I _________________________ as a ______________

Print Name

United States Amateur Roller Sports (USARS) World Team Member agree that I am financially responsible for all expenses incurred as the results of becoming a World Team Member. Failure to make complete payment for this event will result in a suspension of membership status for not being a member in good standing. Outstanding balances will be referred to a collection agency where all expenses for such agency will also be my responsibility. Per USARS World Team Travel policy, I am responsible for securing and paying all personal travel arrangements. USARS has reserved athlete rooms which are my financial responsibility. An estimated amount (TBD) is immediately due at this World Team meeting. This estimate is based on anticipated size of team and related expenses, and was previously published. The remaining balance will be due TWO WEEKS from today’s date. Any remaining balance will be billed shortly following the World Championships. Any credit will also be refunded at that time.

I acknowledge that any incident or accident that should occur during this event is my financial responsibility and is in no way the financial responsibility of the Team Staff, USARS or Board Members.

I further agree to follow all rules set forth by USARS, FIRS and the Team Staff and will act in the best interest of the sport of roller skating.

Poland
1. Players are currently making arrangements with the travel agent. They will purchase their tickets by 4/6/17.
2. We are waiting for Peggy/USARS to provide any documents.

China
1. Jon and Chalie will work on the budget. The budget supplied by Peggy does not closely match the figures we developed. The flight may be less than our original budget.
2. Dave M. looked into hotels in China and recommended the Renaissance Hotel, based on contacts that he has in the area. This is not on the approved hotel list. Players will be staying at the Hilton. All teams will stay at the same hotel. The Hilton is a 25-minute drive to the rink by car. By bus, this may be 30-45 minutes. Dave M. will check with his China contacts and try to gather more information.
3. Other teams from our federation may be staying at the Hilton.

Uniforms
1. Verbaro is working on the uniforms. When the final design is received, Jon will send it out.
2. Once the uniforms are complete, we will talk to Jon Mosenson about apparel for family and friends.
3. The designs for the Poland and China uniforms will be the same, with one exception. On the Poland uniforms, there will be a patch with the World Games logo. The China uniforms will have the China games logo.

Flights
1. Shelly is working on flights. We hope to have information in the next few days.
2. Dave M. does not want to practice in Los Angeles before leaving for China due to the extra cost that would be incurred by players to get there.
3. Dave M. looked at flights. Using China South Airlines, players can travel from JFK to China for $600, LAX to China for $700 and Phoenix to China for $800. If a player on the east coast needs to travel to Los Angeles for practice, their cost would increase by $500-600. He would like players to fly from the city nearest their home to Shanghai, China, where the team will meet and travel together to Nanjing. They plan to practice in May and July.

VISAs
1. Visas are $160. Players must show their passport at a Chinese Consulate in order to obtain their visa. There is a consulate in New York and Los Angeles. There may be additional consulates in San Francisco, Chicago and Houston. Other options include the player sending their passport to the coach who can obtain the visas for the entire team. Also, Shelly may have a third-party agency who can obtain the visas for the team. Passports can be mailed to her. She can have them done in two days and mail the items back to the players.
2. This must be done early. Any delays could result in a player not being able to enter China.

Team Meetings

1. Team conference calls will be held on 4/12/17. Payments and documents are due on 4/15. Players who have not supplied these can be reminded about the deadline during the conference call.
2. Conference call times are as follows:
   a. Senior Women – 7:00 p.m.
   b. Senior Men – 8:00 p.m.
   c. Junior Men – 9:00 p.m.
3. A parent should be on the call for the junior team.
4. If someone cannot make the call, minutes can be sent out containing details learned from the call.
5. There will not be a junior women’s team this year. Four players dropped out and only one goalie was available.
6. Another goalie is needed for the junior men’s team. Partial funding may be available if a goalie is found, but is unable to pay the full cost. If anyone knows of a goalie, contact Jon, Chalie or Dave I.

Dates

1. Dates supplied by Peggy indicate the junior team will check into the hotel on 8/25 and check out on 9/4. They would fly out of the USA on 8/23.
2. The seniors will check in on 8/30 and check out on 9/11. According to Dave M.’s research, flights leaving Phoenix would arrive in Nanjing on 8/31 at 10:15 a.m.
3. The dates have changed. Chalie will contact Peggy and get the dates organized. This must be done before the 4/12 meeting. Peggy is supposed to confirm the dates before booking the hotels and flights.

Miscellaneous

1. Players need to be aware of luggage fees. All sticks will be packed together when traveling together as a team to China, creating one piece of luggage for all sticks. When players are returning, separate from the team, their stick will incur the same luggage fee. They may wish to sell their stick before returning to prevent the fee.
2. Melanie should send an email to Dave I. containing names and email addresses of players on his team.

The meeting was adjourned at 9:40 p.m.
May 2017: Janine Foster Protest against several USARS members has created a MAJOR uproar on social media. Much misinformation and several people feeding fuel to the fire on much they do not know on facts to the matter is not helping make USARS a favorite in the memberships eyes. USARS did not seek the protest but one of it’s members did, understandably the office had followed protocol as set forth by USARS rules. Several members in good standing are stirring the pot. This is something that should not be ignored even though it should not have been common public knowledge. In today’s age of tweets, FB, messaging and texts anything and everything can and will get out. Innocents depending on who lets the information out can become a guilty party and vice versa. I have just returned back into the Country from training and competitive events in Europe so I am still getting informed and seeking facts on the matter and putting out fires where I could based on what facts I know which is not much. There are several USARS Speed members to which I know are planning on being in attendance at this meeting maybe they can shed more light on this subject. We have our regional championships next weekend and my just returning back into the Country would have some 30 plus athletes and their parents pretty made at me if I was not coaching practices the week before.

There is more than meets the eye with this subject and those it has, can and will potentially affect. And it honestly does not come at a good time considering the threat of RSA and Speed Competitions. Get on FB and read what USARS membership is writing and what they are stating they may and may not do. It should not be taken lightly for membership with our organization cannot afford to go away. My arrival back home less than four days ago has been countless emails, text, post, messages and questions in all formats on what is going on, and why? Something I too would like to know?

April 2017:
1. Officials Committee upgrades / none upgrades (Kay Gallitin can give more information if needed.)
2. Updated lists of officials that can work IDN and ODN (Kay can give more information if needed.)
3. Further discussion from SC on late entries for IDN, PROS, CONS, ISSUES, added fee’s yes no. that would be a FC decision. Will be subject matter next SC meeting.
4. Rules Committee to update, clarify / amend several rules that memberships in one part of the country has done/ read a certain way and another part has read / done another way. I.E. Substitution for relay,
5. I have heard from several athletes the USARS Speed Skating Clinic in Colorado Springs was very enlightening, professionally ran and “LOADS OF FUN” USARS should seek using this facility and the Florida Facility more in every aspect possible as what is done in Europe and South America, actually around the World on a daily, weekly, monthly agenda.
6. USARS 2016 and Prior National Team members and those wanting to someday be a USARS National team member that attended the training camp and competitions throughout Europe in the month of April created much excitement there and at home due to Live Streaming showing that the USA currently has many great Speed Skating athletes that have lots to offer currently and in the future for this sport at the international competitive level. The state of the art Facility in
Geisingen Germany has shown the World that INLINE Speed Skating is an Amazing sport bringing well over one thousand plus competitors from around the World.
7. Structure of The Tentative Indoor National Program Schedule . Awaiting Consensus approval from the rest of the SC.
8. North Eastern and Eastern Region issue, there maybe a letter sent to the board on this matter from one upset coach? SC in future meeting to amend this issue if it is within their rights.
9. Work on Grass root programs to gain membership, retaining the new membership. Compete in a more cost effective, friendly manner with against the potential threat of the RSA and their programs that right now are cheaper than USARS for it’s members. ( Kelly Springer may or may not want to elaborate on this it is still being worked on and considering the threat this may not be the right time to put the ideas out in the open to be used in another organization?
10. Uncarded / non USARS membered officials at USARS competitions. SC and OC beleive it is an eligibility issue based on general rules. But we all know from time to time events cannot be run properly without those volunteers in all capacity due to not having available carded officials.
11. SC USARS official Notice went out about Classic Two Lady Relay Change as per amount of Laps skate between relays.

MARCH 2017

1. ODN Road setup to be directed by the Speed Committee, suggested by Officials Committee, falls inline to what is done at the World Championships.
2. EXEC Board approval of officials for both National Championships.
4. SC USARS official notice went out about the Pilot program for the 3 person Relay at the 2017 IDN.
5. Only one coach applied to be coach the Spring Developmental Clinic in Colorado Springs. By default that Coach Kelly Springer was selected at Clinic Leader for that Clinic the end of April.
6. World Championship discussion on athlete parent interaction, duties, responsibilities for speed. "The Spanky rule did not work well for the Speed World Championships last year. There needs to be a happy medium, we have gone from one extreme to another.
7. Tentative IDN Schedule sent to official and people others to flush out potential issues that may have been missed and or forgotten.

MJ Accounts receivable is up to 90K may need to write off some old outstanding debt.    a. Was used at America’s Cup in 2016 (2017?)
   b. Question about availability of tempos to membership.
   c. Suggested to share Dropbox of tempos and decide for selections for qualifying competitions (new business for March meeting.) Suggested posting by 3/1/17.

4. Officials committee met and rulebook revision is underway. Will keep you updated.
5. Jodee Viola asked to add an item to agenda regarding Intl youth team and solo events. Following discussion ensued: **(new business – March 2017)**
   a. Needs to be age divisions/structure leading to Intl competition.
   b. Combine Fresh/Soph (B) as “transition” event?
   c. Freshman and Sophomore then International Style?
   d. Options should include both traditional American style and International paths.
   e. How can we restructure events to accommodate the time difference in skating 1 skater/flight? **(future business)**
   f. Janet moved to bring this proposal forward and to include the coach’s regional reps sub-committee for their input. Seconded by Ed Harney
      i. In discussion, an amendment was added to establish deadline for submission of proposal Jodee Viola. Jodee established self-imposed deadline of 2/22/17. Vote: Ayes – 6, abstentions – 0, Nays – 0 Motion approved.

6. Posed from membership: Does a "B" skater lose their "B" eligibility by skating in Large Show, Small Show, and WC Quartets?
   a. AR8.02.08 Any skater who has ever participated in CLASSIC, JUNIOR, JUNIOR WORLD CLASS, SENIOR or WORLD CLASS events in a qualifying championships is not eligible to skate in the same Level (B) or any Level (C) event.
   b. “Same” event would suggest like events. Since there are no “B” level show numbers or quartets, by current rule cited that would not affect eligibility of athlete to participate in “B” level team dance, solo dance, free skating singles/pairs, or figure events.
c. Scott Clifford will research a point brought up about World Team members being ineligible to compete in any “B” level event.

7. Music authentication for Style Dance/Free Dance. (Sent via e-mail by Janet Pavilonis, but not received by all. Janet will forward e-mail containing details.) Chair will then forward to Figure Committee upon receipt. (Completed 2/15/17.)

8. Janet Pavilonis provided the following information as it might pertain to any changes in the adult division events. These data were obtained from Scott Clifford’s spreadsheet. Some small number of members are not represented as they skate team dance, and only the male partner information was available.
   a. 4% -- Novice – 19-24
   b. 6% -- Classic/Novice A (25-34)
   c. 7% -- Esquire (35-44)
   d. 19%--Masters (45-54)
   e. 26% --Veterans 55-64
   f. 32% -- >65 – Golden

- All dances are to be skated TWO (2) skaters/teams per flight. Bronze and Silver skill levels will skate FOUR (4) repetitions of the dance. Flights with ONE (1) skater/team are to skate TWO (2) repetitions of the dance. Gold skill level will skate 2 minute flights.
- Skaters MUST skate their age division (teams skate the appropriate age division of the younger partner).
- Skaters may ONLY skate one skill level (of their choice) within their mandated age division.
- Any Adult Division skater who is an Elite, Advanced, Certified, or Registered coach, and wishes to receive coaching credentials for the National Championships in a given year, MUST choose to skate the Gold skill level for that skating season.
- Skaters may skate ONE skill level from their mandated age division, AND either the Classic Silver OR Classic Gold division.
- Any Adult Division skater may ALSO skate the Original Compulsory Dance event.
- Any Adult Division skater may ALSO skate the Classic Loop OR Classic Gold Loop event.
- Groups are drawn May 1; One group will be drawn and skated by all skaters for regionals. A different group (but not the group drawn for regionals) will be drawn for each age division and each skill level for nationals. If there is a final at nationals, the final will skate the regionals drawing. (See example on next slide)
- At Regionals, all skaters in the same skill level (Bronze, Silver, or Gold) may be skated at the same time, but shall be judged separately according to their age division.

PROPOSED ORIGINAL COMPULSORY DANCE REQUIREMENTS

- **GENERAL RULES** - No spins, jumps, or hops. No use of toe stops. The dance cannot cross its own tracing. Maximum time 2:15.

- **BRONZE** - Forward steps limited to: Progressive steps (stroke, run, cross in front), chasses (raised, crossed, dropped, swing-dropped), swings, and changes-of-edge. Peanut shaped pattern or 2-lobe straightaways. Teams must maintain one dance hold position throughout entire dance.

- **GOLD** - All existing forward and backward steps, including two-foot and one-foot turns. Multi-lobe straightaways and inverted or gabled corners allowed. Newly invented forward and backward steps allowed. Teams may change dance hold position.
ADVANTAGES OF PROPOSED DIVISIONS

- Ensures dances/figures selected for meets before May 1 will skate dances/figures being practiced for regionals and nationals
- Allows all skaters in same level (bronze, silver, or gold) to warm up at same time at regionals and other meets
- Exceptional original compulsory dances may be adopted for competitive use in later years
The conference call started at 9:30pm EST. Those in attendance were: Tony Berger - Southern, Jody Harrah - Southwest, and Robyn Young - South Central. Janet Pavilonis also attended as a guest speaker.

Janet spoke with us regarding the adult events. She has started to gather information on our adult skaters regarding their ages and events they are skating. She noted that a large majority of adult skaters are aging up, but we are not seeing new adult skaters coming in to the events. We had a productive conversation and several ideas were bounced around on how to not only add new adults, but retain the ones that we have. Janet is going to provide the Coaches Rep's group with some age statistics as well as a proposal for a new adult event. It was also discussed that we need to make some changes/clarifications to the Premier events.

Tony stated that the Figure Committee wants the Coaches Rep's to take an active role in proposing changes to the adult program. He also noted that they would like us to have the requirements completed and ready to hand out at the 2017 National Championships.

Robyn noted that we should take a careful look at how we arrange and word the age groupings for adult team dance so that retain as many team skaters as possible.

We decided that we need to have another conference call this month so that we can start moving forward with this task. The next meeting will be Thursday, March 9th, 2017 at 9:30 EST.

Call ended at 11:02pm EST
Roller Figure Coaches Representatives  
March 9, 2017 conference call minutes

The conference call started at 9:35pm EST. Those in attendance were: Jody Harrah - Southwest, Janet Jordan - Eastern, Margaret Wilson - Great Lakes, Cindy White - Northwest, Heidi Permatteo - Northeast, and Robyn Young - South Central. Absent from the call was Tony Berger - Southern, Rachel Dols - North Central, and Cindy Schrader - Southeast.

Jody started the call by informing the group regarding the conversation that took place on the March 2nd conference call. FSC member Janet Pavilonis was also on the call. The FSC is requesting that the Coaches Reps come up with a proposal to restructure the adult events.

Heidi stated that on a conference call earlier in the year, the reps were requested to come up with teaching webinars that will help the coaching field. Over the past few years, the reps and other coaches have developed tools to help coaches (new and old). The reps think that until the website can support the already developed tools, there is no need to rush to develop webinars at this point.

The reps next went on to discuss Brandon Fisher's proposal for duets and trios. The reps feel at this time that this proposal should be worked on at a regional or league level to see if there is interest. The reps would love to see actual numbers that would support this proposal before bringing it to the FSC.

Lawaun Modrich and Jodee Cohen’s youth dance proposals were discussed next. While reviewing both, the reps questioned if there is enough teams for having both A & B events any longer. If the FSC looked at both proposals and slightly modified and combined the two, it might help solve both problems. The FSC could lower the requirement difficulties for the domestic "team" (no A or B name anymore) dance event and add the international team dance events. Since there are more teams in the B events and no training for teams to enter the CIPA events, this might be a viable solution. There will still be 2 levels of team dance events for coaches to choose from.

While discussing removing the A and B status under the youth dance team events, Robyn added it might be worth looking into doing the same for pairs. By combining the 2 events, there would be more competitors, which in return will create stronger skaters.

Discussion went back to the Adult structure. The reps believe they need more direction from the FSC. This is a huge undertaking to work on without guidelines on rules and requirements. Heidi will put in a request to attend the next FSC conference call to get more guidance.

The reps worked on 4 questions that they hope will help them determine how the coaching field feels about changing any rules. The group would like to wait until the next conference call to discuss the questions with those missing before sending them out to the field.

Next call will be on April 6th. Call ended at 11:18pm EST.
The conference call started at 9:38pm EST. Those in attendance were: Jody Harrah - Southwest, Janet Jordan - Eastern, Margaret Wilson - Great Lakes, Cindy Schrader - Southeast, Cindy White - Northwest, Heidi Permatteo - Northeast, and Robyn Young - South Central. Absent from the call was Tony Berger - Southern and Steve Wojtowicz - North Central.

The call started off with Safe Sports. Janet stated that Safe Sports is good for 2 years and all coaches will need to have taken it before nationals. Reps have been reminding coaches to take the test for over 1 year now. All reps need to send out a reminder again to the field.

Heidi spoke to the reps about volunteers needed to monitor the door between Gravity and the sports arena. There will be 2 hour slots for volunteers to sign up for. Reps expressed concerns after trying to gather volunteers for the practice rink last year. Their comments and concerns were:

Who would be in charge of the volunteers?
Can parents that volunteer get in free for that day?
Why is the door even open? Is it just for food?
Last year we asked for volunteers to help with the practice area and volunteers did not show up for their times. How will it work?
Coaches and skaters are at the national championship to compete, not monitor doors.

Heidi will send an email to Bill to address these questions.

Jody had sent the 2016 addendum to her coaches since the figure rules book is still being worked on. She forwarded the addendum to the group and suggested they do the same to avoid any possible confusion on rules.

This is the month that the reps will need to reach out to the field for their proposals to vote on at the regional meetings. These proposals are to be sent to Heidi before next months call. All proposals will be reviewed and discussed on the next call.

The reps reviewed last month's 2 proposals from Jodee Viola's and Lawaun Runde Modrich's. The group felt that the combined proposal that they came up with would be a great comprise of the 2 proposals.

Heidi was asked to send the reps a copy of the email that she is sending her coaches. It will include asking for this year's proposals, the 2016 addendum, and a reminder to take the Safe Sports test.

Next call will be May 4th.

Rink Hockey Conference Call
Wednesday February 22, 2017
10:00pm EDT
On Call: Tom Hughes, Don Allen, Brian Moyer, Bryce Robinson, Pat Ferguson, Kyle Hughes, Shane Enlow, Jim Jost

1. Treasurer’s Report:
   $1367.85 Balance

2. Referee Committee Report
   Duane is working on revising an updated checklist for on floor evaluation during testing. He has based it on the CERH model and will share with other members of the committee when he has a solid draft.

   Nic Robinson wants to test for his next level. As long as two international referees are in attendance, we see no problem doing that at the Lubbock meet.

   Duane is a 50/50 on the Lubbock meet right now. He must fly due to that being during the state standardized testing period and must work on Friday and Monday. Right now flights out of the four local airports average $600. Jim was planning on attending.

   Nick for Argentina has expressed interest in returning to help with our nationals. He has been in touch with Jim and has said he would cover his own flight. Jim will contact Nick and offer him an invitation.

   Committee agreed to supply Nick boarding and some food reimbursement if he wants to attend.

   Tom said that we are in need of more qualified and commissioned referees for our local meets, but especially for Nationals. Our regional reps need to get the word out and possibly find people wanting to referee.

3. 2017 National Championships:
   Fundraisers during the National Championships were discussed. Teams need to come with some ideas. We need to get our World Team players from all of the Teams involved with this. We will revisit next meeting.

4. World Team Camps (China)
   The Ladies Team is all selected with a possibility of players moving up into the bottom slots. Brian report camps are having issues due to finances. He does not want to have players financially burdened with extra camps. Senior camps have been planned but seniors are having the same issue with finances. Don Allen report ladies are experiencing similar issues. The deposit for China will be $765 which needs to be at the USARS’s office by April 28th. Total estimate for each player’s trip is
$3000 including hotel (includes breakfast only), air and China visa. All back fees owed to USARS must be paid in order to participate in China.

5. **2017 World Roller Games: Nanjing, China, August 25 through September 10.**
   Current schedule is:
   - Seniors Arrival: August 31st through Departure September 11th.
   - Opening Ceremony: September 2nd - Closing Ceremony: September 10th

6. **Rink Hockey Awards:** Meritorious Service, Bill Sisson, Rink Hockey Skater of the Year.
   The nominations are due by April 1st. Committee members will get a final list done by the next Committee meeting.

7. **New Business:**
   Tom brought up that we need to get our coaches certified and registered. He and Kylie worked on the reduction in cost for Hockey Coaches for quite a while with the USARS Board of Directors. We need to take advantage of the new reduced cost and get our current as well as new coaches certified. Brian suggested we have a neutral facility for training of all USARS World Teams. Olympic Training Center was suggested. Skating location could be an issue. Pat brought up that there was talk of a San Diego training center which could also be used. Tom will check on the status of these training centers and costs.
   Brian suggest USARS floor be set up in a building to be used for training charging team fees to use it. It was also brought up that there was a used floor in California which was used for the “Gold Skate Classic” before and is no longer in use. Bryce will check into this.

8. **Next Committee Meeting:** March: **Wednesday March 22**

Committee also believes new cards should not be required for the World Roller Games since the games start during the current hockey season and end after the new season has begun.

8. New Business: New Committees
   Tom stated that two sub committees, a Grass Roots Committee and a Sponsorship Committee need to be organized. Members of these sub committees do not have to be committee members. He asked the committee to come up with some suggestions of people to Chair and populate these committees by the next meeting. Brian brought up the national $50 fee that is to go for the World Teams. Tom said Bill had set it up to go directly to the traveling World Team, but this would be done in the future and that Melanie from USARS was in the process of cutting the Foundation a check for the past monies we haven’t received. Tom will keep us posted on the progress. Brian suggested we start a rink hockey Facebook page for coaches’ information including teams that might need players.
