Speed Committee Summary

Requesting Board Action

- Add 3-person relays to the 2017 indoor national championships as a pilot program
  - 84% of coaches that participated in the 2016 vote responded yes
  - 16% responded no
- Eliminate Novice Junior and above from the indoor national championships
  - Junior and Senior were voted on (previously) to be removed for 2017
  - The older divisions were voted on (previously) to be removed for 2018
  - After reviewing the numbers in Elite Juvenile and Elite Elementary, the Speed Sport Committee determined that removing Novice at the National level is a necessary step toward restructure. The goal is that the restructure increases numbers in Elite while growing the numbers in Novice (at the Regional level). If the sport moves toward keeping Novice at the regional level, Elite Nationals is the obvious next step (instead of becoming a Novice National Champion and moving on from the sport)
  - The 2016 Vote is included and 70% of coaches voted in favor of eliminating Junior and above for 2017, 28% voted no and 2% did not respond
- Change the Veteran and Esquire Quad 700 meter to a 1000 meter for the 2017 indoor championships
  - 78% of coaches voted yes
  - 18% voted no
  - 4% did not respond
- Remove Junior and Senior from the Outdoor National Championships
  - The current numbers don’t support these events. The most entered in any one division after its implementation in 2014 was 6 athletes. Some of those athletes changed division on site resulting in uncontested races. In 2016 we had 2 Junior Women and 4 Junior Men enter and 1 Senior Woman and 0 Senior Men
  - 78% of coaches voted yes
  - 18% voted no
  - 4% did not respond
- Approve Janine Foster’s proposal for the 500 meter race at Team USA Trials/Outdoor Nationals (attached)
  - Summary of the proposal: Modify the current rule book to remove the B final. Placements and times from the semi will be used to determine 5th – 8th place. The 3rd placement in each semi will be placed 5th and 6th based on the fastest time and the 4th placement in each semi will be placed 7th and 8th based on fastest times
- Change SR141 in the Speed Rule Book (rule with changes - attached)
  - Summary of change: Take out “either quads or inline skates may be used within the same race (not separate divisions)
Proposal

500m placement race

Current rule:
USARS SR932 Sprint Races (500 meters)
SR932.1 Heats are set up based on the placement of skaters in the 300m Time Trials for Track and 200m Time Trials on Road. The number of skaters qualifying from each 500m heat to a quarter-final or semi-final is determined by the number of skaters entered in that event and is displayed in the schedule listed below. In the men's and women's 500m events, at least two skaters will advance each round. There will be two semi-finals with 4 skaters in each. First and second in each semi-final will skate the Final determining 1st, 2nd, 3rd, and 4th placements. Third and fourth in each semi will skate a placement race to determine 5th, 6th, 7th, and 8th place. If a skater doesn't take part in the 300m Time Trials for Track and 200m Time Trials on Road and wishes to skate the 500m, he will then occupy the place that corresponds at the end of the serpentine. Skaters may choose their positions on the starting line for all 500 meter races based on their placement in the 300m or 200m events. In quarterfinals, semifinals and finals the skater advancing with the highest placement from the preceding qualifier that has the fastest 300m or 200m time gets first lane choice. Example: Quarterfinal 1. 1, 2, 2, 4, 4, serpentine from 5 heats. The first place gets the first choice, the fastest time trial time of the two second places get the next lane choice, then the second

Propose:
We are currently using the FIRS rule book for placements in the 500m race. With this rule we are able to establish 5th, 6th, 7th, and 8th without having to skate a placement race. See below rule:

FIRS art 148. Ranking

b. in 500 m Speed tournament,

- the round which they are unqualified (series, quarters and semi-finals)
- their place (first criteria) and their times (second criteria) obtained in this round.
(Example after the 2 semi final of 500m; the two third skaters are classified 5th and 6th. The best time is 5th.)

I feel if we keep the placement race this allows at least 3 of the 4 skaters in the semis another chance to better their position and it does not encourage them to skate to the best of their ability in the semis.

Example from 2015: In a semi on the last lap, the 2nd place skater was faulted by another skater so the faulted skater attempted to take their 2nd place position back and did not make it therefore giving up and losing the 3rd place position and finishing 4th. Based on the above rule, this skater would have been awarded 8th place which they deserved for quitting. There was no incentive for that skater to skate to the finish line knowing they had the placement race to improve their overall point status. Why should the skater be giving a second chance for quitting in the semi? Is that the kind of skater we want on the world team? That skater then skated the placement race and finished 1st therefore earning 5th place points for the world team selection and how was that fair to the other 3 skaters who skated to the line in their semis?

Proposed by Janine Foster
Four Person Relays There are seven divisions of four person relays. *Either quads or inline skates may be used within the same race (not separate divisions).* Divisions/distances are as follows:

Adjournment

The meeting was adjourned at 10:50 p.m.
Hey Ricci,

I hope you are well. I wanted to start this email off by congratulating you and the rest of the USA Roller Sports staff on an amazing indoor nationals. I only heard good things, which is pretty amazing coming from the skating community lol. The purpose of my email was to propose doing an NSC at indoor nationals for 2017. This is something that was discussed in the past that seemed like a great idea but just didn’t come together for whatever reason. Assuming that this email might be shared with an audience that might not know as much about NSC as you do I am going to over explain what we are proposing. The overview of my proposal is to request to host a 3 hour NSC event during the night before USA Roller sports racing begins (this is the practice day). Our event would not cost USA Roller Sports any money, would not be in conflict with indoor nationals in any way and would only add to the value of indoor nationals.

We plan on contributing $3 per ticket sales back to the world team, we plan on doing major promotions which will bring attention to our sport. We will require all the NSC athletes to compete at indoor nationals following NSC. All we are requesting from USA Roller Sports is to allow us to run our event during the downtime at Nationals which will add more value to all the USA Roller Sport card holders. It’s important to understand that many families who choose to attend Nationals make a conscious decision to use this time as their vacation time. Although Nationals is a serious event, it still needs to be fun, because the fun is what brings us all back. The NSC just wants to add to the fun of indoor nationals.

As you know we are coming up on our 8th season of the NSC, and since our formation we have always had the intentions of supporting USA Roller Sports in the growth of our sport. In the past 8 years I believe we have proven that we support USA Roller Sports. In fact prior to our formation Joey Mantia and I sat down with Richard Hawkins and asked for his blessings to start the NSC and let him know about our audacious goal of mainstreaming inline speed skating. At every NSC event you will see USA Roller Sports banners. The USA Roller Sports logo is also a header on our website, and for 8 years we have visited schools ranging from Elementary to College promoting the sport of inline skating and promoting the entry into the sport through USA Roller Sports. Of recent we partnered with US Speedskating and the USOC to create awareness for our sport. At first the marketing was very one sided and heavily favored Ice Speed Skating. Through our partnership the NSC changed that and also worked on changing the mindset of US SpeedSkating that inline speed skating is not a feeder sport for Ice. Through this partnership we were able to bring inline skates to 3 different schools and teach over 1000 kids to inline speed skate. Of course we educated the kids on how to get into the sport through USA Roller Sports. Sorry to continue on about this, it’s just very important to me that I stress that the NSC is friends of USA Roller Sports and that we always act with the best interest of the sport. Moving on, back to the proposal, below is a breakdown of logistics.

Logistics

- **Set up** - Our set up can be done during the same time USA Roller Sports is setting up. To simplify things we could piggy back many of the items needed for the event, like the sound system, microphones etc.
➢ **Tear Down**- Tear down shouldn’t take longer than 2 hours. Probably less because we won’t have much to tear down because we can piggy back on many of the things we normally need for our events.

➢ **Staff**- We will provide our own staff, everyone who is part of the NSC staff speed skates so they will already be at Indoor Nationals.

➢ **Insurance**- All of the NSC athletes have USA Roller Sport amateur cards, and all of our events are sanctioned by USA Roller Sports

➢ **Sponsors** – To avoid conflict with any of the USA Roller Sports sponsors, we will allow them to stay set up and sale at our NSC event with no charge

➢ **Media**- USA Roller sports will have access to the media from NSC night to use for future promotions. I.E videos and pictures

So to summarize this proposal we just want to run an amazing event the night before indoor nationals starts and make sure that we can add to the value of indoor nationals by having an extra something the skaters can look forward too. Also we want to do our share to support our world team, so we will be donating $3 per ticket to our world team. Let me know what questions or concerns you or the board may have and we can work together to ease the concerns of any of the board members.

Thanks,
Miguel Jose

Item #1 Men’s Tryouts

- Will the Men’s Tryouts be similar to women’s ie: will there be a final tryout?

Item #2 Update on FIRS

- Fernando travelled to China to meet with the board at FIRS.
- Purpose of the meeting was to talk about the upcoming Roller Games.
- FIRS is now an Olympic Federation due to Skateboarding being accepted for the 2020 Olympics.
  - Because of this, it will have an effect on Roller Derby.
    - All sports image will be improved by this, as well the reach to participants.
    - More time and money will be spent to make event successful.
      - International Broadcasting
    - USA government does not allocate any money to roller derby because it is not recognized as an Olympic sport. Due to the changes in FIRS, we can leverage this recognition to ask the government for funding.
- Team USA Athletes will need to adopt Anti-Doping policies. These will be important as the games approach. Information is currently being gathered.
- Rollergames Dates (still tentative):
  - September 2nd, 2017 – Opening Ceremonies

Eric motion to adjourn, Fernando 2nd at 7:58 pm PST
Figure Sport Committee Agenda 6/15/16

(Minutes not Available)

Old Business:

- (Bill Spooner) personal recommendations are (document attached)

  1) Freshman and Sophomore combined in all
  2) Open Creative goes away and athletes can compete in the free dance portion only of the international
  3) Eliminate Classic. Novice is 18+, Classic is 18+
  4) Make adult divisions 15 year spans
  5) A, B and C should have test requirements C 1&2, B 3&4, A 5
  6) Events with not enough skaters to constitute an elimination compete on USARS floor and do both floors to reduce 4 days of nationals
  7) Get rid of youth quartet due to volume and bring back fours to develop boys having fun develop pairs and dance teams
  8) Do not consider the new suggested system of the international track with loops included in figures and free style short and long, and dance and free dance. We have ways to do this now by tabulation. For the small percentage that wish to train for international, there are opportunities. We need to focus on the middle group, not the group with lofty goals. Focusing on the idealized will love the sport to death.
  9) Find/Fund a method or tool to provide coaches education about how to run their business of instruction and support the skating facility, rather than complaining without suggestions and whining about being victims. These methods could be centralized, regionalized, in person, peer to peer, electronic whatever. It should not be ----- How to teach the chase waltz or how to teach an axel.
  10) FSC needs to develop a consistent meeting time and maintain a focus of what its role should or could be and then ensure that they are not led in another direction by the crisis de jour.

Not popular opinions but this is what I would suggest for discussions

- Office support at USARS. Ricci and Kevin are both gone from office, and we have made been forced to make decisions without their input or assistance. -
  - Problem to verify judges’ credentials for Meet Director. (Great Lakes, Northwest)
  - Problem to grade commission exams, etc. for Regional meets. (Southeastern)
- Figure Sport Committee needs to be proactive in responding to complaints.
- Nationals 2016 – updates (Ed Harney and/or Scott Clifford)
- Bob Labriola has offered to do several talks regarding club-building for coaches.
- Syllabus presented was quite basic, and since intended for coaches, I suggest that Tony and the Coaches’ Representatives organize those meeting times with Bob.

New Business for 2016-2017

- Committee needs to consider whether it wishes to continue the recommendation to board whether USARS has a blanket policy of adopting FIRS and CIPA rules.

5 PM PDST

Attending:  Tony Berger, David Adamy, Ed Harney, Jessica Gaudy, Kayla Rodriguez, John Cawly Chairperson, Bill Spooner

Not attending:  Jane Wojnarowsky, Jim Pollard

There were no minutes from the last meeting. The secretary lost his notes and unable to reproduce these notes. Other members sought for their notes and none available. The secretary apologized

The agenda was presented by the Chair with three items:  
Discussion of the A/B rule passed 2 years previous.  
Budget for 2017 season for Art Committee  
Update on National Championships

1. There was a lengthy discussion about the issue of A/B rule that took place two years previous. The intent was to create a comprehensive system to produce quality skaters. It developed through the coaches organization to deal with managing the professional beginner. It was felt that coaches would introduce “retread” athletes from the past in “c” and “b” events when in actuality they should have been “A” skaters. This is noted to discourage the beginners and the intermediate skaters. Therefore, “C “ events were relegated to regional entries only and eliminated from the national championships. The loss of revenue was not addressed at that time. Nearest estimate at the time was 220 entries

They system of A and B allowed athletes to compete in both regionally but required a choice when choosing what to compete at the National championships. The thought was that would be a tool to assist coaches to help recruit more new skaters because the B skaters would advance to A and B would be more for beginners and intermediate skaters.

Individual examples from coaches on the committee note that the system helps coaches to focus on classes as a building tool but that this process takes more than two years

Other coaches and members who indicate that the events from “C” were removed from the revenue that helps keep costs of management reasonable and there was no plan for replacement present another perspective. It is also noted that statistics do not support the growth. Considerable discussion of defining what metric or measurement system would quantify the goal or goals of the original change. Bill will attempt to provide the statistics that are available at this time for regional championships. Regionals is felt to show the growth of the system although it is the national championships revenue that supports the organization.

2. The committee examined a suggested budget requested by finance committee by August 15. Bill created a budget based upon 5% growth but if changes are planned in consolidation of events, elimination of events etc, this could result in loss of revenue of 5% or 10%. Members had no comments and were encouraged to review and get comments back to the chair or Bill.

Also included in the budget is an assessment of real costs of art and the determination of pricing for membership if this was anticipated to cover administrative costs. It was also discussed that Art and Speed are the only disciplines that cover their own costs and the other disciplines operate at a loss and the excess form art and speed cover or nearly cover those losses.

3. Preparations for the national championships were discussed by Mr Cawly and Mr Harney. There is need for meetings once they arrive and modifications that may be necessary. There are definite challenges with seating and space but it is hoped that the competitors will find the new venue to be pleasant.

Bill Spooner, Secretary
Coaches committee had presented 4 proposals from April that the regional reps had approved. The committee with lively and lengthy discussion discussed these.

1. Frosh/Soph B be three min with premise being that coach would not have to have two different routines if skater competed in A. Comments included that one event had limited content and three minutes was too long a time frame Motion was to deny this proposal was by Scott and David second. 4 voted to deny the proposal and 2 voted to uphold the proposal. This is a consensus and was denied. Considered after the vote was the coaches national votes of in favor 139 and 29 Opposed and 12 abstained.

2. Was to eliminate the rules for adults and allow challenge up. This was denied unanimously. Considered after the vote was the coaches national votes of 69 in favor and 88 opposed. 22 abstained

3. Lower the Junior domestic age to 15 to be consistent with other disciplines. Much discussion about replicating sophomore that those who do not have skills to skate Jr WC are forced to skate JWC. Other arguments were that this set up a situation where Freshman could not choose to skate JWC and then compete with older skaters with outcomes that would discourage participation. Motion was to lower the age for Junior domestic by Tony and second by Bill. 4 voted to lower age and 3 voted to not lower the age. This is not consensus and the issue is tabled to be brought back at another time.

4. Primary should have an A designation to prevent these athletes from competing in another A event as the only division that this occurs. Considerable discussion surroundingm that without A designation this is subverts the A/B rule. More discussion that the rule discourages participation and finance. Motion that Primary should have an A designation and there was 4 in favor and 4 opposed. The issue is tabled to be presented at another time. Considered at the time of the vote were the votes of the coaches nationally of 95 approved, 79 opposed and 5 abstentions.

Another proposal was given to the chair outside of regional representatives that proposed figures that had flats from one circle to another to promote a different skill. This proposal was denied unanimously. Synchronized loops was also suggested and denied unanimously. Both proposals were directed to Mr Berger to have review by the Regional Representatives.
Major discussion about rescinding the A/B rule noting that if rescinded it would be sent to the Board of Directors for implementation in the 2017 season. It was noted that if not approved by Spring meeting of 2016 it could not be implemented without waiver by the board. Scott moved that the A/B be rescinded and David seconded. The vote was 3 in favor and 4 opposed. This is not a consensus and will be tabled. Will be sent to the Finance committee due to finance implications

Requirements were briefly discussed with a general discussion of tweaking some competitive requirements. Mr Berger reports that the regional reps were not in favor of major changes. It was noted that field suggestions were sought in April of 2016 prior to the Spring Board meeting. This was not accomplished and a waiver sought from the board for the fall board meeting. Mr Berger will obtain a list of recommendations by the next meeting of September 14, 2016. This will accommodate the early departure for world championships by Ms Gaudy. Mr Spooner will create a statement for the USARS web site to notify the coaches that the requirements will not be available September 1 and will be ready for October 1. This will be posted on the web site and on Facebook.

The meeting was adjourned at 8:00pm PDST

The Figure Sport Committee has not had sufficient time to evaluate the input of the coach regional representatives recommendations for Art Competitive Requirements for the 2016-2017. Some people have an expectation that these requirements would be posted by September 1, 2016. This will not be accomplished until October 1, 2016. We regret the delay but wish to give careful consideration to the recommendations of the regional representatives and the coaches within their regions.
Coaches committee had presented a complete list of proposed requirements for the 2016-2017 season.

1. The figures were discussed and slight adjustments were added.
2. Loops were discussed and the committee added the recommendation of the backward circle loops to Sophomore A women.
3. Also, adjustments to some of the solo and team dance requirements were made.
4. A motion to approve the Requirements as amended was made by Ed Harney and seconded by David Adamy. The motion was unanimously approved.
5. The following items will be considered as new business in next meeting, and they were not considered in any votes at this meeting.
   a. Team and Solo Dance difficulty between A & B was discussed. Tony recommended an adjustment to Rule 8.02.05(b). This would allow for all teams in a team dance event at Nationals with 5 or fewer to remain in B. The committee will look into this recommendation.
   b. There was a discussion about the addition of Golden Team. Ed Harney suggested combining Esquire and Masters which would allow for the addition of Golden Team without an increase of events. This will be revisited at a later meeting.
   c. Solo dance was discussed. The committee felt that the new dances that are being introduced this season (by CEPA) would be better as a consideration for next season.
6. Subsequent to the meeting, the Chair, distributed (9/17/16) dance patterns for those dances which might be confused as there are multiple versions of three dances: Dutch Waltz, Fiesta Tango, and Fourteen Step.

The meeting was adjourned at 6:20pm PDT

Rink Hockey Report

1. National Schedule- not happy with being shorted our day of practice on Saturday because of the derby bout. Set up took most of the day and we were unable to get practice times setup.
2. With the power outage and being unable to connect our music system to the local speakers, opening ceremonies were not up to their usual level.
3. We are expanding our program for the upcoming National Championships.
4. We went over and re-stated the helmet rule for the current and future seasons.
5. We added “nothing may be attached to the exterior of the helmet (go-pros, decorations, etc.) except for the face mask.” To our rule book.
6. Ladies game times will now be (2) 20 minutes halves as is the case with the Ladies World Cup Championships.
7. We need to get settled on the extra fees ($50 per Team) collected at the National Championships for the World Teams.
8. We also need a decision on the monies owed by skaters to USARS as far as eligibility and right to participate.
9. We want to propose hosting the 2018 Pan American Championships for Rink Hockey in Lubbock, Texas. The City of Lubbock is already onboard for this

website. The answers will be submitted to Mark for approval.

3. Board Meeting Update: The BOD passed our request for a reduction in the annual
coach’s fees. Starting in September, the first year and every year a background check
is required the fee will be $75. All other years, the fee will be $50.

4. Buenos Aires Update: We will hold off until after the Symposium in Rome June 11 and
12 for an update on the meeting.

5. Activities for Nationals: Fundraising and promotional ideas: Tom has sold some
banners for cash and donated items. We have a number of fundraising ideas in the
works, including a 50/50 raffle, raffling off some interesting items, a cookout upstairs
in the mezzanine, and a rebate from Cricket Loft on any National shirts sold at the
venue. The Ladies Team is really moving on this, they have come up with a lot of ideas
and are putting them in action. If you guys want to get in on the action, let’s get some
of your ideas. If anyone has more ideas, please feel free to contact us so we can
consider it and get it going.

6. Consensus of Number of Teams: According to our initial estimate, we are hopefully
going to be up some Teams from last year. As we get closer to our deadline of JUNE
17, 2016 for National registration, we will get a much clearer picture. Tom and Don
are trying to get a closer number by next weekend.
7. **Branding:** Logo status *According to Don, the logo is finished. We are waiting for Scooter to send it out to Don and the Committee for approval. Hopefully, it will be within the next week.*

8. **Men’s and U20 World Team Tryouts:** Immediately following National Championships Tom has not been able to contact Alan. He has phoned numerous times and left messages, but has gotten no response. Shane will try to contact him this weekend during the Northwest Regionals and have him contact Tom. Because we are waiting for Team entries, the schedule for the tryouts will not be ready until after the National schedule is finished. We are planning on the week after the 17th of June for a schedule to be completed and posted. Everyone should be aware that there is a **$25.00** fee for tryouts. *This is collected at the time you register for the tryouts.*

9. **Pan Am Championships: November 23-27 in Medellin, Colombia:** *We are still planning on sending a Men’s and a Ladies Team to Colombia in November. The down payment required by each player will be sent out and this payment will need to be made by August 1, 2016. If you do not make the down payment by this date, we will have to move on down the ranking list. We are waiting for the hotel list from the Organizing Committee to get a final amount for the down payment.*

10. **Hockey Awards and Recipients:** *Our recipients for our Hockey Awards will be contacted by USARS to attend the Honors Reception held at the National Championships. Congratulations to the Award winners!*

11. **New Business:** We had no new business brought up by the Committee.

12. **Next Committee Meeting:** Everyone seems to prefer a weeknight time for our conference calls. Therefore, we have designated **Wednesday, June 22, 2016 at 10:00pm EDT** for our next call. We hope to have a schedule done by that time.

Hockey Committee Meeting
Friday, July 22, 2016
Lincoln, Nebraska

For Board Consideration:

1. We were all very disappointed in the Opening Ceremonies. Tom had arranged for a slalom demonstration during opening ceremonies. Wednesday evening he was informed that there would not be a demonstration. Tom was informed on Saturday afternoon that the Color Guard was not coming. We had a power failure during the opening ceremonies and we were unable to connect our music to the sound system for our National Anthem.

2. We need to put a promotional package together for radio and television and get day cares or summer schools bused in for our daytime games. We could do this free of charge to get our sport out to the community.

3. We need larger and more bleachers. The floors were laid out wrong and cost the speed side bleachers and we could use taller bleachers.

4. We need Friday night and Saturday morning before the Tournament to get everything setup. We were the only discipline without a practice day on our floor. Derby HAS to be out of there early Friday evening.

5. We are without a Head Referee at this time. We may have to have the Committee take over this job until we can find or train a competent head referee.

6. The players were requesting dressing rooms again. Pipes and drapes could work with chairs inside.

7. Tom is working on a full time announcing crew for the games and the live streaming. We could pay for their hotel and a fee per day. They will play music before, during and after matches and make announcements and comments throughout.

8. More room at the officials table. We need to be able to move around each other without bumping into or crawling over each other.

9. Need a designated warm-up area. This will have to be manned to keep the young players from damaging the Venue.

10. The social skate needs to be possibly Saturday night before the Tournament or Sunday night after the opening ceremonies and the World Class Game. We schedule games at least 10-12 hours per day through the week, so having it during our competition week is impossible.
Committee Consideration
The committee will work on more volunteers. Maybe we could have a referee from each area or club. Better regulation of the venue as far as dress codes and keeping the people from standing in the way of the bleachers and cameras. We need to build our younger teams, especially 8U and 10U. We could possibly have a spirit award for the Team with the best support. We need to work on more promotions to raise funds for our National Teams. Each club and every World Team member should help with the promotions and sign in for a designated time. Clubs are required by our rules to have at least 2 sets of uniforms of different colors. This needs to be enforced. All coaches need to be registered (only 2 permitted per bench) and NO unregistered coaches are allowed in the player’s bench. We also need to police the benches and keep them clean. Tom will have 5 official balls for our National Tournament. We will be experimenting with a stop clock during this season for possible inclusion into our National Championships. Maybe incorporate more awards into our Nationals (largest club, best official, best overall MVG and MVP, etc.).

10:00pm EDT

On Call: Don Allen, Tom Hughes, Shane Enlow, Jim Jost, Bryce Robinson, Brian Moyer, Kylie Hughes, Pat Ferguson

1. Treasurer’s Report: Balance $900 with $600 outstanding in booth payments from Nationals.

2. FIRS Rule Change Update: This rule change is for International Tournaments with regards to a tie game during pool play.

4. Men’s and U20 World Team Update: Finally received the players selected from the managers. We are not happy with the way the selections were held. We must stay with a 16 floor player and 4 goalie selection like we set it up. This was not adhered to during this selection camp. We will hold a special conference call with the Men’s staff and U20 staff to discuss these problems. This will take place when we return from Chile. The men are planning on a training camp in September and the U20 is discussing a camp in November.

5. Pan Am Championships: November 23-27 in Medellin, Colombia: We must have confirmation of the dates and location by the end of September or we will have to opt out of going. Tom will contact them during the Ladies World Cup in Iquique, Chile. We will present a proposal to PASO to host the 2018 Pan American Rink Hockey Championships in Lubbock, Texas. Lucas Thompson is our contact in Lubbock. The City of Lubbock is onboard and very excited about this Tournament.

6. New Business: Make rule for “Nothing may be attached to the exterior of the helmet (go-pros, decorations, etc.) except for a face mask.” Also, ALL helmets must be HEC approved to be able to be worn at a sanctioned event.

7. Next Committee Call: October 19, 2016, Wednesday, 10pm EDT.

Rink Hockey Conference Call
Wednesday October 19, 2016
10:00pm EDT
On the Call: Don, Brian, Bryce, Shane, Jim, Pat & Tom

1. Treasurer’s Report: $1067.85 (Complete report sent via email to committee.)
   
   Tom has sent his $300 fee to Jim and he or Don will address the payment of Gus’s fee with him.

2. Athlete Representative Ballot: USAR/RS has had an issue sending out ballots to the correct people or not sending them all to some. Voting dead line was scheduled for yesterday but Tom believes that do to the confusion on sending the ballots out it is extended.

3. Ladies World Championships Report: Moved up 4 spots from previous W.C. It was reported that we did not have a referee do to Mark not being able to go and we need a primary and a back up going forward. Not having a referee attend World Championships puts Team USA at a disadvantage when it comes to how our teams are refereed. We are not given the respect other teams received when referee’s are scheduled for our games. It also was pointed out that we need to train more referees to become national and international referees.
4. **Branding:** Don to push to get the logo going. There have been too many delays in getting it completed.

5. **Men’s and U20 World Team Update:** Men’s has been training in several weeks in September and early October. Of the players listed on the list mostly players from the Northwest have been attending. Alan has established specific offense he wants to run, has taken the players attending the camps back to the basics and is working on fundamentals so the new offense style can be effective. Junior camps are scheduled for November and all junior players have been contacted with details. Brian stated that he will be looking for the juniors to attend a couple of tournaments in 2017.

6. **Pan Am Championships: Update** tournament is off 2016, will be resurrected 2017 and we will try to bid on 2018. A COPA tournament invite has been received for one ladies and one men’s team to attend in Mendoza, Argentina December 12-18. Ladies will receive board/meals but if the men’s team goes it will be at their own expense. Don and Jim will contact both teams to see if we can field teams. The committee feels that it is imperative that teams go even if it is just for training.

7. **2017 National Championships:** We need two nights for each team going to China to training. This needs to be worked into the schedule. Dates for nationals will not be available until next week. Brent Benson’s 2016 national list was discussed.
8. **New Business:** Mark has resigned from running the referees committee. There was discussion if this meant he was no longer going to referee but the feeling is he just wants to referee and not run the committee. Pat nominated Duane McMinn, Jim seconded the motion. It was a unanimous 7 to 0 decision to appoint Duane the head of the referee’s committee. A discussion was held on the $50 deductible that teams have been paying for nationals for some time which is supposed to go to the foundation for support of the world teams. This has been an ongoing issue that needs to be addressed with the board and reimbursed to the foundation. There was a suggestion made that maybe the foundation should collect rink hockey team entries for nationals and pay the USARS by check. Tom to address with the office/board and get the money owed sent to the foundation.

9. **Next Committee Meeting:** November: Tuesdays: 1, 8, 15, 22, 29

   Wednesdays 2, 9, 16, 23, 30

   Next meeting Wednesday 16th 10 pm EST.
Finance Committee
Board Report
October, 2016
Challenges

• Lag time for reporting of financial info is now 10 weeks. Makes it difficult for management or leadership to make changes when data not available for nearly a quarter of the year
• Administrative revenue is not enough to cover administrative expenses. Board historically has not wanted to raise membership fees or competition fees. Standard of surviving business would be revenue covers the expense.
• Insurance rates for employees and athletes will continue to gradually rise
• National Championship facility was $30,000 more expensive that Pershing. We also did not receive any funding from hotels as in previous years. Lincoln Convention Bureau (CVB) reduced assistance by $25,000. Ultimately, USARS started national championships with $55,000 less than previous years.
• USARS needs more technology to manage the membership expectations
• USARS needs additional staffing to manage the processes
• Many expenses are not planned or budgeted due to urgency of the situation and as result USARS does not follow its own process of review and approval of expenditures by finance committee.

“When faced with a challenge, Look for a Way, Not a way out.” David Weatherford
Who are we as USARS?

The trend is decline and as an organization we must address the reasons for decline and develop a plan to increase membership or at least maintain membership. The steepest decline is the decline in both hockey and Derby. Derby is significant because of the higher level of insurance cost – approximately 5 times the other disciplines.

• Coaches are the workforce of the business. Without coaches recruiting and retaining members, the outcome is logical

• Membership declines and price increase does not offset the decrease in members

• Charters decrease consistent with closure of facilities in USA. However, Derby has monumental decrease based upon competitive organization recruiting and being successful

• Pricing is not representative of actual cost. Non Derby pays $11 per member for insurance leaving $69 of membership for administrative costs. Derby pays $47 per member for insurance leaving $38 for administrative costs

• If Art is 34% of the business, then logic would dictate that they would be responsible for 34% of the administrative cost of $700,000. That would be $238,000. The $69 remaining from membership times the 2209 results in $152,421 or a deficit of $85,579. That means that art must make this amount with national profits to pay their fair share. This concept is difficult to attain and when we reach other disciplines it is impossible currently. Derby had 7 adult teams and could not meet their needs. Derby has 25% of the membership. That means $175,000 of administrative cost. However, only $38 of their membership cost is available or $62,890. This results in $112,110 that their national championship would need to earn to manage their fair share. That is not even reasonable given only 7 adult teams at the national championships and $2,000 spectator fees.

• Pricing needs to be strategic to ensure that USARS does not price itself out of membership but it also needs to be equitable. Fairness has to be considered and whether the prices charged by USARS are enough to ensure viability or whether other alternatives need to be investigated

• Without fund raising and sponsorships, it is highly unlikely that USARS can guarantee long term viability. Membership is the key. The more members the more competition and quality improves. The more membership the resulting is more revenue to offset expenses
At end of July there was $359,000 in cash
Anticipate new revenue of $150,000 from CVB = $509,000

We know there are many expenses from national meet to pay and one month of admin expenses usually $95,000

We do not yet have entry fees for the different venues to compare with previous years. However, we do have rough data for several indicators

Art has its own data system using the tabulation program performed by Mr Styma for free. Disregard the Dollar symbol and we can compare total number of entries by each year. 2016 had more entries than 2015. Adults constitute one third of all entries. Youth is 60% of all entries. 9% is elite.

Preliminary data from the point of sale software donated by Mr Brown give a view of what came in at the door by discipline.

Thank you to Ms Pavalonis who coordinated collection of this data.
Speed has its own tabulation system also. Therefore, we know there was 731 entries at the National Championships but no comparative data from year to year at this time.

731 X $75 = $54,825
Using other annual reports from past years we do have a historical perspective comparing financial data for National Championships from previous years.

2016 Data is only what is reported as of July. Many expenses are not recorded. Also within expenses there is not prorating the cost of the facility $93,000 by number of days the sport used the facility at $3,100/day. Other expenses are not yet recorded.
Key issues to consider for next year financially

- Current staffing is only 5 and they are not able to keep up with telephone and concerns as well as regular reporting. Estimate that there will be a need for 2 more FTE’s
  Potential Cost $60,000

- Building needs repairs with leaking roof and drainage outside the building. Not repairing will lead to black mold
  Potential Cost $20,000

- Challenge for NGB status for Skateboarding will lead to increased legal costs and documentation
  Potential Cost $30,000

- Compliance with recommendations from Attorney General leading to additional reporting and documentation of compliance
  Potential cost $15,000

- World Games athletes transportation to Poland Federation responsibility
  Potential cost $25,000

- Update Speed equipment
  Potential cost $10,000
  Total $160,000

Please remember that we continue to be indebted to the US Foundation $400,000

*This frame the discussion of the budget. What are the plans for the next seasons? More events or less events? Are we consolidating decisions leading to less events and therefore increasing costs per member with less revenue? Are we going to replace "C" with a national invitation as a revenue source? Are we planning to use both floors for competition next season and reduce our expenses by three days? This will necessitate an arrangement with the Fly-In relatively soon and different arrangements for next season." Suggest that FSC consider a National Pricing structure of 1st event $100, 2nd event $50, 3rd event $50. This is $40 more than our current event average compared to 3 events. After this we have option of getting additional events at $25 per event or any event that has male female team at $25 per athlete and still creates similar revenue but allows for to be sensitive to those declining revenue events.*

*Please remember that traditionally Art and spark profits must be sufficient to cover the costs of Derby and Hockey as well as all development programs.*
What are the options?

- Obvious option is to raise contest fees or membership fees. However, when that was last introduced the board voted 6 to 5! $160,000 divided by our existing 6,500 athletes would result in $24 per athlete. Would this increase cause loss of membership? Is there a combination of entry fees and membership fees to reach this goal?
- We need to look at fund raising and sponsorship but that requires marketing. This will also increase costs. Is this a catch 22?
- We need to consider “do we wish to remain the governing body for all of roller sports?” Is it realistically possible?
- What really is possible? Have we ever considered this issue?
In addition USARS had an audit in 2015

**Material Weaknesses**

- Accounting records did not agree with subsidiary records. New accounting system should improve
- The confederation financial reports do not always reconcile prior to reports being published
- Some transactions could not be supported by invoices or receipts
- USARS did not submit tax exemption for personal property tax for county For 2014
- Some accounts did not match the confederations general ledger due to software losing linkage of accounts
- Accounts receivable with amounts greater than one year old and up to five years old
- The board is responsible for providing management oversight
