changing” locker rooms. Access would still be granted to those who need immediate access such as medical, officials, etc. Locker rooms used for warm-up and that are co-ed would be labeled as such and would require open doors at all times of use.

**Social Media and Electronic Communication Guidelines:**

As part of USA Racquetball’s emphasis on participant safety, communications involving minor participants should be appropriate, productive, and transparent. Effective communication concerning activities, schedules, and administrative issues among coaches, members and their families, officials, and volunteers is critical.

USA Racquetball encourages and supports members, member clubs, programs, and teams to take part in social media by posting, blogging, and tweeting positive experiences in racquetball as a show of support of its members and for promotion of the club, its programs and events. However, the use of mobile devices, web-based applications, social media, and other forms of electronic communications increases the possibility for improprieties and misunderstandings and also provides potential offenders with unsupervised and potentially inappropriate access to participants. The improper use of mobile and electronic communications can result in misconduct.
All electronic communication of any kind between adults and minors, including use of social media, should be non-personal in nature and be for the purpose of communicating information about racquetball related activities. The club, program or team should have a signed name and likeness consent and release agreement form (see SafeSport webpage for sample) by the minor’s parent or legal guardian before any distribution or posting of photos, videos, images, etc. No contact information for any minor should be placed on any social media site.

Coaches, athletes and volunteers must follow common sense guidelines regarding the volume and time of day of any allowable electronic communication. All content between adults and minors should be readily available to share with the public or families of the minor member. If the member is under the age of 18, any email, text, social media, or similar communication should also copy or include a parent.

**Social Media:**

USA Racquetball recognizes that social media, mobile, and other electronic communications can be concerning where minor participants are involved. Coaches are especially cautioned from having their athletes joined to their personal Facebook page or any other similar social media applications.

As a best practice to facilitate communication, an official club, program or team page may be set up and members and parents may join (I.e., “friend”) the official organization or team page.

**Email, Text Messaging, and Similar Electronic Communication:**

Coaches, volunteers and athletes may use email and text messaging to communicate among each other about non-personal matters. All email and text message content between adults and minors must be non-personal in nature and be for the purpose of communicating information about club/racquetball-related activities. Emails and text messages from an adult to any minor participant should copy or include a parent.

**Request to Discontinue all Electronic Communication or Imagery with Minors:**

Following receipt of a written request by the parents of a minor that their child not be contacted by any form of electronic communication by adults, the local club, program or team administrators shall immediately comply with such request without any repercussions for such request.

**Abuse and Misconduct:**

Social media and other means of electronic communication can be used to commit abuse and misconduct (e.g., emotional, sexual, ‘sexting’, bullying, harassment, and hazing). Such communications by a coach, official, director, employee, parent, athlete, or volunteer of a USA Racquetball club or program will not be tolerated and are considered violations of USA Racquetball’s SafeSport Program.

**Reporting:**

Infractions of USA Racquetball’s mobile and electronic communications policy should be reported to the appropriate person as described in Section V of this Handbook. A participant or parent of a participant who violates this social media, mobile and electronic communications policy is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension and/or referral to law enforcement authorities.
Travel Guidelines:

Travel guidelines direct how minors will be supervised during travel to and from practice and competitions and provide two-deep leadership and minimize one-to-one interactions.

During travel, athletes are often away from their families and support networks, and the setting - new changing areas, locker rooms, workout facilities, automobiles and hotel rooms – is less structured and less familiar. Athletes are most vulnerable to misconduct during travel, particularly overnight stays. This includes a high risk of athlete-to-athlete misconduct.

Adherence to travel guidelines helps to reduce the opportunities for misconduct.

As part of USA Racquetball’s commitment to SafeSport, USA Racquetball encourages its clubs and programs to have published practices for travel, when applicable. Travel is defined as overnight travel to a racquetball activity that is planned and supervised by the member club or program. Travel policies must be signed and agreed to by all members, parents, coaches and others involved.

Clubs should include the following in their Travel Guidelines:

- Club travel guidelines must be signed and agreed upon by all members, parents, coaches and other adults traveling with the club.
- Regardless of gender, a coach shall not share a hotel room or other sleeping arrangement with an athlete (unless the coach is the parent, guardian, sibling of that particular athlete).
- When only one athlete and one coach travel to a competition, the athlete must have written permission from a parent or legal guardian in advance to travel alone with the coach.

Individual Travel:

Individual athletes may sometimes need to travel overnight without other athletes. Under these circumstances, we encourage:

1. Traveling with an additional coach or chaperone
2. Inviting parents/guardians to travel with their athlete (for athletes under age 18.)

When only one athlete and one coach travel to a competition, the athlete must have either of his or her parent’s or legal guardian’s written permission in advance to travel alone with the coach.

Team Travel

Team travel is overnight travel that occurs when the club or team sponsors coordinate or arrange for travel so that athletes can compete locally, regionally, nationally or internationally. Because of the greater distances, coaches, staff, volunteers and chaperones will often travel with the athletes. However, no coach, staff member, or volunteer will engage in team travel without the proper safety requirements in place, including valid drivers’ licenses, proper insurance, well-maintained vehicles and compliance with all state laws.

Appropriate adult-to-athlete ratios will depend on the age of athletes and other participants. Evaluate your program to determine your supervisory needs. The club or team shall make every effort to provide adequate supervision through coaches and other adult chaperones.

For team travel, hotels and air travel will be booked in advance. Athletes will share rooms, with 2-4 athletes assigned per room depending upon accommodations. The club or team will also notify hotel management should any special arrangements be warranted. For instance, ask hotels to block pay-per-
view channels and request an additional large room or suite so that members and athletes may socialize as a group. **Meetings do not occur in hotel rooms.** Reserve a separate space for adults and athletes to socialize.

Encourage family members who wish to stay in the team hotel to do so. If family members do not stay in the team hotel, encourage all athletes to contact parents and guardians regularly and allow for any unscheduled calls by either the athlete or parent/guardian.

**Mixed Gender and Mixed Age Travel:**

The club or team may be made up of male and female athletes across various ages. Athletes will only share a room with other athletes of the same sex and age group. Athletes will also be grouped by age and sex for the purposes of assigning an appropriate chaperone. Make every effort to provide these groups at least one chaperone of the same sex. Regardless of gender, a coach should not share a hotel room or other sleeping arrangement with an athlete (unless the coach is the parent, guardian, sibling of that particular athlete).

**Chaperone Responsibilities:**

Chaperones ensure that the athletes, coaches, staff, and volunteers adhere to all policy guidelines. While these include the travel policy, it also includes all other relevant policies contained in club or team’s Participant Safety Handbook.

Chaperones should monitor the activities of all coaches, staff members, volunteers and athletes. Specifically, chaperones may:

- Familiarize themselves with all travel itineraries and schedules before team travel
- Monitor for adherences to club policies during team travel
- Encourage minor athletes to participate in regular, at least daily, scheduled communication with their parents/guardians
- Monitor athletes for adherence to curfew restrictions set based on age and competition schedule as listed in travel itinerary;
- Ensure athletes comply with hotel room restrictions based on gender or age requirements;
- Not use drugs or alcohol in the presence of minors or be under the influence of alcohol or drugs while performing duties;
- Make certain that an athlete is not alone in a hotel room with any adult apart from a family member (this includes coaches, staff and chaperones);
- Immediately report any concerns about sexual and physical abuse, misconduct or policy violations to an administrator or the Club Ambassador. Immediately report any concerns about sexual and physical abuse, misconduct or policy violations to an administrator or the Club Ambassador.

**Codes of Conduct:**

A code of conduct is a set of standards describing the behavior we expect of our own members especially when serving in different capacities within the organization - athlete, parent, coach, official, or board member. It is meant to clarify our mission, values and principles, and link them with standards of conduct we expect from our members.
USA Racquetball encourages all member clubs and programs to develop and implement codes of conduct for its members. Below are examples for clubs and programs to use in creating, implementing, and enforcing their own codes of conduct for athletes, parents, coaches, and board members.

The following are suggested approaches to addressing offenses to the codes of conduct, depending upon the seriousness of the offense. Adherence to the conflict resolution process should be outlined in the club’s bylaws.

**Violations and the manner in which they will be dealt with:**

Violations of any tenets will be addressed at the time they occur (depending upon the seriousness of the offense) by a member of the club board of directors following the procedures outlined in the conflict resolution or grievance process.

First offense: Club member will be addressed verbally (in private) regarding the violation.

Second Offense: If there is a second violation, the member will be removed from the activity and given a written warning. A face-to-face meeting with the member and/or member’s parent or legal guardian may be in order.

Repeated Offense: If the member continually violates any part of the code of conduct, repeat offenses will be taken very seriously by the club board of directors. Discipline may include loss of club privileges for extended periods and/or revocation of club membership.

Must be signed and dated.

**Code of Conduct Agreement Form**

I, ______________________________ (Member’s name printed), have read the Code of Conduct, and agree to uphold all guidelines and tenets of this document.

USA Racquetball Member Code of Conduct

The following code of conduct applies to all participants in activities hosted, supported, sponsored or engaged in by USA Racquetball including but not limited to competitions, exhibitions and training camps:

I recognize that my participation in all activities hosted, supported, sponsored or engaged in by USA Racquetball, including but not limited to competitions, exhibitions and training camps, is an honor and privilege that carries certain responsibilities. I agree to fully abide by the rules and guidelines set forth by USA Racquetball or its properly designated agents. As a precondition to participation in activities hosted, supported, sponsored or engaged in by USA Racquetball, I will adhere to the following in good faith:

A. I will exhibit the highest standards of fairness, ethical behavior and genuine good sportsmanship in all of my relations with others.

B. I will not damage public or private property. I understand that I may be held financially responsible for damage deemed to be wantonly or willfully executed on my part, and that I may be subject to disciplinary action by USA Racquetball.

C. I will not use or possess illegal drugs, and I will not engage in criminal activity. I understand that, if I am found to use or possess illegal drugs, or if I am found to engage in any criminal activity during any activity hosted, supported, sponsored or engaged in by USA Racquetball, I may be subject to criminal penalties as well as penalties imposed by USA Racquetball.

D. I will adhere to the rules of USA Racquetball and the host organization at all activities hosted, supported, sponsored or engaged in by USA Racquetball.

E. I will comply with all applicable anti-doping rules including, but not limited to, IRF and USADA anti-doping rules.

F. I will conduct myself in a manner not detrimental to the welfare of racquetball. I understand that my actions reflect on USA Racquetball and the sport of racquetball both positively and negatively. I understand that if my acts, statements, or conduct are considered detrimental to the welfare of racquetball by the appropriate authority, I may be subject to penalties imposed by USA Racquetball.

G. I understand that the penalties that may be imposed may include, but are not limited to, loss of future international selections, loss of financial support from USA Racquetball, and loss of participation in activities hosted, supported, sponsored or engaged in by USA Racquetball.
Coach’s Code of Ethics, Standards, and Conduct:

Mission Statement: To provide a standardized guideline of ethics, standards and conduct to ensure the quality, integrity and moral environment of USA Racquetball and its member clubs and programs.

Purpose: CLUB/PROGRAM is committed to creating a safe and positive environment for members’ physical, emotional and social development and ensuring that it promotes an environment free of misconduct. This information is intended to provide both the general principles and the decision rules to cover most situations encountered by coaches and instructors. It has, as its primary goal, the welfare and protection of the individuals and groups with whom coaches work.

It is the individual responsibility of each coach to aspire to the highest possible standards of conduct. Above all, coaches of young people can have great influence on developing athletes who are reliant on these coaches for the basic instruction and guidance necessary to reach the top levels. Coaches can have tremendous power over these athletes in their quest to the top. This power must not be abused. Therefore, we have set forth these codes of ethics and conduct to guide our coaches and protect our athletes for the mutual benefit of all concerned.

General Principles:

• Competence: Coaches must strive to maintain high standards of excellence in their work. They should recognize the boundaries of their particular competencies and the limitations of their expertise. They should provide only those services and use only those techniques for which they are qualified by education, training and/or experience. In those areas, where recognized professional standards do not yet exist, coaches must exercise careful judgment and take appropriate precautions to protect the welfare of those with whom they work. They shall maintain knowledge of relevant scientific and professional information related to the services they render, and they must recognize the need for ongoing education. Coaches should make appropriate use of scientific, professional, technical and administrative resources.

• Integrity: Coaches should seek to promote integrity in their coaching profession. Coaches should always be honest, fair and respectful of others. They must not make representations about their qualifications, services, products, or fees that are false, misleading or deceptive. Coaches should strive to be aware of their own belief systems, values, needs and limitations and the effect of these on their work. To the extent feasible, they should attempt to clarify for relevant parties the roles they are performing and to function appropriately in accordance with those roles. Coaches must avoid conflicts of interest.

• Professional Responsibility: Coaches must uphold professional standards of conduct, clarify their professional roles and obligations, accept appropriate responsibility for their behavior, and adapt their methods to the needs of different athletes. Coaches should consult with, refer to, or cooperate with other professionals and institutions to the extent needed to serve the best interest of their athletes or other recipients of their services. Coaches should be concerned about the ethical compliance of their colleagues’ conduct. When appropriate, they should consult with their colleagues in order to prevent or avoid unethical conduct.

• Respect for Participants and Dignity: Coaches shall respect the fundamental rights, dignity and worth of all participants. Coaches must be aware of cultural, individual and role differences, including those due to age, gender, race, ethnicity, national origin, religion, sexual orientation, disability, language and socioeconomic status. Coaches must eliminate the effect
on their work of biases based on those factors, and they do not knowingly participate in or condone unfair discriminatory practices.

- **Concern for Others’ Welfare**: In their actions, coaches must consider the welfare and rights of their athletes and other participants. When conflicts occur among coaches’ obligations or concerns, they should attempt to resolve these conflicts and to perform their roles in a responsible fashion that avoids or minimizes harm. Coaches shall be sensitive to differences in power between themselves and others and should not exploit nor mislead other people during or after their relationship.

- **Responsible Coaching**: Coaches must be aware of their ethical responsibility to the community and the society in which they work and live. Coaches must comply with the law and encourage the development of laws and policies that serve the interests of sport or activity. The coach shall strive to serve as a leader and model in the development of appropriate conduct for the athlete both within and beyond the USA Racquetball setting. The coach shall strive to use strategies in practice and competition that are designed to encourage play within the letter and spirit of the rules. The coach shall strive to keep the concepts of winning and losing in proper perspective. The coach shall strive to enforce policies and rules with fairness, consistency and an appreciation for individual differences.

**Ethical Standards:**

- **Compliance with Rule Requirements**: All coaches must complete all annual coaching member requirements set forth by USA Racquetball that apply to them by the appropriate deadlines.

- **Competence**: Coaches should not undertake these duties until they have first obtained the proper training, study and advice that they are competent to do so.

- **Maintaining Expertise**: Coaches should maintain a level of expertise through continued education and experience and shall strive to acquire additional education and experience through sources available to them.

- **Respecting Others**: Coaches shall respect the rights of other’s values, opinions and beliefs even if they differ from their own.

- **Nondiscrimination**: Coaches must not engage in discrimination based upon age, gender, race, ethnicity, national origin, religion, sexual orientation, disability, language, socioeconomic status, or any other basis as proscribed by law.

- **Sexual Harassment**: Coaches must not, under any circumstances engage in sexual harassment which includes solicitation, physical advances, verbal, or non-verbal conduct which is sexual in nature. Coaches will respond to complaints of such a nature to respondents with dignity and respect.

- **Personal Problems or Conflicts**: Coaches should have a responsibility to be aware if there are personal problems or conflicts that may affect their ability to work with athletes. They should also be able to identify problems affecting their athletes, which could potentially create situations that place their athletes in harm or danger of injury, and take the appropriate steps to remove the athlete from this environment.

Further, any person who makes groundless allegations or complaints of abuse or harassment may be subject to disciplinary action.
Coaches Code of Conduct:

- Must obey and abide by all USA Racquetball published rules, regulations, and procedures
- Must maintain exemplary standards of personal conduct
- Must obey all state, national, and international laws.
- Must not use alcohol, illegal drugs, or other substances that could impair ability or judgment as a coach.
- Must refrain from using any profane or abusive language
- Must not engage in sexual harassment or sexual misconduct with any athlete
- Must teach and support the athlete fairly and equitably
- Must never discriminate against any athlete

I understand that as a USA Racquetball member coach, I have assumed certain responsibilities to prepare, develop and be an advocate and role model. I agree to the “Coaches Code of Conduct,” have read the “Coaches Code of Conduct” and understand what is expected of me.

Education is a key component of any abuse and misconduct prevention strategy. Awareness training provides relevant participants with information necessary to more effectively monitor their organization, minimize the opportunities for physical and sexual abuse and other types of misconduct, and respond to concerns. It is also a strong public statement that the organization places a priority on the safety of its participants.

USA Racquetball’s policies and procedures require all members to report abuse, misconduct, and violations of its safety policies (see Section IV, Reporting of Concerns of Abuse). To do so, members should have a basic understanding of sexual abusers and the strategies that offenders use to seduce their victims. Using a combination of attention, affection and gifts, offenders select a victim, win their trust (and the trust of child’s caregiver or “gatekeeper”), manipulate the victim into sexual activity, and keep the child from disclosing abuse.

It is required that those participants who have direct contact with or supervision over participants, are responsible for enforcing child abuse and misconduct policies, and are in managerial or supervisory roles of USA Racquetball programs, shall complete appropriate awareness training about child physical and sexual abuse and other types of misconduct before having contact with participants. We strongly encourage both parents and athletes to complete a SafeSport course that is directed towards their role in racquetball.

To prevent child physical and sexual abuse and other types of abuse and misconduct, the awareness training shall:

- Provide definitions for and effects of child physical and sexual abuse
- Provide definitions for and effects of all forms of abuse and misconduct (emotional, physical, and sexual; bullying, harassment, and hazing);
- Identify risk opportunities for physical and sexual abuse
- Address common myths about offenders
- Outline patterns, behaviors, and methods of operation of sexual predators
- Identify risk opportunities for abuse and misconduct in sport
- Identify policies, practices, and procedures to recognize, reduce, and report misconduct

The extent and content of the recommended training may vary for different types of participants, and USA Racquetball’s policy is that the following awareness training is strongly encouraged (note that USA Racquetball may modify these requirements from time to time as it deems appropriate).

Each member club and program that is primarily and directly responsible for administering and supervising USA Racquetball programs must be fully versed in USA Racquetball’s SafeSport Program and possess the information necessary to more effectively monitor their organization, minimize the opportunities for physical and sexual abuse and other types of misconduct, and respond to concerns.

USA Racquetball has adopted the United States Olympic Committee’s SafeSport training materials, which include a series of online training videos, free of charge, in the following subjects that are available for the training of administrators, coaches, volunteers, board members, etc.:
Lesson 1: The Coach-Athlete Relationship
Lesson 2: Bullying & Harassment
Lesson 3: Hazing
Lesson 4: Emotional Misconduct
Lesson 5: Physical Misconduct
Lesson 6: Sexual Misconduct
Lesson 7: Sexual Abuse
Lesson 8: Grooming
Lesson 9: Minimizing High-Risk Opportunities
Lesson 10: Local Travel
Lesson 11: Overnight Travel
Lesson 12: Signs & Symptoms of Abuse
Lesson 13: The Barriers to Reporting Abuse
Lesson 14: Reporting and Responding to Misconduct & Abuse

The training videos in total are approximately 90 minutes long. Each member club is highly encouraged to have at least three representatives complete the online training each year including the Club SafeSport Compliance Chair. Upon successful completion of the online training, passing the section quizzes and final exam, each person will receive a certificate of completion. To find the link to register and complete the SafeSport video training:

1. Visit http://training.teamusa.org/store
2. Choose SafeSport Training
3. Click ADD TO BAG
4. Click CHECKOUT (There is no charge)
5. Follow the on-screen instructions for registering and completing the training. If you have never created a log in for this site, click REGISTER.
6. If registering for the first time, be sure to “+Add Membership” and select USA Racquetball and enter your current USA Racquetball Membership Number. (NOTE: If you don’t have your Membership Number, you may enter “official, coach, chaperone, or your role.”)

Certain jurisdictions in the United States have mandatory training and testing that may apply to those that work or volunteer with youth athletes. If state-mandated training and testing are in place, then the training and testing shall be consistent with relevant standards of care and state legislation.
SECTION IV: Screening and Background Check Program

Purposes of a Screening Policy:

1. Protect USA Racquetball participants from known offenders so that such known offenders cannot participate in USA Racquetball programs and events.
2. Deter offenders who have not been caught from joining USA Racquetball clubs and because the organization has a known policy against abuse.
3. Protect USA Racquetball’s reputation as a sport where participants are safe from abuse.
4. Help protect USA Racquetball member clubs, programs, events and all members from liability that could arise from allowing a previous offender to have access to minor participants.

Screening:

Applicant screening processes identify applicants with characteristics that would increase the risk of harm if they were placed in a particular position. The screening process is based on the requirements of the position, the nature of the contact with athletes and participants and the legal limits placed on the use of screening tools. Sound, practical and responsible screening practices reduce the chance that athlete and participants will come in contact with potentially dangerous adults.

Elements of a Comprehensive Screening Policy:

1. States that applicants who will have routine contact with athletes must consent to and pass applicant screening process before working with athletes or other participants.
2. States that, as appropriate to the position, function and access to athletes and participants, an applicant screening may include:
   • An employment, contractor and/or volunteer application designed to reveal high-risk responses or behaviors, including information concerning past employment, contractor, or volunteer experience.
   • Reference checks, with questions designed to reveal high-risk behaviors or life patterns.
   • A face-to-face, telephone or video conference interview, with questions designed to reveal high-risk behaviors or life patterns.
3. Requires signed release from applicant which gives permission to others to provide relevant information freely. Requires signed consent and waiver form, providing permission for a criminal background check to be conducted regarding the applicant.

Applicant Screening Policy:

It is USA Racquetball’s recommendation that prior to a member club’s and program’s hiring or securing either staff or volunteers to work or assist in USA Racquetball-related activities, all applicants should consent to and pass a formal applicant screening process before performing or participating. Elements of the screening process include, as applicable, successful completion of an application, interview, reference check and criminal background check.

Education About Club’s Protection Policy:

To deter applicants who may be at risk of abusing athletes or participants from applying for positions, USA Racquetball recommends that all member clubs and programs educate its applicants about its protection policies and offers applicants an early opt-out by:
• Requiring awareness training before placement and/or before working with athletes and participants
• Informing applicants about policies and procedures relevant to prevention
• Asking applicants to review and agree to our policies and procedures before proceeding with the process.
• Requiring applicants to review and agree to our policies and procedures before proceeding with the process.
• Requiring applicants to sign a document acknowledging review of our policies and procedures.

Written Applications:

Each applicant for a position will complete an application form consisting of personal identifying information and a general release with applicant’s signature.

The written applications will:

• Ask about previous work and volunteer experiences
• Ask questions intended to illicit information concerning high risk behavior
• Provide a written release for contacting personal references and performing a criminal background check, including an indemnification clause
• Ask open-ended questions that encourage broad answers
• Use disclosure statements to ask applicants about previous criminal arrests or convictions for sexual offenses, violence against youth, and other violent criminal offenses or felonies.

Personal Interview:

Appropriate staff will interview applicants whose experience and credentials are considered a fit for available positions. During this interview, club/program representative will ask open-ended questions to encourage discussion, clarify responses and expand on the applicant’s answers to questions from the written application.

References:

References of applicants will be contacted (either by phone or in writing) and asked specific questions regarding the applicant’s professional experiences, demeanor and appropriateness for involvement with minor athletes and participants.

Release:

Each applicant will also provide a signed release, consistent with federal, state and local laws regulating employment practices, that allows references to speak freely about the applicant’s qualifications without fear of reprisal and authorizing member club/program to obtain information concerning an applicant’s past employment, volunteer experience and information provided by the applicant during the screening process (I.e., written application and personal interview).
USA Racquetball Background Check Policy:

1. **Introduction:**

   USA Racquetball requires background searches on individuals working directly with athletes to provide a safe and secure environment.

2. **Designated Individuals to be Checked:**

   All State Board members, National Board members, Staff, Contractors, National Team athletes, Instructor Program members, and Tournament Directors are required to complete the SafeSport training and background check.

3. **Search Organization:**

   USA Racquetball has partnered with SSCI to provide thorough background screenings for our membership. This background screening standard has been adopted and implemented by over 1,200 city and county agencies, countless youth sports organizations, and most of the National Governing Bodies of the United States Olympic Committee.

4. **Procedures for Registration for Background Check:**

   SSCI is America's #1 Choice in Parks and Recreation Background Screening and Youth Sports Background Checks. The program has set the standard for background checks which has been adopted and implemented by over 1,000 city and county parks and recreation agencies, countless youth sports organizations, and many of the National Governing Bodies of the United States Olympic Committee.

   SSCI offers a quick, effective, and affordable method that has relieved the burden of background screening. Organizations and agencies will have peace of mind that they have exercised due diligence and that their participants have withstood an aggressive, systematic, and meticulous national screening procedure.

5. **Information to be checked:**

   All individuals screened for USA Racquetball shall undergo a background check that includes:

   - Two independent national databases
   - Sex offender registries of all available states
   - Social security number and address verification
   - Federal terrorist database search
   - Non-database (country courthouse runner) search of county criminal records in the jurisdiction of longest and most recent residence in the past five years
   - International background checks for countries where the individual has lived, worked, or studied for three or more consecutive months during the past five years
6. Findings:

**USA Racquetball Criterion Offenses:** Convictions of, disclosures of, convictions of, and pending dispositions for crimes on this list will prompt a determination that an applicant ‘does not meet’ the criminal background screening criteria and a red light determination will be issued.

Criterion Offenses - Convictions of, disclosures of convictions of, and pending dispositions for any of the following crimes will prompt a determination that an applicant ‘does not meet’ the criminal background screening criteria and a red light determination will be issued:

A. Any felony including an element of violence regardless of the amount of time since the offense, and any non-violent felony within the past ten (10) years (any crime punishable by confinement greater than one year).
   a. Defined on the basis of exposure to the offense for which the defendant was convicted, pled guilty or pled nolo contendere. If pled down, then the crime to which the defendant ultimately pled.
   b. Defined by all crimes punishable by greater than one year in jail or prison, regardless of how characterized by jurisdiction. If range, alternate sentencing, or indeterminate sentencing, outer range greater than one year.

B. Any lesser crime involving force or threat of force against a person within the last seven (7) years.

C. Any sex crime or offense including “victimless” crimes of a sexual nature (including pornography).

D. Any lesser crime within the prior five (5) years involving controlled substances or more than one (1) offense involving controlled substances within the last ten (10) years, or any lesser crime within the prior five (5) years involving alcohol or more than one (1) offense involving alcohol within the last ten (10) years.

E. Any lesser crime involving cruelty to animals.

F. Any crime involving harm to a minor within the last five (5) years.

7. Review of Background Search Findings:

Should an applicant contest the content of a record provided to the applicant as part of the USA Racquetball background search, the applicant may seek an appeal of the record with SSCI pursuant to the Fair Credit Reporting Act.

Should an applicant contest a USA Racquetball decision to deny membership or participation based on a “Red Light” finding resulting from the background search, the applicant has the right to appeal the decision to USA Racquetball pursuant to a process established by USA Racquetball.
SAFESPORT

SECTION V: USA Racquetball Policy on Harassment and Abuse

USA Racquetball will not tolerate or condone any form of harassment (including sexual harassment), misconduct (including sexual, physical and emotional misconduct), bullying or hazing of any of its members including coaches, officials, directors, employees, parents, athletes and volunteers — or any other persons — while they are participating in or preparing for a racquetball activity or event conducted under the auspices of USA Racquetball.

A. If any form of child abuse is observed or suspected, the observer should immediately contact either local law enforcement or a public child welfare agency and make a report.

B. Any person who violates this rule, who fails to appropriately report or who makes a false report or otherwise violates USA Racquetball’s Policy on Harassment and Abuse will be subject to disciplinary action.

USA Racquetball’s Policy on Harassment and Abuse:

USA Racquetball strives to provide a safe environment for its members and to protect the opportunity of its members to participate in our sport in an atmosphere that is free of harassment and abusive practices. The association will not tolerate or condone any form of harassment or abuse of any of its members including coaches, officials, directors, employees, parents, athletes, and volunteers - or any other persons - while they are participating in or preparing for a racquetball activity or event conducted under the auspices of USA Racquetball.

Definitions:

1. Harassment:

Harassment is defined in various sources such as case law, state legislation, sports organization and professional association codes of conduct and training manuals, corporation and workplace documents, and human rights commission materials. USA Racquetball has not adopted any specific definition of harassment, choosing instead to defer to such general sources and definitions for reference and application, depending upon the circumstances. The following, however, presents a general overview:

- Behavior: Any pattern of physical and/or non-physical behaviors that (a) are intended to cause fear, humiliation, or annoyance, (b) offend or degrade, (c) create a hostile environment, or (d) reflect discriminatory bias in an attempt to establish dominance, superiority, or power over an individual participant or group based on gender, race, ethnicity, culture, religion, sexual orientation, gender expression, or mental or physical disability
- Environment: Creation of an environment through behavior or course of conduct that is insulting, intimidating, humiliating, demanding, or offensive

Harassment usually occurs when one person engages in abusive behavior or asserts unwarranted power or authority over another, whether intended or not. It includes, for example, name calling, taunts, threats, belittling, unwelcome advances and requests for sexual favors, as well as undue pressure to perform or succeed. Harassment includes child abuse.

2. Child Abuse:

A legal definition of child abuse exists in each state. For purposes of enforcing this policy, USA Racquetball adopts the legal definition of child abuse of the state(s) in which the child resides and where
the incident of child abuse occurs. If there is a conflict between the state laws defining child abuse, the
definition that provides the child with the greatest protection will be used for enforcing this policy. A child
is someone under the age of 18 or who has not attained the age of legal majority in the state in which he
or she resides.

Child abuse and misconduct can be physical, sexual, or emotional in nature. Child physical abuse includes
physical contact - or the threat of it - that intentionally causes bodily harm or injury to a child. This
includes, for example, hitting, shaking, kicking, shoving, etc., as well as forcing an individual to play when
he or she is injured, or mandating excessive exercise as a form of punishment. Child physical abuse also
includes providing alcohol and drugs to a minor, knowingly permitting an athlete to return to sport
prematurely following an injury, and chronic inattention to a child’s basic needs and welfare.

Child sexual abuse involves any sexual activity between an adult and a minor. Sexual contact between
minors can also be abusive if there is a significant imbalance of power or disparity in age, development or
size, such that one child is the aggressor. The sexually abusive acts may include sexual penetration,
sexual touching, and noncontact sexual acts such as taking and/or distributing sexual explicit photos or
sending sexually suggestive written or electronic communications.

Child emotional abuse involves a pattern of deliberate, non-contact behavior that has the potential to
cause emotional or psychological harm to a participant. These behaviors may include, for example,
patterns of verbal behavior attacking an athlete personally, or a pattern of ignoring an athlete for
extended periods of time.

**Procedures for Reporting Child Abuse:**

1. Report Abuse to the Authorities
   a. In most states, you are obligated to bring this matter to the attention of local law
      enforcement or a public child welfare organization and make a report. In fact, not
      reporting the incidents in some states is against the law and the coach or witness could
      be liable for failure to report. Some states have a "Mandated Reporter Status." Be aware
      of your state laws and specific reporting requirements as people involved in certain
      occupations must report suspected child abuse. If you do not know which authorities to
      contact in your state, call the National Domestic Violence / Abuse Hotline 1-800-799-
      SAFE (1-800-799-7233 or 1-800 787-3224TDD). All calls to the hotline are confidential,
      and callers may remain anonymous if they wish. You may also call Victims Assistance
      Ministry at 1-800-355-2545 or seek help directly by contacting one of the Child Protective
      Services or one of the Law Enforcement Agencies in your area.

2. Report the abuse to USA Racquetball

3. Alert the club management if appropriate

4. Alert at least one of the following: the State President or appropriate board member.

**Violation of Harassment and Abuse Policy:**

Any person in violation of this policy statement will be subject to disciplinary action in accordance with
USA Racquetball policy. Any person(s) convicted of child abuse in a court of law shall be permanently
banned from membership in USA Racquetball and from participation in USA Racquetball programs and
activities, in accordance with the Code of Ethics.
Retaliations or Threats of Reprisal:

Retaliation or threats of reprisal against an individual for filing a complaint under this policy or for participating or assisting in any procedure under this policy will be considered harassment for the purpose of this policy.

Condemnation or Groundless Allegations:

If a person in authority knows or should reasonably have known that harassment or abuse may have occurred and fails to report it or take appropriate action as set out in this policy statement, that person may be subject to disciplinary action.

Further, any person who makes groundless allegations or complaints of abuse or harassment may be subject to disciplinary action.
A reporting policy clarifies to all participants, staff, volunteers, responsible parties and members of the public that the organization understands its duty and responsibility to create a safe and positive environment for athletes. This statement also further reinforces the organization’s commitment to athlete safety.

An effective reporting policy that results in reports of suspected abuse and misconduct and does not in any way deter victims or witnesses from reporting abuse and misconduct, is a key element to preventing abuse and misconduct from occurring. Potential abusers will avoid involvement in a program where there is a likelihood that suspected abuse will be reported. When sport stakeholders are untrained about how and when to report suspected abuse, they may feel ill-prepared, powerless and lost when it comes to responding to and reporting misconduct. By providing this guidance on when and how to report suspected misconduct, USA Racquetball seeks to remove barriers to disclosing misconduct, including child physical and sexual abuse.

It is also critical that all members understand that they should not attempt to evaluate the credibility or validity of child physical or sexual abuse allegations as a condition for reporting to USA Racquetball or to appropriate law enforcement officials.

**Reporting Abuse, Misconduct, and Policy Violation is:**

- The obligation of USA Racquetball on members and member clubs to report suspicions or allegations of abuse or misconduct
- The importance of maintaining confidentiality with respect to the complaint, complainant, victim, accused and other information related to the report and incident(s) until “notice” must be given about a suspension or the outcome of any proceedings
- The circumstances in which an immediate or “summary” suspension is appropriate and the procedures following a summary suspension.

**Upon a report or other notice of credible information or allegations that a person who is subject to the jurisdiction of USA Racquetball:**

1. May have violated any of the provisions of the USA Racquetball SafeSport Program Handbook
2. Any SafeSport violation that is not of a sexual nature.

USA Racquetball will conduct an inquiry and/or initiate a disciplinary procedure to determine the appropriate discipline that may be imposed.

**Matters of a sexual nature should be reported directly to the U.S. Center for SafeSport. Any information provided to USAR of a sexual nature will be immediately turned over to the Center.**
**Importance of Credibility:**

Any investigation and/or disciplinary proceedings must be kept confidential. An investigator shall not discuss the investigation with anyone except for the purposes of conducting the investigation, except as requested by law enforcement or child protection authorities. Hearings should be closed and confidential, to the extent possible, other than for notification of the outcome. Participants in the hearing, including the hearing committee, complainant, victim, and witnesses (if any are permitted), should be requested and encouraged to keep the proceedings confidential, except as requested by law enforcement or child protection authorities.

The hearing panel shall not discuss the testimony with anyone and shall deliberate among themselves until final resolution of the complaint, except as requested by law enforcement or child protection authorities.

**Reporting Process:**

If you are aware of or suspect abuse of an athlete, you should do ALL of the following:

1. Report the abuse to authorities
   a. In most states, you are obligated to bring this matter to the attention of local law enforcement or public child welfare organization and make a report. In fact, not reporting incidents in some states is against the law and the coach or witness could be liable. Some states have a "Mandated Reporter Status." Be aware of your state laws and specific reporting requirements. If you do not know which authorities to contact in your state, call the National Domestic Violence/Abuse Hotline 1-800-799-SAFE | 1-800-799-7233 | 1-800-787-3224 TDD. All calls to the hotline are confidential, and callers may remain anonymous if they wish. You may also call Victims Assistance Ministry at (800) 355-2545 or seek help directly by contacting one of the Child Protective Services or one of the Law Enforcement Agencies in your area.

2. Report the abuse to USA Racquetball.

USA Racquetball will not tolerate or condone any form of harassment (including sexual harassment), misconduct (including sexual, physical and emotional misconduct), bullying or hazing of any of its members including coaches, officials, directors, employees, parents, athletes and volunteers — or any other persons — while they are participating in or preparing for a racquetball activity or event conducted under the auspices of USA Racquetball. Harassment of such nature between or among USA Racquetball members shall be reported.

A. If any form of child abuse is observed or suspected, the observer should immediately contact either local law enforcement or a public child welfare agency and make a report.
B. Any person who violates this rule, i.e., fails to appropriately report or makes a false report or otherwise violates USA Racquetball’s Policy on Harassment and Abuse, will be subject to disciplinary action.

3. Alert club management, if appropriate.
4. Alert at least one of the following: Club official or other appropriate board member.
SECTION VII: Monitoring and Supervision of the SafeSport Program

The monitoring and supervision aspect of USA Racquetball’s SafeSport Program describes how USA Racquetball member club and programs monitor, supervise and ensure that aspects of the SafeSport Program (i.e., implementation and enforcement of policies, training requirements, screening requirements, responding, reporting and adjudication procedures, etc.) are being followed, and how they may be improved, so that they result in a safe environment for all participants.

USA Racquetball will conduct periodic checks of required individual’s status. For instance, State Board members will be checked quarterly, in conjunction with the State Rebate. Tournament Directors will have to be compliant prior to purchasing a sanction.
