Independent Auditor's Report

To the Board of Directors of
United States Amateur Confederation of Roller Skating

We have audited the accompanying consolidated financial statements of the United States Confederation of Roller Skating (a Nebraska nonprofit corporation), which comprise the consolidated statements of financial position as of August 31, 2020 and 2019 and the related consolidated statements of activities, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinion on Consolidated Financial Statements

In our opinion, the August 31, 2020 and 2019 consolidated financial statements referred to above present fairly, in all material respects, the financial position of the United States Confederation of Amateur Roller Skating as of and for the years ended August 31, 2020 and 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

UNITED STATES AMATEUR CONFEDERATION OF ROLLER SKATING

Notes to Consolidated Financial Statements

August 31, 2020 and 2019

The United States Amateur Confederation of Roller Skating (the Confederation) is a not-for-profit corporation formed for the purpose of fostering national and international amateur roller skating.

The United States Foundation for Amateur Roller Skating (the Foundation) is a not-for-profit corporation formed for the purpose of support and development, including educational programs and research, of the members of the Organization.

NOTE A – SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying consolidating financial statements follows.

Method of Accounting. The accompanying financial statements of the Organization have been prepared on the accrual basis of accounting.

Basis of presentation. Generally accepted accounting principles (GAAP) require the Organization to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions, which represents the expendable resources that are available for operations at management's discretion; and net assets with donor restrictions, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the organization.

Principles of Consolidation. The accompanying consolidating financial statements include the accounts of United States Amateur Confederation of Roller Skating and United States Foundation for Amateur Roller Skating, a controlled not-for-profit corporation (collectively referred to as the Organization). All significant intercompany accounts and transactions have been eliminated in consolidation.

Cash and Temporary Investments. For purposes of the consolidating statements of cash flows, the Organization considers all highly liquid investments with a maturity of three months or less to be cash and temporary investments.

Investments. Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the statement of activities. Donated securities are recorded as contributions equal to the fair market value of the securities at the date of gift.

Fair Value Measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. The Organization utilizes a framework to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
---------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------

See accompanying notes to financial statements and independent auditor's report.

Notes to Consolidated Financial Statements (Continued)

August 31, 2020 and 2019

NOTE A – SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Fair Value Measurements – Continued.

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in inactive markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Transfers between levels shall occur at the actual date of the event or change in circumstances that caused the transfer. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Receivables. Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivables.

Inventories. Inventories are stated at the lower of cost or market; cost is determined using the first-in, first-out method. Inventory consists mainly of medals and supplies.

Property and Equipment and Depreciation. Property and equipment is carried at cost, if purchased, and at fair market value at the date of contribution, if received by donation, less accumulated depreciation. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives computed primarily on the straight-line method. The estimated lives by asset class are as follows:

Office furniture, fixtures, and equipment	5 to 7 years
Computer and video equipment	3 to 5 years
Computer software	3 to 7 years
Building	7 to 40 years

It is the Organization's policy to capitalize property and equipment over \$500. Lesser amounts are expensed.

Unearned Revenue. Payments received in the current year for amateur cards or club dues for the succeeding fiscal year are recorded as unearned revenue. Entry fees and other receipts for competitions to be held in the succeeding fiscal year are also recorded as unearned revenue. Advances for the National Championships received in the current year for the succeeding fiscal year are recorded as unearned revenue.

See accompanying notes to financial statements and independent auditor's report.

NOTE A – SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Income Taxes. The Confederation and Foundation are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. As such, income earned in the performance of their exempt purposes is not subject to income tax. Any income earned through activities not related to their exempt purposes is subject to income tax at normal corporate rates.

The Organization believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Organization's financial position, statements of activities or cash flows. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at August 31, 2020 and 2019.

The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Organization believes they are no longer subject to income tax examinations for fiscal years ending prior to August 31, 2017.

Net Asset Classification. The Organization reports information regarding its financial position and activities according to two classes of net assets: Net Assets Without Donor Restrictions and Net Assets With Donor Restrictions.

Net Assets Without Donor Restrictions. Net assets without donor restrictions are available for use at the discretion of the Board of Directors (Board) and/or management for general operating purposes. From time to time the Board designates a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. For example, the Board may designate a portion of net assets without donor restrictions as a quasi-endowment (an amount to be treated by management as if it were part of the donor restricted endowment) for the purpose of securing the Organizations long-term financial viability.

Net Assets With Donor Restrictions. Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions.

The Organization reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires; that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statements of activities as net assets released from restrictions.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organizations to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or a Board approved spending policy.

Recent adopted reporting principles. In 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2016-14, Presentation of Financial Statements of Not-for-Profit Entities. The Organization adopted the provisions of this new principle during the year ended August 31, 2019. In addition to changes in terminology used to describe categories of net assets throughout the financial statements, new disclosures were added regarding liquidity and the availability of resources.

See accompanying notes to financial statements and independent auditor's report.

NOTE A – SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Use of Estimates. The preparation of consolidating financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties. In March 2020, the United States declared a national emergency related to the coronavirus (COVID-19) pandemic. The Confederation's operations are dependent on hosting national championships. The COVID pandemic did not allow the Confederation to hold the 2020 National Championships which resulted in a significant reduction of the Confederation's revenue. The pandemic may have a continued material adverse impact on economic and market conditions and holding sporting events.

The Confederation received \$100,000 in anticipation of the 2020 National Championships. Prior to the August 31, 2020 year end, the Confederation renegotiated the contract for the National Championships to be held at the same venue in 2021. As part of the renegotiation, the \$100,000 received in the year ended August 31, 2020 was shown as deferred revenue at August 31, 2020. The Confederation requested and received a waiver of monthly loan payments to the Foundation.

Subsequent to the August 31, 2020 year end, the Confederation decreased its personnel costs by more than 50 percent. The Confederation also accessed \$35,000 of the existing line of credit during February 2021. This amount was repaid in March 2021. The Confederation reduced contractual obligations where possible.

Payroll Protection Program (PPP) loan. The Organization received a PPP loan through Union Bank & Trust for \$79,800 on April 14, 2020. The loan was to be used for payroll, payroll taxes, benefits, and floor storage. The Organization expended \$79,800 for expenses eligible under the PPP by August 31, 2020. The Organization recognized that amount on its Statement of Activities and Changes in Net Assets.

NOTE B – RECEIVABLES

Consolidated Receivables Consists of the Following:

NOTE F – FOUNDATION ASSETS

In prior years, the Confederation's Board of Directors had designated investments such that only the earnings from those assets could be used for sports development. In February 1995, the Confederation authorized a transfer of \$1,426,717 of its investments to the United States Foundation for Amateur Roller Skating (the Foundation), a separate not-for-profit corporation. The transfer was made on June 30, 1995. All of the investment income and up to five percent of the investments may be distributed annually for athlete scholarships by the Foundation's Board of Trustees at its sole

NOTE H – FAIR MARKET VALUE

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in methodologies used during the years ended August 31, 2020 and 2019.

Mutual Funds: Valued at the observable net asset value (NAV) of shares held by the Organization at year end.

Preferred Stock: Valued at the observable net asset value (NAV) of shares held by the Organization at year end.

Common Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Government Agency Bonds: Valued using independent pricing models.

Government Securities: Valued using independent pricing models.

Exchange Traded Funds: Valued at the observable net asset value (NAV) of shares held by the Organization at year end.

Limited Partnership: Valued based on the value of the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE I – ENDOWMENTS

In August 2008, the Financial Accounting Standards Board issued guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Disclosures about an organization's endowment funds, whether the organization is subject to UPMIFA, were also improved.

The State of Nebraska adopted UPMIFA effective September 1, 2007. The Organization adopted the Financial Accounting Standard Board's guidance and required disclosures for the year ended December 31, 2008.

The Organization has interpreted the UPMIFA as requiring the preservation of the fair value of the original gift date or donor restricted funds absent explicit donor stipulations to the contrary. Certain funds have been received from a donor which include a stipulation that assets provided be maintained permanently while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or a Board approved spending policy. The original gift is classified as net assets with donor restrictions.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation or deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The investment policies of the Organization

An endowment fund, known as the World Team Endowment fund, was established in 2005 for the international travel of USA Roller Sports athletes to which donors may contribute funds at any time. Only earnings from the investment of the funds may be used to fund the travel of World Team athletes.

NOTE J – LINE OF CREDIT

The Confederation has an operating line-of-credit of \$200,000 with a community bank to be drawn down as needed for operating cash flow. The line of credit was renewed on September 15, 2019 and again on March 15, 2021. The interest rate was 4.75 percent. The balance on the line of credit was \$0 (2020) and \$0 (2019).

NOTE K – RELATED-PARTY TRANSACTIONS

On December 19, 2013, the Foundation loaned the Confederation \$200,000 at an interest rate of 2.75%. The entire principal balance outstanding, together with any accrued and unpaid interest thereon, was payable in a single lump sum on December 19, 2014.

On December 19, 2014, a second revision to the promissory note was signed. The entire principal balance outstanding along with any accrued interest thereon, was payable in a single lump sum on December 31, 2015.

On July 1, 2015, the Foundation signed a third revision to the promissory note. The note was for the principal sum of \$400,000.00. The entire principal balance outstanding was payable on or before December 31, 2018, but on demand on or after December 31, 2017. Interest was to be paid monthly on the first day of each month at an interest rate equal to the applicable rate charged to the Foundation by the United Bank of Switzerland on the loan from UBS.

On May 24, 2017, the Confederation and the Foundation signed an amendment to the third revision of the promissory note. The principal balance outstanding at that date was \$372,613. Under the terms of the third revision, interest shall be fixed at 5% per annum effective May 1, 2017. Monthly payments of \$1,600 per month were to be paid, to be applied first to interest, then to principal. The balloon date is extended to December 31, 2025; however, the promissory note shall remain a demand note. The Foundation may adjust the interest rate unilaterally.

Effective July 1, 2020, the Foundation agreed that interest would continue to accrue, however, payments were suspended until further notice.

The Foundation awarded the Confederation \$30,000 in grant funds in May 2019 to be used for Star Skate (\$10,000), Roll Art (\$10,000) and Safe Sport (\$10,000). The grant funds were expended within the year ended August 31, 2019.

The Foundation awarded the Confederation \$23,568 in grant funds for the year ended August 31, 2020 to be used to complete repairs to the basement of the Confederation building.

The Confederation is a member of the United States Olympic & Paralympic Committee (USOPC). The Confederation receives grants from the USOPC to promote the sport of roller skating.
