PRESIDENT’S REPORT
I have decided to make this very short.

I would like to thank all of the Board of Directors, Staff, and Membership of USA Roller Sports for expressing their confidence in me to make me their leader as President. I hope that with everyone’s help, I may lead us into the future and keep USA Roller Sports a very viable organization.

I feel that we are headed in the right direction with many changes and help from the USOPC and the Roller Skating Foundation. I do not want to labor you with all these changes, as they will be discussed in our meeting.

We are facing some very tough times ahead with Coronavirus-Covid-19 pandemic in The United States and Worldwide. This will certainly affect all our lives and our business. I am sure this will affect some of our competitions. We will assess every issue on a case by case basis. We do not want to cancel events way ahead, but with lead time for participants to change plans.

If possible, I would ask that everyone please be patient. Take care of yourselves and your families.

Again, I want to thank everyone for all your hard work and love of our sports.

Sincerely,

John F.
President, USA Roller Sports
Spring 2020

Executive Director Report — Submitted by Eric Steele

United States Olympic & Paralympic Committee

- Current audit is wrapping up, and hopefully a finalized public report will be available from the USOPC by the time of the Spring Board Meeting.

- 2020-2021 Audit Standards have been released to the Board via email 2-28-2020. Noteworthy revisions include:
  - A.1 C: That an unaffiliated board member as defined by the USOPC must exists. Essentially this is stating someone not tied to the sport. Or also tied to our business operations where conflict of interest may occur. The recommendation is for a candidate local to the Lincoln community be the primary target. With that individual possibly having ties to possibly sports administration and the university, perhaps a marketing person or maybe someone with ties to meeting the needs of athlete safety.
  - A.2 B: Formal onboarding for new board members o A general re-review of policies related to ethics and enforcement.
  - Financial reporting and notification upgrades. Significant changes on the subject matter of Athlete Safety.
  - Most of the other requirements, the organization is already doing or will not be difficult to meet.

- USOPC launched the new NGB Hub. To simplify it, essentially it is just that a centralized location for NGB leadership to gather information and be informed of the latest and greatest. It is customized to meet the needs of the USOPC/NGB’s and has a look similar to a Facebook or linked in profile/dashboard. It will be an extremely useful tool moving forward.

- There has been much concern from the NGB community and the USOPC regarding the Coronavirus, with consistent communication coming to the NGB’s regarding international travel. The USOPC continues to monitor this situation closely.

- The USOPC continues to also monitor the activity within the US Senate and House, regarding bills that would essentially re-define language inside the Ted Stevens Act. The primary emphasis within this potential law change revolves around athlete safety and representation.

- USARS secured $35,000 in additional yearly annual funding from the USOPC, to cover the costs of compliance needs on staffing and the transfer of dollars to Sport: 80. These funds will be paid quarterly to USARS and be in addition to the $50,000 secured annually for the media agreement and any other costs the USOPC covers for Executive Director/AAC Rep travel to national USOPC conferences such as Best Practices & Assembly.
Safe Sport & Athlete Safety

- The center recently conducted their first audit on the NGB’s. The audit itself will not be published to the public by the center in year one. As the first year is expected to produce issues across all the NGB’s in meeting the standards. Roller Sports received our report in late February and the report showed a need for USARS to create essentially a manual on Minor Athlete Abuse and Prevent Policies that would mirror that of the center’s. While also addressing a method for the NGB’s to audit events that occur at the regional and local level.

- The center will also be on site at the Banked Track Championships, Indoor National Championships to conduct an audit in how USARS actually meets the required standards. An example area that will be reviewed will be changing rooms and access.

- Finally, the center will visit our offices in Lincoln for the Fall Board Meeting on Friday, October 30 and conduct training for the staff and any Board of Director members who will be in town on that Friday. The training will specifically address issues at the national level and will afford all the staff and board members to interact with questions and concerns.

- The center and the USOPC are looking at a Master Services Agreement concept that all the NGB’s would enter into.

- It is expected that there will be a significant increase request from the center regarding funding for the next year cycle.

Strategic Plan

- The plan has now been completed and is available via our website at: https://www.teamusa.org/usa-roller-sports/usa-roller-sports-strategic-plan

- To date, roughly 15% of the plan has moved forward with completed goals. Much work will need to be done by the committees to complete their planned tasks and adjust as needed going into year 2 of the plan.

Nebraska Attorney General Agreement

- The organization continues to meet the requirements of the agreement, and by the time of the Board of Directors meeting will have filed quarterly report #8 of 12. (2 of 3 years complete)

Financials

- I will defer to the treasure report on the financials as they currently stand.

- Consistent work continues by the staff regarding Athlete Account Receivables.
• The organization has made a successful transfer of partial bookkeeping services to the Ehlers Accounting Firm in Lincoln, NE. This will help significantly in monthly reconciliations and reports generated to the finance committee.

Membership

• I will defer to the produced membership report at the time of the meeting.

• The organization has completed the initial steps of moving from RSportex to Sport: 80. Contracts have been approved via Executive Committee and are in place with the USOPC and Sport: 80. In addition, RSportex has been given a 168 day notice to end services, which is well above the required 30 days of our current agreement. The implementation process with Sport: 80 is underway, on schedule and will produce an end product that will create a better user experience for our members and staff. Sport: 80 is slated to debut to the membership on August 17, 2020.

National Championships

• The current championship planning is well underway, and currently I see no major issues as we make our way to Cedar Rapids.

• As always, much work will need to occur and the emphasis on volunteer staff is going to be critical.

• Finally, we are in the final stages of locking down the Lincoln 2021-2022 championships and have already received a bid proposal for 2023.

Property Update

• The building has gone through an extensive cleaning project related to the basement, with the removal of 6 - 20-yard dumpsters worth of miscellaneous debris. In addition, the basement was completely pressure washed and cleaned.

• A recent plumbing clean-out revealed an issue with the sewer line, and a need for a repair.

• The rental tenants vacated the house property on 2-29-2020. The property management company has cleaned the house and inspected it with no issues. Currently the house is listed and available to rent. It is anticipated that hopefully within 2-3 months the house should be occupied again.

• There has also been a remodeling of the office physically, with the relocation of several office spaces, storage and other miscellaneous needs. The end result is a significantly more streamlined operation and much less clutter.

National Museum of Roller Skating
• Kim Wall, Museum President visited the headquarters on 3-2-2020.

• The museum has hired a new Archivist and Docent, Amy Richardson, who began work on 3-2-2020.

• Peggy Young will assist the museum with bookkeeping and general consulting part-time.

Staff

• The staff recently went through a reorganization, after the retirement of Peggy Young, who will also continue to assist on a limited basis consulting for USARS and transitional questions and needs.

• To review the staff responsibilities and structure, you may visit the website at: https://www.teamusa.org/usa-roller-sports/2020-staff-and-responsibilities

A personal note on Leadership/Governance

• I want to take a moment and address the great work of President John Fearnnow, Board Chair Michael Jacques and the rest of the Executive Committee for their hard work over the past 4 and half months. Their leadership has been invaluable in supporting the organization and the staff and all have adapted nicely to their responsibilities and duties.

• In addition, AAC Rep. Annette Stapleton, has tripled her duties, by serving on the Executive Committee and Finance Committee. This has been no small task commitment wise, and a huge Thank you needs to occur!

• Also, on behalf of the staff I would like to welcome Penny Marchiel, as the organization’s new Treasurer and bid a thank you departure to past Treasurer Kay Gallatin for her commitment.

• Finally, a complete analysis of the entire Board of Director roles and terms needs to occur in order to address the future requirements of 33% athlete representation, ex-officio roles, USOPC requirements on independent members and area responsibilities/duties (Grassroots, Coaches, Officials, Clubs and expertise). Areas around the growing needs of the organization such as compliance, athlete safety, fundraising, events, and marketing for example should be considered and potentially incorporated.

Recommended Motions:

• To eliminate the Sports Medicine Committee and to appoint the following individuals to 1.5-year advisor terms effective till the fall board meeting of 2021. With a review and potential reappointment or replacement of a new individual, by a majority board of director’s vote for 1-year terms beginning in the fall of 2021.

- One head coach trainer assigned to each category.
- Possible bring in outside talent to assist us in training our players and coaches.

Financial Cost: (0) Self- Sustaining Funding
Program will be totally self-supporting and no additional funds will be needed. Donations are welcome, but a separate fund for this program could be created.
**How it will work financially:**

a. Each participant player will pay a fee for the training received over the weekend. As an example, say $150.00 for the training, which is very cheap in respect of Ice Hockey Training camps. $150 (fee) x 30 (players) = $4500. Coaches will $50.00 for training in addition.

b. This would create enough revenue to fly some lead coaches to the venue and possible pay for a foreign coach to be housed.

c. This is self-supporting program in which earned revenue could be used to support our National player travel and coaches expenses.

**Reasoning:**

There is a clear consensus that our hockey program is lacking skills and development. We have fallen so far behind other European and South American teams that we are at the bottom threshold of international competition. The only way to improve is to increase our training of players at younger ages. Also, we have a coaching issue in this country. First we have a lack of qualified coaches, and then we have coaches that have little experience and expertise in training athletes. Many coaches don’t do drills and the ones who use out dated drills. We often train with just a few balls on the floor, giving players even less time to develop talents skills. Most coaches focus on scrimmages and forgo drills. While scrimmages are fun, we need to change our mentality of coaching and teach coaches and players that drills and training are essential to developing into an international player.

Secondly, as a roller hockey committee, it is our duty to assist the development of players and coaches. This should be our number one priority if we want to have a future and fill our National Team pipeline with quality talent that can compete respectable in international competitions.

**Conclusion:**

This is a proactive way for us as a committee to give back the very players/coaches that support our organization. People will pay for the training and for the opportunity to learn, improve, and be recognized as potential future National Team Members.

I would be honored to head such a program and develop a team of players, coaches, and committee members to assist us in the development program. I believe such an effort is not only important but also essential to the growth and development of American Hockey in general. Without such a program in place as, you can expect our program to dwindle further to where we are no longer competitive internationally.

RECURRING MEMBERSHIP PROPOSAL

Project: Hockey Athlete Card on membership dues basis.

We are proposing to offer Rink Hockey the opportunity to purchase a recurring amateur card membership. This will motivate some members to purchase cards ahead of time, and not wait until the last minute. Now is the time to start thinking ahead to create income and motivate player participation. This will only help grow in numbers and volume. I believe if we offer them an opportunity to get 2-5 years worth of amateur cards, that our participation numbers will inflate. This will also encourage players to attend nationals, which creates more teams, which brings in more revenue. The reasoning is to encourage members to purchase multiple years worth of amateur cards. I think we will make up the difference in the discounts by the few members that purchase the multiple years that don’t show up. This will balance the budget for amateur cards.

The second phase of this proposal is that we offer the parents, wives, husbands, etc. participation badges. So for instance, my wife paid $75.00 for the week to attend the games. How about we offer a weekly badge and charge them $50.00-$65.00 to create income for rink hockey. This will also give the families to feel like they are a part of our organization (which they truly are).

Proposal for USA/rs Rink Hockey National Championship Late Player Entry Fee Registration

Subject: Allowing a Team to register a player, on an existing registered team, after the player deadline date of Registration for the USA Rink Hockey National Championships.

Objective: Provide guidelines to help hockey clubs and teams to register a needed player or Players after the deadline due issues or circumstances that roster many filled, and a team may play in the tournament.
Purpose: To resolve issues that Clubs and Teams may have in fielding a registered team in the National Championship Tournament.

Examples:

1. A Team may have a player that has been released medically to play that wasn’t thought to be able to attend the Tournament.
2. A Team may have players unable to attend the tournament and has found other players to replace them.
3. A Team may have a Goaltender that was injured and needs a replacement at the last moment.
4. A Team may have canceled at the last-minute leaving players available to play on other teams.

Player Late Fee Program Details:

The proposal outlines criteria that will allow Clubs and Teams to better fill their rosters when issues arise and there is a need to fulfill a roster with an additional player or tender to an already registered team. A vast variety of scenarios may accrue. This will clarify the Late Entry Policy and eliminate the term Loophole upgrade that is currently in place better holding players and teams accountable. Loophole- (players with limited memberships have been allowed to upgrade to full memberships after the deadline)

Cost of Late Registration Entry Fee: $125.00 ($75.00 (USARS membership fee) + $50.00) immediately payable to USARS via Brent Benson or acting USARS Register for the tournament.

Late Player Only Registration begins after the Deadline date up until the day before of the Tournament begins. Any exceptions or special circumstances will require committee approval. Eric’s’ notes- Any exceptions or special circumstances will require approval by Executive Director- unless authority given to Sport Director or Sport Committee.

This does not allow Late Team Registration. Only players can register late to fill a needed roster spot on registered team paid to compete in the National Championships.

Players will no longer be allowed to upgrade their amateur card through the so-called Loophole
that many players and coaches are not aware of. This holds players and coaches accountable, creates additional revenues, and solves many late registration issues that our member may have. Eric’s notes- players that do plan to upgrade from a limited to full membership, must do so by the same set deadline.

*All Late Fee Players Registration is subject for review and approval by the committee members. - Eric’s Notes- final approval will be by Executive Director unless authority given to Sport Director or Sport Committee.
USARS Inline Hockey Committee Teleconference
Sunday, January 5, 2020, 7:00 p.m. EDT

Attending: Keith Noll, Jon Roux, Charles Sgrillo Sr., Jonathan Mosenson, Arlene Lehman and Melanie Bogus

Dave Marmorstein and Charles Sgrillo Jr. were not invited to join the teleconference due to a conflict of interest. The subject of the call was the selection of coaches and these committee members were applicants.

Chalie explained that this year is a World Championship Games year and not a World Roller Games year. Last year, all four inline hockey teams medaled, two gold and two silvers. All coaches from last year applied again this year, in addition to two additional people. Keith made a motion to select all coaches from last year to return this year due to their success. This was seconded by Jonathan Mosenson. The committee unanimously approved the coaches.

The coaches for 2020 will be:

Senior Men – Tim McManus and Greg Thompson

Senior Women – Dave Marmorstein and Chalie Sgrillo Jr.

Junior Men – Jim Tamburino and Steven Boddy

Junior Women – Alex Morrison and Charlotte Nicholson

The payment arrangements for coaches has not been approved.

Melanie reminded the committee members to obtain their USARS memberships, if they have not done so, and to complete their Code of Ethics form and the Safe Sport refresher course.

The next meeting will be Sunday, January 12. The committee chairperson will be selected at that time when all members have been invited. Melanie will send a notice to the full committee.

Keith made a motion to adjourn, seconded by Chalie and approved by all members.

The minutes were unanimously approved by the committee.

**DISCUSSION AREAS**

• Alternate plans in case of event cancellation
  
  o **Both of our events are still scheduled as planned at the OTC.**

• April Camp updates from Gypsy, USS, coaches and so on
  
  o **Info for Camp Only:** Obviously things can still change, if the USOPC cancels our event, they will let us know ASAP and there will be no late cancellation fees associated.
  
  o Committee - Do you want to cancel camp? Fears of flights and worries on cancellations.
  
  o Concern for when USOPC may even announce an extended closure. Timing?
  
  o Qualifications possibly could also be held since there have been other major event cancellations.
  
  o Create an announcement that as soon as we know we will let folks know.

• Team USA Staff
  
  o Shawn may be tied up with work and not be able to attend. Shawn just wants to be transparent in letting the committee know that he is not a certainty. Comments were that Mary would have Shaws help remotely if needed.
  
  o The committee is concerned that there are people not fully involved with World Skate communications and that things are just being passed along. The committee voiced concerns that things could possibly be missed if there is too much cross communication between office staff rather than a dedicated person to talk with World Skate and the committee.

• Additional Worlds planning.
  
  o More planning with smaller apartments or go with the hotel option.
  
  o Discussing these options with parents now.

• USARS awards and nominations:
  
  o Speed Skater of the Year, USOPC Athlete of the Year, USOPC Developmental Coach of the Year, USOPC Coach of the Year.
    - The speed committee has not done this in years past, so the committee is looking for more criteria and selection process information needed to begin discussions for nominations.
• Conversation regarding the “strategic plan”
  ○ The committee is being tasked to read and think about adding to the strategic plan.
  ○ Tabled for future meeting. Dennis is not present.

• start developing a budget for ODN expenses.
  ○ Speed Committee is being told that certain things and lodgings

• need to get athlete costs for worlds figured out so they can be aware of our best estimate for cost
  ○ Tony has forwarded last years budget numbers and more people will be involved to
    further flesh these number out for athletes.

• The proposal for the seminar was favorable received by Finance and has moved on to Exec.

• Apprentice applications for worlds.
  ○ Patti Leisure - App Manager & Coach
  ○ Mike Dausi - Apprentice Coach
  ○ Scott Tinson - Apprentice Coach
  ○ Brian Simpson - Apprentice
    ■ The committee can do various things here. Take one.. All. or none.
    ■ All apprentice coaches must still pass all of the requirements of USA Roller Sports.
    ■ Worlds staff was asked opinions
    ■ Parents are a problem
    ■ Tabled because the committee would like to have Gypsy here as a contributor.

Item #1 – Tryouts for Argentina

- Brent is going to formally send out emails to staff who were elected and those who were not. Brent will send letter tomorrow morning to Misty for review and then check with Eric on when we can release information.
- Once staff is notified, a public announcement will be made.
- After public announcement, we can then begin planning for tryouts and organizing.
- Rollercon has stated that we would have track time for a tryout, tryout at Nationals. Will need to decide if additional tryouts are needed.

Item #2 – Star Skate

- Still in the works, Gypsy is leading the effort and can provide information about the program and where to start.

Item #3 – BOD Updates

- Stephen Carter is the new VP of USA Roller Sports.
- Roller derby will be changing membership rest of the disciplines. This will run from Sept 1st – Aug 31st. The annual membership will open in late November and price will be discounted to account for the membership year change.

Item #4 – WFTDA Reciprocity Agreement

- After finding the document that was drafted 3 years ago, it was never signed by either party.
- Committee members are split on if we need to continue the agreement or not. Some feel that we have been operating with the assumption there was an agreement, if we do not have an agreement would this exclude people? The other point is that we have not had an agreement and have been operating just fine without it.
- If we do choose to move forward with the agreement, we need to make special consideration and notation for Junior elite members.
- Committee members need to review the actual document and provide feedback on the document.
- After review and drafting a new agreement, we will submit to WFTDA for consideration.
Item #4 – World Skate Clinics

- Bandit from Japan is asking about clinics at Rollercon available to World Skate members. Will this be included in our contract with Rollercon this year? Rollercon negotiations will resume in January and Misty can try and work this in. Suggestion made to create a clinic one for people already affiliated with World Skate and then an open clinic for all attendees who are interested.

- Team Japan is trying to organize and learn more about World Skate. Misty suggested that Nikko talk to the Japan federation and propose they bring coaches to Japan for training opportunities.

Stephen Carter made motion to adjourn at 9:03pm, Carrie 2nd
Next Meeting: Monday, December 9th at 8:30pm CST

Conference Call  January 13th, 2020 at 6:30pm

Meeting called to order: January 13th, 2020 at 6:33pm PST
Attendees: Christina Gerrish, Misty Nicolet Greer, Sabra Burger, Fernando Reguerio, Robyn Clark, Carrie Conlee Craft, Stephen Carter, Brent Benson
(non-attendees designated in bold)

Item #1 – Cedar Rapids Roller Girls

- Team is interested in anyway they can help. Concerned about NSO roles because they are not familiar with the ruleset but are interested in participating to the fullest of their capability with promotion and such.
  - NSO roles are like WFTDA. Anyone with WFTDA experience could likely pick it up quickly.
- Areas of Need: Track maintenance, team wranglers, water, hospitality, promote at local events
- Playing is the most important job they can do to help promote the sport of roller derby. If they are willing to participate, we can offer them a discounted entry fee.
  - If they say they do not know the rules we can offer a clinic to help.
- We can offer cross promotion on social media, etc.

Item #2 – Nationals

- Dates: July 31st – Aug 2nd
- USARS Members: $300 fee / Non USARS member - $500
  - $100 non-refundable intent to play.
- Women / Co-Ed Teams can compete, may open to Men if there is enough interest.
- Final Payment due by May 30th / Intent to play due by March 30th
- We can use USARS Jotform account to create the form. Brent will create form to begin prep for promotion
- Brent will create a volunteer form for officials, NSO and announcers. Stormy to pull up old form to send to Brent as an example.

Item #3 – Team USA Tryouts

- Devon and Misty have been talking offline about places to host tryouts. One place they would like to host tryouts would be at Nationals. Will we have time available to host tryouts after the tournament?
  - Tryout will be based on bracket and National schedule
- Thinking about spreading out tryouts and final cut through beginning to later in the year since Worlds are later in 2021.
Another potential is to have a tryout opportunity at Rollercon since many skaters will be available. We will only have one MVP track at Rollercon. Concern about number of players who would tryout. Could we offer a registration window to keep tryout numbers manageable? Players would be required to buy USARS membership and Rollercon pass.
  - Another alternative would be placing individuals in groups at 90 seconds to run through drills.
  - Weed out members as the tryout progresses so you can separate based on skill.
- Press release early on so we can get word out so people know in advance about tryout requirements.
- We could then have everyone play in USARS game to see how play in a real game situation.
- For the final cut/invite we could potentially have a couple different options. Carrie has offered her rink in CA. East coast rink would be available as well. We would need to decide when a final cut would happen.

Item #4 – WFTDA Reciprocity Agreement

- Do want to renew the reciprocity with WFTDA?
  - It’s been in place but it was never signed by anyone. Operating fine without keeping in place.
- If the adults are unwilling to play with junior elite team members, they will refuse to play regardless if the document is in place or not.
- We could create a new document that would educate members about what benefits would provide.
- For WFTDA card holders to be covered at USARS events or USARS members to be covered at WFTDA events, a reciprocity agreement would be needed.
- Brent will confirm if the reciprocity agreement is needed by the insurance provider.
- Committee members will need to review for language/document changes.

Item #5 – Jr. World Team Member Grant Eligibility

- Derby is included in this grant, but the document needs to be updated.
- The eligibility requirements can be updated for the Roller Derby Discipline:
  - The member must participate as an athlete or official at the National championship.
- Brent to follow up on deadline for language changes and report back to the committee.

Misty made motion to adjourn at 7:42pm, Sabra 2nd

- Not sure who would qualify for awards / honors. We would like to wait until Nationals to see who a nominee would be. Brent clarified that a team award could be notified (ie Team USA). Need nominations by the end of the month.

Item #3 – 2020 Roller Derby Goals

- Eric requested an update on the 2020 Goals.
  - Goal #1: Promote USARS derby
    - We need to start promoting our Nationals event and get word out.
  - Goal #2: Promote USARS World Skate Rule Set
• Nationals, roller con, etc.
• Could we promote rules via USARS page (like once a week)
• Christina’s league (Desert Dolls Roller Derby) has been opening scrimmage opportunities to the local bank track league to play the World skate rule set.
  o Goal #3: More YouTube Videos on Games
    • Need to try to find more footage from Barcelona. Post videos from 2018 Nationals.
    • Desert Dolls play USARS 100% of the time and can use video to stream to USARS media pages. Brent will check with Eric to see if it is okay.
    • Lloyd Knox may be able to help edit video.
  o Goal #4 Recruiting Officials
    • Stormy is not on the call to speak to this.
• 2020 /2021 Goals
  o Goal #1 – Making sure we have enough teams to participate at Nationals this year.
    • Follow up with Carrie / Terry about their team registrations.
  o Goal #2 – Better live feed / video at Nationals
    • Remove the use of an iPad / fisheye lens.
    • Brent stated that the office is looking into getting a better camera streaming
  o Goal #3 – Getting more clinic schedule
    • One of the Team USA team members will be going to Japan to help train and prepare Japan for World Roller Games.
    • Logistics (financial and geography) as well as lack of support makes it difficult to get successful clinics scheduled. Rollercon or Nationals are good opportunities since individuals are already traveling to these events.
    • Steven suggested creating a separate event outside of Nationals. We need to brainstorm ideas.
  o Goal #4 – Improvements on Game Play
    • What does this mean?
  o Goal #5 – To be inclusive/competitive and set a Standard
    • Rollercon is where we showcase our games and competitive by including our co-ed teams and being open to all.
    • We need to network more.

**Item #5 – 2020 Nationals**

Heidi Permatteo seconded Motion

Motion approved unanimously.

Financial Committee: There was a discussion regarding the budget and timeline regarding having it passed. Michael Jacques expressed his thoughts regarding the budget as it is currently proposed and that believed it should be sent back to finance for adjustments. In addition, a conversation occurred regarding the foundation and their support of the organization. Emphasizing that last year the foundation awarded $30K to USARS for 3 projects. An emphasis was made on formalizing a plan to return to the foundation for this current year and that several avenues should be explored on what those options could be that would best fit the organizations current needs. Heidi Permatteo asked about our building being historical and whether there are any grants offered since it’s historical? Our historical designation is only designated with the city of Lincoln. We don’t pay a property tax for the building due to the historical designation. Eric Steele mentioned he has received three bids for the building work that needs to be done. Eric Steele said there are two other things that probably need to happen regarding building maintenance in the very near future; One being that there is a need to re-gutter the building and the foundation probably needs to be tuck pointed. John Fearn now requested that Eric Steele investigate whether the city or state has any grants and he would like the committee to send the budget back to finance for a revision of the budget to be done as quickly as possible.

John Fearn now motioned to return the budget to the finance committee. Annelle Anderson seconded.

Motion approved unanimously.

Down payment $22,395 – next payment on Jan. 31st would be $10,325. Those payments would continue until if/when we decide to pay it in full. John has informed Kay Gallatin, Treasurer.

- Eric Steele gave an update on the USOPC compliance guidelines relative to having 33% athlete representation on the Board and specific committees, with eligible athletes coming from those competing in the Pan Am Games, Speed or Figure, within the last ten years.
  - We can only recognize Speed and Figure athletes when it comes to the Board of Directors, the Compliance Committee, Finance Committee and Executive Committee.
  - Compliance committee met and has recommended that Joe Hanna would be the recommended name for removal in order to meet the compliance guideline ratio.
  - It is advised that USA Roller Sports follow Motions #30 and #43 made at the Fall 2019 Board Meeting, and have Annette Stapleton serve as the athlete representative for both the finance (#30 Replacing Jonathan Mosenson) and executive committee (#43 Replacing Kylie Hughes). Completing this follow through will place both the finance and executive committee into compliance with the USOPC audit guidelines.
  - Regarding the Board of Directors there are two choices; Either eliminate two board members or add one board member.
Eric Steele's recommendation is to share this with the Board and have the nominating committee make the recommendations.

In addition, it is recommended that the Sport Medicine Committee be eliminated and that the Board of Directors or Executive Committee appoint a Chief Medical Doctor to conduct the annual review of standing medical orders and to also appoint a Sports Medicine Advisor to assist in the coordination of athletic trainers for USARS events.

- John Fearnnow discussed having an outside CPA firm in Lincoln to do our accounting.
  - The firm charges $90 an hour and was recommended by TBK services who handle the organization’s audit.
  - The Ehlers Accounting Service would be doing 10 hours of work per month once everything is established, but it is anticipated they will need to do at least double the work for the first few months of implementation.
  - Firm would handle providing numbers, reports, reconciliations for monthly and end of year audit and taxes.
  - Rod Oliverius would have his position altered to accommodate the new Compliance and Audit Coordinator position. This new position would be in support of the outside accounting services and also have a significant emphasis on meeting the standards of compliance through the USOPC, US Center for Safe Sport, Nebraska Attorney General and our annual third-party financial audit.

Motion to hire the outside accounting firm (Ehlers Accounting Services) was made by Annelle Anderson, Michael Jacques seconded.

Motion passed unanimously.

Motion to direct the Executive Director and his staff to improve the membership database as needed was made by Heidi Permatteo. John Fearnnow seconded.

Motion passed unanimously.

- Eric Steele gave the following Executive Director Report:
  - Inline Hockey sent over a proposal of the same slate of coaches as last year.
  - Senior Women’s Staff: Head Coach, Dave Marmorstein (Peoria, AZ), Assistant Coach, Charlie Sgrillo Jr. (Langhorne, PA), Team Manager, Charlie Sgrillo Sr. (Jim Thorpe, PA)
  - Senior Men’s Staff: Head Coach, Tim McManus (Rockville Centre, NY), Assistant Coach, Greg Thompson (Bayport, NY), Team Manager, Dave Marmorstein (Peoria, AZ)
  - Junior Women’s Staff: Head Coach, Alex Morrison (San Marcos, CA), Assistant Coach, Charlotte Nicholson (Astoria, NY), Team Manager, Dave Marmorstein (Peoria, AZ)
  - Junior Men’s Staff: Head Coach, Jim Tamburino (Westbury, NY), Assistant Coach, Steven Boddy (Eastvale, CA), Team Manager, Charlie Sgrillo, Sr. (Jim Thorpe, PA)

Motion to ratify the coaches and managers for inline hockey as given to us by the Sports Committee made by John Fearnnow. Motion seconded by Kylie Hughes. Motion passed unanimously.
The Compliance Committee discussed the use of a standard guide post punishment that there would be a 2-yr. suspension which would start when they become eligible to skate (when their A/R is paid in full), if it is discovered through the grievance and reporting process that a member on the Accounts Receivable list has knowingly skated in an event for which they were not recognized as an active member in good standing with the organization.

Tina Brendle was asked to leave the meeting at 9:39 pm. Eric Steele provided the following details:

- Eric Steele proposed the following staff update related to staff organization and job duties.
- In the proposal the staff will assume the following position titles
  - Eric Steele, Executive Director reporting to the Board of Directors
  - Brent Benson, Sport Operations Director reporting to the Executive Director
  - Tina Brendle, Director of Support Services reporting to the Executive Director
  - Rod Oliverius, Compliance & Audit Coordinator reporting to the Executive Director
  - Frank Joutras, Support Services Coordinator reporting to the Director of Support Services
  - Megan Schuller, Sport Operations Coordinator reporting to the Sport Operations Director.
- In addition, the independent contract Sport Advisors will remain for Ricci Porter-Knetz (Speed) and Pat Jacques (Figure). Peggy Young was also approved to serve as an independent contractor for Support Services.
  - The Sport Advisors will continue to report to the Board of Directors, with the Support Services contractor reporting to the Executive Director.
- Salaries and compensation were also reviewed and approved.
  - Total staff salaries approved: $265,220.50
  - Total compensation for independent contractors: $45,030
- Motion for approval made by Michael Jacques, Seconded by Annelle Anderson. Motion passed unanimously.

Meeting adjourned at 10:00 pm. Submitted by Tina Brendle
Executive Committee WebEx Meeting  
February 17, 2020

Attendance: John Fearn now, Board President; Michael Jacques, Board Chairman; Eric Steele, Executive Director, Annette Stapleton, Heidi Permatteo, Annelle Anderson, Tina Brendle, recording secretary.

Meeting was called to order at 8:06 P.M. CST.

- John Fearn now welcomed Annette Stapleton as our athlete rep. John Fearn now will be non-voting. Kylie Hughes and Annette Stapleton can both vote as athlete rep.

- USOPC Compliance – A discussion regarding the USOPC athlete compliance requirements took place. John Fearn now recommended that we approach the USOPC about suspending our bylaws at the Spring board meeting in reference to the athlete selection process timeline and would ask the athletes on the board to nominate a recommended/qualified athlete until the Fall board meeting. Eric Steele noted that if the USOPC says no to our recommendation then the only solution is to drop 2 non-athlete board members or potentially take the "red-light" on the compliance audit, which could ultimately mean the organization is subject to the Section 8 decertification process by the USOPC.

- 2020 National Update – John Fearn now sat in on the staff meeting last month during his visit where the 2020 National Budget was outlined. Both John Fearn now and Eric Steele feel the plan is solid and accurate moving forward on spending. Gypsy Lucas will continue to secure booth vendors however; there will be a written contract that Eric Steele will handle with those vendors to ensure we receive the booth rental payments this year up front.

- Fall Board Meeting is scheduled for Oct. 30th- Nov. 1st.

- Foundation Grant proposal – Eric Steele is working on the Foundation Grant proposal for the office building maintenance needs. The grant is projected to be at a $70,000 request, and specifically designed around the issues with the basement/foundation. Phase one of the project has already been completed.

- World Team Speed Uniforms – Annette Stapleton motioned to overturn the Speed Committee's decision to propose VIE13's bid and move to accept CCN's bid solely for the free product benefits to the athletes with no other benefits or obligations from USARS or the Athletes to CCN. Michael Jacques seconded. Motion approved unanimously.
• Budget approval – The Finance committee meeting was held last week, and the budget adjustments were reviewed and addressed to reflect a bottom line net ordinary income of $7.00 in the positive. Currently the organization has over $150k in the operating bank account but to date the organization has not paid all the insurance premiums in full, as the organization is currently using a monthly payment plan. In addition to date, the organization has not had fund any World Teams yet for this current year.

Annette Stapleton motioned to accept the budget for this year. Heidi Permatteo seconded. Motion unanimously approved.

• Replacement for Treasurer: 3 candidates were reviewed. John Fearnow spoke to them all extensively and he felt Penny Marchiel was the best choice. She has a skating and finance background and is retired so she has the time to devote to the position and is very willing to take on the duty. She would not serve as the finance committee chair at this time.

John Fearnow motioned to accept Penny Marchiel as the board Treasurer until the November board meeting. Michael Jacques seconded. Motion approved unanimously.

John Fearnow motioned to fill the Finance Chairperson position with Michael Jacques until the Fall board meeting. Heidi Permatteo seconded. Motion approved with 1 abstention.

• 2021-22 Nationals – The Lincoln Convention and Visitors Bureau has requested the organization sign a contract locking in 2021 and 2022 for the USARS National Championships.

• The Compliance Committee is required under the USOPC rules to have 20% athlete representation. Upon review it was discovered that one non-athlete must be removed from the committee in order to satisfy the requirement.

As such, the compliance committee has made the recommendation that Joe Hanna be the individual to separate from the committee.

John Fearnow motioned to remove Joe Hanna from the compliance committee. Annette Stapleton seconded. Motion approved unanimously.

Annelle Anderson motioned to approve Eric Steele to sign the Sport80 contract. John Fearnow seconded. Motion unanimously approved.

• Michael Jacques discussed purchasing a new floor. There is concern about the amount or percentage of import fees that may need paid. John Fearnow will reach out to his contact that deals with imports and tariffs as a reference. A sample of the floor has been made available to make sure the floor is conducive to all our sports.
• Eric Steele received an email late last week regarding a member and post shared via their personal social media. And while alarming in content, it was discussed on how far the scope of the organization can reach. As such it was decided that if the issue does not reference or reflect USA Roller Sports or it’s members directly, then the organization’s reach in such a situation is non-existent.

• Board Members Not in Good Standing – A discussion was had regarding board members not in good standing. The organization currently has two board members who would not meet the good standing requirement. Michael Jacques, agreed to follow up with each member and remind them of their responsibilities. Until then, like any member of the organization not in good standing, they would be ineligible to participate.

• Michael Jacques asked Eric Steele why our payroll amount decreased. Eric Steele indicated that with one employee retiring and another museum employee resigning, that the funds naturally would reflect a decrease in payroll.

• A brief discussion occurred regarding the $40,000 annual payment from the AAU to support the inline hockey program needs.

At 10:18 P.M. CST Eric Steele and Tina Brendle were asked to leave the meeting.

• There was a discussion about Eric Steele’s performance review and contract extension.

• The next Executive Committee meeting was scheduled for March 2nd at 8pm central time.

• John Fearnow was asked to leave the meeting at 10:45 P.M CST and Michael Jacques lead the rest of the meeting and reported the following:

• A discussion about the Cricket Loft providing the sweats for World Team 2020 occurred without John Fearnow, as to eliminate any conflict of interest. The Cricket Loft will provide for the new World Team members at the members expense. There is no “trade” agreement with Cricket Loft in exchange for the contact. The Cricket Loft will be required to pay for their booth space. Cricket Loft will also pay for the Exclusive Rights to use the National Championship logo for printing.

Heidi Permatteo motioned to extend the contract with the Cricket Loft for the 2020 World Team Sweats. Annette Stapleton seconded. Motion approved unanimously.

Motion to adjourn the meeting made by Annette Stapleton. Heidi Permatteo seconded. Motion accepted. Meeting adjourned at 11:10 P.M. CST
Executive Committee WebEx Meeting
Monday, March 2, 2020

Attendance: John Fearnaw, Board President; Michael Jacques, Board Chairman; Annette Stapleton, Heidi Permatteo, Anelle Anderson, Kylie Hughes, Eric Steele, Executive Director, Tina Brendle, recording secretary.

John Fearnaw called the meeting to order at 8:05 P.M. CST.

- **Ratify Speed Officials** – John Fearnaw asked for a motion to accept Mary Allmond as manager, Shawn Roberts as manager, Gypsy Lucas as coach and Kelly Springer as coach for the 2020 Speed National / World Team. Annette made the motion to accept the above-mentioned members as speed managers and coaches. Heidi Permatteo seconded. Motion approved unanimously.

- **USOPC update on Compliance** – Eric Steele spoke with Auditing at the USOPC regarding our committee board / athlete representation compliance and they are confident we will meet the requirements with a 100% audit score. In addition, it was noted that USARS must seat a “Independent” board member this fall. Essentially an individual who has no ties to the sports or conflict of interest with the sport. The recommendation will be for that individual to come from the Lincoln community.

- **Committee Restructuring** – Eric Steele’s Executive Director report for the Spring Board meeting will include recommendations with motions on the disbandment of the sports medicine, insurance and fundraising committees for the reasoning of meeting the standards of USOPC compliance and lack of functionality to produce as a working committee. The recommendation will include moving to assigned advisors for Sports Medicine and Insurance. With fundraising moving to individual committees already in existence. IE: Allowing figure for example to raise funds specific to figure vs. the group approach of overall fundraising. Overall fundraising should be for specific projects that benefit the entire organization and should be headed up by the office staff with a single volunteer individual per potential project.

- **Improperly Functioning Committees** - A discussion was had about some of our sport committees that are not functioning properly. The new sports guideline states “if you are on X sport committee, you cannot be the chairman of a sub-committee”. There are some members that are on sport committees that are also chairing sub-committees and John Fearnaw would like to rectify this with the support of the Executive Committee. All members of the Executive Committee support John Fearnaw rectifying the issues with improperly functioning committees.

- **Sport 80 report** - Eric Steele reported that contracts are signed with both Sport80 and the USOPC. RSportz has been notified and the implementation process has begun with Sport80. We’ve also received our first quarterly payment from the USOPC for $8,750 to be used towards the implementation of Sport80. Eric Steele is recommending a review of all membership fees at the Spring meeting.
• **New floor purchase** – After much research, leadership believes we are in the final process of securing a second traveling floor for National. Additional details on a potential purchase to be provided by the spring board meeting.

• **Executive Director's report** – Eric Steele reported that we received the final audit report from the Center for SafeSport which was forwarded to the Board of Directors for review. The organization needs to create our own SafeSport manual / Minor Athlete Abuse Protection Policy. In order to meet their standards or guidelines the recommended step would be to require an after-action sanction report from the meets that would be randomly audited by the office to ensure compliance with the US Center for SafeSport policies and the Minor Athlete Abuse and Prevention Policy. The goal is to to be able to implement the full concept of this by the start of the new season.

Eric Steele and Tina Brendle left the meeting at 9:04 P.M. CST.

Michael Jacques reported that he made a motion to adjourn the meeting at 9:08 P.M. CST. Annelle Anderson seconded. Motion approved unanimously.
Executive Committee Meeting – Conference Call  
March 11, 2020 - 8:00 P.M. CST

**Attendees:** John Fearnom - Board President; Michael Jacques - Board Chairperson, Annelle Anderson, Annette Stapleton, Heidi Permatteo, Eric Steele - Executive Director, Tina Bredle – recording secretary.

The meeting was called to order at 8:03 PM

- John Fearnom said that the finance committee met last night, and they passed the motion to recommend payment for the new floor. We must pay 60% of the cost up front, which equals an estimated $35,000 and the balance is due after three weeks. It takes 30-45 days to build and at least 45 days to ship from Italy. Total cost of the floor including freight, tariffs etc. is $70,000 plus $5,000 for logistical contingencies that may arise.
- To support this effort, this year’s grant request to the foundation will be focused around the floor purchase and property projects specific to the National Office.
- Annette Stapleton asked about the Coronavirus issues that Italy is currently having and whether that will impact the delivery? Michael Jacques said that he has been assured that they should not have any problem manufacturing or delivering the new floor within the promised timeframe and that it’s the majority of Northern Italy region that is shut down. Vesmaco, the manufacturer, is in Southern Italy.

John Fearnom asked for a motion to approve the purchase of the new floor – Motion made by Heidi Permatteo. Motion seconded by Annelle Anderson.
Motion approved unanimously.

- A discussion was had about the Coronavirus and the concerns of everyone as to whether we’ll be canceling events and addressing issues moving forward. As of today, everything will continue to be business as usual for the organization in day to day operations, and that our only real option is to examine all scenarios on a case by case basis when they present and then take a focused and thought out plan of action forward.
- A discussion was had about the Cup Series. The finance committee approved a recommendation of $500 to help each of the three individuals with travel expenses.

John Fearnom asked for a motion to approve the Finance Committees funding for the officials for the Artistic Cup series. Heidi Permatteo motioned. Seconded by Annette Stapleton.
Motion approved

- Michael Jacques asked about the process of World Championship trainers. Eric Steele said to provide him with the name and contact info of the trainer they want to use, and he will work with the Sports Medicine Advisor Lori Brandon to confirm the trainer credentials and approval process.

Motion to adjourn the meeting was made by Michael Jacques. Seconded by Annette Stapleton.
Meeting adjourned at 8:48 P.M. CST

Executive Committee WebEx Meeting – Monday, April 6, 2020 - 8:00 p.m. CST

Meeting was called to order at 8:05 p.m. CST.

**Attendees:** John Fearnow - Board President, Michael Jacques - Board Chairman; Annette Anderson, Heidi Permattoo, Annette Stapleton, Kylee Hughes, Eric Steele - Executive Director; Tina Brendle, recording secretary.

**Guests:** Stephen Carter, Tom Hughes, Misty Greer

- John Fearnow reported that there is currently no change with the Iowa CVB regarding the Covid19 and our Nationals. Heidi Permattoo asked if there is a contingency plan in place if we need to get out of the Iowa contract. The Cedar Rapids CVB indicated that we could possibly just change the date if needed. Annette Stapleton asked if there was an ideal number of participants per sport for us to hold the event? John Fearnow said that we do not have a monetary contract with Cedar Rapids. The contract reads that we could show up with 10 ppl and hold the event. Obviously, we want as much participation as possible. Annette Anderson asked if we happened to have any discussion about holding ODN there. The Cedar Rapids CVB would be thrilled with anything we do. Eric Steele added that there is a location that has a 1-mile track w/ ¼ mile half track available. Had planned to drive over there with an athlete to test it out however the bigger issue is whether the USOPC would give us the permission to switch our event location/qualifying process. World Skate also still could cancel Worlds given the Coronavirus and if that’s the case, there would be no reason to hold ODN.

- Eric Steele reported on the Cares Act and the Paycheck Protection Plan (PPP). The PPP offers federal guaranteed loans to businesses with fewer than 500 employees to cover payroll and other essential costs. If we use the funds to retain (or rehire) employees, the loan is forgiven under the program. We submitted two applications to Union Bank & Trust (UBT) because of conflicting
information about the PPP. One submission was for $89,976.04 and includes our Independent Contractors the other submission was for $79,821.09 and does not include our Independent Contractors. This way UBT has everything in hand if they can’t accept the application including the independent contractors, as they already have the application with just our employees. Our current Payroll system provided a great report. Currently we’re just waiting for approval. Additionally, we’ve also secured the line of credit and have received two checks from Cedar Rapids.

- Eric Steele also discussed how the office has been functioning in the age of Covid-19. We shut down the museum and building to all outside visitors a few weeks ago. We then went to the staff working ½ day at home and a ½ day in the office with half the staff working in the morning in the office in the morning and the other half working in the afternoon so there was never more than 3 staff in the building at any time. Last week, the staff started working from home full time, except for Rod Oliverius and Eric. Starting tomorrow, everyone will be working from home full-time. Eric will still go into the office once a day to handle the mail and any faxes we receive. All the staff can check their voice mail remotely. And the staff has access through the Teams App in Microsoft 365 for daily quick interaction.

- John Fearnow reported that we have a few bylaws changes we need to make. The dates for our semi-annual and annual meeting do not coincide with our fiscal year anymore. Michael Jacques added that having a March meeting was too early according to the bylaws. Article 4, Sec 1. states that the Semi-Annual meeting shall be held within 150 days of the close of the fiscal year. MJ feels that it would be safe if we went to 180 days so we’re not out of compliance. The other change needed is related to the Treasurer; in Section 6 of the bylaws it states the Treasurer shall: (a) have charge and custody of and be responsible for all funds and securities of USARS; (b) receive and give receipts for all monies due and payable to USARS and deposit all monies in the name of USARS in such banks, trust companies or other depositories as shall be designated by the Board of Directors; and (c) in general, perform all of the duties incident to the office of Treasurer and such other duties as from time to time may be assigned by the President or by the Board of Directors. Currently, this is not what our Treasurer is doing. A couple of the other ideas we had was whether we should have 2 yr. term limits for officers. Currently, it’s 1 yr. term. This needs to be discussed by the Executive Committee. Eric Steele added that another bylaw change that needs to be made is to eliminate the Sports Medicine, Fundraising and Insurance committees and replace those committees with appointed volunteer advisors.

- Eric Steele discussed the new Athlete Safety Guide he sent to the committee and encouraged everyone take this downtime to read the document. The guide was sent to the US Center for SafeSport for review and it has been approved. We still need to announce the guide to the public and do a marketing campaign around it. The Center is also looking at how we audit and develop reporting incidences. The Center realizes that what we do is administered locally and after discussion felt the best thing for us to do is implement a post sanction report, which would be required to be submitted to the office within a specific timeframe after a sanctioned event. The report would require a list of all participants, staff and any 3rd party vendors, event results, and the ability for the Meet Director to report if there were noticeable offenses, with specific emphasis on the Minor Athlete Abuse Prevention Policies. The list of participants and staff would then be randomly audited to ensure completion of SafeSport and Criminal Background checks. The final aspect is how we handle a host club or meet director that refuses to submit the sanction report.
Addendum H

Eric suggested that the first offense would be a written warning, the second offense we would limit the number of attendees for their next sanctioned event and the third offense would be denial of any future sanctions until the host club/meet director are compliant.

New wording to Charter Agreement: In addition, the club agrees to complete all event sanction forms to include both the Pre-Event Sanction Application and Post-Event Sanction Reporting Form. And that upon approval to conduct a sanction, along with any practices or competitions or education (Star Skate) or camps/clinics associated with the club, that the club agrees to follow all policies related to Athlete Safety to include: USARS Policies, the US Center for SafeSport Policies (SafeSport Code & Minor Athlete Abuse Prevention Policies MAAPP) and the United States Olympic & Paralympic Committee Policies

- Eric Steele discussed the need for us to make a bylaw change regarding the USOPC compliance changes we made in November regarding athlete participation at the Board and Committee level. This new wording will be completed and ready to place into a motion for a required bylaw change that meets the USOPC requirements.

- Eric Steele gave an update on the Sport80 implementation progress. At this point they have what they need to start to build our platform and are currently in coding mode. We did identify one thing we need to address with them which is the ability for our clubs to charter as early as August 1 so that when the members register, they can properly select their club during the registration process.

Stephen Carter, Tom Hughes, Misty Greer, Eric Steele & Tina Brendle left the call at 8:58 p.m. CST Michael Jacques later reported that the meeting was adjourned at 9:10 p.m. CST.

Meeting Started at 9:04 PM EST

Budget process was discussed and status of submitted budget. The budget
submitted 12/2 was returned to the finance committee to be reworked so information
known now could be adjusted, where the expenses are greater than budgeted.
John discussed trying to get the budget approved
by Exec, but a new revised budget must be submitted in February.
This new budget should reflect the expenses that
have incurred and any new revenue/expense information available at this time.
Finance committee requested Exec share any
information they have about grants, salary adjustments etc. so those can be reflected
in the budget revision. Recommendation was the directions for the budget be updated
in the finance manual to reflect the original budget to be done in the last quarter of the
year and a specific date will be inserted. The committee also needs to decide if the
budget is done annually or adjusted at the 6 months point as per the finance manual.

Finance Manual has been sent to all committee members in a track changes format for
them to review and comment. Changes/comments can be sent back through
the committee to work on this during the month, but next meeting will be used to finalize
the manual. Should read like an instruction manual so that everyone has a clear stance
on how items are managed.

Finance Liaisons on Sports Committees. This concept was introduced at the last
board meeting through the sports guideline document. How this to work is still open
for development. The process should be a liaison is
identified for each sport committee and given instructions in the role of bringing
financial issues to the finance committee. Directive was given to John to reach back
out the committees to find out who the advisors are and to make sure they have the
information about the fiancé committee and how to present items. It was suggested
that if the liaison has an item that affects finance they should be invited to a finance
call to present that item for better discussion.
Reports and graphs were provided to the committee to show trending of the revenue and expenses. No additional discussion was held about these items.

John gave an update on the Executive Committee and the decision that an accounting firm will be hired to perform the accounting duties of the office. Rod will be retained in full-time position, but with only part of his time dedicated to bookkeeping. The committee had lots of questions about how that will work and John/Eric said this is still being worked out. Because of a grant from the USOPC this will be a net zero finance move. This discussion tabled the next agenda item of reconciliations being done on time as this will be changing with the new accounting firm.

Recommendation was made that the recurring Exec Committee meeting be schedule for after the finance committee meeting. Exec will look at this, but it does seem possible.

The question was brought up about how the current Accounts Receivables stand and are payments being made. There are still lots of outstanding accounts and payments are slow coming. This may pickup with the competitive season starting to become more active and more people wanting a membership. Ways of managing the world team have been researched to avoid having money owed for the next teams after the games are over.

Eric Steele signed off 10:00 PM

Committee again expressed concerns about how to have a balanced budget this year without any reductions in expenses or raise in revenue streams.
