

Background Check Policy

2022

Background Checks are conducted via third party through the National Center for Safety Initiatives (NCSI). NCSI is officially endorsed by the United States Olympic & Paralympic Committee. USA Roller Sports will recognize background checks completed only through the NCSI system.

In addition, if an individual is involved with another NGB Sport, and they have completed a background check previously, this check will be accepted by USA Roller Sports as long as the check is current, conducted by NCSI, and validated directly from the NGB's Membership Department to USA Roller Sports.

The following individuals within USA Roller Sports are required to complete Criminal Background Checks:

- Athletes 18 years of age or older if;
 1. A current member of any USARS Team USA (World Team)
 2. Competing on USOPC property or any other venue/property that requires such a check
- Coaches
- Officials (Meet Directors, Stewards, Tabulators, Judges, or other Support Staff)
- Board of Director Members
- Members of any National or Regional committee or sub-committee
- Regional Representatives
- Club Officers
- Employees or Independent Contractors
- Advisors
- Medical Personnel

- Any participant member adult 18 years of age or older, who is in frequent contact with minor participant members.
- USARS reserves the right to require vendors, vendor representatives and associates of any type to establish participant membership status prior to approval of affiliation. If membership is established, the background check requirements will apply to the member vendors, vendor representatives and associates.
- Individuals affiliated with the media who are authorized or credentialed by the USARS to access a USARS program or event of any kind/type that may have unsupervised one-on-one interactions with participant members.
- Other individuals authorized or nominated by the Responsible Sport Organization (RSO) to work with athletes or other sport participants while at a RSO Training Site or competition event to which the RSO sends athletes.
- Assistants, or personal care assistants who are funded, have a contractual obligation with, or are credentialed by a RSO, or otherwise have regular contact with RSO athletes.
- If applicable, agreements with community organizations include background check requirements.

All background checks must be completed prior to commencement of a new role or competition for all applicable individuals.

At a minimum, full background checks will be conducted on all applicable individuals every two years using at least the background check search components referenced in the Areas of Screening Criteria (below).

A supplemental, partial, background check will be conducted at the one-year mark.

If a participant member, who falls in one of the categories listed above fails to properly complete their background check with USA Roller Sports, then that individual is subject to sanctions listed within the enforcement section of this guide.

Red Light/Green Light Status

Upon completion of the background check process, the individual being checked will fall into either the category of Green Lighted and able participate or they will fall into the category of Red Lighted.

If Red Lighted, it does not necessarily mean that the participant is completely ineligible to participate.

The individual will move to a review process conducted by the Compliance Committee of USA Roller Sports. At the end of the review process, the individual may have their ability to participate approved or the decision will maintain the Red Light and allow zero participation.

This process is automatically initiated by the USA Roller Sports staff and is presented with the individual's name redacted from the presentation made to the Compliance Committee to assure bias does not occur during a review. The process may take up to 30 days and the individual is not permitted to participate until the review occurs, with approval.
