Addendum

Discussion with Reggie Brown 8/26/21

The task group (Heidi, Stephen, Kay, and Misty) spoke with Reggie Brown, Darius, and Jerri on questions and concerns the board members had for this potentially new sport.

Kay questioned on whether there would be non members at sanctioned events and how this would be monitored.

Heidi spoke that this sport would treat sanctions just like any other sport we have. Meet managers (or whatever this new sport will call them) handle applications and make sure skaters have a USARS membership.

Kay asked what does this group of skaters want from USA Roller Sports…our name, insurance, etc?

Reggie stated they are clear they want to be members of USA Roller Sports. They are looking for a National and International path for their sport.

There is lack of translation to their culture as to what being a part of an NBG and how it works. They will work on it working hand and hand with us. Reggie understands that it could be a tough task.

They are looking for support for their sport. USA Roller Sports can help with the new competitive structure.

The new sport offers experience with promotion and branding and can help USA Roller Sports.
