COMMITTEE COMPOSITION

Each Sport Committee shall consist of a USA Roller Sports staff liaison, a Finance committee liaison and active members of USA Roller Sports who have applied or been recruited to fulfill the designated quantity needed by each sport. Up to 9 (nine) of the active members will be designated as voting members. A minimum of 20% of voting members within each Sport Committee shall meet the USOC definition of an active athlete.

Each year, the voting members of each Sport Committee will vote to select Committee Officers in the following positions: Chair, Vice Chair and Secretary. The positions of Chair and Vice Chair may only be assigned to voting members of the Committee. The Secretary position may be assigned to any of the committee members, including the USA Roller Sports staff liaison.

Each Sport Committee shall designate a Board Liaison, who must be a voting member of the committee and a current member of the USA Roller Sports Board of Directors. If the Sport Committee does not have any current members of the Board, then the Sport Committee Chair will be designated as Board Liaison.

The President of USA Roller Sports shall assign a Finance Committee Liaison to each Sport Committee. The Finance Committee liaison will serve as a non-voting member.

The Executive Director of USA Roller Sports shall assign a Staff Liaison to each Sport Committee. The Staff Liaison will serve as a non-voting member.

SUBCOMMITTEES

Sport Committees may create special subcommittees in order to address specific needs or work on special projects to help achieve the goals of the program. It shall be the responsibility of the Sport Committee to appoint subcommittee members, to clearly define the objectives and goals of the subcommittees and to define a process to replace unproductive members.

The USA Roller Sports Board of Directors may create or dissolve special subcommittees under a Sport Committee in order to help manage specific aspects of the program. The Board shall clearly define the objectives of each special subcommittee and establish the minimum number of members that shall conform it. It shall be the responsibility of the Sport Committee to appoint members to serve under these special subcommittees.

A member of the Sport Committee may be a member of a subcommittee but shall not hold a leadership position within any subcommittee of that sport.
TERMS OF SERVICE

The USA Roller Sports Board of Directors shall appoint the members of all Sport Committees and shall determine which individuals will serve as voting members. In an effort to stabilize the intellectual knowledge of the Sport Committees, voting members shall serve 4-year staggered terms, pursuant to guidelines already adopted by the USA Roller Sports Board of Directors.

Subcommittee terms of service shall be determined by each Sport Committee. Most subcommittees shall exist for only as long as the special projects require. Other subcommittees shall be more permanent in nature as determined by the Sport Committee.

VACANCY

The position of a voting member of the Committee becomes vacant if the member:

- Resigns in writing to the Chair, Vice Chair or Secretary
- Is not present personally or by proxy at three (3) consecutive Committee meetings without the Committee’s knowledge and consent
- Is found to be unable or unwilling to perform their responsibilities as a member by at least two thirds of the other Committee members
- Is convicted of an indictable offence
- Is removed by an ordinary resolution of the USA Roller Sports Board of Directors
- Dies
- Becomes ineligible to hold the position

Committee members should be sure that the reasons for a vacancy can be based upon documented facts and are not subjective.

RESPONSIBILITIES OF COMMITTEE MEMBERS

Members of the Sport Committees are expected to actively participate in the work of the committee, provide thoughtful input to committee deliberations, and focus on the best interests of the association and committee goals rather than on personal interests.

All Members

Every member of the Sport Committee should:

- Review all relevant materials before sport committee meetings.
- Attend sport committee meetings and voice objective opinions on issues.
- Pay attention to activities that affect or are affected by the work of the sport committee.
- Support the efforts of the sport committee officers and carry out individual assignments.
- Work as part of the sport committee to ensure that their work and recommendations are in keeping with the general organizational mission and goals.
Chair

The role of a Chair centers on organizing and running committee meetings. The Chair sets meeting dates and locations, calls meetings to order, manages the agenda, takes votes and adjourns meetings. The Chair works with other committee members and staff to ensure everything necessary to hold effective discussions is prepared before the meeting.

Vice Chair

The vice chair performs the duties of the Chair when that person is not able to do it and is often the next in line to take the chair position.

Secretary

The secretary is responsible for taking notes during meetings and for creating the meeting minutes to be submitted to the Board of Directors. This position is also responsible for maintaining proper organization and archival of the committee documents.

Finance Committee Liaison

The primary role of the Finance Committee Liaison is to act as Treasurer for the Sport Committee. The responsibilities of this individual include the coordination and monitoring of the financial activities of the committee, the enforcement and sharing of financial commitments defined by the Finance Committee and the creation of a yearly budget for the sport to be submitted to the Board of Directors.

Staff Liaison

The goal of the Staff Liaison is to facilitate communication between the USA Roller Sports Office and the members of their designated Sport Committee. The liaison shall inform Committee members about ongoing strategic initiatives being executed by the staff that would have an effect in the organization or the sport. The liaison shall also engage the Executive Director and any other relevant staff member when support from the office is needed to execute a strategy planned by the Sport Committee.

Board Liaison

It is the responsibility of the Board Liaison to communicate all relevant strategies and decisions made by the Sport Committee to the members of the Board of Directors, especially when they require ratification from the Board. The Board Liaison is also responsible for sharing and explaining to the members of the Sport Committee any decisions made by the Board of Directors that may have an impact on their program.
COMMITTEE PROCEDURES

Meetings

The Chair of the Committee may call a meeting whenever it may be necessary to discuss or decide on matters related to the committee work. Meetings may be held remotely or in-person depending on the availability of the Committee members.

The following is required in order to hold any regular Committee meeting:

- The Chair of the Committee must send an invitation to all members of the Committee clearly indicating the time and date of the meeting and whether it is to be a conference call (or similar) or if it will be held as a face to face meeting.
- Invitations to remotely held meetings shall be sent at least seven (7) days before the meeting date and shall contain all the necessary information for members to join.
- Invitations to in-person meetings shall be sent at least twenty-one (21) days in advance of the meeting date and shall include the location of the meeting and all related travel and expense information.
- The invitation shall include the purpose of the meeting, a rough agenda and any additional documentation related to topics to be discussed during the meeting.
- The invitation may also request information or comments from committee members, in which case it should also establish a timeline for the receipt of submitted materials for the meeting and for dissemination to others for comment.

The Chair should compile all information for the meeting and create a detailed agenda, which must be sent to committee members at least one (1) day prior to the meeting.

During the meeting, the Chair should make sure the objectives of the meeting are clear and are met throughout the discussion. When meeting by conference call, the Chair should encourage participation by introducing each participant at the start of the meeting and asking each person to identify themselves before speaking. During all meetings the Committee should summarize and agree upon the outcome of each subject before moving on to the next item on the agenda.

Committee meetings should not necessarily be held during Championships as fatigue, emotion and lack of total concentration are sometimes reflected by poor results of such meetings.

Impromptu meetings may only be held during special situations where an official Sport Committee decision needs to be made urgently. The Chair shall make an effort to notify all members of the Committee about the meeting and should invite them to participate remotely. Impromptu meetings shall only be organized if at least 50% of voting members are present or are able to participate remotely. Impromptu meetings don’t require a detailed agenda but shall be documented through meeting minutes in the same way as other meetings after they occur.
Voting and Consensus

Committee members shall arrive to a consensus decision on all matters, not by majority vote, whenever possible. Consensus is defined by which, the members of the committee have arrived to general agreement whereby they may not exactly agree with the decision of the committee but can support the decision of the committee. When supported by all members, the phrase "supported unanimously" or similar shall be inserted into the meeting minutes.

When consensus has not been used in a decision, then the Secretary is to record the vote count, yea vs nay. All motions by committee shall record a vote tally on the meeting minutes when there is a dissenting vote.

Quorum

A quorum of two thirds of voting members is required to make official decisions on behalf of the full Committee. In the absence of a quorum, the Committee may meet for the purpose of discussion, but may not make decisions on behalf of the full Committee.

Meeting Minutes

Minutes of the meetings shall be documented and distributed to all committee members for approval within ten (10) days of the end of the committee meeting. Committee members shall have a maximum of ten (10) days to provide corrections to the Secretary. After corrections have been made and approved, the Secretary shall send those minutes to all committee members and to the Executive Director, who in turn shall share them with all current Board members.

The Board shall have a maximum of five (5) days to review the minutes for the potential impact to the intended goals of USA Roller Sports and to express any questions to the Executive Committee. The Executive Committee shall address those questions for correction or revision and take action of ratification within five (5) days. The purpose of this timeline is to keep the Board of Directors informed of all actions occurring in the Sport Committees and to allow for public distribution of the minutes within thirty (30) days of the Sport Committee meeting.

If an expeditious ratification is required, the Sport Committee may request an exception to this timeline and shall provide a detailed explanation of the reasons to the Executive Committee.

Committee Finances

The Finance Committee shall define a timeline for the submission and approval of the Sport Committee financial documentation. The timeline shall be communicated to all Committee members by the Finance Committee Liaison as soon as it is finalized. Projected expenses, including travel and program budgets, shall be submitted to and approved by the Finance Committee based on the defined timeline. The Finance Committee Liaison shall work with the Committee to review the financial performance of the program and to develop all documents required by the Finance Committee.

Travel reimbursements shall be subject to the policies adopted by the Board of Directors.
SPORT COMMITTEE AUTHORITY

The USA Roller Sports Board of Directors grants each Sport Committee the authority to govern the program of its specific roller sports discipline, including, but not limited to, grassroots programs, rules, divisions, competition guidelines, coaches and officials training and certification, either by its action or through a subcommittee action approved by that specific committee for that purpose.

All Sport Committee actions are to be ratified or not, by the USA Roller Sports Board of Directors at its next official convening meeting. Final jurisdiction of all USA Roller Sports rules, guidelines and activity acted upon by the Sport Committees remains with the Board of Directors.

However, the Board of Directors shall limit its involvement with committee actions primarily to ensure that the established committee guidelines are followed and shall avoid micromanaging the activities, strategies and direction of the Sport Committees unless it becomes absolutely necessary to intervene in order to protect the interests of the organization. The Board of Directors shall instead provide guidance, support and direction to the Sport Committees.

IMPLEMENTATION OF COMMITTEE INITIATIVES

Immediate Implementation

Any changes to the sport program that do not affect the competitive structure may be considered for immediate implementation by the Sport Committee upon ratification by the Executive Committee or Board of Directors, provided proper review procedures have been followed.

Scheduled Implementation

Any change that affects the competitive structure, not limited to age, division structure, division eligibility or competitive requirements, must be submitted to the USA Roller Sports Office thirty (30) days prior to the next scheduled Sport Committee meeting.

Recommended changes will be presented to the Sport Committee for consideration by the Staff Liaison. After reviewing the proposed changes and doing their due diligence, which may include following the USA Roller Sports rule GR 21.00, the Sport Committee may choose to submit them to the Board of Directors for approval and ratification. The implementation date of those changes, if approved and ratified, will be defined by the Board of Directors based on the current competitive season of the sport. Any divergence from this timeline must be approved by the Executive Committee or the Board of Directors.
SPORT COMMITTEE RESPONSIBILITIES

It is the responsibility of each Sport Committee and all its members to follow all of the procedures established by the USA Roller Sports Board of Directors, ensuring that all decisions are made according to the rules adopted and being certain to do their due diligence on all matters. Additionally, Sport Committees are expected to meet all deadlines set by the Board, the Executive Committee, the USA Roller Sports office and the official calendar of events. In the event the deadlines are not met, the Executive Director may assign the task to the office staff.

Each Sport Committee is charged with the following responsibilities:

- Developing the required financial documentation for their sport program.
- Monitoring, evaluating and recommending changes or improvements to the curriculum of their sport program, including but not limited to, divisions, eligibility, skating requirements, uniform requirements, rules of play and proper competition procedures.
- Organizing tournaments and sport events.
- Operating their sport’s portion of the National Championships, including the definition of the competitive structure and the championship bracketing.
- Selecting and appointing the National Meet Director.
- Establishing standards for referees/officials.
- Developing safety requirements and creating educational materials to share such requirements with the sport community.
- Conducting evaluation and recommendations for events and training programs/clinics for athletes, coaches and officials.
- Appointing the subcommittee that will be responsible for the selection of the National Team and the National Team training.
- Appointing the subcommittee that will be responsible for the selection of National and International officials.
- Appointing a marketing representative to the Marketing Committee.
- Reviewing and approving articles, images or information representing their sport before it is published.
- Actively seeking input from all interested parties, such as athletes, coaches, clubs, and office staff before finalizing recommendations to be submitted to the agenda for consideration by the Sport Committee.
- Documenting in writing all directives to the subcommittees and submitting them to all subcommittee members.
United States Olympic & Paralympic Committee

- Completed our most recent preliminary report with the USOPC Audit. Are compliant in 27 of 29 areas.
  - The 2 primary areas where we are non-compliant are related to athlete representation selection procedures and our finance committee athlete representation.
  - The organization has requested a waiver on one of the 2 areas and are awaiting a decision. While the other procedural issue is able to be accomplished at the Board of Directors meeting to be held November 1-3. Essentially, our athlete reps will have to vote specifically on the athletes on all of our committees separately from the rest of the BOD participating.
  - There are 4 additional observations not currently required, but that may be required in the future where attention will need to be focused.
    - 1 area is related to our diversity and inclusion plan. This has been completed but still needs to be issued in the required format.
    - Item 2 is related to grievance procedures.
    - Item 3 is related to published procedures related to background checks. This has been updated via our website.
    - Item 4 is related to language updating and USADA that should be posted.
- NGB Services will be visiting our Board of Directors meeting for a presentation on Friday afternoon and Saturday morning specific to some of the great new services that will be coming the direction of NGB's specifically under the 3-million-dollar annual budget range.
- The likelihood is extremely strong that Congress will reopen the Ted Stevens Act sometime in the next year. While there are many changes and recommendations in several versions of the law, the primary and most significant change seems to revolve around increased athlete representation on committees and boards of NGB's from 20% to the 33% range.
- Eric Steele attended the USOPC Assembly in September and will attend the NGB Best Practices Seminar in November.
- A huge hats off to our Pan Am athletes who brought home a silver and bronze this past summer!

Safe Sport & Athlete Safety

- The organization will go through an onsite Safe Sport Audit in early December.
- We have initiated the Minor Athlete Abuse and Prevention Policies.
- The new standards regarding Criminal Background Checks has been implemented moving the searches to a large window of search criteria defined by the USOPC. The implementation now moves the organization from a ranging fee per background check to a flat fee of $30 per check.
- All members of the age of 18 must now complete Safe Sport Training.
- Tina Brendle to attend an NGB Best Practices Seminar on Safe Sport October 28, 2019.
- We had at the previous board meeting discussed the creation of a Safe Sport officer. This has not been completed, and the recommendation is that this needs to be completely re-examined along with a review of our grievance structure. A bylaws recommendation has been forwarded to merge our ethics and membership/eligibility committees into a singular committee.

Strategic Plan

- The plan has now been completed and is available via our website at: https://www.teamusa.org/usa-roller-sports/usa-roller-sports-strategic-plan
Legal

• A complete review of the Reciprocity agreement between USA Roller Sports and Woman’s Flat Track Derby Association needs to occur, with specific emphasis placed on how the organization will adapt to Safe Sport policy if participating in USA Roller Sport sanctioned events. To date this has still not occurred and should occur prior to Roller-con this upcoming year.

Nebraska Attorney General Agreement

• To date the organization continues to meet all compliance requirements and have not had any issues with the AG.
• All information has been updated in the Dropbox, and should any new members be elected to the Executive Board at this current Board of Directors meeting, those new members will be added.
• As of the Fall Board Meeting, we will have completed 6 of the 12 required quarterly reports and thus be officially 50% complete with the overall consent agreement timeline.

Financials

• I will defer to the treasurer's report on the financials as they currently stand.
• Hard copies of the most recent audit are available.
• FANTATICS has finally launched. You can access it here: https://www.fanatics.com/?query=Roller%20Sports
• Have conducted research regarding a collections agency to address our Accounts Receivable. This will need to be reviewed for approval.

Membership

• The new membership season officially opened on August 19.
• As part of the new season launch, the new pricing structure and good standing policies have both went into full effect.
• A review of the current membership platform is requested for discussion.

National Championships

• Spokane 2019 is officially finalized, and a follow up meeting regarding successes and obstacles occurred in early late September with members of the committee.
• It is estimated that just under 12,000 room nights were reported, with nearly 20% using the AirBnb method.
• Cedar Rapids Partnership is secured, and planning is underway. A review of the partnership agreement with payments, services and commitments is available for review at any time by all board members.
• The host hotel has been awarded to the Marriott in Cedar Rapids.
• Recommend purchasing, hopefully through the credit card reward program, 2 more ipads to assist in the registration process.
• As with all National Championships, the floor is our largest venture. The trip to Cedar Rapids will be the last for the next 2 years. After that, we will need to take some much-needed steps in addressing the floors condition and longevity.
• The City of Lincoln has requested to finalize the commitment plan for the 2021-2022 National Championships.
• We have received one bid already for the 2023 championships.
• Will attend the Teams Conference and forward our RFP to perspective cities for 2023 and beyond.
Property Update

- The basement continues to be an issue regarding water leaking in. It has been more than normal, and we most likely will need to look at having the foundation of the building tuck pointed/waterproofed soon.
- Installation of new hand railings to the front of the building was approved by the city and finalized in August.
- Routine maintenance and services continue as usual with pest prevention, heating/AC, lawn and snow removal.
- The lease has ended on the rental house and moved to month to month. The current residents are most likely secured in staying in the home till April.
- Over the last 8 months significant clean up and removal has occurred in the back-storage room and basement. Much more work is needed here, and it is a massive work in progress that does not see an end for at least several more months.
- The organization continues to explore the possibility of a headquarters relocation. A team of 4 board members and myself met with the city of Colorado Springs during the USOPC assembly. I will defer to their thoughts and comments to the feasibility of such a venture. As indicated previously when we were first approached with the idea, such a move must not only be feasible financially, but also operationally. If neither of those criteria can be met to fully enhance the organizations overall existence and service to our membership, then such a move would be ill advised. Much more research and study needs to be conducted on this subject.

National Museum of Roller Skating

- The museum has made both Peggy Young and Eric Steele, members of their Board of Directors and as such have given us the ability to conduct some general day to day operational needs.
- A credit card has been established by the museum to separate expenditures more clearly between USARS and the museum. Example being. If lights need purchased, no longer does USARS purchase and then bill the museum. The museum handles it directly.
- Because of the backroom storage and basement clean up, the museum now has some additional room to grow regarding accusations.

Staff

- Our Health Insurance policy officially changed on September 1 of this year, and one employee will be added to the plan in the November time frame.
- We had 3 employees join the retirement plan, bringing the total now to 5.
- A review for salary increases to eligible employees is requested to occur in December by the Executive Committee. If increases are to occur, it would benefit the organization greatly to have that take effect on January 1 vs. going through the retroactive process like we did one year ago.

MINUTES SUBMITTED BY TOM ATKINS

SPEED COMMITTEE ACTION ADDED IN BY RICCI PORTER-KMETZ (in green)

- Action is a result of a SC meeting conducted on 8/2/19 (7:30 a.m. – 10:15 a.m.) at the Spokane Convention Center

SOUTHWEST REGION

1. Implement maximum wheel size for competition by division. Adopt World Skate wheel size restrictions by age group.

   Age 5 and below - 84mm max
   Age 6-9 - 90mm max
   Age 10-14 - 100mm max
   Age 15 and above - 110mm max

   Vote: Favor 5 Against 2 Abstain 1 – Motion Carries

   SC ACTION – Yes, pending World Skate information. Also, a survey will be sent out seeking opinions on re-structuring the age groups in relays.

2. Go to an Open Entry National Championship.

   Vote: Favor 2 Against 4 Abstain 1 – Motion Failed

   SC ACTION – Going with the regional rep vote, and sending out a survey requesting input on how to make qualifying for nationals cost effective.

3. Separate the National Championships, with ODN and IDN 3 weeks or less apart we are forcing most skaters to enter one or the other. If we can move the two championships 30 to 45 days apart more skaters will be able to compete in both championships.

   Indoor Nationals could move to late June.
   Outdoor Nationals should be end of August.

4. To make #3 work we need to stop using ODN to select our World Team . . . ODN and selected other outdoor and indoor events should qualify skaters for a National Team. All National Team members (including the previous seasons World Team members) would be eligible to attend a world team selection camp to be scheduled according to the world championships. A one-week camp with skaters running distances multiple times will give our coaching staff the ability to select the best team based on consistent performance.

   Moot point - in process already. Note: 3 and 4 are linked issues.

NORTH CENTRAL REGION

1. No regional qualifier for National Championships, Regionals to remain intact for Star Skate, grass roots program.

   Moot point - in process already.

2. Coat Colorado Springs 200m Banked Track according to Joe Cotters original proposal.

   Moot point - in process already.

SOUTH CENTRAL REGION

1) Changing rule SR560.1

   Original Rule SR560.1

   At the command "TO YOUR MARK," skaters move forward to the starting line in a preliminary starting position. A preliminary starting position is:

   A. standing up; or,
   B. in a four-point position with two hands, one knee and one foot on the floor (a standard track start).
   C. in a 3 point position with one hand, one knee and one foot on the floor.
New Rule SR560.1

At the command "IN POSITION," skaters move forward to the starting line in a preliminary starting position. A preliminary starting position is:

A. standing up; or,
B. in a four-point position with two hands, one knee and one foot on the floor (a standard track start).
C. in a 3 point position with one hand, one knee and one foot on the floor.

Vote: Favor 8 Against 0 – Motion Carries

SC ACTION – Going to a coach vote

2) Original Rules

SR560.4 In the event of a false start, the offending skater or skaters will move to an eight foot (8') setback line in their proper lane position before the starting procedure resumes. At the command, "To your mark," this skater or these skaters move forward to the four foot (4') setback line only, not to the starting line.

SR560.5 When a skater starts before the gun has sounded, it will be considered a false start. Two false starts by the same skater will result in his or her disqualification from the race.

SR560.6 Any deviation from the starting procedure, excluding a false start, will result in a warning to the entire group in that particular race. After the warning in that particular race, any deviation from the starting procedure will be penalized the same as a false start.

New Rule

SR560.4

The skater or a team (relay) who commits two (2) false starts in the same race (heats, semi-finals and final), is disqualified DSQ-TF.

b. When one skater causes a false start, thereby causing the other skater to follow; only this skater shall be given one (1) warning for false start.

c. In each instance, in case of false start, the judge shall call back skaters to the starting line (with one or two gunshots or two blows of whistle). Skaters must resume their positions and the start is repeated.

d. The Starting judge signals the false start to the skater by showing a yellow card. He shows a red card to signal the disqualification after a second false start.

Vote: 0 Favor 6 Against 1 Abstain – Motion Failed

SC ACTION – A survey will be conducted with pros and cons (including World Skate information)

3) Adding to rule SR361.11

K. No helmet face shields shall be worn at any indoor event.

Vote: 0 Favor 6 Against 1 Abstain

EASTERN REGION

Proposal #1:

This proposal is requested for the speed committee to reevaluate the age groups from relays to align with all of our new Safe Sport regulations. For instance, to properly adhere to Safe Sport, at no time should an 18+ year old man/woman be skating with a 14-year old child. We need to avoid any issues that may arise and possibly compromise a child’s wellbeing.

The proposal was amended to ask the Speed Committee to evaluate this issue.

Vote: 5 Favor 3 Against – Motion Carries

SC ACTION – Will evaluate

Proposal #2
So as to reward World Team Members for their hard work, World Team Members will be given the same numbers to be used throughout their skating careers at USARS events. The Numbers will have a “W” designation, with size and dimension to be determined by the Speed Committee.

Vote: 8 Favor 0 Against – Motion Carries

**NORTHWEST PROPOSALS**

1. **Change requirement for girls to start 3 mixed relays to anyone can start**

If you are allowed to have 2 girls then the coach of the relay team to choose the starter.

Vote: 8 Favor 0 against – Motion Carries

SC ACTION – Coach Vote

2. **Change the relay re-entry requirement, add a side entry to avoid crashes**

Vote: 2 Favor 6 Against – Motion Failed

3. **Eliminate all grand divisions**

**GREAT LAKE PROPOSALS**

1. **Keep Regionals as a qualifier**

Previously discussed

2. **If there are 5 teams are less skating Regionals and there is a disqualification, that team would be declassified to 4th and still be allowed to enter Nationals.**

Vote: 6 Favor 0 Against 1 Abstain – Motion Carries

SC ACTION – Yes, on the 5 teams, but also sending back to the regional reps for feedback on handling if there are 6 or more teams. For example, what happens if there are 8 teams, and 3 are disqualified (leaving 2 slots) – how do you determine which two get the slots? The current change applies to 5 teams or less, but the SC would like there to be a step 2 considered.

**SOUTHEAST PROPOSALS**

1. **Keep Regionals as a qualifier**

 Previously discussed

2. **Change the 3 Person Relays from qualifying as a timed event to qualifying 1st to 3rd**

The relay laps were already shortened, why do they need to be timed

Vote: 6 Favor 0 Against 1 Abstain – Motion Carries

SC ACTION – Coach Vote

3. **Bring World Class back, doesn't have to involve money.**

Vote: 3 Favor 5 Against – Motion Failed

4. **The Speed Committee should consist of a Representative from each Region. Ask board to change the process.**

Ricci Kmetz - Research and ask Committee on Committees

Tabled - to be done by Ricci
5. Veteran and above Quads should mirror Inlines with distances.
   Tabled – SC will look at quad distances to see if they should mirror inlines

6. Teams in the same Region to be able to skate relays together
   It was requested to table this issue. Motion to table.
   Vote: 5 Favor 0 Against – Motion To Table Carries

At the beginning there was a long discussion about General Rule 21. Sport Rule Change Process. There is a committee looking at rewriting Rule 21 to fit all disciplines.
Coaches:

- Please complete the 2019 Coaches’ Vote and Survey – When you answer a question that requires a VOTE, you are participating in a vote for a Program Change (per GR21). The Speed Committee (SC) would also like your feedback on some items - those items are asked under the SURVEY.

- These questions came as a result of the Regional Representatives’ meeting, and the Speed Committee meeting at the 2019 Indoor National Championships in Spokane, Wash. The Speed Committee had an additional meeting on September 12, 2019 via phone conference to include those Speed Committee members that were not present at the meeting in Spokane.

- As stated at the Regional Reps’ meeting in Spokane, the Speed Committee has agreed to follow GR 21 with a modified timeline.

  - The Speed Committee will follow General Rule 21.00 (Sport Program Change Process) with a modified timeline to fit the current competitive season. The timeline modifications are as follows:
    - GR21.07 - December 31 is changed to October 1
    - GR21.08 - Spring is changed to Fall
      - GR21.09 - Spring is changed to Fall, and subsequent skating season is changed to current skating season
    - GR21.11 - December 31 is changed to October 1

  **Please refer to GR21.00 Sport Program Change Process in the USA Roller Sports General Rules for Competitive Roller Sports for full details on GR21**

- Please note, ONE VOTE per club will be considered in the voting results
VOTE

1 - Change rule SR560.1

Original Rule SR560.1

At the command "TO YOUR MARK," skaters move forward to the starting line in a preliminary starting position. A preliminary starting position is:

   A. standing up; or,

   B. in a four-point position with two hands, one knee and one foot on the floor (a standard track start).

   C. in a 3 point position with one hand, one knee and one foot on the floor.

New Rule SR560.1

At the command "IN POSITION," skaters move forward to the starting line in a preliminary starting position. A preliminary starting position is:

   A. standing up; or,

   B. in a four-point position with two hands, one knee and one foot on the floor (a standard track start).

   C. in a 3 point position with one hand, one knee and one foot on the floor.

SURVEY

1 - If there are 5 teams or less skating Regionals and there is a disqualification, that team would be declassified to 4th and still be allowed to enter Nationals.

YES NO COMMENTS

Also – The SC is seeking feedback on handling if there are 6 or more teams. For example, what happens if there are 6 teams, and 3 are disqualified (leaving 2 slots) – how do you determine which two get the slots? The current change applies to 5 teams or less, but the SC would like there to be a step two considered.

2 - Implement maximum wheel size for competition by division. Adopt World Skate wheel size restrictions by age group.

The SC is seeking opinions on re-structuring the age groups in relays.

Age 5 and below - 84mm max
Age 6-9 - 90mm max
Age 10-14 - 100mm max
Age 15 and above - 110mm max

3 - Go to an Open Entry National Championship

This was voted down at the Regional Rep level. However, the SC is seeking feedback from all coaches on making qualifying for the national championships more cost effective.

4 - Modify SR560.4 - The SC is seeking feedback on modifying SR560.4 (including World Skate Information)

This was voted down at the Regional Rep level. The SC is seeking feedback from all coaches.

Original Rule

SR560.4 In the event of a false start, the offending skater or skaters will move to an eight foot (8’) setback line in their proper lane position before the starting procedure resumes. At the command, “To your mark,” this skater or these skaters move forward to the four foot (4’) setback line only, not to the starting line.

SR560.5 When a skater starts before the gun has sounded, it will be considered a false start. Two false starts by the same skater will result in his or her disqualification from the race.

SR560.6 Any deviation from the starting procedure, excluding a false start, will result in a warning to the entire group in that particular race. After the warning in that particular race, any deviation from the starting procedure will be penalized the same as a false start.

New Rule
SR560.4

The skater or a team (relay) who commits two (2) false starts in the same race (heats, semi-finals and final), is disqualified DSQ-TF.

b. When one skater causes a false start, thereby causing the other skater to follow; only this skater shall be given one (1) warning for false start.

c. In each instance, in case of false start, the judge shall call back skaters to the starting line (with one or two gunshots or two blows of whistle). Skaters must resume their positions and the start is repeated.

d. The Starting judge signals the false start to the skater by showing a yellow card. He shows a red card to signal the disqualification after a second false start.

Past:
Multiple successful Team USA tryouts. Team selected Traveled to WRG 2019, Both men's (1st ever team) and Women's teams to come home with Gold Medals! We also had a derby specific photographer who took a ton of pictures and we now have photos to use.

Rollercon was not as successful with event passes as in the past. This year we had competition from 3 other entities and that took away a lot of money

National were also not good for derby. The feedback we received was because it was too soon after Rollercon and Roller derby was booked for weekday days. Skaters could not take that much time off work between rollercon and nationals.

Future:

Nationals is looking better for next year. We already have a handful of teams reaching out to us asking about registration etc.

Rollercon: we still might have the same competition as last year as far as event passes go, however, we did negotiate with the Rollercon heads to let us have one of our Team USA tryouts on site during this week.

Team USA staff: We collected applications and resumes (due 10/13) and our committee had our vote on 10/21. We voted in Misty Greer as Head coach for the Men's team with Carrie Conlee Craft to be Manager. We voted in Devon Tamaccio as Women's head coach and Christina Garrish as her manager.

We are letting the dust settle from the divorce of WFTDA/MRDA. If the near future we would like to approach MRDA about possibly using USARS as their insurance/membership platform.

Currently our derby "season" with usars is 12/1 - 11/30. All other disciplines are 9/1-8/30. We have been asked by Eric to change our season to match everyone else. Our committee agree to this

*our committee would like to discuss the WFTDA Reciprocity agreement. It is old and needs desperate updating. Also maybe designing one for JRDA?

Conference Call June 10th, 2019 at 6:30pm PST

Meeting called to order: June 10th, 2019 at 6:35pm PST
Attendees: Christina Gerrish, Misty Nicolet Greer, Sabra Bunger, Fernando Reguerio, Robyn Clark, Carrie Conlee Craft, Stephen Carter, Brent Benson
(non-attendees designated in bold)

Item #1 – Nationals Update

- Committee made vote to cancel the roller derby portion of Nationals this year due to lack of participation.
- Two teams originally registered, then a 3rd registered last minute. At the last moment, then the 2nd team withdrew participation.
- The executive board ratified this during a board meeting on June 10th
- We need to set up a plan now to increase team participation for the next year.
  - Biggest reasons why there was lack of participation were due to timing – weekdays and other skating events put a strain on participants.
  - Preparation and brainstorming can be focused on after world roller games and roller con.

Item #2 – Team USA / World Roller Games

- Updates for World Roller Games: There will be 5 teams per gender. This is the final registration count. Each team will play every team at least one game for the first 3 days. The first two days will have two games. On the third day, everyone will play one game. On the fourth day the 1st vs 4th, 2nd vs 3rd place (semi finals). On 5th day, there will be a final game for 1st vs 2nd place. Practice days will be the same. Fernando will be announcing the schedule soon. - to get better ideas on numbers. AZ team and chucks team in Washington are willing to pick up skaters.
- Brent will start boxing up and shipping the Team USA items tomorrow.

Item #3 – Rollercon

- Last year, USARS made $ at RollerCon but now all the other insurance carriers will be competing with USARS. The registration fee was lowered to $20 to compete, but due to WFTDA, 80% of the participants will already be covered.
- We have the option to pull out to avoid losing money.
- Discussion surrounding if USARS should pull out and pull liability coverage since we are no longer going to benefit from the registration.

- Additional discussion scheduled during our September committee call.
Item #4 – World Skate Clinic Facebook Group

- A facebook group was created by a Team USA team member, Terry Wishard. This group is an unofficial world skate group and there are concerns that this will confuse individuals interested in World Skate/USARS.

   b. Rulebook committee, Officials committee, and procedures committee had no updates.
   c. Rules committee
      i. There are multiple methods for people to submit eligibility questions, do we need to revisit this to simplify it? Lawaun suggested using a Facebook post in many different groups, to get the message out about the proper way to submit eligibility questions.
      ii. Related to this idea, Ed wants to get an ad in the National program to advertise the FSC and put any information into it that we would like to get out to the general public.

4. New Business

      i. Discussion that skaters who have qualified to Worlds must pay their Regional fee but have the option of skating Regionals and still being eligible to skate Nationals.

All reports agreed that the contest was well run and the facility was excellent.

RollArt Technical Sub-Committee report on the Qualifier (see attached)

Review of the report by Patricia Bauler regarding the use of RollArt at the World Qualifier.

Creative Solo updates. Review of Jodee’s notes on the Creative Solo Show event, giving clarification to the new rules and requirements. This clarification will be sent out in the next email blast.

Great Lakes asking for move up rule for this year, as too expensive to Washington and some are skating regionals only. Considering that some skaters will be skating the Regional Championships but not the National Championships due to prohibitive costs, John proposed that the next highest placing skater at Regionals be allowed to advance to the National Championships. This proposed move-up rule would be in effect for the current 2019 season only.

Pros: It is expected that there will be more skaters who skip Nationals this year. The proposal could prevent lost entries to the National Championships and the resulting financial impact.

Cons: Managing paperwork to determine who has declared they are not attending Nationals could be very difficult, especially given the short time frame between the last Regional Championship and the start of the National Championships.

It was noted that some Regional deadlines have already passed, and it would be too late to make such a rule change at this time. No action taken.

Eliminating the international run from Youth next season. Tabled since Jodee was out.

Scoring clarification of RollArt and Integer systems. Lawaun and Jessica presented a document explaining judging guidelines for capping the maximum scores similar to the RollArt rules for components. The committee liked this document and is send to the officials committee for feedback.

      i. Previously, youth circle loops provided higher scores for those who did proper rotations as if they were going to do the actual loop.
      ii. Discussion that we believe this rule should apply to both youth and adult circle loops. It was suggested to clarify in email blasts for the next several weeks in the lead up to Regionals and Nationals, that the omission of this rule in the current rulebook was not intending to repeal this rule. Joyann will write it up and send to Ed.
   c. Progressive Run discussion
      i. Jodee brought up the point of returning the progressive runs to only American style for domestic events. There was a healthy discussion on this point from all sides.
      ii. Doug suggested sending a survey to Regional reps for dispersion to their regional coaches.
         1. No one could agree about what the survey would ask
            Jodee moved that we return our domestic dance events to follow the more traditional American dance run, Lawaun seconded.
            2 Ayes, 6 nayes, 0 abstentions, motion failed.
   d. Qualifier seminar material done at Lynwood and roll out to other members.
      i. How do we send it? Should it be narrated? Is it just the material from Lynwood done for free or material from Orlando? Do we charge for access to this material? What are the next steps moving forward and does FSC run this or get a sub-committee to run with it and keep us in the loop?
      ii. The main concern is whether or not to charge for this information. Jodee and Pat lead this discussion and felt that we should not charge for it.
iii. Ed is to find a place at the National Championships to display the information.

iv. Ed suggested appointing the Academy Leaders as a sub-committee to handle the dispersion of this information.

   Jodee made a motion to create the World Skate Academy Leaders sub-committee with Pat Jacques as the chair and all the World Skate appointed Academy Leaders as the other members of the committee, Joyann seconded.

   8 ayes, 0 nayes, 0 abstentions, motion passed.

f. Janet brought up the point about making USARS coaching more prestigious and less easy to obtain, the idea was ultimately tabled until our next meeting.

         8 ayes, 0 nays, 0 abstentions, motion passed.
   b. Order of Events for the 2020 Nationals.
      From Ed: Due to SW region ending on the June 26 and Great Lakes ending on June 30, my recommendation is Adults, Elite, and Youth. There are regions, such as SW and GL, that still have skaters trying to qualify to Nationals and have not booked tickets or hotels and we are not giving enough time between Regionals and Nationals to get the cheaper bookings. My logic is most of the Adults know they are going, Elite automatically ALL qualify, and the Youth are the majority of membership not knowing if qualified yet. Putting Youth last, will allow a little more time for those Youth skaters to book cheaper flights and hotels. Also, we need to discuss when the
best time of Nationals is for having a workshops done, as discussed in the National Coaches meeting in Spokane. It was suggested that it be during a break in competition, so all have the opportunity to attend.

Addressed by adoption of requirements for next season.

ii. Direction for new Academy Leader sub-committee. What are the FSC priorities?

Academy Leaders will develop plans and present to the FSC for approval.

The committee has received 3 letters from members requesting a Silver move-up rule, although each had a different suggestion or idea for how it should be implemented. There was discussion within the committee about addressing these letters and whether or not we should implement a new silver move up rule. Additionally, we discussed two topics related to the “coaches rule”: 1. Some coaches are breaking this rule and skating events other than gold but still coaching at nationals; and 2. Whether or not ALL coaches should be forced to skate gold events.
      Janet moved that we ask the coaches reps to thoroughly investigate the necessity of a move-up rules for silver and devise a plan for any necessary changes to the adult structure, Joyann seconded.

PanAmerican Nations Championship – On September 30, 2019, World Skate America issued a bulletin announcing the PanAmerican Nations Championship, being held in Bogota from 10/29 to 11/4. While this is an attractive tournament, with the host providing housing, meals and local transportation to the national teams, insufficient time was available to organize a team. In addition to recruiting a team, we would have to assure players were in compliance with USARS, USOPC and World Skate rules. It was felt that there was not enough time to assure players have all needed clearances, uniforms, passports and medical insurance. Team fees would need to be collected, USARS memberships obtained, flights tracked and the teams would need to be registered. The notice did not provide enough time to organize a team and complete all needed tasks in one month. Keith also noted that this is not the PanAmerican Games.

A few individuals (Cadiz and Itan) wanted to enter a team. They made no contact with the committee to make the request. The committee determined if they would like to send a team to the Championship, they would need to register in the open division. This would not include the benefits of being registered as a national team. Teams in the open division do not receive housing, meals and local transportation. Jon or Keith will contact Peggy to inform her that we will not be sending a national team.

Veteran’s and Master’s Divisions – Dave questioned the procedure for these divisions. In the past, nobody wanted to put enter a team and Rob organized a team for the master’s division. It was suggested to allow this to continue for now. However, perhaps we can organize a team for the veteran’s division. The veteran’s division is for players, ages 45 and up. The master’s division is for players, ages 38 and up. Perhaps a proposal can be made to the World Skate Inline Hockey Committee to lower the age for the master’s division to 35. Jon would like Chalie to look into this further, if there is enough interest.

2020 World Championships – The championship games will be held in Columbia next year. Further details have not been released to date. Possible sites mentioned are Medellin, Cali and Bogota, but no confirmation has been received. Keith and Jon spoke and have some reservations about sending junior teams to Columbia, for safety reasons. The committee discussed the ramifications of not sending the juniors. It was felt this should not significantly affect the program. Most juniors play one year and do not return. Melanie mentioned the uproar received from parents when World Skate left a group of junior men at the opening ceremony venue, with two adult coaches, in Barcelona, a relatively safe city. If a similar event were to
happen in Columbia, would this create a large problem? More information will need to be obtained regarding security efforts and this subject will need to be discussed further before a decision is reached.

2021 World Roller Games – These are scheduled to be held in Argentina. Although no official information has been obtained to date, Dave has some contacts in the Argentina Inline Hockey world and has been informed the games will be in Buenos Aires. Tickets to Argentina are expensive, but Dave stated reasonable tickets can be found for flights to Buenos Aires. Also, we will need to pay a fee to enter and exit the country.

Strategic Plan - As a part of the inline hockey committee’s strategic plan, Jon and Keith will be following up with Jeff Prime on coach certifications. They also need to follow up with Shane Peters and Joel Lauer regarding the referee training program. We would like to create an online program to take tests and provide an open format.

USARS Memberships – Melanie reminded all committee members to obtain their USARS memberships, if they have not done so. Melanie will check if any forms, including the Code of Conduct and Code of Ethics, have expired and need to be completed.

Inline Hockey Committee – The committee terms are expiring for Jon Roux, Melanie Bogus and Arlene Lehman. The committee decided to recommend to the USARS board to renew these terms and keep the committee as it is currently since there have been no new applicants.

Clinic – Jim Tamburino has requested permission to run a clinic in New York to promote the program and recruit interest. No decision has been made to date. If this is approved, the committee would like to appropriate $600 for practice jerseys to be used for the clinic.

A motion was made to adjourn the meeting at 8:33 by Melanie and seconded by Dave.

Respectfully Submitted 10/24/19

Discussions
Issue regarding vendor agreements and vendor behavior was brought to the committee for discussion. This has been tabled for further discussion and research.

Treasurer Michael Jacques asked leadership to evaluate what can be done about current world team members that have not paid their world team expenses for 2019 as of today. The consensus of the committee and confirmed by Jerry Pigsley legal counsel is that nothing can be done to sanction these individuals until July 14th. The current policy defining a member in good standing was posted on April 15th and therefore the 90 days is up on July 14th. This is the same whether it is for past year balances due or balances owed this year.

Eric gave an update on the conversation with USOC and the City of Colorado Springs about the many opportunities afforded to our NGB. Kay gave an update about her Best Practices training with the USOC this last week and will be sending the slides from the session when received.

As of today there are only 2 teams entered for Roller Derby nationals. There is a possibility the event may be cancelled.

The Foundation granted USA Rollersports $30,000 to use for the Star Skate Program, Roll Art, and Safe Sport. Reports will be kept to show how these funds were spent on each of these programs.

Eric Steele left the meeting
Committee asked how things were going with the Figure Advisor. Kay mentioned she had not spoken to Pat nor had an update for awhile so will check.

The Communications and Tech committee has been investigation a platform to use for trainings that could be done through the internet. Kay will check on the product of Blue Jeans that might be available from the USOC either free or at a reduced cost. This is part of the shared programs available to NGB programs.

Executive Committee Meeting Minutes
June 10, 2019

Attendees: Kay Gallatin, President and Chair, John Fearnow Board Chair, Annelle Anderson, Kylie Hughes, Heidi Permatteo and Eric Steele, Executive Director  Guest: Fernando Regueiro

World Skate update – Fernando joined the call to discuss two sections of the proposal that will be put forth in Barcelona. These items will be voted on in July.

- Defines that each country will be allowed to only have one federation recognized through World Skate starting in 2020. For example if there are two federations representing a roller sports discipline in a country they will be required to merge into one.
- World Skate is proposing to be the governing body over all the confederations with more than just a name change. In the future the bylaws and reporting will be the same for world skate as for each confederation.

Discussion about new safesport policy regarding athletes and vendors.

MOTION – All members of the organization 18 or over 18 will be required to complete the Safe Sport Training as part of the good standing membership requirements effective as of 9/1/2019. Motion by John Fearnow and second by Heidi Permatteo. Approved Unanimously

Directive to Eric to work on wording for a similar policy for Vendors/Sponsors/Independent Contractors.

Derby only has 2 or 3 teams registered for Nationals. There has been a recommendation by the Finance Committee the Derby nationals be cancelled due to negatively impacting the finances of USA Roller Sports. The Derby Committee also recommended that nationals be cancelled

MOTION – Cancel Roller Derby Nationals for 2019. Motion by AA Second by JF Passed Unanimously

The Finance Committee brought forth two recommendations for consideration

MOTION – This year and going forward the Meet Director or equivalent be awarded their own room for use during the Nationals Championships at the expense of USA Roller Sports. Motion by John Fearnow, Seconded by Annelle Anderson, Passed unanimously. NOTE – this should be updated in the finance policy

MOTION – Beginning with the 2019 World Team, available endowment harvest shall be allocated to each athlete based on his/her roller skating discipline: Art, Speed & Hockey (inline, rink). The discipline total available funds each year is allocated based on the number of skaters in each respective discipline. If the individual amount available is less than $50, no funds for that discipline will be distributed. Available funds shall remain in the discipline total until such time as the harvest (including prior years) shall equal a minimum of $50 per skater. Individual principal gifts will continue to be credited to the appropriate account in each discipline based on the donor’s preference. The Harvest is to be distributed to all athletes who have qualified and paid entry fees for the world championships, regardless of the event that they qualified in. Motion by Heidi Permatteo and seconded by Annelle Anderson. Passed unanimously.

MOTION- Accept Suzie Harris as Scooter Team Manager per request of World Skate. Motion by Heidi Permatteo, second by John Fearnow. Passed unanimously
Discussed potential policy about limiting the people who can contact USA Rollers Sports Legal and Auditing services. This is important because this incurs an expense that USA Roller Sports then has to pay and makes it hard to manage these costs.

Strategic Planning – Eric wants the areas of the strategic plan the board is responsible for to be completed by next week for inclusion in the complete document. The compiled plans will be sent back through the committees for review before document completed.

Star Skate – Moving forward with purchasing the items needed to have program started next month. Eric thought an additional $4,000 was needed to finish the project and be ready by Nationals. Kay asked that this amount be double-checked.

There have been several safe sport reports done since the first of May. This are being processed.

Eric reported that Fanatics will be ready to launch soon.

Building has been experiencing some water coming up through the floor in the basement with all the rain. Normally only happens with extreme rain.

Eric left the meeting at 9:45 PM.

Kay brought the committee up to speed on the new employee Rod and his training.

The committee also discussed some issues with social media and how those should be addressed. Need to remind the whole board at the fall meeting about the social media policy and other policies.

MOTION – to adjourn, Motion by John Fearnow, seconded by Kylie Hughes. Passed unanimously

Executive Committee Minutes
Wednesday August 28, 2019

Attendees: Kay Gallatin, President and Chair, John Fearnnow, Chairman, Annelle Anderson, Kyle Hughes, Heidi Permatteo and Eric Steele, Director.

Grants – Several of the committees have requested that USARS work to find a grant writer to help secure funding. In order to accomplish this Eric will be asked to write a solicitation and recommend a timeline for seeking out a grant writer to facilitate asking for funds on behalf of USARS. Part of the information requested as part of this solicitation will be experience in sport grants, small nonprofit grants, grassroots programs etc., including successful funding. Since grant writers are paid by receiving a % of grants funded the solicitation will also need to indicate what % compensation for the work would be.

Audited Financials – The audited financials should be posted by Friday September 6th for the year ending August 31, 2018. Annual financials are targeted to be completed by October 1st for submission to the accountant this year.

Strategic Plan update – Eric gave an update on the completed strategic plan and the new formatting for the document. MOTION – to accept the strategic plan as presented and get posted to the Website. Motion by Annelle Anderson, Second by Heidi Permatteo. Motion carried unanimously.

Vendor Statement – As part of the new safe sport and athlete safety, vendors have been called out as needing to complete safe sport. MOTION – to require vendors on site, during all USA Roller Sports hosted events, camps or clinics be required to be safe sport certified if 18 or over effective 9/1/2019. Motion by Annelle Anderson, Second by Heidi Permatteo. Motion 4 Yes and 1 abstain. This is to be communicated through the FAQ section of the website and vendor contracts for those events.

Hockey Endowment/National Entry Fees – This item was to inform the current executive committee about a $50 entry fee that is added to the national entry fee for Rink Hockey. This portion of the fee is collected by USA Roller Sports and then transferred to the Rink Endowment fund.

Fanatics update – The Fanatics program is not available as of now. There have been several communications trying to get this moved forward, but it seems to be stalled. Eric will continue to follow up on this and if something isn’t resolved by October 1st then USA Roller Sports may choose to go with another vendor.

Sport Committee term limits – As the pool of athletes that are eligible to be on standing committees is very small, the question has been brought forth about eliminating these term limits. It was felt by the Executive Committee this needs to be discussed by the full board. There is also additional information coming from USOC as to who is eligible to be an athlete rep. As this will be decided at the board meeting it was requested that all applications for athlete positions be accepted even if they have reached the term limits in their current position, so their applications can be reviewed if this limit should change.

Worlds issues – Kay wanted to make sure everyone was aware of there were considerable issues and concerns with the transportation at worlds. Almost every team mentioned a problem with getting to
opening ceremonies or athletes to the track. This is not unusual, especially with a world roller games and the number of athletes.

Foundation Trustee approvals – The Foundation at their May board meeting requested the approval by USARS of two new members. MOTION to accept Marian Spooner and Steven Findlay as new members to the Foundation. Motion by John Fearnlow, second by Annelle Anderson, approved unanimously.

CPRS Representative – World Skate has changed the rules for World Skate America, including the timing of their election process. Danny Brown will not be continuing in his current role as VP for North America after the next election. The board will need to put forth a replacement name for World Skate America’s consideration for the open position. Since there have been several people expressing interest in this position there needs to be a formal application process. The recommendation is to have this handled by the Nominating Committee so this will be researched as a potential process. This will be discussed again at the next meeting.

USOC Audit Compliance – a draft of the USOC Audit compliance document was shared with the committee by Eric via email this afternoon. This will be discussed in further detail at the next meeting in order to be in line with the Board directed policy of agenda items being presented to the Board before the meeting to allow for comment.

Nationals 2020 Motel contract information – this was briefly covered with the executive committee and will be discussed more fully at the next meeting.

Eric left the meeting at 8:45.

Further discussion followed about the finances and how expenses could be cut. John mentioned the committee members should be provided a copy of the financials. The committee was reminded those are available on the drop box and everyone should be reviewing.

MOTION TO ADJOURN. Motion by Annelle Anderson, second by Heidi Permatteo. Passed unanimously.

Next meeting scheduled for Sept 9th at 8:30 central. WebEx is not available so Eric will follow up with a conference call number.

Executive Committee Minutes  
Wednesday Sept 9, 2019  

Attendees: Kay Gallatin, President and Chair, John Fearnnow, Chairman, Annelle Anderson, Kyle Hughes, Heidi Permatteo and Eric Steele, Director.  

USOC Audit Compliance – The document was discussed again and most of the items are on the way to being in compliance. The athlete representation request has been sent to the USOPC for review and approval. The insurance items are continuing to be provided as requested. The executive committee noticed that most of the items that were not in compliance are new items or new requests/policies.  

Nationals 2020 Hotel – Two proposals were sent for being the host hotel in Cedar Rapids. Both proposals from the Marriott and the Double Tree were similar in composition. The Marriot provided free parking which is one item not provided by the Double Tree. Motion – accept the Marriott as the host hotel. Motion by Annelle Anderson second by Heidi Permatteo, unanimously approved.  

CPRS Representative – Motion Move that USARS post through all media outlets to request anyone interested in being a CPRS representative to World Skate America provide their cover letter and resume expressing their interest and documenting their expertise for this position. Preference will be given to the candidate that is bilingual in Spanish and English. Motion by John Fearnnow, second by Annelle Anderson. Unanimously approved. The time line for this is to have applications for October 15th so they can be reviewed and a decision will be made by the Board as to who to move forward to World Skate America.  

Annual Request for Proposals. – Discussed with Eric the need to get these proposals done and posited in October for Review in November and award in December. Need to make sure we have a good way to collect the requested information that is standardized (bid document form) and can be forwarded to decision makers without the information about bidders identity.

To: Members of the Finance Committee & BOD

From: Judy Graves, Co Chair, Endowment Campaign

To All:

Having just completed the “harvest” for the 2019 World Team(S), I believe we have some inequities in the distribution to the various team members. There were 19 Art team members who received nothing because the individual harvest was less than $50 in their events. This was also true in our first year’s harvest last year, though not so many received 0. The more team members going in say Sr. Free Style (Men & Women), the less they receive. (this year it is $0)

When we started the endowment campaign some 14 years ago, members of the Foundation BOD thought we should set up separate funds for the various segments of our sport. They thought that this may encourage people who otherwise not give gifts, to step up to the plate to fund their special event(s). We had very few gifts with a specific event designation. Most of the time, I would make the decision based on my knowledge of the donor which fund to credit since the donor did not specify any particular team. If I did not personally know the donor; I would put the gifts in the discipline their amateur card was issued (i.e. Art, Speed, Hockey) If I didn’t know the discipline, then I would put it into “All” At the time of harvest, the “all” would be allocated 1/3 to each discipline. This process has nothing to do with the actual investments. They are aggregated for investment purposes. The earnings are then distributed to 11 specific descriptive groupings based on a share purchase system from which the harvest is calculated. It is then broken down further into a more targeted event such as Sr., Jr. Figures Freestyle dance, precision, etc.

I am proposing that this methodology be changed to just allocating the harvest by Discipline: ART, SPEED, & HOCKEY. Then, take the discipline total & divide by the number of SKATERS (not events they skate). If we do this, each art skater would get $114.22. Speed & Hockey would still not have enough harvest to reach the $50 threshold. Once their contributions reached enough to supply each team member at least $50, we will continue to carryover the available balance.

As of 12/31/18, the market value of all principal funds was $80,584.25. Broken down by Discipline:

<table>
<thead>
<tr>
<th>Discipline</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Art</td>
<td>$76,304.35</td>
</tr>
<tr>
<td>Speed</td>
<td>4,238.63</td>
</tr>
<tr>
<td>Hockey</td>
<td>41.27</td>
</tr>
</tbody>
</table>

I believe this process would satisfy our donors as all of the skaters would receive something once the principal for each discipline reached an amount necessary to produce an adequate harvest.

**Endowment Harvest Allocation Policy**

Beginning with the 2019 World Team, available endowment harvest shall be allocated to each athlete based on his/her roller skating discipline: Art, Speed & Hockey (inline,rink). The discipline total available funds each year is allocated based on the number of skaters in each respective discipline. If the individual amount available is less than $50, no funds for that discipline will be distributed. Available funds shall remain in the discipline total until such time as the harvest (including prior years) shall equal a minimum of $50 per skater. Individual principal gifts will continue to be credited to the appropriate account in each discipline based on the donor’s preference. The Harvest is to be distributed to all athletes who have qualified and paid entry fees for the world championships, regardless of the event that they qualified in.

*ACE MENTORSHIP Update- Leslie Klein & Jess Nerkowski-
Athletes are asking for more funding, assistance in juggling regular life needs as well as sport needs, and media exposure. College, Lamda program- tuition free until you make $50,000. Teamed up with Dartmouth & Harvard business school. Simon Grant, for high performance athletes showing financial need can apply.

They have expanded education opportunities and athlete assistance in 'adulting'. They are working on getting information out to the athletes for them to utilize the programs & assistance. They assist in tax preparation & resume creating. They are trying to streamline their processes, expand workshops (business based), and grant availability. They have a 'Entrepreneurship Training with a Shark Tank aspect.

PIVOT program provides workshops & monthly online meetings- for those planning on retiring, workshops are available. Wants to minimize the occurrences of athletes voicing helplessness during & after sport life by exposing more of their resources & to be taken advantage of applying for grants & participating in the programs. Health insurance is currently outside of ACE, but they are looking into including it. Talks of possibly setting up a Dashboard for more visibility for athletes & more connection & continual outreach to athletes.

**APPLICABLE ATHLETES:** National A/B Team- Elite Athlete. Still working out the actual hierarchy tier of applicable athletes so currently- pretty open.

*Outreach & Engagement- Julia Clukey, Rule 40 (Image Rights while an Olympian) -
USOPC is looking to evolve it for Tokyo 2020, hoping things will become more relaxed. German Olympians took their OC to court & won the ability to acknowledge their sponsors.

Athlete Listening Timeline & Responsibilities- currently creating a survey to collect data on athlete needs & wants (services, benefits). Surveying current, exiting, & exited athletes. Want to ensure that all athletes know: how to navigate the USOPC, it's community & culture, its programs, on & off boarding, and athlete tiering. The goal is to optimize & centralize athlete experience & enhance digital resource accessibility.

**USOPC Proposed Maternity Policy**- female athletes that get pregnant keep their benefits & resources throughout pregnant & for 1yr afterwards. They would then would have to re-qualify. They are not required to compete. Plan to finalize Oct 15. Set implementation plan for USOPC resources Nov 30. Phase 1 launch Jan 1, 2020. Hopefully to completely launch Jan 1, 2021. Current Athlete Insurance: EAHI plan, BlueCross Blue Shield.

*Athletes Ombudsman- Kacie Wallace, Athlete Ombudsman-
Cases by Action: Jan 1- Aug 884 cases: 532 Advice, 296 Assistance, 52 General Support, 4 Referred to elsewhere (basically wrong calls). Most popular is 1- Team Selection, 2- Anti Doping, 3- Safe Sport 51% Sexual, 49% Not Sexual. Ombudsman assists athletes: Emerging Elite, Elite, And Retiring

*LA2028 Update- Casey Wasseman, Kathy Carter, Janet Evans-
Currently building up youth sports programs in hopes to double the numbers by the
games, in LA- Core Sport Programs. Post Olympics/Paralympics it will be up to the city & organizations to continue the programs. Sports proposed to be added will be announced later. LA2028 looking to give back to the Olympic/Paralympic athletes with the Athletes First motion. Website: LA2028, click Bid Book- Athlete Programs for Athletes of the world. They are working with the ACE Program. They are using & renting current venues so there will not be resident displacement or vacant venues post olympics.

**Collegiate Advisory Council (CAC),** Sarah Wilhelm leads dept-
Created in 2015, Student Athletes, project to strengthen the collegiate contribution to Team USA/Olympians- pipeline from college to Olympian. Purpose- Identify & remove impediments faced by national team athletes who are personally developing training & competing collegiately & internationally. Had a survey of college athletes & found **Issues:** training limits, resource restrictions, post collegiate gaps- (contracts, insurance, agents, & paralympic imparity-rules need to apply). **Reform Concepts:** training flexibility (provide national team athletes with discretion to request voluntary training/coaching), resource access (permit USOPC discretion to issue unrestricted developmental funding, permit athlete earned awards to be used for development post eligibility), post-collegiate support (provide athletes with education & tools to aid them in the post collegiate transition), paralympic inclusion (include para in ALL Olympic exceptions). Goal is to strengthen Olympic sport programming at the college level. Through increased national & local engagement, the programs will thrive.
Currently, 124 schools have joined in with this program.

**USOPC Bylaw Reforms (in a 60 day comment period)**-
**Main adjustments:** *Direct elections for AAC & NGBC directors to the board of USOPC. *Direct reappointment of SSC & NGBC directors of the board of the USOPC. *Dropping 'Op-Gold from the qualification for Athlete Rep/AAC. Want the AAC to decide the best pool competition to pull from for representation. Currently AAC does not have control of reappointment for subsequent terms. Currently in a 60 discussion period after which they can be amended, restricted, or approved.

Meeting Day 1 adjourned

Sept 13, 2019 Friday

**USOPC Board- Beth Brook-Marciniak, Whitney Ping, Kikkan Randall, Brad Snyder**-
Gave overview of what they are hearing as needs from USOPC- trust, voice, power, transparency, recognition, engagement, meaningful feedback, flowing communication. By laws proposed changes: move to 33% athlete representation on the board, direct election of AAC reps, funding for professional AAC Staff, & ability to control its own budget.

**Rule 50, Podium Protest**-
AAC & USOPC want to relax it with social media, podium expectations & consequence are not exactly set & defined. Want athletes to be aware of the rules & possible consequences before team is made.

**AAC & NGBC Joint Meeting**-
Overviewed the goals of the proposed bylaw changes.
SafeSport - Funding, CJS Appropriations Bill, hoping to be assisted through federal funding-$2.5 million. Safesport is asking for $20 million from the USOPC.

Athlete Advocacy & AAC Professionalization - Fundraising for the AAC, trying to create a sustainable donor program & budget. Went into Executive Session.

USADA - Whereabouts violation - on going obligation to update your whereabouts within an hour frame. Missed tests are whereabouts violation. Testers arrive before or after that hour, trying to hinder athletes from modifying the test results. Filing Failure occurs when there is a whereabouts violation. Athlete's may receive a 'Missed Test' for failing to be at the location specified during the required 60 min window. 3 strike rule within 12 months - upon which, the athlete is in violation. The athlete can be ineligible to compete between 1 & 2 years.

Meeting Adjourned

Sept 14, 2019 Saturday

USOPA - Dick Fosberry USOPA Pres, Carol Lewis - USOPA's AAC Liaison -
Hoping to connect, work closer, & communicate more with the AAC. Want to increase athlete representation on the USOPC board. Want to extend the 10yr rule for athlete representation. Developing a database of athletes (olympian/paralympian) to reach out to to fill spaces on the board. Going to join in on meeting calls on both sides as well as SafeSport's working group. Wanting to include assistance of sports that are not Olympic/Paralympic status (but not a boarding position). Changing the newsletter name from The Olympian to The Olympian & Paralympian. Want to include a section for the AAC to the newsletter. Trying to implement a program through United Airlines to hire Olympians & Paralympians.

Rule 40 -
Set a motion to abolish has been tabled. Because of the success in Germany, the rule modification is on the table of the NOC (National Olympic Committees), have the power to ultimately change it. There is a fear of funding being decreased or denied due to breach of the contracts with the IOC & renewal of contracts sponsorship.

USOPC - Sarah Hirshland, USOC CEO
USOPC has created a Mental Health task force to support athletes with a 24/7 access care. Life cycle transitions - improve assistance.

New Mission:
Empower Team USA athletes to achieve sustained competitive excellence & well being.
4 pillars of focus:  1-Athletes First, 2-Partners Success (improve communication & transparency with everyone under the USOPC), 3-USOPC Commitment to excellence, 4-Global leadership on the road to LA2028.
