

FIGURE SPORT COMMITTEE

Attention USA Roller Sports Members

RE: 2022 World Figure Cup

The Figure Sport Committee (FSC) has not received any official information on the New World Figure Cup. As soon as this information is available, we will inform the members.

In preparation for this international event the FSC is providing the following information on the selection of Figure Skaters.

According to the International Figure Skating Competitions Document which can be found at the following link <https://www.teamusa.org/usa-roller-sports/figure-w-full-nav/figure-skating-rules>

Item #3 In the event that a host federation limits the number of entries from participating nations, FSC shall determine which athletes shall represent the United States. Qualification by FSC shall be determined by placement from the most recent national championship. If qualification cannot be determined on the basis of placement, then the FSC shall vote (simple majority) to determine the representative athletes for an international team.

The FSC will be using a ranking system based on the 2022 National Championships. The following figure events for both men and women will be ranked.

World Skate Figure Event	USA Figure Event	Ranking Rules
Tot	Primary A Figures	Final results in the Primary A Figures
Mini	Juvenile A Figures and Loops	These events will be ranked combining the Figure and loop event results by using the system in place for the combined events. Skaters do not have to be entered in the official combined event to be in the tabulation for the combined ranking
Espoir	Elementary A Figures and Loops	
Cadet	Freshman A Figures and Loops	
*Youth	*Sophomore A Figures and Loops	
Junior	Junior	Final results in the Junior Figures
Senior	Senior	Final results in the Senior Figures

* The Youth Event is for skaters born in 2006. Sophomore skaters who were age 15 on January 1, 2022 will be ranked for international competition.
