GR1.00 GENERAL PROVISIONS
GR1.01 Authority
GR1.01.01 USA Roller Sports (USARS) is incorporated as a non-profit corporation under the laws of the State of Nebraska for the general purposes of developing, improving and supervising roller sports as practiced by USARS members in all its aspects.
GR1.01.02 USARS is recognized by World Skate (formerly Federation International de Roller Sports - FIRS), the international sports federation for roller skating, as the sole representative of the United States in international roller sports, with all of the rights, duties and responsibilities attached thereto.
GR1.01.03 USARS is recognized by the United States Olympic Committee (USOC) as the National Governing Body of roller sports in the United States with all the rights, duties and responsibilities attached thereto.
GR1.02 Interpretation
GR1.02.01 These General Rules are promulgated subject to the statutes and regulations of World Skate, 1985 Edition, and the Constitution and By-Laws of USOC as adopted April 28-29, 1979, and as said statutes, regulations, constitutions and by-laws may from time to time be amended. They are to be interpreted so as not to conflict with said documents but they are to be interpreted so as to allow USARS all available flexibility in applying enunciated principles to the particular needs of roller sports in the United States. USARS eligibility requirements are not more restrictive than those of the International Federation.
GR1.02.02 In the event of conflicting language between the Bylaws of USA Roller Sports, dated July 1, 2018 or newer, and the General Rules of USA Roller Sports, the Bylaws supersede what is in the General Rules. Likewise, in any conflict in language between the USA Roller Sports General Rules and a sport specific rule book, the General Rules will supersede the sport specific rule book.
GR1.03 Definitions
GR1.03.01 All definitions of terms contained in the USOC Constitution and By-Laws shall apply to these General Rules unless a different meaning is clearly intended.
GR1.03.02 PROTECTED COMPETITION means any athletic competition between any athlete or athletes officially designated by USARS as representing the United States, either individually or as a part of a team, and any athlete or athletes representing any foreign country where (a) the terms of such competition require that the entrants therein be teams or individuals representing the respective nations, and (b) the athlete or group of athletes representing the United States are organized and sponsored by USARS and are selected by USARS in accordance with a defined selection or tryout procedure that is open to all and publicly announced in advance. The term “protected competition” shall also include any domestic athletic competition or event organized and conducted by USARS which has been designated by the USARS in its selection procedure, and publicly announced in advance, as a competition or event directly qualifying successful competitors therein as an athlete representing the United States in a protected competition as defined in the immediately preceding sentence of this subsection.
GR1.04 USARS Service Marks and Trademarks
GR1.04.01 The registered and unregistered service marks and trademarks of USARS are the exclusive intellectual property of USARS.

Such authorization may be granted or withheld in the absolute discretion of USARS. Requests for authorization must be directed to the USARS headquarters office.
GR1.04.03 The Executive Director of USARS may adopt forms and guidelines for the administration of authorized uses of USARS service marks and trademarks, and make such forms and guidelines available to members upon request.
GR1.04.04 The unauthorized use of USARS service marks and trademarks is strictly prohibited, and shall be grounds for Administrative or Opportunity to Participate Complaint disciplinary proceedings in addition to other legal remedies.

Every member and every protected competition cardholder who accepts a membership or protected competition card thereby agrees to be bound by the Code of Conduct.

The Code of Conduct is as follows:

It shall be the responsibility of each USA Roller Sports member to be thoroughly familiar with the Code of Conduct and all other rules and regulations of USARS that may apply to him or her; to observe them in spirit as well as in letter; and to strive continuously to uphold the high ideals of competitive roller sports. USARS members shall demonstrate the highest standards of sportsmanship and ethical behavior and shall be courteous in word and demeanor to competitors, officials, and spectators while participating in or attending sanctioned roller skating competitions. When training for, traveling to or from, or attending or participating in USARS sanctioned activities, all persons, whether at the meet site or not, shall conduct themselves with decorum and in accordance with the rules of the host facilities and the laws of the jurisdiction in which they are located.

A person whose actions, statements or conduct violate this Code of Conduct is subject to discipline. The meet director may remove any individual who is unruly, disruptive or who otherwise is disturbing the running of an activity from the skating area. The meet director may administratively suspend a competitor or official, who is unruly, disruptive or otherwise disturbing the running of an activity.

RULES OF COMPETITIVE STATUS

Competition

Fundamental to sports competition is love for the activity itself, without regard to its remunerative aspects. The Rules of Competitive Status set forth below are based upon this principle and are intended to protect it and foster a spirit of sportsmanship in the athletes who compete in the roller skating sports.

These Rules of Competitive Status are promulgated subject to the statutes and regulations of World Skate (formerly FIRS), Rule 26 of the Olympic Charter, and Article VII of the By-Laws of the International Olympic Committee, as amended April 1979, and any amendment subsequently adopted by the respective organization. They are to be interpreted so as not to conflict with said Charter, By-Laws, statutes and regulations, and in keeping with the principle of sportsmanship expressed in Rule GR3.01.01.

Definitions

“Competitive roller skater” is a person who conducts him or herself in the Olympic tradition of good sportsmanship while engaging in USARS competitions and all other sponsored activities of USA Roller Sports. The competitor must be truthful and honorable in dealing with other athletes and officials and when establishing eligibility for USARS competitive events which are determined by age or previous competitive experience. There are no occupational requisites or restrictions applied to USARS competitive eligibility.

A “restricted class A” is a person who is temporarily ineligible to participate fully in the activities of USARS, being affected by one or more rules causing restriction of the privilege of competition. A “restricted class B” is a person who is permanently ineligible to participate fully in activities of USARS because of a rule violation, which bars his or her return to competition.

Acts Causing Loss of Status

(a) Persons who have competed as an roller or ice skater under an assumed name for the purpose of making a fraudulent entry;
(b) Persons who have issued or allowed to be issued any challenge to compete in a roller skating contest against any professional roller skater, or have placed a wager upon the outcome of any roller skating contest in which he or she competes;
(c) All competitors, including but not limited to current and immediate past national and world champions, wishing to continue to maintain eligibility to compete in USARS sanctioned competitions, may not have their image or name used in paid print or electronic advertisements without specific permission granted in writing from USARS. The contractual terms of such media ads must be satisfactory to skater, sponsor and USARS as determined by the USARS Executive Committee.
(d) Other acts by members considered to contribute to an unsafe sporting environment under the SafeSport program.

Acts Causing Restriction, Discipline, Suspension, and Eligibility to Compete

Class I members who have participated in international roller skating activities when they knew or should have known that such activities are not sanctioned by USARS are subject to discipline. Prospective applicants for Class I status who have participated in international roller skating activities when they knew or should have known that such activities were not sanctioned by USARS are ineligible for Class I membership. Prospective applicants for a USARS protected competition card (2.01.02) who have participated in international roller skating activities when they knew or should have known that such activities were not sanctioned by USARS are subject to ineligibility for protected competitions.

Class I members who resign membership in USARS shall be ineligible for Class I membership privileges for the remainder of the competitive season, and for all USARS activities except protected competitions.

Class I members who participate in USARS sanctioned competitions, including those offering “Novice, B, or C events” or other named beginner events, but who based upon USARS records appear to be ineligible for such participation under the rules, upon discovery, shall be summarily suspended from competitive status for a period of one year, by order of the Executive Director of USARS; provided, however, that the affected member shall be entitled to immediate reinstatement of competitive status if he or she can demonstrate, to the satisfaction of the Executive Director, that the order of suspension resulted from a mistake of fact, or a mistake in the interpretation or application of appropriate USARS rules; and, further provided, that no other cause for suspension under this section is shown to exist.

Class I members who fail to abide by the Code of Conduct or otherwise behave in a manner inconsistent with the Articles of Incorporation, By-Laws and General Rules of USARS or the statutes and regulations of World Skate (formerly FIRS) are subject to discipline.

Discipline as used in General Rules, unless the context otherwise requires, shall mean: verbal or written reprimand, probation (with or without conditions); suspension (with or without conditions) for a definite period of time, not to exceed two (2) years; or expulsion from membership. Suspension shall be presumed to mean ineligibility to participate in any organizational or competitive...
activities unless otherwise specified, except that ineligibility to participate in protected competitions must be specified in the Administrative or Opportunity to Participate Complaint disciplinary decision. Any protected competitions, including training trips, camps, or trials for which a person is ineligible as a result of a suspension or expulsion must be specified in the decision of the Committee. Discipline of a Class I member as a result of the violation of the Rules of Status may include the loss of competitive status and eligibility to participate in USARS sanctioned competition, including protected competitions. Discipline of the holder of a protected competition card may include suspension of his or her eligibility to participate in protected competitions.

GR3.04.06 Any Class I member who is suspended from competitive status shall be suspended from all Class I membership privileges during such suspension.

GR3.05 Enforcement of Competitive Status Rules
GR3.05.01 The enforcement of competitive status rules shall be governed pursuant to Article X, Article XI and Article XII of the USA Roller Sports Bylaws, dated July 1, 2018 or most recent edition as amended, the rule defining discipline; by the rule defining the authority of the Membership Eligibility Committee; and by the rule governing appeals to the USARS Executive Committee.

GR3.06 Policies Regarding Financial Support of Roller Skating
GR3.06.01 USARS does not and shall not assume any financial responsibility or liability in the event any sponsor fails to fulfill his, her or its agreements to sponsor a club or skater. No action or statement of USARS now or hereafter shall be construed as constituting a guarantee, warranty or endorsement of any products provided by a sponsor or contributor.

GR3.06.02 Sponsorship Funds: The USARS will establish sponsorship funds for the purpose of escrowing funds earned by a skater for scholarship, sponsorship appearances in television or movie productions, or in appearances of another nature, provided a contractual agreement among the USARS, the USARS member(s) and the party responsible for the appearance has been executed in advance. The USARS member(s) is able to use funds as by submitting documentation of the expense. No administrative fee will be retained by USARS. Note: Educational Trust Funds currently held on behalf of skaters shall continue to be maintained until the skater reaches college age as per their certificates of agreement.

GR3.06.03 Items Which May Be Compensated
(a) The following items may be reimbursed at cost:
   1. sports clothing, including uniforms or costumes and warm-up suits;
   2. sports equipment, including skates, wheels and spare parts, and rink rentals; protective equipment for hockey and speed skaters;
   3. travel expenses from and return to place of residence; plus room and board during competitions and training camps or training trips sponsored or sanctioned by a bona fide sport organization, including USARS and the United States Olympic Committee;
   4. medical care, physiotherapy and preventive health treatment;
   5. education, including tuition, books and fees, at any accredited public or private education institution;
   6. training, including coaching fees;
   7. competitive club dues and entry fees.
(b) In addition, while attending a competition, training camp or training trip as described above, a roller skater may receive a daily allowance over and above the cost of housing.
(c) USARS skaters may receive compensation in addition to travel and housing expenses for non-competitive appearances, clinics and exhibitions.

GR3.06.04 Logo Identification on Skater Uniforms/Costumes
(a) Sponsorship advertisements and/or logos appearing on competitive uniforms or costumes of athletes engaged in skating or training in the venue of USARS sanctioned competitions shall be governed by the following rules:
(b) World Team Championship Uniforms: USARS reserves to itself the right to restrict the use of all logos on World Championship Team uniforms in compliance with World Skate (formerly PIRS) rules. A member of a World Championship Team must abide by USARS requirements concerning wearing of advertisements and/or logos on World Team costumes or uniforms should USARS establish a National Team sponsor. If there is a conflict between the USARS sponsor and contracts with individual members of World Teams, USARS rights shall take precedent. Under no circumstances will an individual place an advertisement or logo on a World Team uniform, before, during or after a World Championship, without the written permission to do so from USARS Headquarters. World Championship uniforms are furnished by USARS and remain the property of USARS, and may be recalled at any time. In any roller skating competition only athletes who are members or who have been members of USA World Teams may wear the official USARS World Team uniform. In Regional or National Championships, the World Team uniform may not be worn.
(c) Wearing of an unlicensed sponsorship logo during competitive events (includes warm-ups) is prohibited. The first violation shall result in a warning to the skater and said skater must remove the unlicensed logos before being allowed to compete. The sponsor will receive a letter from USARS inviting them to complete the licensing application to avoid future violations. The second such violation is a 90-day suspension, will result in an added fee to the sponsor of $50.00 plus an invoice for the licensing fee. Failure to complete the application within 15 days of notice will result in that sponsor not being invited to participate in future USARS marking campaigns. Disqualification for the remainder of the competition in question for skater wearing the unlicensed logos will be at the discretion of the meet director. An automatic one-year suspension is established for any further infractions of the sponsorship logo rules. The Executive Director upon evidence of a rule violation shall impose these penalties. Penalized skaters shall have the right to appeal to the Membership Eligibility Committee if they can establish that the evidence submitted is incorrect.
(d) No person may display on competitive costumes or uniforms, manufacturer’s logos that are not registered with USARS under the General Rules. Competitors may wear sports clothing and equipment in competitions, including PIRS races, bearing names
of the manufacturer and their logos without these being registered as USARS sponsors only under the following conditions:
The name or trademark on the clothing can appear a maximum of four (4) times on the uniform and be no larger than 50mm high and 75mm wide (2" x 3"). Manufacturers’ logos and names can appear on equipment such as skates, helmets and hockey sticks, without restriction to size. Clothing markings that do not meet this regulation must be removed or the garment manufacturer must register as a National sponsor.

(e) Speed contestants competing at the regional and/or national championships brand/sponsor logos are permitted on an individual contestant's uniform only if they do not impair the ready identification of the club uniform by color and pattern. Brand logos are permitted in one or all of the following locations and size formats:
1. Left Breast – 75 mm wide x 50mm high (3” wide x 2” high)
2. Lower Back Panel – 125mm wide x 75mm high (5” wide x 3” high)
3. Top of Right and Left Shoulder – 100mm wide x 50mm high (4” wide x 2” high)

GR3.06.05 Athlete/Team Sponsorship Fees: Approved Annual Athlete/Team Sponsorship fees for competitive events are based upon the effective range and importance of such advertising within the community of roller-skating.

(a) There are three sponsorship/partnership license opportunities sponsors can choose from. These options are available per season September 1 through August 31 yearly. Two categories of influence are established:
1. Local businesses or corporations whose operations are confined to a single city or state - $100 annual USARS registration fee.
2. Multi-State or National businesses or corporations and skate equipment manufacturers and suppliers - $1,000 annual USARS registration fee.

(b) Once an athlete/team sponsor is registered with USARS, the number of individuals that the athlete/team sponsor may wish to endorse is without limitation. USARS will not be party to such negotiations, the financial terms of these agreements being between the skater and the sponsor. USARS athlete/team sponsorship licenses are renewable each calendar year on January 1st with a 30-day grace period.

(c) Restriction on Print or Electronic Media Advertising - All competitors, including but not limited to current and immediate past National and World Champions, wishing to continue to maintain eligibility to compete in USARS sanctioned competitions, may not have their image or name used in paid print or electronic advertisements without specific permission granted in writing from USARS. The contractual terms of such media ads must be satisfactory to skater, sponsor and USARS.

(d) For sanctioned competitions, USARS restricts the use of the public address system and the program/schedule identification of speed teams and/or individual race contestants to that of the skater’s USARS club or that person’s given name. Speed skaters may not be identified by sponsoring teams or other such commercial involvements in the announcements of speed skating.
action, during award ceremonies or on printed program rosters. This does not restrict competitors from appearing in commercial ads placed in meet programs by USARS registered athlete/team sponsors, subject to section (c) above.

(e) National USARS registered athlete/team sponsors have the right to use the images of USARS champions for both print and electronic advertisement, provided they also receive the individual skater’s permission.

**GR3.06.06 Sponsorship Without Product/Company Identification**

(a) Skaters may continue to solicit sponsors that do not hold a license with USARS if these sponsors do not seek product identification with the skater. In other words, should any entity wish to support a skater or team without being identified on the competitive uniform or during awards ceremonies or in print and media advertising, there is no need to register such sponsorship with USARS, and the funds can be provided directly to the sponsored skater.

(b) Should the sponsoring party seek to have their contribution to the individual skater channeled through a charitable institution for tax purposes, USARS will accept custody of these funds under conditions acceptable to the Internal Revenue Service and redistribute these funds to the athlete on a designated sport expense basis as identified in GR3.06.02. No administration fee will be deducted.

**GR3.06.07** A current list of USARS-approved athlete/team sponsors will be sent to the meet host of each sanctioned contest within seven days of the start of the contest and is available on the USA Roller Sports website.

**GR3.06.08 Tax Aspects - USARS** is classified as a charitable corporation and contributions to it by individuals or businesses are deductible as charitable contributions. Contributions by business entities as private sponsors, cooperative sponsors or business contributors may qualify, in full or in part, as a business expense deduction. However, USARS makes no representation in this regard and does not purport to offer tax advice. Any business interested in being a private sponsor, cooperative sponsor or business contributor should obtain advice from its own tax consultant. Determinations of this kind often need to be made on a case-by-case basis. Athletes receiving support under any program outlined in Rule 3.06 may be subject to state or federal income tax liability, and should consult with a competent tax advisor.

**GR3.06.09** USARS does not assert jurisdiction over any matter of private contract between a sponsor, coach and/or a competitor.

**GR4.00 MANAGEMENT OF SANCTIONED USARS ACTIVITIES**

**GR4.01 General**

**GR4.01.01** All sanctioned USARS activities consisting of club contests, interclub contests, state championships, regional championships, national championships and protected competitions shall be under the control of a meet director who, except as otherwise provided in these rules, shall apply, enforce and interpret USARS rules and regulations and who shall have the responsibility and authority to make decisions governing the activity, participants and spectators. Certified Meet Directors are required for all regional championships, national championships and protected competitions. For figure skating there are two classes of USARS Meet Directors Certification. They are (A) Invitational, State, Regional, National and Protected Championships and (B) League and Interclub Contests.

**GR4.01.02** The meet director shall be responsible for giving adequate advance notice of the activity to interested and qualified participants, for supervising the registration process and for insuring that an adequate number of qualified assistants, referees, judges and other officials are present. The meet director shall coordinate and supervise the work of all other meet officials. At all qualifying meets the Certified Meet Director shall be responsible for checking commissions of all officials before they are used.

**GR4.01.03** Meet Directors Certification courses are conducted at the USARS National Championships, USARS coaches’ conferences and via mail testing. There are separate certification courses for Figure, Speed and Hockey Meet Directors. Certification is valid for a one to three-year period, providing USARS does not receive verified complaints on the Meet Director that warrants action by the USARS Board of Directors and that the Meet Director maintains USARS membership. To be eligible to participate in a Meet Director Certification course, an applicant must:

(a) Be a current USARS member

(b) Be a minimum of 25 years of age

(c) Have some experience in conducting USARS sanctioned meets

(d) Obtain approval from the appropriate technical committee (Figure, Speed or Hockey)

(e) Include a list of their activities as a contest official for the past three years

**GR4.02 Selection of Meet Director and Officials**

**GR4.02.01** The meet director for shows, exhibitions and club contests shall be the president of the organization applying for the sanction or the person designated in writing by the president. The meet director shall have authority to appoint such additional qualified officials as are necessary under the rules or otherwise desirable for the conduct of the contest.

**GR4.02.02** The meet director for interclub contests and such additional qualified officials as are necessary under the rules and, in cooperation with host club, such other assistants and qualified officials as may be desirable for the conduct of the contest shall be selected by the league officers. In the absence of a league or its failure to act, the officers of the state association may make the appointments. In the absence of a state association or its failure to act, directors of the regional association shall make the appointments.

**4.02.03** The meet director and other qualified officials for a qualifying or regional championships shall be selected by the officers of the regional association.

**4.02.04** The meet director and other qualified officials for the USARS National Championships and for protected competitions not otherwise specified shall be selected by the USARS Board of Directors.

**GR4.03 Safety and Health**

**GR4.03.01** The meet director shall inspect the activity site prior to the beginning of the activity to determine that there has been reasonable compliance with all USARS safety standards. Should safety hazards be found to exist, the meet director shall require these hazards to be corrected before allowing the activity to begin. The meet director shall be responsible for enforcing all USARS safety standards
during the activity. Equipment required for safety under USARS General Rules must be worn at all practices and competitions, otherwise USARS accident/medical insurance is void.

GR4.03.02 The meet director shall be responsible for providing proper medical supervision for the competitive roller skaters.

GR4.03.03 All skaters who seek to enter USARS competitions wearing casts that cover an injury will be subject to the following considerations:
   (a) Soft casts usually present no problem.
   (b) If a hard cast is required, it must be covered by a padded wrapping (such as an Ace bandage).
   (c) A doctor’s release must be obtained and available to meet officials.
   (d) If in the person’s normal skating motion the hard cast presents a hazard to other skaters, it will be considered interference and the skater will be disqualified.
   (e) Metal finger splints should be covered.
   (f) It is virtually impossible, sight unseen, to tell which casts will present a hazard until that skater is actually involved in competition.

   The meet director may consult with appropriate medical personnel and event officials to determine whether or not the skater shall be permitted to skate in competition, however, the meet director will make the ultimate decision. Contest safety and the skater’s rehabilitation should be considered paramount.

GR4.04 Rules Enforcement
GR4.04.01 The meet director shall be responsible for enforcing the rules of competitive status and the Competitive Code of Conduct at the activity. Any alleged violation of the Competitive Code of Conduct by a skater or other USARS member occurring during travel to, attendance at, or participation in a USARS sanctioned activity shall be reported to the meet director and treated as an Administrative or Opportunity to Participate Complaint-disciplinary protest.

GR4.04.02 The meet director shall be responsible for applying the rules of eligibility, which may be applicable to the activity. In the case of shows, exhibitions, club contests and interclub contests, the meet director also shall be responsible for interpreting and applying any local rules of eligibility.

GR4.04.03 The meet director shall be responsible for verifying that all competitors possess a current USARS competitive membership card in the appropriate federation. Those competitors not possessing a valid card shall not be eligible to skate.

GR4.04.04 The meet director shall be responsible for seeing that all records established during the competition, if any, are validated.

GR4.05 Unruly Persons
GR4.05.01 The meet director shall have the authority to remove from the skating area any person who is unruly, disruptive or who otherwise is disturbing to the running of the activity, whether or not the person is a USARS member.

GR4.05.02 The meet director, in cooperation with or with the consent of the facility manager, shall have the authority to remove from the facility where the activity is being held, any person who is unruly, disruptive, or otherwise disturbing to the running of the activity, whether or not the person is a USARS member.

GR4.06 Rules Committee
GR4.06.01 The meet director, in the case of club contests and interclub contests, may appoint and in the case of state, regional and national championships and protected competitions, shall appoint a rules committee consisting of from three to five USARS members, whose duty it shall be to aid the meet director in the investigation of Administrative or Opportunity to Participate Complaint-disciplinary protests and alleged violations of the Competitive Code of Conduct and to advise and consult with the meet director regarding the proper interpretation and application of USARS rules and regulations.

GR4.07 Organizational Structure
GR4.07.01 The organizational chart for contests and championships shall be as follows:

   - Club, league, state or regional association rules must be in conformity with these USARS By-Laws and General Rules.
   - Individuals or clubs seeking redress under USARS rules must follow due process through each of the above organizational structures of which they are a member. Any such complaint must be made in writing with a copy being sent to the USARS National Headquarters.

GR4.07.02 In the case of regional or national championships involving only one sport, or in the case of club and interclub contests involving one or more sports, the meet director also may serve as an official in charge.

GR4.08 Limits of Authority
GR4.08.01 No official including the meet director shall have the authority to abrogate the prescribed duties of other contest or championship officials, nor may he change the decision of any official made within the limits of such official’s specific authority.

GR4.09 Assistant Directors
GR4.09.01 The meet director may delegate to assistant meet directors such duties and authority as the director deems desirable, except that the director’s authority to disqualify a skater from events cannot be delegated.

GR4.10 Official in Charge
GR4.10.01 The official in charge of an event of the respective federations shall be the chief referee. The duties of the official in charge and other officials shall be as described in the rules affecting their respective federations. The official in charge shall have the authority to rule on any competitive protest. A competitive protest is a written complaint, which sets forth the basis upon which the complainant reasonably believes that a competitor has violated the competitive or technical requirements of an event. The Board of Directors specifically affirms the authority of an official in charge of an event, whatever the sport, to remove or disqualify competitors who violate the rules and regulations immediately before, after, or during the running of the event. Should the reasons for removal or disqualification be sufficiently grave, in the opinion of the official in charge of the event, to possibly require removal or disqualification from other events during the activity, the matter shall be referred to the meet director as an Administrative or Opportunity to Participate Complaint-disciplinary protest.

GR5.00 USARS SKATING CLUBS
GR5.01 Club Charter
GR5.01.01 USARS club charters shall cover designated USARS activities at a given address. Separate club registration must be maintained for each skating sport. The establishment of more than one skating club per sport within any given roller sports facility is prohibited. The only exception would be at the discretion of the Executive Director, to temporarily double up with an already established club from another facility if that facility were to be closed for any reason after April 1st of a skating season. Said club would not be renewed for the next season without merging with the existing club or moving to another facility. Multiple club charters per sport are allowed for public facilities such as school tracks, parks, etc.

GR5.01.01a Multiple clubs per sport are allowed for the 2010 season in roller sports facilities. It is understood that this rule is in conflict with and shall supersede GR5.01.01 above for the current year.

GR5.01.02 Price of all club charters shall be determined by the USARS Board of Directors and are valid from January 1st through December 31st.

GR5.01.03 A club charter shall be issued for sport, not recreational or social roller skating activities.

GR5.01.04 The club must be located in a facility, which is suitable to pursue the sport aspects of competitive roller-skating.

GR5.01.05 Sufficient time must be available to the club at that location in order for members to develop and participate in the sport of competitive roller-skating.

GR5.01.06 A USARS club charter may not be transferred or otherwise relocated without permission from the USARS Board of Directors.

GR5.01.07 All members and officers of the USARS clubs must maintain individual membership in the USARS. In order for a rink operator or manager to serve as an officer in the club, he/she must hold a USARS non-competitive card. Individuals holding a USARS registered or certified coach’s card may use this membership for the purpose of registering as a club officer in any sport, in the same fashion as the non-competitive registration card.

GR5.01.08 USARS club constitutions must conform to the minimum standards as set forth in the USARS By-Laws

GR5.01.09 Application for USARS club charter must designate a minimum of two officers, which cannot be the same person. All club officers must hold a current USARS individual membership card before any competitive cards may be processed in the name of that club.

GR5.01.10 New applications for USARS club charters must be approved by the USARS Board of Directors or its designated authority.

GR5.01.11 Application must designate the club representation of the skater or the skater’s status as being unattached.

GR5.01.12 A skater must represent the club named on the membership card, or if unattached, a club cannot be represented. Membership card applications require the signature of the club president or another designated club officer to verify club affiliation.

GR5.02 Club Representation

GR5.02.01 Club representation for competitive purposes shall be established when a membership card is applied for during each membership season (January 1st through December 31st) and terminates December 31st of that same season.

GR5.02.02 When a membership card is applied for, the application must designate the club representation of the skater or the skater’s status as being unattached.

GR5.02.03 A skater must represent the club named on the membership card, or if unattached, a club cannot be represented. Membership card applications require the signature of the club president or another designated club officer to verify club affiliation.

GR5.02.04 Registration with one federation does not affect the skater’s club affiliation or representation with any other federation. Separate club representation must be maintained for the purpose of competition in all three federations.

GR5.03 Individual Registrations

GR5.03.01 Every competitor intending to enter a USARS sanctioned roller skating competition must apply for and obtain a USARS membership competitor’s card. This card shall be in the skater’s possession at all USARS sanctioned competitions. Membership card applications require the signature of the club president or another designated club officer to verify club affiliation.

GR5.03.02 Competitors without USARS club affiliation may obtain a membership card through either a cooperating USARS club or from USARS National Headquarters.

GR5.03.03 A non-competitive registration card is required for USARS judges, officials, and club officers who are not eligible for competitive registration unless the individual is registered as a competitor or USARS coach.

GR5.03.05 Protected competition cards are available for certain individuals who do not wish to join USARS, but who seek to qualify for the World Championships, which are defined as protected competitions. Skaters will be charged a fee which includes an administrative fee for a “protected competition” card, which must be purchased from USARS National Headquarters up to the registration deadline of that official qualifying championships.

GR5.03.06 Applicants for an competitor’s card shall agree to the following clause:

WAIVER AND RELEASE OF LIABILITY,assumption of risk
AND/OR PARENTAL CONSENT AND INDEMNITY AGREEMENT
In consideration of being allowed to participate in the USA ROLLER SPORTS (USARS) sports programs and related events for the current skating season, the undersigned agrees:

1. I, the undersigned, do affirm the registration information above is correct and truthful and hereby make application to USARS for registration with which to identify myself as sanctioned competitions, exhibitions and other appropriate occasions. I further agree to abide by the rules and regulations of USARS during the terms of this registration and agree to observe the Code of Conduct, in spirit as well as in letter, upholding the high ethics of roller sports.

2. I understand dangers may be caused by my own actions, or inactions, the actions or inactions of others participating in these activities. I understand the nature of USARS activities and believe that I (or my minor child) am/are qualified and physically fit to participate in roller skating competitions and practices. I further acknowledge that I am aware that the activity will be conducted in facilities open to the public. As a skater, parent or legal guardian, I further agree and warrant that prior to participating in any event I will inspect the facilities to be used and if believing conditions to be unsafe, I will immediately advise my coach or the meet director of this condition and refuse to participate unless corrected.

3. I fully understand that USARS activities involve risks and dangers of serious bodily injury, including permanent disability, paralysis and death, and economic losses which might result not only from a skater’s actions, inactions or negligence, but the action, inaction, or negligence of others, the rules of competition, or the condition of the premises or any equipment in use. I fully accept and assume all such risks and responsibilities for losses and costs and damages incurred as a result of my participation in USARS activities or arising out of my traveling to or returning from such activities or practice sessions.

4. I hereby release, discharge, covenant not to sue, and agree to hold harmless USARS, their administrators, directors, agents, officers, volunteers and employees, other participants, any sponsors, advertisers, and where applicable, owners and lessors of premises and their employees on which the activity takes place, from all liability, claims, demands, losses, or damages caused or alleged to be caused in whole or part by their negligence. I further agree that if a claim is made against any of the releases named above, despite this release, I, AND THE PARENT OR GUARDIAN SIGNING ON BEHALF OF A MINOR, AGREE TO INDEMNIFY, SAVE AND HOLD HARMLESS EACH OF THE RELEASES FROM ANY LITIGATION EXPENSES, ATTORNEY’S FEES, LOSS, LIABILITY, DAMAGE, OR ANY COSTS INCURRED AS A RESULT OF ANY SUCH CLAIM.

I have read this agreement and fully understand its terms, understand that I have given up substantial rights by signing it, and have signed it freely and without any inducement or assurance of any nature and intend it to be a complete and unconditional release of all liability to the greatest extent allowed by the law and agree that if any portion of this agreement is held to be invalid that the balance, notwithstanding, shall continue in full force and effect. We acknowledge our responsibility to deliver this membership application to USARS Headquarters before insurance benefits associated with this membership are affected.

GR5.03.07 Code of Conduct

It shall be the responsibility of each USARS member to be thoroughly familiar with the Code of Conduct and all other rules and regulations of USARS that may apply to him or her; to observe them in spirit as well as in letter; and to strive continuously to uphold the high ideals of competitive roller sports. USARS members shall demonstrate the highest standards of sportsmanship and ethical behavior and shall be courteous in word and demeanor to competitors, officials, and spectators while participating in or attending sanctioned roller skating competitions. When training for, traveling to or from, or attending or participating in USARS sanctioned activities, all persons, whether at the meet site or not, shall conduct themselves with decorum and in accordance with the rules of the host facilities and the laws of the jurisdiction in which they are located.

GR5.03.08 FEES: Individual federation registrations vary. All registrations expire December 31, annually. An administrative fee of $25 must also accompany the regular annual membership fee for a “protected competition card”.

GR5.03.09 A permanent USARS membership card must be in the possession of members when that individual arrives for roller skating programs at the Olympic Training Center. Without a permanent USARS membership card in their possession, they must purchase one on site from the clinic leader who is authorized to serve on behalf of the national office as registrar for the purposes of the insurance policy. In the case of minors, the parents are required to fax authorization to the clinic leader for purchase of a membership card and acceptance of the waiver of liability prior to participation by the skater in any USARS program at the OTC. This process verifies insurance, age, identity and parental responsibility in the case of minors. Memberships may also be verified on the USA Roller Sports website (www.usarollersports.org).

GR5.04 Transfer of Club/Unattached Affiliation - Fees are not refundable.

GR5.04.01 Any skater filing for a transfer of club/unattached representation, regardless of the reason, may represent the new club in competition when the reissued card is in his/her possession or appears on the USARS website. The date of notification is established at USARS National Headquarters of intention to transfer by either USPS postmark, fax or transmittal date on any other source of express or priority delivery service. USARS will be obligated to process transfers within two working days after receipt from applicant of all required fees and documents.

GR5.04.02 To transfer club/unattached representation to a new club, once club representation has been established during a membership year within a particular sport, a skater must:
   (a) submit a signed release from the skating club where club affiliation had been previously registered;
   (b) submit a letter of acceptance from the new club to be joined, and;
   (c) remit a transfer of club registration fee as established by the Board of Directors and published by USA Roller Sports. (UNDER NO CIRCUMSTANCES SHALL A NEW APPLICATION BE MADE FOR A SECOND COMPETITOR CARD REGISTRATION NUMBER IN THE SAME SPORT.)

GR5.04.03 The Executive Director shall hear appeals of skaters unable to obtain a club release, and who wish to transfer to another club for any of the following reasons:
(a) loss of club coach without a Registered or Certified Coach replacement;
(b) drastic changes in the club’s practice hours or fees after the season has started;
(c) medical considerations;
(d) other circumstances of similar consequence.

NOTE: There are individuals who join a club in a region other than that of their established place of residence for the purpose of creating a competitive pairs, dance or relay partnership. Should this partnership be dissolved and there exists no further reason to continue competing in a region where they are not a resident, the skater may apply in writing to the USARS Executive Director for permission to return to the region of their residence. Should the Executive Director deny such a transfer, an appeal may be made to the Membership Eligibility Committee. This appeal should be filed in writing with appropriate documentation to the USARS National Headquarters. The standard transfer materials and fees must accompany said appeals.

GR5.04.04 In the event a skater is released from a skating club against his wishes during the skating season and subject to verification of the circumstances of the dismissal by the USARS National Headquarters, he becomes eligible to re-affiliate with a new club by submitting: (a) letter of acceptance from the new club to be joined; (b) a statement regarding the dismissal, and; (c) the appropriate transfer fee.

Club transfer will become effective immediately upon approval by USARS National Headquarters and appear on the USA Roller Sports website (www.usarollersports.org).

GR5.04.05 No skater will be permitted to make more than two changes in representation during a membership year within a specific federation, without the written permission of USARS. Unattached status shall be considered as an affiliation.

GR5.04.06 Ordinary requests for transfer of competitor representation will not be accepted by the USARS, which are received less than 30 days prior to the regional deadline. Applicants who seek a waiver of the deadline, except skaters affected by 5.04.05 above, must: (a) submit a valid release from the club of record; (b) detail in writing the reasons why such permission should be granted; (c) submit a letter of acceptance from the intended new club, and; (d) remit a transfer registration fee as established by the Board of Directors and published by USA Roller Sports. of $20.00. In the absence of a release and/or letter of acceptance, a club transfer will not be permitted, and the competitor will be required to skate unattached.

GR5.04.07 Competitor cards issued to represent a particular skating club are void should the holder no longer represent that club in competition. Skaters, whose affiliation with a club is terminated for any reason, must apply for new club affiliation or, for unattached status through normal transfer procedures, in order to remain eligible for USARS competitions.

GR5.04.08 After purchasing a USARS membership, a change that moves a competitor to another state or regional championship must involve a bona fide change of residence and not be made solely for the purposes of competitive advantage. This rule also applies to unattached skaters.

GR5.04.09 Nothing in these rules shall be construed to deprive any competitor the right to skate unattached at any time during the skating season, provided such skater is so registered within the USARS federation affected.

GR5.04.10 It is advised that all written notices mentioned in the foregoing shall be made in triplicate and the original be sent to USARS Headquarters, the date of the postmark being the determining date for the origination of the notice. A copy of the notice should be filed with the club affected and the skater should retain a copy.

GR5.04.11 Non-competitive Transfers: In the event a club officer holding a non-competitive USARS registration card desires a transfer to another club, he must obtain, for his and the club’s protection, a release from the club. In addition, it is advised that a club treasurer who wishes a transfer should obtain from the club a statement relieving him or her from any future financial obligation. There will be no fee for non-competitive transfers as in the case with competitive transfers. USARS members may hold office simultaneously in more than one USARS club, but may not competitively represent more than one club in a given federation during the same competitive season, without executing a transfer of competitive representation.

GR5.04.12 Any competitor wishing to transfer club affiliation before a qualifying meet must have the transfer request with the appropriate signatures and fees postmarked NO LATER THAN 30-days prior to the deadline for entry into the qualifying meet. (If an extension of the entry deadline is requested, then the transfer request must be made in accordance with the new deadline.) No transfers will be accepted once the deadline has passed.

GR5.05 Officers’ Responsibilities
GR5.05.01 The term “officers,” as used in this rule shall mean the officers of Class IV USARS members, such as clubs, leagues, state and regional associations.

GR5.05.02 Each officer shall be responsible to properly execute his or her duties according to USARS General Rules. No officer shall intentionally or negligently cause another USARS member to be in violation of USARS General Rules.

GR5.05.03 Any officer who is found to have violated this rule is subject to discipline.

GR5.06 Organizational Memberships - Class IIIIB
Membership is established for individual companies or corporations, whose interest in the sport of roller-skating is sufficient to qualify them for membership. Annual fee is $100.

GR6.00 USARS SANCTIONS AND PERMITS
GR6.01 Issuance of Sanctions
GR6.01.01 The USARS reserves to itself the privilege of granting permission in writing for competitions, contests, shows, exhibitions, carnivals, revues, etc., which shall involve any of its members. These written permissions shall be known as sanctions and are obtained by making application in writing to the USARS Headquarters. In the interest of developing participation throughout the United States
and being responsible to the persons and sports organizations it represents, the sanctioning policy of USARS for athletic competition in roller sports shall be as set forth below.

**GR6.01.02** USARS is authorized to issue two kinds of sanctions: a member sanction and a non-member sanction.

(a) A member sanction will be issued to a USARS chartered club, league or association. Only a person holding a USARS membership or single event card may participate as a competitor, meet director, or official in a member-sanctioned event. When available and offered by USARS, accident insurance and participant liability insurance coverage will be available in member-sanctioned events for no additional cost.

(b) Non-member sanctions shall be available to any qualified applicant or sponsor, whether or not a USARS chartered club, league or association. Any person meeting the requirement of the applicant or sponsor may participate as a competitor, meet director or official in a non-member sanctioned event. When available and offered by USARS, participant liability insurance coverage will be included only for an additional fee, and only when all competitors have a USARS membership or a single event registration.

(c) The USARS participant liability coverage is not available when any competitors do not have an annual membership or single event registration. USARS shall have no responsibility for supervising or enforcing sanction rules at a non-member sanctioned event once the applicant has made a satisfactory showing that it qualifies for the sanction in accordance with the General Rules.

(d) The failure of any applicant or sponsor of a membership or non-membership sanctioned event to fulfill their responsibility under the eligibility rules for issuing sanctions may be grounds for denying or imposing reasonable and appropriate conditions on the issuance of future sanctions.

**GR6.01.03** MEMBER AND NON-MEMBER SANCTIONS

(a) Written application for a member or non-member competition sanction must be filed with the USARS National Headquarters at least thirty (30) days prior to the start of competition. In the case of a USARS state or regional championship, application must be filed so that the USARS Board of Directors may act upon the sanction at its regular meetings. Sanction applications are available upon request from USARS. Members may not apply for or be issued Non-Member Event Sanctions.

(b) The applicant must provide the following information on the application: date and site of competition; name and address of sponsor, or in the case the sponsor is a USARS club, the club identification number; entry fees; size of skating surface; geographical area covered by sanctioned meet; kinds and values of awards, if any; estimate of potential entry; type of meet; signature of sponsor, or in the case of a member sanction, the signatures of host club officers, site owner/operator and the chairman of the USARS state or regional association.

(c) Sanction applicants must agree to provide medical supervision, which in the case of a member sanction shall mean the agreement to follow USARS medical supervision guidelines as stated in GR6.02.04.

(d) The sanction holder must provide USARS with a hold-harmless agreement. Furthermore, member or non-member roller skating contests will be required to carry at least $1,000,000 in general liability insurance for the protection and safety of the contestants and USARS. This amount must be secured from a reputable insurance company and may be increased accordingly, if in the judgment of the Executive Director, the competition site or conditions appear to warrant additional insurance.

**GR6.01.04** Upon the timely request of any sponsor of a USARS-sanctioned competition, USARS will publish notice of the sanctioned meet in the events section of the USARS website (www.usarollersports.org). Sponsors of USARS-sanctioned competitions will be entitled to advertise such competitions as "sanctioned by USARS".

**GR6.01.05** There shall be five (5) classes of sanctions:

(a) show and exhibition sanctions (for promotion of the sport)
(b) intramural club contest sanctions
(c) interclub contest sanctions
(d) USARS championship sanctions
(e) special event sanctions

**GR6.01.06** Where a contest is open to view of spectators or open to unattached skaters; or is in any way a rink, city, county, metropolitan, district, inter-state or regional competition, it must be sanctioned under the provisions specified in these rules.

**GR6.01.07** USARS will not sanction any contest-figure, speed or hockey-that bills itself as a "United States," "American," or "National" Championships of any type unless said meet is conducted or assigned by USARS itself.

**GR6.01.08** Sport organizations that wish to hold sanctioned, international competitions must comply with the following requirements for a sanction:

(a) They must pay to USARS a sanction fee set by the USARS Board of Directors.
(b) They must demonstrate that:
   1. appropriate measures have been taken to protect the status of skaters who will take part in the competition and to protect their eligibility to compete in athletic competition;
   2. appropriate provisions have been made for validation of records, which may be established during the competition;
   3. due regard has been given to any international athletic requirements specifically applicable to the competition;
   4. the competitions will be conducted by qualified officials;
   5. proper medical supervision will be provided for athletes who will participate in the competition; and,
   6. proper safety precautions have been taken to protect the personal welfare of the athletes and spectators at the competition.
(c) They must submit to USARS an audited or notarized financial record of similar events, if any, conducted by the sports organization or person.
(d) The event organizers must also comply with the sanction requirements of the appropriate international technical committee.

**GR6.01.09** Violation of USARS sanction rules shall be grounds for denial of future sanctions to applicants who violate these sanction rules.
GR6.02.01 Written application for a competition sanction MUST be filed with USARS Headquarters at least thirty (30) days prior to the opening date of the competition. In the case of qualifying or regional championships, application should be filed so that the Board of Directors may act upon the sanction at its regular meetings. Official sanction applications may be obtained from USARS Headquarters.

GR6.02.02 The following information is required on competition sanction applications: dates and site of competition, sponsoring club (and club identification number), entry fees, kinds and value of awards (if any), size of skating surface, geographical area covered by sanctioned meet, estimate of potential entry, type of meet, signatures of the host club officers, signature of site owner/operator and the signature of the chairman of the state or regional USARS association.

GR6.02.03 Applications for championship sanction must designate that said competition will include all divisions and classes of competition, and must state whether such meet will be “open” or “closed;” if such championship is to be conducted in more than one rink, this must also be specified in the request for sanction.

(a) CLOSED MEETS are defined as meets wherein eligibility must be established through previous eliminations.

(b) OPEN MEETS are defined as meets wherein eligibility is not required by participation in previous qualifying competition.

GR6.02.04 Sanction applicants must agree to follow USARS medical supervision guidelines as follows:

(a) The sponsor shall plan for prompt access to qualified medical assistance and shall furnish this plan to the meet director. For example, the sponsor shall have and make available to the meet director the telephone number of a nearby emergency room or medical facility in order to alert medical personnel of apparent serious injuries.

(b) The sponsor shall plan for transportation of ill or injured persons to qualified medical assistance and shall furnish this plan to the meet director. For example, the sponsor shall have and make available to the meet director the telephone number of a nearby ambulance service.

(c) Only those who are properly trained and qualified to render first aid should administer first aid to an apparently seriously ill or injured person. This guideline is not intended to prevent the furnishing of customary assistance for minor injuries, which is reasonable under the circumstances, such as providing band-aids for small cuts.

(d) Only those who are properly trained in emergency transportation or under the direction of trained medical personnel should attempt to move or transport a person with apparently serious injuries to the neck, head, back or limbs.

(e) The sponsor shall plan for such other medical supervision as may be reasonable under the circumstances and furnish this plan to the meet director.

(f) The sanction holder is required to provide meet officials with an adequate supply of surgical gloves, swabs, and other medical supplies necessary for treating and isolating bleeding injuries. These supplies are available in kits from the USARS National Headquarters.

GR6.03 Applications for Show and Exhibition Sanctions

GR6.03.01 Written application for an exhibition sanction shall be filed with USARS National Headquarters prior to the show or exhibition.

GR6.03.02 The application for a show or exhibition sanction shall include the date and site of the exhibition, sponsoring or applicant organization’s name (if applicable), a brief description of the exhibition to be skated, names and card numbers (and club registration, if applicable) of the skaters, and an assurance that said show or exhibition will be conducted within the rules of competitive status of this Confederation.

GR6.04 Applications for Special Event Sanctions

GR6.04.01 Written application for a special event sanction shall be submitted to USARS National Headquarters thirty (30) days prior to the event and shall include the following: if a charity event, the name of the charity or civic group to benefit from the funds raised, name of USARS club which co-sponsors the special event, indication of whether the event will be open only to USARS members or will provide for a one-time special event USARS registration for all participants, suggested chief referee for the event (subject to USARS approval), a statement indemnifying and holding USARS harmless for any and all damages or liability.

GR6.05 Sanction Fees and Requirements

GR6.05.01 The definition of an exhibition is an event, which features a skater or group of skaters performing for an audience. A demonstration differs from an exhibition in that it involves a skater or group of skaters illustrating a skating maneuver or technique. Any person present who is familiar with the technique, figure or dance, may skate a demonstration.

GR6.05.02 No sanction or fee is required for a demonstration. A hockey contest between two clubs only is considered a practice scrimmage and no sanction or fee is required.

GR6.05.03 Exhibitions, which take place outside the rink for promotion of the sport, require a sanction, but no fee is charged.

GR6.05.04 Exhibitions within the club’s home rink, performed exclusively by the club’s own membership, either amateur or professional, or both, for which no special admission charge is levied, is considered a demonstration to promote club activity, and no sanction or fee is necessary.

GR6.05.05 Exhibitions or skating shows in the club’s home rink for which admission is charged, require a sanction and a fee as established by the Board of Directors and published by USA Roller Sports, of $25.00 per day.

GR6.05.06 Intramural club meets (competition between the members of only one club) require a sanction. The fee for intramural club sanctions shall be as established by the Board of Directors and published by USA Roller Sports, is $50.00 per day.

GR6.05.07 Inter-club, invitational, open contests and/or official qualifying and regional championships require a sanction fee. The applications, score sheets, contestant rosters and a copy of the contest program (if one is prepared) must be provided to USARS National Headquarters within five (5) days after the conclusion of the contest. The Board of Directors has determined that no further sanctions or credit be extended to sponsors of a contest that are delinquent in submission of contest data.

GR6.05.08 (a) Official qualifying and regional championships require a sanction, a cash deposit of $1,000 for regional championships, and a $3.00 per event skater assessment fee payable upon submission of score sheets. When a qualifying or regional championship is divided into two separate contests, but is hosted by the same firm or individual, only one cash deposit is
required. Separate sport championships will require separate sanctions and fees. Bonds are to be returned, if all is in order, no later than September 1, if requested.

(b) The USARS National Headquarters must receive proper application forms and all bonds and fees for state and regional championships by November 1, or the cost of the sanction will double. If the forms and fees are not received by January 1, a recommendation for reassignment will come from the national office, with input from the affected regional clubs, and submitted for approval by the Board at its February meeting. The USARS Board will not require designation of an alternate meet site for regional championships. Because of past problems concerned with the alternate championships sites not having received appropriate care in selection, the Board will require a new vote of the region’s clubs when the approved regional championship site must be changed for any reason.

(c) Management infractions of USARS regulations pertaining to qualifying championships must be penalized by a commensurate fine taken from the championship host’s performance bond held by USARS.

GR6.05.09 Multi-national contests (involving roller skaters from the United States and other countries) under the sponsorship of a USARS club will require a sanction fee. Skaters from contiguous nations may participate in USARS-sanctioned competitions without the payment of the extra fee, after receiving permission to participate from the skaters’ National Federation. The sanction applicant must also agree to pay any required international sanction fees as set by the other national federations involved and World Skate (formerly the Federation Internationale de Roller Sports - FIRS).

GR6.05.10 Multi-national contests organized by other recognized roller skating organizations in the United States shall make application to USARS as the National Governing Body for permission to conduct such events. The sanction will be issued subject to the following conditions

(a) that written application is submitted to USARS National Headquarters detailing all pertinent data about the competition;
(b) that payment of the appropriate World Skate (FIRS) fees and an additional $100 USARS administrative fee, and all other applicable assessments are guaranteed.

GR6.05.11 Participation Permits shall bear an administrative fee for processing in the amount of $50 for contest host.

GR6.05.12 The fee for sanctions will be doubled if they are postmarked less than 30 days prior to the contest.

GR6.06 Official Scoring Forms

GR6.06.01 USARS National Headquarters will provide a computer program for tabulating figure and speed skating competitions. Regional meet results must be promptly reported to the USARS national office according to sanction requirements, to include electronic listing of national qualifiers and supporting paperwork for applications, score sheets, protests, etc.

GR6.06.02 A copy of all scoring sheets for a figure, speed, or hockey competition must be posted within two hours of the completion of that event in a conspicuous place, available to the public in the facility in which a USARS competition has taken place.

GR7.00 ELIGIBILITY TO COMPETE

GR7.01 All USARS competitors must hold a current USARS competitive membership card.

USARS Competitors in speed may hold individual club affiliation for Quad and Inline competition. Competitors will represent the club affiliation in division and relays and must purchase a card for both Quad and Inline if competing in both for different clubs.

GR7.02 Documentary Proof of Age

GR7.02.01 All skaters entering a USARS contest must have filed documentary proof of age with USARS Headquarters. Hospital records, baptismal certificate, copies of drivers license and other evidence of birth date will be accepted under most circumstances. In case of controversy over an individual’s true age, a certified copy (not a photocopy) of the birth certificate bearing the seal of the issuing state or municipality, full name and date of birth must be submitted to retain competitive eligibility.

GR7.02.02 The competitive age of skaters who enter any contest during a skating season (September 1st through August 31st) in which age determines eligibility shall be decided by the age of the contestant on January 1st of that competitive season.

GR7.03 Residence

GR7.03.01 To enter a qualifying or regional championship, the skater must be:

(a) A member in good standing of a USARS skating club which is located within that region, or
(b) If skating as “untached,” the skater shall participate in that region where he is a bona fide resident, or
(c) Where the skater shall have resided from or shall have been dropped from membership in a skating club, then that skater shall continue to participate within that region where he last skated as a club member for that competitive season only, unless there is a bona fide change of regional residence.
(d) After purchasing a USARS membership card, a change that moves a competitor to another regional championship must involve a bona fide change of residence and not be made solely for the purposes of competitive advantage.
(e) Residency for Minor Competitors - A transfer to another USARS competitive region during a skating season, alleging the change of residence involving a minor child competitor, must be accompanied by a change of residence by the parent or legal guardian who has custody of that child.
(f) An athlete’s first individual membership registration in a competitive region during the current season, regardless of sport, establishes that region as the one that athlete will represent for the competitive season, not only for the original registration card, but for any others that may follow. Any subsequent change of region, either in that sport or others that may follow, must have a bona fide change of residence or otherwise follow prescribed USARS residency rules.

(g) There are individuals who join a club in a region other than that of their established place of residence for the purpose of creating a competitive pairs, dance or relay partnership. Should this partnership be dissolved and there exists no further reason to continue competing in a region where they are not a resident, they may apply to the USARS Executive Director for permission to return to the region of their residence. Should the Executive Director deny such a transfer, an appeal may be made to the Membership Eligibility Committee.
GR7.03.02  (a) To enter an event qualifying for the United States Championships a skater must be a bona fide resident of the United States or its possessions, having continuously resided in this country for six months or be a citizen of the United States. ("The residence must be the principal permanent dwelling, not a temporary dwelling.")

(b) Alien Restriction On World Trials - Competitors must have USA citizenship to enter a qualifying figure, speed or hockey championships in an event which leads to the selection of a U.S. Olympic or Pan American Games Team, a U.S. Junior or Senior World Team, or a roller skating team designated as Team USA. Citizenship is a requirement of World Skate (formerly FIRS) for National Team representation. The events thus affected include but are not limited to Junior and Senior Divisions of the National Road and Track Speed Championships; Gold Division of Hockey, both Rink and Inline Puck; Women's Rink Hockey; and all Junior World Class and Senior World Class Figure Events.

GR7.03.03 A skater may not enter more than one sanctioned qualifying or regional USARS championship during the competitive year. (Exception: art dance and pairs teams.)

GR7.03.04 FOREIGN ATHLETES – FIGURE ONLY

(a) Members in good standing within a foreign federation with or without “World Class status” who have received written approval from their federation will be permitted to skate in USARS Roller Figure Skating Qualifying Championships.

(b) Skaters who participate, or who have participated in the World Championships representing a foreign country must, if they wish to participate in the USARS qualifying championships, skate in an equivalent division within the branch of skating (Figures, Free Skating, Team Dance, Solo Dance, Pairs) in which they participated at the World Championships. If the skater does not, or did not participate in those branches of skating at the World Championships, he or she is eligible to participate in those branches of skating in the USARS championships according to the USARS eligibility rules.

(c) Foreign athletes with or without “World Class status” may not participate in the National Championships in Precision and Show events, which are used to select USA representative teams for World Championships.

(d) Foreign athletes without “World Class status” may compete in any USARS “A”, “B”, or “C” event as per their qualifications in USARS (refer to AR8.02.08).

(e) “World Class status” for the above rules is interpreted to mean any athlete who has or is currently representing their country in the World Skate (formerly FIRS) World Figure Championships.

GR7.03.05 Once a skater is registered for a qualifying meet and has paid all fees, he may not be dropped from the roster due to a conflict with coach/trainer, or for any other reason. Neither may the skater transfer club affiliation once registration has been accepted and fees paid.

GR7.03.06 CHANGE OF RESIDENCE - Bona fide residence shall mean the principal dwelling of the skater and not one that is maintained temporarily or otherwise with the intent of circumventing the USARS residence requirements. Evidence must be submitted and will be considered by USARS Executive Director in determining bona fide residence, such as:

ADULTS: 1. A passport, 2. A driver’s license, 3. voter’s registration card. 4. notarized copies of residence.

MINORS: 1. same as adults, 2. parents’ or guardians’ document as above, 3. certification of school enrollment. A minor’s “permanent residence” must coincide with a parent or legal guardian.

(b) Any change of bona fide residence within ninety (90) days of the state or regional championships shall require a detailed explanation of the reasons for the change in writing.

GR8.00 COMPETITIVE DIVISIONS
See Sports Specific Section for breakdown.

GR9.00 CLUB CONTEST REGULATIONS

GR9.01 Definitions-A contest is considered to be any competitive skating event in which two or more skaters contend for skating superiority but which does not lead to or qualify for a regional or national championship.

GR9.01.01 Intramural club contests are considered to be those that are restricted exclusively to the membership of the one club which sponsors the events.

GR9.01.02 Interclub contests are considered to be those where two or more clubs enter into a mutual agreement to participate in various events which are restricted in participation to only the members of those clubs and which are sponsored by the host club.

GR9.01.03 Open contests or invitational are considered to be those that are OPEN to the members of all USARS clubs or to within fixed area limitations.

GR9.02 Sanction Authorization

GR9.02.01 Intramural club contests-Sanction application is made directly to the USARS Headquarters by the sponsoring club representative.

GR9.02.02 Interclub contests-When requested by a club in a state or regional area within the jurisdiction of a recognized USARS league, a sanction application must bear the endorsement of the league before being submitted to the USARS Headquarters for issuance.

GR9.02.03 Open contests or invitational-State or regional association approval is required as endorsement for those open contest sanctions situated within the boundaries of a recognized USARS association, even though invitations are extended to clubs beyond the association’s jurisdiction.

GR9.02.04 Contest sanction hosts will be responsible for the observance of all applicable Confederation rules. See Rule 6.00 on sanctions. Contests may present awards at their option but only certificates of participation or placement, ribbons, medals, plaques or trophies may be awarded. (See Artistic General Rules for exception.)

GR9.02.05 Application for interclub and open contests must be signed by the sponsoring club’s representative.
The USARS Board of Directors feels justified in regulating dates of contests within a given area so as to avoid possible conflicts. A conflict of contest dates is not desirable as it deprives the competitor of the opportunity to measure his ability against all skaters of his class from that given area. Sanctions will be issued when a conflict does not exist providing the applicants have met all other conditions. If there is a conflict, issuance of sanctions will be at the discretion of the USARS Executive Committee.

Anyone appearing at a sanctioned contest not having a valid verifiable USARS membership will be required to sign a waiver of liability and purchase a membership before being processed for entry into the contest.

Interclub contests are defined as CLOSED competitions consisting of agreements involving two or more clubs that may be a part of a League, State or Regional Association. These contests shall not exclude individual members of clubs that are invited to participate in the contests except where such exclusions are permitted in the League or Association By-Laws. Justification for the exclusion must be listed in the invitation to the affected club by the meet host or meet director and a copy must be filed with USARS. Unattached skaters may also be excluded from such contests should the League By-Laws so specify.

Open contests shall not exclude USARS clubs, individual USARS club members or USARS competitors in unattached status, except where an excluded party is notified in writing at the time the initial contest announcements are distributed. Justification of the exclusion must be listed in the notice by the meet host or meet director and a copy must be filed with USARS.

No event of any sanctioned interclub or open contest may commence prior to 6:00 am. No event shall finish later than 1:00 am. Exceptions under special circumstances must be applied for and received in writing from USARS national headquarters.

Applicants for contest sanctions have the right to structure special divisions of entry and rules of performance provided they are in conformity with the status rules and regulations contained in this manual. These special divisions must be specified with the sanction application for the contest and be approved by USARS.

Officials shall be selected by the USARS Board of Directors or its designated representatives based upon experience, knowledge demonstrated, proficiency to the position applied for, as well as ability to cooperate with other officials and to get along with the athletes.

Fees
If “Novice, B or C” events or non-standard events are held along with Standard events in interclub or invitational contests under a single sanction and within the same facility, a primary entry fee may only be collected once, with extra events priced at the secondary rate.

Entry fees for all non-qualifying contests are not restricted. Leagues, state and regional associations have the authority to limit these fees if member clubs so vote, since such contests constitute a closed circuit or round-robin exchange. The amount of entry fees charged by hosts of invitational or open contests will have their entry fees restrained by the market value of their offering in terms of the facility, the quality of judging, the standard of entry and other attractions that may be offered to contestants. Contests will decide for themselves whether or not to patronize such events, based on perceived value.

In the case of qualifying championships, the fee structure is fixed as currently published, because participation in these events is a requirement for an individual to qualify for the national championships.

No late entry fee may be charged. Announced entry as published for that meet is absolute.

Warm-ups held prior to the skating of an event are considered part of that contest and no additional fee may be assessed to the skater for participation in the event warm-up.

Maximum admission fees for parents and guests during said contest are optional under these rules, provided such fees are published in advance with the announcement of the contest.

All additional charges, such as spectator and practice fees, which are levied in connection with the sanctioned event must be published in all advance announcements of the contest; however, none of these shall be made compulsory for contestant entry nor can they be collected with the advance registration fees.

Any current RSA owner/operator or any other individual with appropriate documentation of his or her rink ownership will be admitted without charge to all USARS sanctioned competitive events and official championships.

USARS’ only admission responsibility toward a member attending a sanctioned competition is to allow that member to compete in the event in which he/she is lawfully entered for a qualifying meet.

- Seating Requirements - Seating requirements for spectators and contestants may be regulated by the state or regional USARS association for open and interclub contests.

- Skating Surface - Size and surface of the skating floor is optional but can be regulated for open and interclub contests by state or regional association rules.
**GR9.09** **Skating Sessions** - If conducted in conjunction with an open or interclub contest, no increase in regular session prices may be charged, nor can attendance be made mandatory for contestants.

**GR9.10** **Awards** - All contest awards are optional, but the type of award (if any) must be designated in the notice of the contests.

**GR9.11** **Concession Prices** - There shall be no increase in the concession prices at open or interclub contests over those, which are normal for the host rink during the regular session operation.

**GR9.12** **Programs** - Contest programs may be priced at the discretion of the host club. The host may use his own discretion on rates for non-skating industry advertisers. For roller skating industry manufacturers and suppliers, the advertising rates shall not be in excess of the following schedule:

**GR9.12.01** The maximum fee, which can be charged for a qualifying or regional championship program is $10.00.

**GR9.13** **Filing of Fees, etc.** - No member, associate member, agent, employee, official or designated person may collect or accept dues, fees or other monies or considerations which may be due to or payable to or offered to USA Roller Sports for the purpose or intent either implied or expressed, of using such funds or credits for any personal use whatever and all such funds which may be so collected or accepted must be remitted intact to the USARS Treasurer within ten days from time of their collection or acceptance without exception. Failure to do so will be reported to the Board of Directors for action.

**GR9.14** **Wheels and Coatings** - Wheel coatings or traction substances may not be painted on or otherwise applied to the wheels used at USARS sanctioned contests. Roller skating wheels of solid or laminated wooden construction are prohibited in all events. Wooden construction is not permitted in either hub or treads design.

**GR9.15** **Electronic Devices**

(a) No competitor may wear an electronic communication device during the skating of an event.

(b) Use of FM radio headsets is optional for all running referees and corner judges at official championship meets. When headsets are used, the officials themselves must furnish them.

(c) The use of headsets by all officials is permitted at league, interclub and invitational contests.

**GR9.16** **ChallengeUp**

If a contest permits challenge up, the skater will be allowed to challenge up one division above that which he/she would normally skate.

**GR10.00** **CONDUCTING CHAMPIONSHIPS**

**GR10.01** **Championship Competition**

GR10.01.01 Only official events may be conducted in a qualifying championship.

GR10.01.02 A qualifying championship is any contest or group of contests, which qualify skaters for or toward a United States Championship.

**GR10.02** **Regional Qualifying Championship**

GR10.02.01 Annual competitions are to be conducted for registered athletes in the various regions to determine qualified entrants in the national championships which are held annually by USA Roller Sports, except in the case of open national championships, i.e., Rink hockey, quad speed skating, outdoor road and track speed skating.

**GR10.03** **Site Selection and Conduct of a Qualifying or Regional Championship**

GR10.03.02 It is mandatory that state or regional associations implement the following requirements for qualifying championships.
Seating Capacity - Adequate seating must be provided for all qualifying championships. These are to be provided for the use of general admission spectators and skaters at no additional cost to the skaters or spectators.

Schedule of Events - No event may begin prior to 6:00 a.m., and no event shall finish later than 1:00 a.m. Exceptions under special circumstances must be applied for and received in writing from USARS national headquarters.

A no smoking policy shall be in effect for the entire building in which a regional or national roller skating championships is conducted.

Management of Championship

For all official USARS qualifying meets leading to the national championships, a certified meet director will be approved by USARS.

The meet director shall be charged with the responsibility of applying all USARS rules and regulations pertinent to all championships leading up to the national meet. The certification of meet directors will occur annually to facilitate those wishing to acquire such designation and to help make certified meet directors available for all competitions requiring their presence. Decertification of meet directors will be based upon written complaints about the conduct of the meet. The meet director shall be charged with the responsibility of applying all USARS rules and regulations pertinent to all championships leading up to the national meet.

The meet director shall have under his supervision one or more assistant directors, one or more chief referees, event referees, stewards, chief clerk, tabulating crew, etc., to carry out the day-to-day functions of the operation. The above may be appointed either by the meet director, the meet host or USARS state or regional association. The championships host rink operator, host professional or coach must not be designated as the meet director.

The meet director shall appoint a committee of three or five people who will handle interpretations of rules, protests, etc. (see GR4.06, Rules Committee).

At qualifying championships only, the chief referee may grant temporary "C" referee credentials for stewards and referees when a sufficient number of commissioned officials are not available.

The USARS Board of Directors reinforces the authority of the REFEREE-IN-CHIEF for absolute control over the event being skated, as well as the right to remove or disqualify skaters who are in violation of rules and regulations. Should, in the opinion of the referee, the reasons for disqualification be of such grave nature that the removal from the remainder of the meet be required, this matter will then be referred to that person in charge of the speed, art or hockey skating portion of the contest. If, in that person's opinion, the disqualification is merited, and would apply to another Federation's activities, this would be referred either to the certified meet director, or the person in charge of conducting those contests. Recommended discipline beyond the scope of the affected contest or championship, is to be referred to the Membership Eligibility Committee and follow due process as indicated in the Administrative or Opportunity to Participate Complaint disciplinary proceedings.

Such officials shall not have the authority to abrogate the prescribed duties of other championship officials, nor may they change the decision of any official made within the limits of such official's specific authority.

Judges officiating at official qualifying meets must be brought in from outside the area covered by the championships; i.e., for regional meets, out of region judges.

Skaters Ready Area - No person shall have access to the ready area or competitive skating area, except as follows:

(a) The Meet Director or persons specifically authorized by the Meet Director may have access to the ready area or competitive skating area.

(b) Other administrators, judges, referees and tabulators may have access to the ready area or competitive skating area when necessary and proper for the discharge of their official responsibilities, and subject to the directions of the Meet Director.

(c) USARS Certified Coaches having an entrant in an event shall have access to the ready area and the skating area at times which are necessary and proper to assist the entrant. USARS Registered Coaches in their first year of membership prior to becoming certified may also have such access. The determination of what times are necessary and proper shall be in the sole discretion of the Meet Director. Further, the Meet Director shall have authority to exclude from the ready area or skating area any coach whose presence, in the sole discretion of the Meet Director, is disruptive to others.

(d) USARS' only admission responsibility toward a member attending a sanctioned competition is to allow that member to compete in the event in which he/she is lawfully entered for a Qualifying Championships.

Submission Deadlines - Regional championship hosts must strictly adhere to the following deadlines for submission of forms and fees:

(a) Within twenty-four (24) hours after the conclusion of the regional championship, special placement forms must be mailed to USARS National Headquarters. Overnight or express mail must be used to send results prior to the printing deadline of the nationals program.

(b) Within five days after the conclusion of the regional championship, the host must submit all score sheets; entry forms, two copies of the program, and required reports on divisional and state entries.

(c) Within five days after the conclusion of the regional championships, the $5.00 assessment fee for each skater must be submitted to USARS National Headquarters by the championship host.

Video Cameras - A charge of up to $25 may be imposed for use of video cameras at any qualifying championship, other than the indoor nationals, which has been eliminated by USARS. This policy, within these limits, shall be at the option of the meet hosts, and they will retain the funds.

Notification of Championship

When a sanction for a championship has been awarded to a club, public notice of the forthcoming contests must be made promptly and all member clubs registered by USA Roller Sports in the area covered by the sanction must be notified in writing sixty (60) days before the opening date of such championships to the effect of the following:

(a) What the sanction covers (regional championships).

(b) To whom the sanction has been issued (member’s name).

(c) Where the championships will be held (name/address of the rink or auditorium).

(e) Events and classes in which competition will be conducted.
(f) Entry fees to be charged (if any).
(g) Deadline date for the acceptance of entries.
(h) To whom application blanks for entry must be sent.

GR10.05.02 A 30-day deadline must be required from all applicants except as defined in paragraph GR10.05.03. No shorter period shall be permitted. However, this short deadline may result in names being omitted from a program. The postmark deadline for entry into any national championships shall be at a minimum of 14 days prior to the first day of competition.

GR10.05.03 In case of men and women in the Armed Services, deadline for acceptance of applications of entry will be left to the discretion of those conducting the meet.

GR10.05.04 The above rules are not to be misconstrued to mean that whoever conducts a meet cannot request a deadline longer than the 30-day requirement of application to facilitate handling affairs of the meet. Such request must be sought in writing by the championship host from USARS Headquarters.

GR10.06 Awards, Medals and Trophies

GR10.06.01 Official awards will be presented to 1st, 2nd and 3rd places at all regional and national championships.

(b) The responsibility for procurement, care and maintenance for regional awards shall rest with those associations.

(c) The responsibility for procurement, care and maintenance of the national challenge awards shall rest with the Board of Directors.

GR10.06.08 Unattached skaters (those, in this case, not currently located at member clubs) shall not be accorded possession of challenge trophies. GR12.01.01 A disciplinary protest is a complaint by a member of USARS or by a member of the USOC or FIRS against another member of USARS or a person holding a protected competition card, alleging that such person has violated a rule, regulation or by-law of USARS or of the USOC or FIRS, except for alleged violations of the Anti-Doping Program against persons who are under the direct jurisdiction of the Executive Committee pursuant to GR16.00.

GR12.01.02 Discipline may be imposed upon a member or the holder of a protected competition card only after a hearing has been conducted before the Membership Eligibility Committee and it has been determined, in accordance with procedures set forth in GR12.00 and GR14.00 that such member or person has violated a policy rule or regulation of USARS, including, but not limited to, the Competitive Status Rules, Code of Conduct, rule of Competitive Officials, rule of Officer’s Responsibilities, or USARS bylaws, or an applicable rule, regulation or by-law of the USOC or FIRS.

GR12.01.03 Discipline as used in General Rules, unless the context otherwise requires, shall mean: verbal or written reprimand, probation (with or without conditions); suspension (with or without conditions) for a definite period of time, not to exceed two (2) years; or expulsion from membership. Suspension shall be presumed to mean ineligibility to participate in any organizational or competitive activities unless otherwise specified, except that ineligibility to participate in protected competitions (GR1.03.02) must be specified in the disciplinary decision. Any protected competitions, including training trips, camps, or trials for which a person is ineligible as a result of a suspension or expulsion must be specified in the decision of the Committee. Disciplinary of a Class 1 member as a result of the violation of the Rules of Competitive Status (GR3.00) may include the loss of status and eligibility to participate in USARS sanctioned competition, including protected competitions. Any notification sent by U.S. Mail or overnight delivery service shall be sent to the person’s last known address, or if he or she is represented by legal counsel, to legal counsel’s last known address.

GR12.02 Procedure of Filing
GR12.02.01 A disciplinary protest shall be filed reasonably soon after the facts upon which it is based are known to the complainant. The protest may be filed with the meet director if it arises out of an occurrence during traveling to, attending or participating in a USARS sanctioned activity under the meet director’s jurisdiction. A disciplinary protest may be filed with the national team manager if it arises out of an occurrence during traveling to, attending or participating in a USARS National Team Training Camp or any event under that National Team Manager’s jurisdiction. In all other cases, they shall be filed on the appropriate form supplied by National Headquarters and mailed to the Membership Eligibility Committee, c/o USARS National Headquarters, 4730 South Street, Lincoln, NE 68506.

GR12.02.02 The disciplinary protest shall be in writing on the appropriate form and shall be signed by the complainant. It shall, at a minimum, contain the name of the protested person and a brief statement of the facts upon which the protest is based. It must be clear from a reading of the protest what USARS rule or rules are alleged to have been violated.

GR12.03 Authority of Meet Director or National Team Manager
Upon receipt of an Administrative or Opportunity to Participate Complaint disciplinary protest by a meet director or national team manager within his or her jurisdiction, the meet director or national team manager shall conduct an investigation to determine whether the protest is well founded. A person protested shall be given the opportunity to be heard in defense or litigation as may be reasonable under the circumstances, without interfering with the running of the scheduled events or activities. At a minimum, the meet director or national team manager shall confer with the complainant and with the protested person. The meet director or national team manager may also confer with such other persons, as he or she deems necessary, including, but not limited to, the rules committee for the competition, if any, and officials and other witnesses. The meet director or national team manager shall summarize this information and forward it to the Membership Eligibility Committee as soon as possible, but in no event more than seven (7) days after the conclusion of the competition or activity over which they have jurisdiction.

(a) Should the meet director or national team manager determine, after the informal hearing process described above, that the subject matter described in the protest threatens the safe or orderly conduct of the competition or activity, and also determine, based upon clear and convincing evidence, that the protest is well-founded, the meet director or national team manager may administratively suspend the protested person from all or a portion of the remaining competition or activity for incidents that occur within the field of play. If any person is suspended under this rule, the meet director or national team manager shall immediately notify the USARS Executive Director and the chairperson of the Membership Eligibility Committee by the most expeditious means and shall submit a written report as soon as possible to the Membership Eligibility Committee which includes a detailed statement of the reasons why the suspension was necessary and the facts on which the protest was determined to be well-founded.

(b) TEAM DISCIPLINE COMMITTEE - An International Team Discipline Committee will be established at a team meeting before the USA Team leaves for an international championships, or if this is not timely accomplished at the first available team meeting when reaching the meet site.
