SINGLE EVENT MEMBERSHIP:

The Single Event Membership for Figure Skating and Speed Skating for a fee of \$25. This membership will be upgradable, if members wish to upgrade to a limited or full membership, they would just need to pay the upgrade fee (which is the difference between the current membership and a full membership)

Single event memberships will only be available through our online membership registration system. **When purchasing the Single Event Membership online, please be aware that the membership will expire 5 days from the date of purchase.**

* Athletes must primarily register in a specific discipline. However, as an added membership benefit, athletes who carry a full competition card will now be allowed to compete across all disciplines competitively with a single full competition athlete card.

** Other Category represents sports such as freestyle, downhill, slalom, scooters and street luge, with membership less than 5 total members nationwide where full membership is needed to be created for sports in order to assist individuals that compete at World Roller Games, a responsibility tasked to USA Roller Sports through World Skate.

*** Because of the unpredictability nature that can come with the Fitness Card, this membership is not covered under USA Roller Sports insurance.

**** The Alumni membership does not include USA Roller Sports insurance.
