

The United States Foundation for Amateur Roller Skating (USFARS) continues to provide support for our Sport and our Athletes.

The United States Foundation for Amateur Roller Skating recently provided a financial grant of \$30,000 to USA Roller Sports. These particular funds will be used to strengthen our grass root programs, as well as ensuring our future path as a continued leader on the National and Global Roller Sport stages.

Most recently USFARS assisted our upcoming young athletes with four International Training Grants, of \$2000 each. Two grants went to speed skaters and two to artistic skaters.

Congratulations to the following Athletes:

Speed
Sabien Tinson
Michaela Renick

Artistic
Madison Kellis
Raphael Amador
