The USARS Banked Track & Road Camp is a serious training commitment on the part of the skater. It requires participants be in top physical condition and above-average skating ability. Skaters lacking in either of these two areas risk injuring themselves or others. The coach's signature is required as an assurance that the applicant is of sound skating ability and conditioning and that he/she will be able to satisfactorily complete the requirements of this camp. All skaters must be able to cross in the corners competently.
