

Application for Junior World Team Member – Assistance for Training in Europe  
(Please Print)

Name \_\_\_\_\_ Club \_\_\_\_\_

Address \_\_\_\_\_ Age \_\_\_\_\_

Phone \_\_\_\_\_ Email \_\_\_\_\_

Why would you seek assistance with training at a Location outside USA?

---

---

---

If you were given assistance it would likely not cover all expenses. Would you, family and your support group be able to gather the remaining resources to afford the trip and expenses for this training event?

---

---

What year did you compete at a World Championships in a Junior Event? 2012, 2013, 2014 & 2015, 2016

Placement at World Championship event?

\_\_\_\_\_ Are you planning on  
competing this skating season in Junior Events? \_\_\_\_yes\_\_\_\_

What event(s) \_\_\_\_\_

We would appreciate two recommendations from persons involved in Roller Sports stating your skills, your commitment to your training, and what benefit they believe you will receive from this outside training.

Do you have a USA passport? \_\_\_\_\_ Date expires:  
\_\_\_\_\_

What training program do you plan to attend?

## **USARS Grant Proposal to US Foundation for Amateur Roller Skating Junior World Team Participation in Organized Training Outside USA**

**Goal:** Many Athletes who have participated at Junior World Championships have identified that having additional training outside the USA would provide them with exposure to different techniques, equipment and instruction. This training might help the athlete to improve their performance and potentially improve their outcome at future world championships.

**Details:** USARS would like to seek annual funding from the US Foundation for Amateur Roller Skating to assist previous Junior World Team athletes to with expenses associated for the training at an organized training camp in another country outside USA.

Assistance would be limited to two skaters based upon the number of applicants. It is anticipated that funding per athlete would be limited to \$2000 per athlete and USARS would seek confirmation from the athlete and their guardian that with the assistance that they have adequate resources to attend the training program.

Because of the age of the athletes there may be a need for one adult to accompany the athletes to the training program and the expenses for this will be supplemented by USARS.

It is expected that the maximum number of athletes to be assisted would be 2 per discipline with a priority system of ranking based upon the following in order of importance:

- 1 Previous World Team Participation
- 2 Highest placements at the World Championships
- 3 Ability to compete in Junior World Class events during current skating season
- 4 Verification of need
- 5 Verification of guardian approval and ability to supplement additional expense
- 6 Statement of support by persons within their discipline of their commitment to training for future World competitions

A committee of USA Roller Sports that would minimally include the President, the discipline director, and one coach (board member) will rank the applicants in order of preference.

This grant proposal and committee structure should be approved by the governing body and then submitted to the US Foundation for their input and approval. A notice would be placed on web site and in athlete's packets at the National Championships. Applications submitted by Jan1 to decide prior to training opportunities for the upcoming season.

Amount requested for 2017: Not to exceed \$6,000 (2 athletes & 1 coach)

Respectfully submitted by: Dan Brown, President of USARS

Bill Spooner  
President  
USARS
