KG Brent has found the following areas to cut office costs:
   Copier 8 months left on the current copier lease. There is the possibility of a new five-year lease which would pay off the existing lease and reduce monthly costs to 600 for the lease and a $40 service fee. That would be a monthly savings of about $1,300 a month overall. There is also an option of another company so additional information is needed to move forward with this.

Action Items: Committee members to review contracts. HP to get current stats on the number of copies used.

Phones: Analog voice lines contract up April 17, 2021. Changing to digital would save money monthly and telephones would be included in the contract. HP and KG will continue to research.

Motion: JP Second AS to cancel phone contract with the current carrier within the timeframe in the contract before the April 17, 2021 end date. Passed Unanimously

USA Sponsored events should have a budget approved before the event. The budget should be submitted to the office by the host of the event. The budget should include proposed income and expenses.
