

**Application for Junior World Team Member
Assistance for International Training
(Please Print)**

Name _____ Club _____

Address _____ Age _____

Phone _____ Email _____

Why are you seeking assistance with training at a location outside USA? _____

If you were given assistance it would likely not cover all expenses. Would you, family and your support group be able to gather the remaining resources to afford the trip and expenses for this training event? _____

What year(s) did you compete at a World Championships in a Junior Event? _____

Placement at World Championship event(s)? _____

Are you planning on competing this skating season in Junior Events? _____

What event(s) _____

We would appreciate two recommendations from persons involved in Roller Sports stating your skills, your commitment to your training, and what benefit they believe you will receive from this outside training.

Do you have a USA passport? _____ Expiration Date _____

What training program do you plan to attend? _____

Location _____ Dates _____

Please attach any additional information that is available to support your request.

Grants Provided by the US Foundation for Amateur Roller Skating Junior World Team Participation in Organized Training Outside USA

Goal: Many Athletes who have participated at Junior World Championships have identified that having additional training outside the USA would provide them with exposure to different techniques, equipment and instruction. This training might help the athlete to improve their performance and potentially improve their outcome at future world championships.

Details: Annual funding is being provided by the US Foundation for Amateur Roller Skating to assist Junior World Team athletes with expenses associated with training at an organized competition or training camp outside of the United States.

Total grant funding available for 2020 will not exceed \$6,000. The maximum number of athletes to be assisted is two per sport discipline, with a maximum grant per individual of \$2,000. Confirmation shall be sought from the athlete or their guardian that with the assistance they will have adequate resources to attend the training program. Note: Because of the age of the athlete(s) there may be a need for one adult to accompany him or her to the training program. The expenses for this may be supplemented by USARS, provided adequate information is included with the grant application.

Selection: Grants shall be awarded based upon the following ranking system, in order of importance:

- 1 Junior World Team Participation
- 2 Highest Placements at the World Championships
- 3 Ability to compete in Junior World Class events during current skating season
- 4 Verification of need
- 5 Verification of guardian approval and ability to supplement additional expense
- 6 Statement of support by persons within their discipline of their commitment to training for future World competitions

A committee will rank the applicants in order of preference.

Deadline: Applications must be submitted by January 1, of each year for training opportunities in that year.
