Executive Director Report – Submitted by Eric Steele

United States Olympic Committee

- The USOC has gone through a complete organizational re-structure regarding their staffing.
- The result of said restructuring will have an athlete safety and services aspect to it as a result.
- One major priority for the USOC is the yearly compliance review. In order to assist the Board of Directors in understanding the requirements associated with the compliance review, I am sending with this report to go into the agenda, the full compliance check list, which begins in May.
- The partnership with United has been re-established.
- The partnership with IHG is being finalized as well.
- Implementation of the Fanatics roll out specific to Roller Sports, while slow does continue to occur and hopefully we will have final product ready be introduced this summer.
- NGB Services recently rolled out their endorsement of Sport:80 a Membership Based system similar to what we currently use that continues to grow in total users and by users, my reference is to NGBs. As of today, 7 of the USOC’s 50 NGB’s have adopted the system. With anticipation growing that more will get on board with the system over the next 2 years. The primary reasoning is the integration between the system, the criminal background checks system at NCSI and the US Center for Safe Sport Training System. There is also the potential down the road for possible integration of the Safe Sport banned listing that could assist in preventing sport jumping among those banned.
- Have completed our 2019 Diversity report to the USOC.
- Pan Am Games registration continues to move well through the portal.
- It is also clear that the USOC is preparing for congress to potentially re-open the Ted Stevens (Amateur Sports) Act.
- Sent a letter of support to Congress regarding the creation of the Rodchenkov Act. A act designed to enhance the structure and reach of USADA and Anti-doping on the world stage, and continue to create a level playing field for all athletes.

Safe Sport & Athlete Safety

- The new policies related to the Federal Code for the US Center for Safe Sport go into effect on April 15. A copy of the code will be linked to our website when it is officially released.
- The USOC has also instituted new requirements regarding Criminal Background Checks that will apply to all NGB’s.
  - Highlights of the policy will include standardization of what will be Green Lighted and Red Lighted on searches conducted by the National Center for Safety Initiatives, with Red Lights potentially having to go through a USOC review for participation.
  - All World Team members over the age of 18, or who will turn 18 during an event will now be required to complete the background checks and Safe Sport training.
- The new code is going to give the ability for the NGB to issue interim measures, that will in most cases be adopted by the center. Meaning, as an NGB, in cases where there is a belief of potential threat. The NGB will have the ability to issue something as simple as a no contact with
other members through electronic communication, or at meets. But, yet could still potentially compete and compete only.

- On the one year anniversary of the passage of the protecting athletes from sexual abuse act of 2017, the center released the statistical data that 2180 cases had been filed with the center.
- Our organization will be going through an onsite audit from the center in late summer.
- Eric Steele attended 2 full days of investigation training hosted by the USOC and the Center for Safe Sport on February 25-26.
- Lori Brandon attended a conference for 2 full days in
- If all goes well, the center plans to release a “Dashboard” type of a program for NGB’s that will roll out by year end/start of the new year. This new dashboard would give the NGB office staff direct real time information on cases and their status. This is significant, as often times we at the NGB office have no clue when a report has been filed by someone outside of this office.

**Action Items Request**

  - As part of our previous motion held last fall, the Board of Directors adopted the language to adhere to all USOC policies regarding Athlete Safety with Motion 21. However, the center reached out to USA Roller Sports indicating that the Center and the USOC are separate organizations and as such have requested for us to amend the previously passed motion to read as follows: **USA Roller Sports will adopt all athlete safety policies to align with both the USOC and the US Center for Safe Sport as they make changes. Specific areas to include Minor Athlete Abuse and Prevention, Criminal Background Checks, Required Trainings and compliance with audits conducted by both the USOC and the US Center for Safe Sport. Implementation of all updates and notices shall occur through USA Roller Sports communication mediums and fall to the Executive Director, working through the USA Roller Sports staff to adjust as required.**
  - Because Athlete & Safe Sport has become by far one of the top priorities and issues facing the USOC and National Governing Bodies today. I am formally requesting the creation of a Volunteer Safe Sport Officer position to be created. The idea and logic has been discussed and also recommended through USARS legal counsel Jerry Pigsley as a concept the organization should embrace. Details specific to how the position could be structured and the concepts behind the position are available to be shared with the Board of Directors during the April Board of Directors meeting.

**Strategic Plan**

  - Much work has begun here at the committee level, and goals are beginning to come in. We have yet though to meet as an overall committee and will eventually need the Executive Committee to establish directives for committees not chosen to create full goal sets over the next 3 years.

**Legal**

  - Jerry Pigsley, attend the NGB Legal Best Practices Conference in Orlando on November 1 & 2.
  - A complete review of the Reciprocity agreement between USA Roller Sports and Woman’s Flat Track Derby Association needs to occur, with specific emphasis placed on how the organization will adapt to Safe Sport policy if participating in USA Roller Sport sanctioned events.
Nebraska Attorney General Agreement

- To date the organization continues to meet all compliance requirements and have not any issues with the AG.
- All information has been updated in the Dropbox, and should any new members be elected to the Executive Board at this current Board of Directors meeting, those new members will be added.
- Continued Board Education will be critical moving forward as well as an approved budget for the current fiscal year.
- For this current round of Board Education, I am recommending a review by the Board of Directors to occur at the closed session on Friday the most recently completed Board Performance & Assessment report prepared by he USOC. President, Kay Gallatin and myself are scheduled for
- Both myself and our legal counsel feel that we are currently meeting all guidelines established within the agreement.
- At the time of this report, we will have completed the first year of the 3 year consent agreement.

Financials

- I will defer to the treasure report on the financials as they currently stand and reference to the staff section of this report regarding issues related to the bookkeep office position.

Membership

- The RSportz registration system continues to evolve and their team continues to work out office team to address solutions.
- Integration of the criminal background checks systems, along with the Safe Sport training system has been established.
- Have forwarded to Peggy Young for an action by the board to review the recommended Membership Fee Adjustments for the next season. The adjustments call for modest increase in fees, but also more importantly call for a membership benefit to compete across disciplines with a full membership.

National Championships

- Planning and implementation for the current National Championships is well on it’s way and a discussion/update will occur during the BOD session.
- Future National Championship planning is well underway for 2020 and beyond. With the submission of 5 bids in 2020. To date, the reviews by finance have other members have leadership have narrowed the selection down to 2 cities.
- Time for a final presentation by the finalist will be afford at this BOD meeting for 9AM.
- Have a meeting scheduled for March 27 with city officials from Lincoln, NE to discuss the 2021, 2022 and future national championships schedule sequence. Am requesting as first choice a 2 years on, 1 year off format, and a second choice of 1 year on and one year off format. The third choice and least desired, being 2 years on and 2 years off format.
- Will engage for Indoor nationals, the use of a new athletic trainer program and the website Go4Ellis.com. If successful, this could prove to be a very useful tool for future events.
• The primary concern for not only this nationals in 2019, but any nationals where we leave the city of Lincoln is going to revolve around the floor transportation costs. A list of bids for this current year is being collect, with hopes of a final decision being made at the BOD meeting on April 13.

Property Update
• This year has been an exceptionally snowy season in Lincoln, and as such we saw above normal spending on the purchase of salt and snow removal services. Average snowfall is 26 inches per year...this year the total has reached over 50 inches and approaching the record of 59.4 inches in 1915.
• I anticipate that we will soon need to do some tree branch trimming on the oaks in the side parking lot yard.
• There were several calls that needed to occur regarding the heating and AC system in both the office and the house. Both have been resolved, but there were costs associated.
• The yearly lease ends in April on the house, and will move to month to month with the current tenants.
• One of the other challenges that we face is a true full understanding of all of properties. And by properties my reference is to the building, the house, but also our floor. It is requested that a discussion occur with the Board of Directors to create if only a temporary committee, a group of members knowledgeable of our floor needs and properties be created to at the very least study potential future issues of cost and maintenance. Our floor and offices are all we own, and carry the most value to our organization, as such deserve just as much attention that our events and other operational areas receive within the organization. There will be continued needs to address within the properties as we move forward and having experts to assist in that process would validate future budgeting and costs.

National Museum of Roller Skating
• The organization has assisted in facilitating the purchase of a new iPad Point of Sale system for the now growing gift shop.
• A complete backroom clean up occurred with recognizing much of the shelve areas. The result all museum acquisitions, along with gift shop inventory has been centralized and is now much easier for cataloging/management. The storage room in the basement dedicated to the museum remains.
• The clean did open space, but it is important to emphasize that as the museum grows, space with in the building does lesson. As such, it is requested that the museum recognize this reality and adopt a much need stricter guideline on items to be accepted.
• Currently it is also estimated that the collection by the simple fact of shared space with USARS, is trending toward a much higher percentage of USARS artifacts now making up the overall collection from when the museum was originally founded. As a result, it is important to underline the reality that the museum history is very much USARS history too now and that investments made toward the museum on behalf of USARS are dollars that assist in maintaining the history of the organization.
Staff

- Our Health Insurance policy will change in August of 2019, per changes permitted by law to the Affordable Health Care Act. Our broker is aware of the situation and will be shopping for a similar plan option.
- The office has been functioning without a fulltime bookkeeper position since November 27, 2018. However, the efforts of Kay Gallatin, President, Janet Pavilonis, Finance Committee and Michael Jacques, Treasurer has been beyond valuable to the organization, along with having a temporary staff member in place for the months of December – February. In addition the rest of the staff was able to assist and step up to the everyday odds and ends that come with the position. The results, showing no decline in fiscal operations and that the day to day business operations continued without issue.
- A new bookkeeper/accounting clerk Rod Oliverius will begin on April 1.
- The yearly retirement plan review with Union Bank was conducted on March 15, 2019 by Eric Steele and Michael Jacques.
- Individual employee retirement planning sessions are planned with the entire staff for April 22.
- Recommended salary increases for eligible employees were approved by the Executive Committee and implemented in January.
- The implementation of a new payroll system was also introduced in January. The new system, Paycor.com will allow for the employee to have an individual account access to their profile, and offers a much more efficient Paid Time Off management system than what the office had previously been utilizing.
- The staff has also adopted a SMART Goals system for the year to track their progress on individual goals that were created to help them focus on their specific job duties.

Other

- Re-established membership with Association of Chief Executive of Sports (Surveys)
- Will attend the Annual Foundation Board of Directors Meeting, Museum Board of Directors Meeting and the RSA Convention April 28-May 1.
- Will attend the Annual USOC Assembly this fall (Dates TBD)
- **Action Items Requested**
  - Request approved attendance at the TEAMS Conference and USOC Sport Link Program November 11-14, 2019 (Nationals Location Shopping)
  - Request approved attendance at the S.P.O.R.T.S Relationship Conference September 9-12
    - Both conferences proved to be extremely valuable for our organization in developing future partnerships for Nationals location sites, with the TEAMS Conference providing a partnership with the USOC for updated training/education with the Sport Link Program. Both conferences are also financially covered by the event planners to cover flight, hotel, and the multiple meals, with little cost to the USARS organization.
  - Am forwarding final ratification approval for the Team USA Speed Uniform Sponsorship Bids and will share the information pertaining to those bids during closed session on Friday evening.
Attending: Jon Roux (Co-Chairperson), Chalie Sgrillo Sr., Jonathan Mosenson, Chalie Sgrillo Jr. and Melanie Bogus

Missing: Keith Noll and Arlene Lehman
Note: Keith Noll sent an email prior to the meeting indicating his votes for staff.

Coach Selections
Coach resumes were sent to the committee prior to the meeting. The committee discussed the applicants and the following were selected as coaches. All votes were unanimous.
Senior Men – Tim McManus (head coach) and Greg Thompson (assistant coach)
Senior Women – Dave Marmorstein (head coach) and Chalie Sgrillo Jr. (assistant coach)
Junior Men – Jim Tamburino (head coach) and Steven Boddy (assistant coach)
Junior Women – Alex Morrison (head coach) and Greg Era (assistant coach)
Chalie Sr. will notify Brent to contact the coaches. Once they have been notified, we will get head shots and prepare a release to start advertising.

Financials
Jon Roux asked if a response has been received from USARS regarding the funds that we had as a carryover from last year. No response has been received. An email from Kay Gallatin suggested we set up a non-profit corporation, similar to other disciplines. It is unknown if USARS will provide our carryover funds.

Hotels
The cost of hotels for Barcelona is quite high. The cancellation policy was even worse. Once rooms are booked, we lose money from day one if any rooms need to be canceled. Since our teams have not been selected, we cannot know how many rooms we need. Melanie has been looking at hotels and transportation outside of World Skate. Keith has contacted Kathy Morris from Great Britain. Kathy is a travel agent and is looking to find arrangements for Great Britain, USA and Canada. One hotel, B Hotel, has quoted us a price with a favorable cancellation policy. We are able to cancel rooms with no penalty, up to 30 days before we leave. We can also cancel a limited number of rooms from 10-30 days out, in the event of last minute changes. Peggy has been notified and we will be booking this hotel. If we are able to locate a better deal, we will cancel these rooms. We are continuing to look for better-priced hotels. It is noted that the hotel includes no meals.

Player Application
Due to the lack of information on costs, the application has not been completed. We are able to create a very rough budget, but while we are still looking at prices, we would like to hold off on quoting a price. We hope to have more information in the next couple weeks and post the application by mid-January. Jonathan suggested we over-budget since it is unlikely any money will be obtained from USARS.
Barcelona
It was noted that we still have not received any information from World Skate on which rinks each team will be playing. This would be quite helpful. Jonathan sent an email to Eddy Rojas asking if this information was available. Melanie noted that we were told this information last year, only to have it changed more than once, most notably four days before the teams left.

Jon has discussed with Keith the nude beach that is near one of the rinks where our players will play. A memo will be prepared and sent to parents to make them aware there is a nude beach in the city. It was noted this beach is somewhat concealed. It was also noted all beaches in Europe may be topless. We should also bring this to the attention of coaches and be sure they are aware of the need to closely watch their players.

The meeting was adjourned at 7:41

The minutes were unanimously approved by the committee.

2. To approve Chalie Sgrillo Sr. as the manager of the senior teams.
3. To approve Melanie Bogus as the manager of the junior teams.

Hard to get on Webex. No one knew how to get on and those that did know were not on the call tonight. We are recording the call for Chris later. Erin in Japan and can not make it. Brandon could not make it tonight as well leaving the meeting without an athlete representative. No voting will happen during this meeting only discussion and email votes later in week.

AGENDA

Track and Road Championships - Survey. Chris gave us the votes. Only 53 total votes came from membership and 59.6% voted for the May 6-14 Dates.

If any skaters go to europe for racing prior to ODN they would be home by May 3rd at latest and would have time to get to COS. Kelly suggested the second week based on the fact that COS has seen snow first weekend of May. Jay as a coach from a cold weather state said second weekend as well based on the skaters having time to skate outside. Tony prefered first based on the platform and entries to World Roller Games.

Vote for dates will go out to Committee after meeting. If athletes would like to have a call on this topic we will.

*** Discussion between May 6-14 or May 13-21. Week two better for weather. Plan B would be to run Road races on the Track. College Testing over both weeks. Weather could be bad either week. Just as much a chance for weather and testing both weekends. Both weekend will be bad for someone. If comes down to both being the bad either way we should go off voting.

Tuesday 14 Rain/Snow Day

**Finalize April Camp info in order to populate the staff and structure of the Muli Camp Structure.**

***Need commitment from US Speed Skating how many seminars they will offer. May compromise ability to qualify Level 1 if they do more advances seminars. Concern that 30 people going to Europe and for three Easter events. Advertise it as Pre Track Championships - plan now get more time on the covered track and be ready for Team USA Trials. Get Applications in for the coaches to volunteer now and get more people. Base expenses on 50 skaters.

Tony and Mary offer to help with set up for camp.

**TASKS**

1. Schedule with OTC
2. Confirm Seminars with USS
3. Schedule for track time
4. Schedule for separate camps
5. Revise Costs based on budget
6. Revise application - Both Skater and Coach
7. Program Ads in Local Meets January to March
8. Demonstrators for Level 1 -

Goals for numbers - Financially National team is comped so the Level 2 and Level 1 camps will be the monetary gain. Advertise to the membership hard. Go off FL camp numbers to set goals and budget.

Ricci - Questions... 1. Why OTC charging so much now? 2. Do they know USS collaborating? 3. Charging for National Team?

Kelly - Pricing came up last time they charge per head, daily use of the trainer that we pay for. Sent them the goals for the new structure they came back with the higher numbers. They have to block off the whole day even though we do not use the facility all day. When we sent in increased numbers they then sent us the higher figure.
National Fees associated with the Championships in Spokane!

***Need data from Finance Committee - Kelly Springer and Harry Stewart will contact Mike Jacques directly for the info. Kay is on the Finance and Speed Committee and has been the liaison thus far.

Mary wondering why we have to increase price at all. Seems punishing skaters for attending. Kelly - We need to look at alternate ways to raise money for the organization vs raising price of IDN. Looking at increasing numbers of memberships vs the entry fees.

We need to use the membership to raise funds - Grant Writing, sponsorship. Jay - this is bad timing and we cannot hand over a large number of membership with increased fees. It is not the good time. They have some place else to go other than USARS so we must be mindful of how we work with our membership.

Kelly - World Skate is making decision on 2020 World Championships and will probably be Sept/Oct Championships. If that works out that way then we can work with finance to work the numbers based on timing.

Everyone on committee agrees that raising the fees is not the way to go. This committee to work on a membership drive. Education on the $10 Star Skate and $45 Limited Card and push each club to increase membership.

Question - Tuesday July 30 IDN is it practice. Flights in on Monday are very expensive. Tuesday is better pricing. Members asking why Tuesday to Tuesday.

TASKS -

1. Revise Sponsorship advertising and market to companies outside of Sport - Sponsorship Committee?
2. Grant Writing - ERIC STEELE
3. Request Data from Finance Committee on the IDN numbers
4. Create an entry fee plan based on the previous numbers
5. Create a promotion through clubs - Most new members signed up Jan 1 to April 30 in a club receive a Free Charter 2019-2020 season. (Ideas)

Minutes compiled by Gypsy Lucas
200m Pursuit Race. Will need to adjust the timing to the +D location for the middle of the track. Discussion of the actual running of the event. How to move forward in the series. Kelly described how they raced it in Mexico. Full Command. Started and finished at +D. Jorge Roldan advised him the official rule book will be completed this week and the rules for this race would be sent to all countries. Go back to times from 200m to heat all the races. They ran in groups of 2 to final of 8. Ran final and 7-8 times raced each other but their time placed them in the final placements. Jorge warned Kelly that once rule book comes out there could be a total difference.

Qualification for Team USA. Adding another sprint so our qualifications will be sprint heavy. Do we want to change the qualification again or do we want to add a marathon to even out the number of races again? Will need to re do the qualification anyhow to add in the 200m.

The two long races for Jr and Sr will be reduced by 5k. Waiting to hear from World Skate on new rule book.

USA Roller Sports and North Shore Marathon to work together to create a US Roller Games. How do we utilize USA Roller SPports committees and promote the different sport disciplines?

Transponders - They are used at all international races and we tested for IDN in 2018. Moving forward we need to use the same so our skaters are used to how things will go and not be so fish out of water at the World Championships.
Really bad connection - echos. Could not understand a lot. Kelly called the meeting due to communication and the fact we could not vote on anything.

AGENDA

Eric Steele - Notified the SC that a new Strategic Planning Committee has been made and Dennis King will be the speed rep. SC to put in goals mandated from USOC into a 3 year plan to begin Sept 1 season of 2019-2020. SC will report to the Strategic Planning Committee and membership yearly. Min of 3 goals Max of 5 goals per year. Make the goals realistic and attainable. Eric will send SC the spreadsheet that will be the living document to work from. SC will need to work on the goals and have completed by Track and Road Nationals in
May. Tweaking to happen thoughout summer with the SPC and presented at IDN before the start of the New Season.

1) National Entry fee increase of 10% proposal!

Speed committee does not feel comfortable for us to raise fees this year. National Entry will generate more money with new races which decreases the need to increase 10%. No one on the speed committee wants to raise fees. Not just entry fees - everything coaches card, membership, sanction, charters, everything. Star Skate going up to $25.00 defeats the system. Speed Committee requests numbers from Finance to review pricing structure. This could be a wonderful opportunity to be creative with entry fees. Accomplish raising the fees but make it helpful to the skaters because the overall bill if skating everything would be less - example raise first event but place a cap. New fundraising committee was created at the last board meeting. They have a grant writer on the committee. Possible to reach out to them for advice?

M mandate - SC to put together figures for alternative entry fees and what those figures would be. Due by March Meeting. Communicate through email to have final ready for March.

2) Pan Am Coaching Selection!

On a timeline and need this moved along. Deadline for resumes was January 15th. Need to get information on all candidates into the portal. Exec will approve final selection.

3) Discuss the 4 proposals offered by manufacturers for World Games. The committee has had much written discussion, and Tony should have a spreadsheet comparison for us if he was able to invest the time.

Continue to work on spreadsheet as a tool for finance.

Discussion - Hot topic….Best for the Athletes at this point.

Gypsy went over the 4 proposals and explained each one to committee. Discussion - Reach out t and ask for a specific list of items provided to Team USA and price lists. With this information we can make a more educated recommendation to the finance committee by comparing Apples to Apples vs Apples to Oranges.
4) Update on the process for a possible apprentice coach in Spain.

Posts went out for application. Due date for the application is March 31st. Final notice and deadline for application. Decision to be complete before the camp in April. Make comment to make a plan to attend April Camp and Track Champs.

5) Continue discussion on the progress for the Spring Clinic (coaches, structure and scheduling).

6) ODN Schedule, ODN events & finalizing the rule and qualification updates.

7) Keeping expenses as low as possible for World Team athletes

Is it possible to cap the amount the skaters pay for staff fees? Not fair to the skaters to pay for everything over the $10k especially if the cost fluctuates yearly.

Went over the hotel options. Tony - Work with United airlines through the group with a significant discount. USOC will do group travel through United.

8) Deadline to apply for World Team staff for 2020 and 2021

When will this be advertised? Application sent to SC from office.

Gypsy Motion to end meeting. Tony second.

• USARS is working to be better at protecting the athletes based on conversations and issues with NGB of all sport disciplines. 2019 SPRING MEETING FIGURE SPORT COMMITTEE REPORT

Ed Harney – Chairman
FSC is requesting for the following Board approvals -

1. Figure Rule Books to be approved - due diligence completed

2. International Youth Program to be approved - due diligence completed, Powerpoint presentation and survey results attached.

3. Meeting minute motions completed since last Board meeting -
1. Committee Status Update

The Figure Sport Committee elected a new Chairman and Vice-Chairman and they have been committed to improving communication within our committee, the Regional Coaches Representatives Committee, and Officials Committee. The first steps were to establish sub-committees to handle eligibility, rules, and questions from the field. To handle questions a direct email was established which is monitored by the eligibility and rules committee. A rule book committee has finalized our new Youth/Elite/Adult rule books for Board approval. We are also establishing additional Committees for RollArt implementation, a committee for Youth International Coaches Technical training, and a FSC Procedures/ByLaws Committee. In the future we will look at other possible sub-committees, as our figure sport progresses and we define specific needs for next season and beyond.

COMMUNICATION -

1) The FSC Chair made clear to the “new and improved” FSC that we must improve communication to our membership and within our own structure. The FSC has made a concerted effort to give updates timely and be available to answer questions. We have introduced our committee to the membership with Bio’s on the company website. Additionally, the Chairman attends some of the Regional Reps meetings to increase visibility between both committees, while enhancing the Reps communications to their respective Coaches. We believe our communication and reputation is improving, but will continue to work towards improving those further.

2) The FSC has also made a great effort on posting updates to membership on the weekly email blast from the office. We are also attempting to use Social Media for these updates, in an effort to reach all members on various Social Media sites.

INTERNATIONAL TRAINING PROGRAMS -

1) On January of this year, our selected Coaches attended training and certification for implementation of the RollArt judging system and how it will connect in the coaching of the new World Skate program. All Coaches became certified as Academy Leaders and this group will have its first seminar at the April Qualifier contest to start
disseminating the knowledge to our U.S. Coaches. We will continue to discuss additional seminars and webinars to reach every U.S. Coach, to further educate them for our World level and Youth Programs.

2) Additionally, in January, we had four Judges take the RollArt Technical Caller test, with two out of the four passing (one dance, one freeskating). Patricia Bauler and Nellie Lillie will be the Chair and Vice-Chair respectively to the new RollArt sub-Committee established at the last Board meeting and they have already started online training for our current U.S. Officials. The FSC also voted to add Lisa Holderbaugh and Scott Clifford to this RollArt committee, based on their expertise.

3) The International Youth Program was introduced last season and the FSC has been working the majority of this season on making changes the membership requested. The main issues were to keep our current Domestic programs for Youth and to allow crossover from Domestic and International Youth programs, as these were not part of the original plan. We launched the “enhanced” International Youth Program, with a PowerPoint presentation on the website and an explanation document on the weekly blasts on 3/22 and 4/5. We did not change the Domestic program and those wanting to continue on that path, have the same availability of events as before. We are allowing crossover this season and will review some of the comments on the recent survey, that we may limit crossover to one or two years for a youth skater, and will monitor after the first year of implementation of 2019-2020 season

4) Chairman of the Board concerns have now been addressed, as the main concerns pointed out to the FSC and Regional Coaches Rep Chairmen’s’, was to have the majority of the Coaches be in support of the enhanced program and no negative financial impact. First, financial impact has been addressed, with crossover allowed, this will increase revenue, as proven with our report to Executive Committee on Figure Sport Committees due diligence at the start of this season to anticipate historical West Coast Nationals drop in entries. We created additional events for Short Programs and have
increased revenue and the crossover of both programs will yield the same positive results for next season. Additionally, we can continue to increase memberships, as we now have two tracks to offer our youth skaters. Second, the Coaches agreement to the enhanced program was very positive, as a survey was done last week, with a response rate of 65% of the Regional Competitive Coaches responding. Results were 88% favored change in the Youth program, 64% liking Domestic events staying the same and 67% favoring the crossover of both youth programs. (Please see Attached Survey Results with all comments received).

2. **FSC Rule Books Completed** -

A selected Rule Book Sub Committee was established has reformatted the rule books to eliminate confusing language and contradictions. The due diligence to ensure the books are correct started with Regional Reps and Officials sub-committees reviewing and making additional changes, based their input and expertise. Next important step was sending these back to the Regional Reps, for distribution to all of their respective registered Coaches. Our Figure Coaches had the opportunity to review and send back comments and corrections, with a lengthy timeframe to review both Youth, Elite, and Adult rule books. We did receive some excellent feedback and/or minor corrections, along with receiving compliments to the new format. The President requested we send one more draft copy, with note pending Spring Board approval for any last minute input from membership. We accomplished that with an email that anyone could give feedback and comments, and had a couple more minor corrections and some additional positive feedback on the new format. We are asking for Board approval of the Youth, Elite, and Adult Rule Books for the remainder of this skating season.

3. **Meeting Minutes Motions** –

**Positive type comments**

1. I love the international style and flare but hope that all the judges look at it the same and judge consistently. i.e., we must be on the same page. I have already started doing the international style runs in my club.
2. It is time to move toward the rest of the world. Our youth program should develop future World level skaters who possess the high level skills mastered from the youth or developmental levels.
3. I am excited to see the sport grow and the USA becoming more dominant on an international level.
4. I applaud the Figure Sport Committee for their hard work and serious attention to the development of this International Youth program that will be a very important step forward toward preparing our young skaters to reach their highest potential.
5. I think it’s good to align the two systems as an option. I had a pairs team skate America’s cup and we had to have different routines than we need for the domestic events. It would be easier to support being able to use the same routines all year.
6. I think there should be crossover regardless. Some skaters might take longer to get proficient at the international. Plus having good skaters in both groups only makes all the skating better.
7. I believe we should run the two programs side by side only for the 2019/2020, season then completely transition to the new International Youth program. I think we as coaches need to embrace the Youth International program as the future of our sport. We need to stop holding back these changes for the old timers that don't like change. Our sport needs to be more artistic and pleasing to the general audience if we ever plan to move it forward.
8. Roller Figure Skating is a "niche" sport. In order to survive, and thrive, the sport must adapt to the environment. I appreciate the willingness of the Figure Sport Committee to listen to its customers...
9. Very pleased to see options that keep domestic happy, but allow those interested in either Youth or International competitions to prepare properly for these
10. This should have been done 10 years ago but it’s a great step forward!
11. Very happy with proposed changes for freestyle
12. This change has been needed for over 5 years. We, the USA, needs to move forward.

<td>I can see why you would prefer to allow skaters to skate both Traditional Dance Events and the new World Skate Dance Events. It would eliminate some complaints that we should continue our double structure. It would probably create more income by some skaters skating both events. If you allow this the same skaters will win both events. I would think that once a skater places at nationals in a World Skate Event that they should only be allowed to skate the World Skate Event. I would also suggest that in order to skate Junior World Skate or Senior World Skate events you must have first skated nationals in the new</td>

<td>Skaters should choose either the domestic or international track for each years regionals/nationals season. Skaters should utilize invitational contests throughout the year to make the decision leading to the qualifying championship (regional). Skaters should be able to move back from international to domestic in subsequent years should they decide that the international track is not for them. But skaters should not be able to skate both tracks at regional/national championships. Thanks!</td>

<td>To clarify my answer to the third question, it’s not that our domestic program is bad or hasn’t produced good skaters. My main concern with having both is that it is just very convincing to explain to young skaters and more over their parents. It would appear more unified if there were just one program that matched our international counterparts. That’s not to say we shouldn’t have our own domestic events ever, as it is known that other countries have domestic events as well, but when it comes to our core events it seems convoluted to continue in two tracks when the purpose of this new program is to get us in line with other countries. The issue would still remain that there is some sort of division. We already have such few skaters in each event, this would just seem to spread our events even more thinly. Possibly we could move toward replacing our A events completely with this program and leave our B and C events intact with corresponding names (mini B, mini C, etc.) Those are my views and thanks for allowing a forum to express our opinions!</td>

<tr>
<td>4</td>
<td>Our domestic program was wonderful until the current people in power decided that the “International program” was the way to go. Our organization is now in competitive disarray and we are in financial troubles. Contrary to what Lao Tzu said, President Kennedy said, “When it is not necessary to change, it is necessary to NOT change. Maybe we should be listening to what President Kennedy said and not what Lao Tzu professes.</td>

<td>I do not believe we will have any real success with world skate youth events until we improve the foundation and numbers in our domestic events. We need more reasonable figures to increase numbers which almost always improves quality</td>

<tr>
<td>6</td>
<td>I don’t like the recent Take- over of our sport of our sport by the Italians. Why are we accepting their scoring system and and their way of skating. I would like to have Junior and Senior dance back. Not all skaters can or want to skate International. Leave the youth as it is and take the International and throw it back to Italy. Skating should be fun. What they call Compulsory dance isn’t it is just another free dance with ridiculous rules. Instead of good American basics in American dance we are getting half-American half International sloppy skating.</td>

Meeting called by   Ed Harney (acting Chair)

November 14th @ 5:00 pm PST | Conference call

Meeting Minutes

Agenda Items

1. New Committee Members & Chairman of the Board updates.

   Introduced Lawaun Modrich and Chris Baerg as new 1 year non-voting members to the Committee. Discussion with Trace on Board recommending 12 member committees, with 9 voting and 3 non-voting, with replacing non-voting to voting members, if a voting member is absent during a meeting. Also recognized Curt Craton moving to a voting member and welcoming Jodee Cohen reelected, each of them to 4 year terms. Confirmed that John C. did not apply and was not reelected to the committee.

2. Review of Board meeting and how Figure report was recvd.

   David Adamy gave his insight as a Board member on how our Figure Report was received by the Board and stated at least one Board member didn’t like the report, as had no clear proposals and was not like the Speed Report given. David also pointed out that he was not reelected to Board and lost another Board seat with Figure experience. Discussion is for this Committee to find the format that will be more appealing for the next meeting and Ed will contact Trace and other members for a visibly better report.

3. Election of Chairperson – With John no longer on the Committee as recent chair, started nomination process and introduced Megan Schuller to the Committee, as she will be joining our calls, as the USARS staff advisor. She thanked for the opportunity to join us and will use her email to cast votes for the Chair. Doug nominated Ed Harney, with Jodee 2nd, no other nominations were brought forward, moving to close and new Chair is Ed. Went on to next agenda items, and was reminded later in the meeting that did not decide on Vice Chair or Secretary. Opened discussion on the need for these positions and all agreed that Vice Chair position is invaluable and Doug was nominated with no additional nominations and was elected Vice Chair. Discussion on Secretary was that no one wanted that position for all meetings for a full year, as we have discovered in the past. Ed requested for volunteers and it was suggested a rotation would be better. Jessica stated she could on occasion and Joyann has also stated she could for a meeting. All agreed no formal Secretary position and will rotate those duties each meeting.

4. Review of Sub-Committee minutes and 2019 changes (see attachment #1)

   Ed stated that FSC will need to improve our connection and communication with our sub-committees. Reviewed that we have two Standing Committees (Regional Reps & Officials) and meeting minutes must be read, reviewed, and acknowledged by FSC. Both sub committees will send their meeting minutes to
FigureCommittee.org email for all of us to read and if needed, give feedback for next FSC meeting. This will be a standard agenda item for FSC from now on. Additionally, all Committees will need to clearly define and action items (directives), to and from each with deadlines to respond. Review of the Regional Reps meeting for this month was moved to the Rule Book Committee, due to minutes were the rule book feedback. Officials Committee has not had any minutes and Ed pointed out that need to bring that committee in line with USARS guidelines for applications, elections, and more responsibilities with their membership for testing, training, and certification. Ed to call for an Officials meeting to discuss. The other task driven Special Committees were discussed and below are clarification of members. They will be meeting in the few weeks to start finalizing the Rule Book, as received Reg Rep feedback. Show/International Committee is no longer needed, as did some clarifications for this season, but Rule Book and World Youth discussions will take into consideration those events next season.

5. Applications for Seminar, who is attending for certification

Janet is working with Nicola on the Seminar and will assist with clarifying what the expectations are from us and how we as a FSC can support those USARS members attending this training. Important items are the training and certification of Technical Callers and WS Coaching Certification. Once we receive that list of attendees, this Committee can start the vetting process and reach out to the Callers, Judges and Coaches, that we are looking to assist them in any way we can. Will continue this discussion in emails with FSC, as information is obtained.

6. Team Manager/Coach for Spain and Peru (certified coach?)

Ed got from Peggy, the list of those that applied and application is currently stating Worlds, not Peru. The deadline has not passed yet, so we are not able to start the selection process. Ed pointed out that the Manager needs to be selected as soon as possible as other countries are booking rooms already in Spain. This is tabled for next meeting, as the deadline not until December 1, 2018.

7. Bob Styma asking if need Elite Combined (none at Worlds)

Discussion on eliminating the Combined for the Elite events, as average 2 entries per Nationals and is no longer recognized at a World level. Doug recalled voting to eliminate a prior meeting, but we didn’t see that in minutes. Took another vote and unanimously voted to eliminate Elite Combined events. Sent Email to Bob Styma to confirm and remove from Tab Codes.

8. Request no Wintz/Eng awards for Combined events.

Current event count for awards is a total of 255 and 57 of those are for Combined. Sure-Grip donates the Wintz awards and they are concerned on the increase of events, along with added Combined events, with more this season. Combined is not a skated event, simply tabulation and looking for options, such as no award or different type of award and no Wintz/Eng. Jodee pointed out that some Coaches still like the recognition, but all were okay to no longer give Wintz/Eng awards. Ed agreed at Nationals that we can announce the winning Coach and they can receive the USARS pin, if not already got one for that Nationals and will continue to track for RSA for “Sissy” Pins, as Curt pointed out that could have a Combined 1st place, with a 2nd in the individual figure and loop events, as an example. Unanimous vote to eliminate Wintz/Eng awards for Combined events.

9. Introduction of new loops for future competitions (see attachment #3)

Doug introduced the new loops that have turns within the loop to add to existing USARS program, starting in the Advanced events and possibly moving them to World Skate requirements. Discussions on how that helps Advanced and was stated that it could be something fun to that group and possibly additional skaters to try them out. Doug has also sent to RSA for consideration to add to their structure and possibly these in the Gold Medal Test. All agreed to send to Regional Reps for their input and if they like these, possibly have demonstrations done by Gabby and Emma. Ed to send to Regional Reps.
10. April Qualifier in Chicago for Budget and schedule (see attachment #4)

Committee reviewed the tentative schedule for the Qualifier. Jessica asked about Senior all on one day and Ed explained that had done 4 different versions with one showing all Jr and Sr long programs and frendance, but thought was keeping the Juniors too long. She understood that concept and was discussed that knowing the schedule, the athletes can prepare better, if skating multiple events. The budget attached was reviewed and the costs are assumptions, as we have not seen the contract and not sure if facility rental is waived, if ticket sales go to owner, as one example. All understood that we will be running this contest at a loss and trying to keep Officials cost down, but we all agreed that we cannot increase the entry fees to compensate. Curt pointed out that were to increase, may have decrease in number of entries and would not benefit the bottom line. FSC recommendations is to keep entries at the current amount that we have for Nationals. Ed to work with John Peck on contract and contest details.

11. How to improve Committee’s image and communication.

Ed explained as the new Chair, would like to get Committee approval to improve our image to our members. We need to improve communication with our own sub-committees, the USARS office, the Board, and most importantly, our Coaches. All agreed that image is currently very poor and need to make changes. Discussed a new FigureRules.org email address for any and all questions from the field. FSC members would all received, but designate two members to field the questions, get sign-off from the FSC and send to Megan at USARS to send the official response from a USARS email address vs. one of our personal emails. Janet pointed out budget restraints and Ed will request the removal of the figurechair.org email address be eliminated. Unanimous vote to proceed with this process (see detail of the rules sub-committee members). Ed also will send a pillaged Bio from the USARS staff Bio’s and asked if we can ourselves out on the USARS figure website to let everyone know who their Figure Sport Committee members are. All liked the idea and will give feedback on the mock up of Ed’s for examples. We all believe this is an important step and Jodee stated it sounds like we are “under new management” and we all took this as a very positive analogy and looking forward to a new direction.

12. Next steps on RollArt Training

RollArt Training needs to be started with Webinars, etc.. We agreed that at this point our focus needs to be for the those doing the training at the January seminar. As talked about in #2 above, we need to find out who is training and communicate with those people that will be assisting in the best way we can. Once we have established Certified Coaches, will start this training process with everyone else.

13. Next steps on World Skate Youth program

World Skate Youth program needs to be started on how we will map out the events and how is coincides with existing youth programs. Chairman of the Board has again, made it very clear that this is a big deal and must have Finance review and the majority of our Coaches approval, as they are the sales force to the organization. Jodee had stated that has counter proposal and doesn’t agree with this World Skate “program”. Open discussions with Tony and Ed, that helped explain that the program put forth to the Regions was our initial run to get feedback. Now that we have the feedback we can start mapping out international events and how they work with existing domestic events, while at the same time, figuring out how to put in a National schedule. We are just now at those stages, but this discussion then turned that our priority now is finishing the rule book. This is next on the priority list and is already on the December 12th meeting agenda and in the meantime, Ed will start vetting the National numbers to see how we work this financially.

Coolest Skating Item: Items from both U.S. Olympic Sport Festivals in St. Louis and Denver.

USA ROLLER SPORTS

COMMITTEE MEETING OF NOVEMBER 14, 2018
PROPOSED NEW LOOPS

FIGURE #46A ROF (ROB) – LOB (LOF) ROCKER-SERPENTINE LOOP
FIGURE #46B LOF (LOB) – ROB (ROF) ROCKER-SERPENTINE LOOP

FIGURE #47A RIF (RIB) – LIB (LIF) ROCKER-SERPENTINE LOOP
FIGURE #47B LIF (LIB) – RIB (RIF) ROCKER-SERPENTINE LOOP

FIGURE #48A ROF (ROB) – LOB (LOF) COUNTER-SERPENTINE LOOP
FIGURE #48B LOF (LOB) – ROB (ROF) COUNTER-SERPENTINE LOOP

FIGURE #49A RIF (RIB) – LIB (LIF) COUNTER-SERPENTINE LOOP
FIGURE #49B LIF (LIB) – RIB (RIF) COUNTER-SERPENTINE LOOP

NOTES:

1) These loops are Junior and Senior level. We could introduce these loops in our competitive structure for the 2019/2020 skating season in the Advanced Loop Event. I have already submitted a proposal to the RSA Achievement Test Committee recommending the addition of these figures to the #7 and #8 Gold Tests. I have not yet heard whether my proposal has been accepted or not.

2) The execution of these new loops is self explanatory; however, in order to make the explanation clear:

   a. All free leg positions and body rotations are optional as long as they do not impede the pace, roll, and position of a turn or loop.
   b. All new loop figures are serpentine.
   c. The initial body position (looking over the left shoulder or the right) that a skater uses upon entry to a loop is optional.
   d. All one foot turns are executed at the first transition. There is no change of lean or change of hip position during a rocker or a counter. This is a major judging point.
   e. All requirements of a loop must be met with regard to size, shape, pace and roll, quality of edge, tracing, and position. Additionally, more credit is given for loops that are done on four wheels. A loop is an edge, not a pivot. Deductions will be
given for loops that skid or pivot. This shall be considered the greatest sin in loop skating.

3) It is not necessary to include more figures that have a backward take-off. At the time of drawing, we initiate the selection of three requirements:
   a. The number of the loop to be skated.
   b. The starting foot; A or B.
   c. The starting direction: forward or backward. All of these loops can be started on the second edge, which is ubiquitously a backward edge.

4) These figures may be presented at appropriate venues as the FSC deems necessary. I can ask Emma and Gabi (and perhaps other skaters) to work on these loops a little and to be ready for an exhibition as requested by the FSC. Mark has already been working on these. If the FSC determines that this is a direction that we want to go, these we can make diagrams, information, and video available for all skaters and coaches. They can start working on these figures for the balance of the 2018/2019 season and be ready to compete in 2019/2020.

5) As far as World Skate is concerned, they will find out one way or another that we have instituted these new loops. Consider that beginning in 1936, the United States was the leader in roller skating. Somewhere, we lost that position. This is an opportunity for us to regain some prestige and take a leadership role, albeit a minor role, in this area. Certainly WS will be interested in these loops as they are quite consistent with the new counter/bracket and rocker/double three turn figures recently introduced and added to the World Class competitive requirements.

5. New Business
a. Directed by Finance Chair to discuss an increase on National entry fees for this season. Note: next year’s membership fees will be increasing by 10% (already passed).
   i. Discussion regarding new events we have already added this year to help increase our entry fees (Youth short programs, Youth freestyle combined events, Adult loop events, Adult figure/loop combined events, Adult OCD events, Advanced figure/loop event). This should all come with a substantial increase in entry fees.
   ii. Looking for a 10% increase from last year’s entry fees
      1. David moved to make the first entry fees for Nationals $90, and not change additional events ($80) or combined events ($25), Janet seconded.
         9 ayes, 0 nayes, 0 abstentions, motion passed.

d. Discussion about Figure Sport Committee’s involvement with German Cup and other international competitions
   i. FSC needs to publish more international events
   ii. Several points were brought up regarding international competitions such as the German Cup, including: whether or not skaters should be approved by FSC for international competitions? Is a new USA team outfit is needed for international competitions? How is the team coach/manager decided for international competitions? Is there a way to determine who to choose if more than the allowed number of skaters for an event wish to participate? Should there be minimal requirements to participate in International Championships?
   iii. It was decided that we need to make a policy for skaters entering international competitions, Doug volunteered to write it up and send to committee for edits.

e. Discussion regarding requirements about non-US citizens being allowed to skate World Skate events at Nationals, no desire to change our current rules was expressed.

h. Need to vote on 2019 World Roller Games coach to partner with Mike Jacques as the manager, coach applicants include: Danielle Storm, Vickie Bateman, and Scott Clifford. Topic was tabled for a discussion
to go hand in hand with Pan Am Games coach discussion/vote over email. Ed will send out the
applications/resumes for each applicant.

i. Pan Am Games coach: John Burchfield (member of 2019 Pan Am Games team) emailed us a request
regarding the Pan Am Games coach, discussion took place and it was decided to table it for an email
discussion surrounding this and the WRG coach because some voting members had left the call at this
point.

Minutes:

Meeting was called to order at 7:05 pm PST.

1. Ed reminder to those that have not approved 2/13/19 minutes yet, to please do so.

2. Review of Finance Committee’s request to increase revenue, by an increase of National entry fees, as per 2/13/19 FSC meeting.
   a. Janet is sending a cleaner version to send to Finance for the Committee and Ed discussed that we agreed to increase the 1st entry event for Youth/Adult and leave the rest alone and that generated over $5K. Then discussed the multiple events per last meeting with short programs, adult loops, combined, etc., per our anticipation of lower entries, will generate over $23K. All agreed that was more than the 10% increase we were asked to contribute for the organization.

   Janet made the motion to accept spreadsheet for submission to Finance/Executive Committee, for approval to increase first entry fees for Youth/Adult events from $85.00 to $90.00 and that we have increased revenue by $23K, with our management of our added events, done at start of this season, Doug seconded.
   8 ayes, 0 nayes, 0 abstentions, motion passed.

3. Review of Doug’s document on international competition policy.
   a. Discussion on some minor changes per Curt’s email and during this call some additional changes were discussed, referencing the difference in dual citizenship and non-citizenship, but a residence.
   b. Also discussed, a possible selection process, but unclear on a direct policy, as each international contest has a different set of guidelines on limitations vs no limitations of how many a country can send.
   c. Decision was made to table a final document until later, once we get these changes discussed into the document and decided it should go into the Officials new rule book, but Ed will check with Eric if this is figure sport specific for our rule book or if all sports for the General Rule book.

4. World Roller Games Coach and PanAm Team Coach/Manager
   a. Discussion was done first with World Roller Games Team Coach and each member was given the opportunity to discuss their thoughts in reverse alphabetical order. Janet started with the idea of accepting all 3 applicants, (Vickie, Scott, Danielle), as one of these Coaches has at least one skater potentially also going. They would split the budget for the one Coach allotment 3 ways and share in the duties to give opportunity to learn and work together and should benefit the team. Each FSC member then gave their discussion points that agreed with the concept overall. It was asked in discussion if Executive Committee would not approve this idea who would be 1st choice as the single Coach and all stated Vickie, if that was the case, but all preferred the idea of selecting all 3 Coaches.

   Janet made the motion to select Vicki Bateman, Scott Clifford, and Danielle Storm as the 3 World Roller Games Coaches for Spain and split the one Coach budget amongst those 3 Coaches. Doug seconded.
   8 ayes, 0 nayes, 0 abstentions, motion passed.

   b. PanAm Team Coach was discussed and each attending member was given the opportunity to discuss their thought in alphabetical order. Each member discussed their preference and majority agreed that Vicki Bateman was the best choice, as the two athletes (per letter sent in) preferred one of their two Coaches vs. a non-coach for this two person team. Strong sentiment went to what our two athletes were asking for in this particular selection of a Team Coach/Manager. Ed also asked for an alternate, as Kay had sent an email
today, needing us to pick an alternate per PanAm organization request. All agreed that Scott was second choice, as he was the other Coach with a student going to PanAm.

Joyann made the motion to select Vicki Bateman as the PanAm Team Coach/Manager and Scott Clifford as the alternate. Jessica seconded. 8 ayes, 0 nayes, 0 abstentions, motion passed.

Doug moved that the meeting be adjourned, Joyann seconded. Meeting adjourned at 8:31pm PST.

All voting committee members in attendance (8) have approved these minutes.

Regional Reps March Meeting Minutes

The meeting was called to order at 9:40 pm by Chairman, Tony Berger. Attending were: Tony Berger, Cindy Schrader, Pat Jaques, Lisa Trent, Cindy White, Lawaun Modrich, Marie Gaudy, Ed Harney, Jody Harrah, Janet Jordan. Missing was Robin Young and Heidi Permatteo.

We had plans of an agenda but due to a bit of misunderstanding, we didn’t quite get that perfected for this call but it will happen in the future calls. Lawaun will get the agenda together and send to Tony Berger and he will approve it to get it sent out to the members before the monthly call.

We had a few guests that were able to give us an insight as to what was happening and coming up for us in the next skating season.

First guest to speak was Marie Gaudy. Marie was telling us how they are working diligently on getting the dances in our domestic system on the same page pertaining to Key Points that will be judged, as well as how they should be skated. We would like to see our domestic program working in a similar system so that when our skaters are in a position to merge to the World Skate programs, they are already prepared from the younger or newer skater on up. World Skate doesn’t mean just Jr and Sr. It will mean with our younger international divisions also.

Next guest was Pat Jaques. Pat was explaining her new position as the liaison between the Regional Reps and the Figure Sports Committee and the National Office. She wants to oversee the bridging of what the coaches would like to see happen in our future for the betterment of the sport. She seemed very enthusiastic about integration World Skate program in our future but would like to see a few holes filled.

Our final guest was Ed Harney. He spoke about the FSC going over all of the issues we had asked him to look over. He explained how he fought to not raise the fees for the upcoming nationals due to the fact that we, the art portion, provide so much income to our sport and it was truly not fair. He was successful with only a minor change in fees.

It was one of our shortest meetings but with our season coming to full bloom, this means that our phone calls will probably increase due to our coaches trying to continue moving our sport in the right direction. Meeting was adjourned at 10:50 pm

Respectfully Submitted,

Cindy Schrader

ATTACHMENT OFFICIALS COMMITTEE MEETING MINUTES

From: R. E. Styma
To: Members of the Officials Committee
Subject: Minutes from Officials Meeting 2/22/2019

The meeting started at 5pm Pacific, 6pm Arizona, 7pm Central, and 8pm Eastern. Duration was scheduled as 1.5 hours. All members were in attendance. Al Taglang, Ed Harney, John Lehni, Debra Adamy, Bruce Muench, Patricia Bauler, LouiseNeal, and Bob Styma are the members of the committee. A number of issues were discussed and voted upon. For voting Debra Adamy mentioned that the chairman does not vote except in the case of a tie according to Robert’s Rules Of Order. Being there are 8 members of the committee, subtract 1 for 7, there should never be a tie. It also changes the voting makeup of the committee to 4 judges and 3 non-judges.

We voted on the proposal to select either Janet Jordan or Rachel Dols as World Team Qualifier Data Operator/trainee for other Roll-art functions. During discussion it was learned that Janet Jordan was not planning on attending the qualifier and that Rachel Dols and Louise Neal were planning to be present at their own expense. It was unanimously voted to use the extra budget to fund a room to be shared by Louise and Rachel as they would be pulling in long hours and doing significant work. Also discussed was that the coaches will have a Roll Art seminar and separate seminar for officials if space permits.

The list of officials and judge assignments was approved with the updates mentioned above. Patricia Bauler will produce a final PDF which will be presented to the National Office. A list of judges and judges assignments will not be given to the coaches. The list of judges will appear in the printed program as in other contests. Everyone who applied will be notified whether they were accepted for the panel or not. There was discussion about ways to improved notification that applications are being accepted to judge an contest.

Consideration was given to the method of selection and reimbursement for the judges ad the National Championships this year. A list of judges will be submitted to Ed. We will keep the compensation for this year the same as in the past.

A vote was taken to accept the list of judges as submitted by the Judges Team of the Officials Committee. The vote was passed with 4 yes and 3 no votes. There was discussion by the judges team that selection was based on integrity and and honesty in addition to judge evaluation statistics. They were looking for an overall good fit for the panel.

There was discussion about rotation on and off the Officials Committee. The FSC appoints members to the committee. The committee can make recommendations, but the FSC has the final word. The recommendation is to keep the committee as it is for the next season and then rotate members off the committee.

There was discussion concerning people looking at the judge scores during the domestic portion of the National Championships. The decision was made to emphasize this at the judges meeting before the National Championships.

A vote was taken to recommend to the FSC to implement a fee to take all officials tests. The result was 6 yes and 1 no.

A new written judges exam was presented. The exam will be open book an require 90% correct in order to pass.

The original agenda item was to assign a one on one mentor to proctor new prospective judges throughout one season. During this season the season, the prospective judge would mock judge contests and go over the results with the mentor. This item was tabled pending a formal mock judging procedure to be produced by Al Taglang.
A proposal was presented to eliminate A/B/C judge commissions. Only one commission, which is equivalent to the existing "A" commission would exist. This commission would be granted after the year of mock judging which follows successful completion of the new written exam. This item was tabled pending a written proposal to be written by Patricia and Al. This proposal will include procedures for both domestic and World Skate systems.

The meeting was adjourned on time.

2019/2020 Proposed Enhancements for Youth Program

- The goal is to implement an International Youth program to help our skaters become more competitive internationally, with minimal interruption of our current and successful Domestic Program.

- Adult and Elite programs will not change, as the FSC restructured the Adult program in 2018 and continues to work with Coaches and skaters to have no or little impact to this structure. The Elite program will continue to follow World Skate rules and guidelines.

- Figures & Loops - this enhancement will not affect our current Figure and Loop events, as we have shown success in international competitions in compulsory figures and believe our current structure is building stronger figure/loop skaters than most other countries.

- Freeskating and Pairs - this enhancement will change most freeskating and pairs A events, adopting the World Skate structure and requirements. Currently World Skate Youth program doesn't have short program available for the Primary/Juvenile ages, as they agree with us, stronger basics are needed at that age, prior to moving into short/long programs. We will maintain our Junior and B level Freeskating events as well as Fresh/Soph pairs in their current for skaters who are not prepared or do not wish to skate the World Skate Structure.

- Domestic Solo and Team dance - the Domestic structure will remain intact, as our fundamentals in dancing is still the standard for us and many other countries. Coaches can continue to move skaters in the Domestic tracking, with the same level of success they have experienced over the years.

- International Solo and Team Dance - This enhancement will split the International Dance events into separate ages, with compulsory and freedance, thus having 4 separate age divisions vs. the two or one we have today. Primary will not have a separate international event, as we stated in the freeskating, that age should start with American Domestic standards, prior to moving into an international format. Additionally, we are allowing crossover from domestic and international dance events, for the season that a skater may be transitioning from one to other.

- All creative and other show events will remain unchanged.

- For World Skate events that have two segments (short and long program, or compulsory and free dance), the entry fees will be increased but skaters will skate twice for that increased entry fee.
International Youth Program

What it is. Why it will help. What it will look like.
What is the International Youth Program?

• The International Youth Program is a reorganization and expansion of the set of International events in the USARS Youth structure.

• In Solo and Team Dance, there will be International Dance events for each age division. Division names and requirements will be aligned with World Skate, which is the international standard for competition.

• In Free Skating and Pairs, Short and Long Program events will be offered, with division names and requirements aligned with World Skate.

• FIGURE DIVISIONS WILL REMAIN UNCHANGED.

• DOMESTIC SOLO AND TEAM DANCE WILL REMAIN UNCHANGED

• ADULT AND ELITE DIVISIONS WILL REMAIN UNCHANGED.
Why will this change be helpful?

• The goal of the International Youth Program is to promote a high quality of skating in the younger divisions.

• As in every sport, the standards of quality and difficulty in artistic roller skating have changed over the years. The International events are designed to reflect the modern standard of skating.

• The expansion of International events is an enhancement to the existing USARS domestic structure. It gives coaches more options to develop their skaters in the way that suits them best.
Example of Change in the Sport

- Below is a video comparison of a Solo Dance step sequence at the World level in 2009 (left side) vs 2018 (right side).
- This is not a commentary on the ability of the skaters. Both are World Champions. However, note the contrast in what was expected of a skater 10 years ago compared to now.
What will the International Youth Program look like?

- The following slides summarize how the International Youth Program will fit within the existing USARS event structure.
- ALL Figure divisions will remain UNCHANGED, so these are not pictured.
- ALL Adult and Elite divisions will remain UNCHANGED, so these are not pictured.
- ALL Creative and Show divisions will remain UNCHANGED, so these are not pictured.
Free Skating & Pairs

- This enhancement will change most Free Skating and Pairs A events, adopting the World Skate structure and requirements.
- Primary and Juvenile (now Tot and Mini) will skate a long program only, as they did before, but with World Skate requirements.
- Advanced and B level Free Skating will remain unchanged for those who do not wish to skate the World Skate structure.
- Fresh/Soph Pairs will remain unchanged for those who do not wish to skate the World Skate structure.

Note about Events with Two Segments

• For International events that have two segments (Short Program and Long Program, Compulsory Dance and Free Dance), the entry fees will be increased but the skaters will skate twice for that increased entry fee.

**Figure Sport Committee meeting April 10, 2019 at 5:30 pm PST**

**Attendees** –
Doug Adams, David Adamy, Chris Baerg (voting at beginning of meeting, non-voting once Lawaun arrived), Joyann Barber (athlete), Tony Berger, Jessica Gaudy (athlete), Ed Harney, Lawaun Modrich (arrived late), Janet Pavilonis, John Peck (non-voting), Jodee Viola, Megan Schuller – USARS Advisor, Pat Jacques – USA Roller Sports Figure Advisor

**Absent** –
Curt Craton

**Minutes:**

Meeting was called to order at 5:37 pm PST.

1. Approval of Minutes from Last Meeting
   a. David moved that we approve the last meeting’s minutes, Doug seconded.
      9 ayes, 0 nayes, 0 abstentions, motion passed.

2. Unfinished Business
   a. Updating requirements grid to add C Freestyle and Reg Rep changes on Classic Gold figures. Will correct the times for WS team dance and inline WS men long program times. Jodee has requested the “footwork” mention at the bottom of the grid to be clarified that the serpentine footwork is specifically for freeskating. Ed to also add the WS junior and senior solo dance times.
   b. Defending Champ proposal – Chris is in support of reinstating the “Defending Champion” designation, to give acknowledgement to skaters and perhaps even a skater to skip the Regional meet. Joyann mentioned that perhaps to not have any financial negative impacts, we could still have them skate Regionals but still designate defending champions in the program where the names are listed in the program.
      Joyann made a motion that beginning with the 2020 Nationals, we designate in the National program “*Defending Champion*” where the events are listed next to every skater is who is defending a National title from the year prior, but these defending champions still must skate Regionals and qualify for Nationals.
      9 ayes, 0 nayes, 0 abstentions, motion passed.

3. Reports from Sub-Committees
   a. Regional Reps meeting minutes review.
      David made a motion to accept the minutes of the Regional Reps meeting, Jodee seconded.
      9 ayes, 0 nayes, 0 abstentions, motion passed.
   b. Reps to seek feedback at regionals related to Fresh/Soph B time and Junior team dance. All proposals for next season:
      i. Please use the term “Junior American” or Junior “Domestic” for all Junior events: Figures, loops, solo dance, and free skating. - to be skated during youth event section of nationals
      ii. Remove the World Skate footwork pattern requirement in Juvenile, or at least Juvenile Pairs, and make it a footwork sequence of choice. Having Juvenile Pairs teams, some as young as 5 or 6, be forced to do an S pattern is pretty time-consuming in a program of only 2:30. This was originally sent to the FSC when changing the pairs events last year and was not included in the rules. (The FSC discussed that this will be fixed in we adopt the World Skate Youth structure)
      iii. Make all Creative events eliminations where numbers call for it according to the general rules regarding elimination and final events. ~ This event is now a show event. All show events. This was approved by the field in 2017 and has not been approved by the FSC. Sending it back to the FSC since it was previously voted and approved by the field. (The FSC agreed with this and mentioned the desire to remove the minimum time for all show events)
      iv. Create awards to be presented at the National Championships: Most new USARS competitors in a season, Highest increase year over year, Best 5 Year USARS skater retention
v. Amend “AR8.02.11 An automatic one-year suspension is established for any skater registering to compete in the Level (B) and/or Level (C) competition after having placed out of these divisions, or having been ineligible to participate in them. The Executive Director upon evidence of this rule violation will impose this penalty. Penalized skaters have the right to appeal to the Membership Eligibility Committee if they can establish that the evidence is incorrect.” to read “any coach registering a skater to compete” instead of “any skater.” Penalized coaches will have the ability to appeal to the USARS Coaches Ethics committee if they can establish the evidence is incorrect. - Ask Bob Styma if he could create a data base for which event the skater should be in so to avoid any problems if the skater transfer to another club which the current coach has no idea what event they skated in the past. (The FSC agreed with this change)

c. Officials Committee
   i. Officials had no meeting but Ed informed the committee that they are bringing in less than half of the officials for the first day of Nationals to save money since it is only a practice day.

d. Procedures/Bylaws Committee
   i. Ed updated the FSC about the committee’s work to update our procedures and by-laws.

e. Rulebook committee
   i. Ed praised the committee for their hard work on the rulebooks and getting the youth, adult, and elite rulebooks out and online. These should all be approved at the Spring Board meeting.
   ii. Discussion about ages and whether or not there was a discrepancy between World Skate and our proposed system (there is not).

4. Need to finalize USA Roller Sports Strategic Plan Worksheet and Instructions, per USOC Compliance, by next Monday, per Megan email today. Joyann had a proposal related to implementing RollArt and World Skate Youth structure, Lawaan proposed increasing numbers, we discussed increasing judges numbers as well (related to Officials committee) and increasing training and seminars. Joyann will try to draft it all in the excel sheet.

5. New Business
   a. Update on April Qualifier (Ed and John). John told us the floor just got redone, there will be a kiss and cry, medals are done, new lights have been put in, and the RollArt scores will be displayed on a screen. He is trying his best to publicize the event to have a great audience.
   
   b. FSC Document to be presented to Board of Directors for April meeting, including finalization of International Youth program and current Rule Books for Youth, Elite and Adult.

      **Janet made a motion that the FSC brings forward to the Board of Directors the enhanced Youth program that was presented to the coaches, and the survey results from the coaches, for consideration at the Spring Board Meeting. Jodee seconded.**

      Motion passed unanimously.

   c. New Sub-Committee’s – RollArt Sub-Committee and Youth Coaches Techniques Sub-Committee. We need other additional sub-committees soon, but these two are already active, just not formalized committees. Please see below, the two that I would like to discuss and possibly vote on.

      **Jessica made a motion to populate the RollArt Sub-committee as Chair: Patricia Bauler, Vice Chair: Nellie Lillie, Official Representative: Lisa Holderbaugh, Technical Advisor: Scott Clifford with additional members to be determined, Joyann seconded.**

      9 ayes, 0 nayes, 0 abstentions, motion passed.

   d. How do we grow our sport? Possible separate sub-committee? Some of this can be part of the Youth Coaches Techniques Sub-Committee, but still need other focuses, such as new members in the door and domestic agendas (Doug)

   e. Request from Alan Bell to skate the Bronze skill level, as per rule AR AD.107(a): “Any skater who is, or has ever been, an Elite, Advanced, Certified, or Registered coach is not eligible to compete in any Bronze event. However, a skater who has not participated as an Elite, Advanced, Certified, or Registered coach since 2006 may petition the Figure Sport Committee for permission to compete in a Bronze level event.”

      **Janet made a motion that the FSC accept Mr. Bell’s request. Jodee seconded.**

      Motion passed unanimously.
f. Chris proposed adding more domestic Show Group events to line up with the Quartet and Precision age divisions as a means to promote more participation from younger skaters in Show events. *Tabled for future discussion and seeking feedback from the Coaches Reps and the field.*

6. Announcements
   a. Next meeting is scheduled for **May 8, 2019 5:30 PM PST**

Doug moved that the meeting be adjourned, Jodee seconded. **Meeting adjourned at 8:22pm PST.**

**RollArt Sub-Committee to the FSC** - this apparently has already been established by the Board of Directors, for the FSC, at the last Fall Board meeting. We were not given any directive, but at the same time, we as committee members should read the Board meeting minutes more closely. Regardless, this committee is a must have and a must be done. This scoring system has already been implemented this season for Elite events, but due to lack of training and equipment, can only be used twice this season, at the Qualifier and Nationals. It should have been used at each of the 9 regions and at the large invitationals, at a minimum. I have already started the recruitment of this committee, with the current band of judges that have taken the initiative to start a Facebook training and chat sessions on their own and have had some success in preparing for the Qualifier. Please see the amazing proposals attached on RollArt implementation and also a Restructuring of Officials Commissions, done by Patricia Bauler and you will see why I would like for her to Chair this Committee. She and I have talked and have recommendations to present to FSC on the remaining four to six members, listed below. As you will see we are looking at cross pollination of Coaches, to keep their perspective on RollArt and also an Athlete Rep. This proposal is for open discussion at next FSC meeting and would like to finalize and present back to the Spring Board meeting.

   Chair: Patricia Bauler  
   Vice Chair: Nellie Lillie  
   Official Representative: Lisa Holderbaugh  
   Technical Advisor: Scott Clifford

   Additional members to be added as we go forward.

The following positions to be voted upon by FSC (this list was suggested by Ed but more people can be suggested and voted upon at a later date):

**Dance/Precision Coach Representative (select one):**
Marie Gaudy  
Cindy Schrader

**Freestyle/Pairs Coach Representative (select one):**
Vickie Bateman  
Candice Heiden  
Missy Moore-Lingo  
Robyn Young

**Athlete Representative (select one):**
Joyann Barber

Youth Coaches Techniques Sub-Committee - We have sent the specific Coaches that were certified in Dance, Freeskating, Pairs, and Precision to Orlando for the World Skate conference. They will have a seminar(s) at the Qualifier and looking to continue disseminating the materials from Orlando in webinars in May. I would like to propose this same group, be a start to this new subcommittee, to take further steps to educate what is working in rest of the world and assist launching our International Youth program. Some discussions are having additional future seminars, including a possible big Vegas style "all Coaches and Judges" seminar, like we did in the old days. We are thinking October, since Worlds would be long done and could launch a new season with this big seminar and continue from that point forward. We also discussed possibly doing some sort of travelling seminars to try to keep costs low for attendance. Additionally, Jodee suggested that travelling seminars could make some profit that the coaches (and judges) could use to further their education. We must educate the Coaches that will educate the skaters to a level that can put us back on top, at a world level. This Committee could also branch out into respective discipline technical committees for Coaches to contact for assistance in each of those areas. We have many Coaches asking for help on Freedance, Styledance, and Short programs for Freeskating and we as a FSC need to have places for Coaches to go.

APPROVE - 8 in favor
Rink Hockey items that need immediate attention

- Need a 5th compensated official- based on new World Skate requirements – have proposal from Duane McMinn (see below)

- Need an extra compensated score table official based on new World Skate requirements- Tom and Don thought this was approved at the fall BOD meeting- just want to make sure it is proposed if not

- Committee wants to discuss (unless they have discussed with Gypsy beforehand) the new vendor requirements at Nationals- price for a booth for Rink Hockey has been raised from $300-$1,000+ based on vendor package level. Also, that $300 in previous years has gone to Team USA Rink Hockey to help with Team USA expenses, now all those fees go to USARS.

- Committee wanted it noted that they do not approve of the membership fee price raise on any membership

Re: Additional Compensated Official- Rink Hockey National Championships

The Need:
World Skate Rink Hockey Technical Committee requires one or two additional referees that are stationed at the official table for international matches. These two referees have specific duties pertaining to the efficient operation of a rink hockey match (that will be described below). We (the Rink Hockey Committee) are asking for an additional compensated official to ensure the effective management of our National Championship.

Rationale:
The Officials Committee believes we can operate using one additional official per match in domestic play despite the fact that the international rules recommend for two. The four compensated officials average 36-40 matches during the Championships without the added assignment of being assigned games as the “table official”. With each match now having three officials assigned, we need an additional 3A referee compensated to ensure our performance during the championships.

Duties:
World Skate Official Duties

Auxiliary Referee: who is responsible for ensuring:

1. The disciplinary control of the “reserve bench” of each team and the players temporarily suspended.
2. The control of each “time-out” granted to each team and the control of team fouls that are committed.
3. The information to the public and to both teams—either with electronic system or with an alternative system—in what concerns:
   a. The request of “time-out” by each team
   b. The number of accumulated team fouls, which will be complemented with a specific “warning” whenever a team is in the eminence of being technically sanctioned if an additional team foul is committed.

**Assistant Referee**: who is responsible for operating the electronic systems controlling the game.

Domestically, the additional table official will have the assignment of monitoring power-play times using the game management sheet.

Rink Hockey Conference Call  
Wednesday November 22, 2018  
9:00pm EDT  

On Call: Tom Hughes, Pat Ferguson, Rodrigo Leni, Jim Jost, Bryce Robinson, Don Allen, Scott Ferguson, Brent Benson, Kylie Hughes

1. **Statement:** Tom read a personal statement at the start of the Conference Call.

2. **Treasurer’s Report:** Deposits: $1000.00 from Jim’s Company, $583 from go fund me account, $15.19 from Restaurant fund raiser at Nationals; Check for Uniforms: $1357.09; Balance as of 11/16/18 is $9607.87

3. **Referee committee Report:** Duane unable to get signal. We know he sent out the major rule changes to the club Rep Conference call.

4. **Club Representative Committee Report:** It was discussed at the Rep’s Conference Call to have the Northwest Region set up something special for Opening Ceremonies at Nationals. We also discussed and agreed to be able to skate any Regional Championships a Club wishes. A Club can skate at two or more Regional Championships. This would help create closer ties between the Regions and help create better competition at Regionals. We need better communication for tournaments. If you are having sanctioned tournaments, we can get Brent to put them up on the Rink Hockey Face book page and the USARS website. They MUST be sanctioned tournaments.

5. **2019 Nationals:** We would like to have an International Tournament during Nationals, but our major concern is the length of time we are allowed. We could run into a problem if we have more U.S. teams show up and take more time for Nationals. We tabled this discussion until our next Conference call.

6. **2018 Pan American Championships:** The U19 Men’s Team and the Senior Men’s Team will be attending the Pan American Championships in Bogota. Because of the costs
involved with the changing the location from Medellin to Bogota, the Ladies Team cannot afford the costs to change their tickets, so the Ladies will not be attending. We sent a letter of protest to World Skate asking for a waiver from attending the Pan American Championships, but have not received a reply. If we can get the waiver, then the Ladies will be able to participate in Barcelona. We are also going to request the information on the contract and costs of holding the 2020 Pan American Championships in the United States. The Committee will research this and hopefully get approval from USARS if we can either break even on the costs or make a little money for Rink Hockey.

7. **New Business: Responses:** Tom is still researching the costs of shot clocks and the possibility of adding a shot clock to our scoreboard program. A question was brought up about the outcome at the board meeting. Tom advised them that the Minutes were not approved as of yet, so he could not report on the results.

8. **Next Committee Meeting:** January 9, 2019
Minutes
Rink Hockey Conference Call
Wednesday January 9, 2019
9:00pm EDT

On Call: Brent Benson, Rodrigo, Calvo-Leni, Tom Hughes, Bryce Robinson, Kylie Hughes, Don Allen, Scott Ferguson, Pat Ferguson, Duane McMinn

1. Treasurer’s Report: Deposit from Go Fund Me U19, 290.00; Deposit from Go Fund Me Senior Men, 145.35; Balance, $9049.04

2. Referee Committee Report: With Duane going to Barcelona for the Seminar January 27, he will not be going to Washington in February. Nic Robinson has planned to do a referee seminar during the February meet in Washington. We are still recruiting anyone interested in becoming a referee. The meet as well as the seminar will have to be sanctioned. Shane has told us he will sanction the meet. All attendees will need an amateur card as well as completing the safe sport program from the USOC.

3. Club Representative Committee Report: The Committee has asked for the power point presentation to be sent out to the Hockey Committee to share with any fundraising suggestions. They have asked about the “Rules of the Game,” which are available on the USARS website under “Rink Hockey.” The Hockey Committee informed them again that ANY meet they participate in MUST be sanctioned and the meet has to be run under USARS Rink Hockey Technical Rules and the Rules of the Game from World Skate. Rodrigo again announced for volunteers interested in becoming a referee. Their next Conference call is Wednesday, January 16th.

4. Referee and Coach’s Seminar Barcelona: Duane McMinn, Pat Ferguson, and Brent Sisson have confirmed they are going to Barcelona this month. Mark Woolfolk was a possibility and we hope he will be able to attend.

5. 2019 Nationals: We are working on getting an opening and closing ceremony together. We are looking into a variety of options from a magician to possibly a marching band. We have announced this during the club representative meeting and will bring it up again at next week’s meeting. Adding an opening and a closing ceremony will make our
National Championships more complete. We have had an opening ceremony in the past, but the performers have cancelled at the last moment in recent years. We will do our best to secure the participants and also plan for backups if needed. Maybe some Clubs from the Northwest can be of some assistance with ideas and possible names for the Ceremonies. Rodrigo mentioned contacting the local Universities to discuss some additions to our opening and closing ceremonies.

6. **Pan American Championships Recap:** It was a good tournament. Our players were out of shape compared to the other Teams. We need conditioning to help us keep up. The Men played a zone defense, which worked well for us. Most of the players performed as they were asked, with very little discipline problems. We wish them the best in Barcelona. We need to work with the U19 more to prepare them for the Men’s Division. This is where our future lies. Our U19 men were very young and inexperienced, but they listened and proved they wanted to learn. They co-operated with the staff and showed them that they were interested and devoted to the future. They placed in the top 8 National Teams. Good luck to them in Barcelona. As of now, San Juan, Argentina has bid for the 2021 World Games. The Men’s and U19 Men’s Team coaches were told that due to the Ladies not qualifying in Bogota, they would not be allowed to participate in Colombia. Tom stated that we were waiting for an official contact letter before we would make any kind of announcement.

7. **New Business:** It was brought up about a possible conflict of interest with the staff. Tom will check this out with Peggy and report on this at the next Conference call. We have been told from Olympia that the February meet is sanctioned through USARS. We will check this out with Brent tomorrow. Duane McMinn wanted to go on record to thank the staff of the two Men’s Teams for a job well done. The rest of the Committee also thanked the staff for their success in performing their jobs. We know they are difficult jobs to perform, but they did a good job completing their tasks. Nice job guys. The deadline for all of the players Barcelona World Games deposit is March 1, 2019. The deposits should be sent to Peggy Young at the National Office. This is because the deadline for Team registration is March 31, 2019. The deposit amount has been estimated at $755 per player.

8. **Next Committee Meeting:**  
   **Wednesday, February 20, 2019; 9pm EST**

   Approved 5, No response 1
On Call: Brent Benson, Tom, Bryce, Don, Rachel, Pat, Scott, Duane, Rodrigo, Kylie, Rebecca

1. Welcome to New Members: Rebecca Guyer and Rachel Trussell

2. Treasurer’s Report: $9049.04 Balance; Juniors have $1215.00, Seniors have $1420.35, Tom asked about the Ladies balance, Jim had no idea because of the different deposits made and would research this.

3. Referee Committee Report: Barcelona Duane has an electronic copy of the rule book with the changes highlighted. He will e-mail it to the committee members. Power plays, verbal warnings being recorded, and penalties are handled differently. We will require another official at the score table. We already have a second compensated score keeper approved. Looking at different shot clock options. We will get a list of items needed together for Brent for Spokane. In Olympia, there were 4 people interested in the referee program. We need 16-18 year olds to train and get them to referee our younger games.

4. Club Representative Committee Report: Tom suggested the Club Representative conference call be held before our call each month so we can go over their concerns. It was suggested to be the same each month, the first Wednesday of each month. They have been discussing fundraising. We will tweek the PPP for our fundraising to include levels of sponsorship. The scorekeeping software will be sent to Rodrigo.

5. Coach’s Report: Coaching upgrades should be automatic if the coach’s Teams achieve a 1st, 2nd, or 3rd Place. Don is working on changing the coaching levels a little each year. You MUST have a coach’s card every year to be eligible for a coaching level upgrade.

6. 2019 Nationals: Nationals are July 28- August 3 in Spokane. Setup is on the 27th. Registration has gone up 10% to $545 per Team. The $50 will still be donated to the Foundation. USARS is working on garage parking passes for our skaters. A possible both
for ALL the World Teams is being considered. Kylie will send out vendor prices to the committee. All of the vendors will be located in 1 area. Rebecca and Kylie have contacted a magician, a dance group and a karate group for possible entertainment during our opening Ceremonies. We will send out to the Club Rep meeting questions about having closing ceremonies. USARS is contemplating an increase in the amateur card prices to go up $10. Almost everyone on the Committee said they should not and disagreed with their plan. The 2 Cities for 2020 Nationals are Cedar Rapids, Iowa and Wichita, Kansas. The cities will be visited by our National planning group in the near future. Kylie and Brent will contact Gypsy concerning booth rental amounts.

7. **New Business:** Tom was upset in discovering that 5 of the 20 players in Bogota didn’t have amateur cards. This could have been a big liability for USARS. We need for everyone in the Country playing sanctioned meets to have amateur cards. NO EXCUSES. We held our elections. Jim Jost was elected Chairman and Rodrigo was elected Secretary. We will discuss the need for a Co-Chairman next month, as well as the Treasurer position. Duane volunteered to attend the RSA Convention in Las Vegas for USARS.

8. **Next Committee Meeting:** Wednesday March 20, 2019

      i. Can we add pending category to members list?
         1. Brent will check but believes the application doesn’t work
   d. Minutes from Feb. are not updated. The conversation regarding Team USA U19 player’s USARS membership before the 2018 Pan American Games was continued and determined that all U19 players who participated in the 2018 Pan American Games had submitted their USARS membership application, and the applications were being processed at the time eligibility was checked.

      1. Highly encourage everyone to register on line for automatic payment.

g. What’s the USARS turnaround time for applications?

            a. Other options include
               i. All division

   f. Lubbock’s suggestion of tournament scheduling and scoreboard program
      i. Don has used it in the past, and said the program doesn’t generate a useable score sheet that we can use
      1. Don will check it out at April Lubbock tournament
      ii. Does program take players in multiple teams into consideration, i.e. kids that play in multiple divisions?

Discussed the next board meeting to be scheduled for April 12, 13 and possibly 14th as well. This will be an electronic meeting to save costs. Several have expressed an interest in attending the
meeting in Lincoln and to do so would be at each person’s own expense. Directive to Eric – explore what is the best technology for this with either a WEBEX meeting and everyone on separate computers or through the conference room phone.

MOTION – Motion to ratify the previous electronic vote of the new artwork for USA Roller Sports. The graphics are available in the office if needed for documentation, web pages, social media etc. Motion by Trace Hansen, second by Heidi Permatteo
5 approved 0 opposed 0 abstained

Discussed the need for enhanced voting technology by Eric. To do survey’s with more than 10 questions USA Roller Sports would need to purchase a more robust version of Survey Monkey or something else. At this time the committee decided to save money and not upgrade.

Discussed strategic plan. Looking for a couple more members for the committee (speed and athlete). Committee is to think about this and some other questions Eric has asked for input on and discuss at the next meeting.

Discussed the fact each sport committee needs to submit their committee chair. These need to be submitted to Peggy/Eric so they can be approved at the next meeting. Need the information for Derby, Rink Hockey and Inline Hockey.

Discussed the process of posting minutes right away on the web site for membership to see. It was decided that the minutes could be posted after the 10 day Board review period. This should be followed by a disclaimer that minutes are not fully accepted until approved by the Board. Location of minutes was discussed but not decided.

DIRECTIVE TO STAFF – Immediately post minutes as approved by committees with disclaimer as mentioned above. Ideally it would be good to have a template cover page that listed the actions taken within the minutes for easy reference.

MOTION – motion to remove Heidi P from Ethics committee because she is a current board member and should not be on the committee. Motion by Trace Hansen, second by Kay Gallatin
4 approved 0 opposed 1 abstained

MOTION – Based on private messaging negative towards the organization it was requested by members that Fred Piper be removed from the Fundraising Committee. Motion by Annelle Anderson, second by Trace Hansen
Updated by Eric about several items
- There are 2 current bids in the office for 2020, still waiting on a few others that have indicated an interest.
- Staff has been directed by Finance committee to start looking at membership pricing and make recommendations. They have started to work on that and will make a recommendation through the finance committee.
- Paypal account has been removed and will be starting a Square account. This will make square available for events that need to collect funds outside the office.
- Safesport and background checks continue to be an important topic and take up a large portion of the staff time. Eric sent an email to the board with more details.

Eric left the meeting at 8:30 CST

Discussed with the committee that an annual evaluation was done with Eric in December.

Discussed staffing needs at nationals and the recommendation of the committee is that Eric and Brent should be the staff to work the nationals from set up through tear down. This will be a cost savings as they can share a room. For the most part the sports committees should be responsible for their portion of the championships (including registration and program sales). Advisors and Megan, Figure and Speed Coordinator, will need to be available remotely to help with questions or concerns as they arise. At this time USA Roller Sports won’t be paying for the advisors to attend the event, but they may be there to coach and that would be at their own expense and would be expected to be available to assist as needed. It will be important that all registration materials be prepared well before the event so the volunteers covering registration have what is needed. Board members in attendance at the event will be required to help out with staffing needs during the time they are at the event.

Inline Hockey Athlete payment questions. There is an athlete that was told last year he would not be responsible for his expenses for worlds. USA Roller Sports will not be covering this athlete, so the funds will need to come from the Inline Hockey sponsorships overpayments held at USA Roller Sports. This fund has ~ $9,000 and can easily cover this expense. Inline Hockey has been asked for a budget to show how/when these funds will be spent for world team expenses since they can’t be refunded.

Staff at Bank Track and Road Nationals – it was decided to not send Megan as the sports coordinator to Colorado Springs. Ricci will be asked to attend if she can for some of the time. Will work on finding coverage for taking payments for practice.

Memberships data was looked at. Additional information was asked for staff to pull and review, such as developmental, limited and full membership breakdowns. We are approaching the season where members upgrade from the development or limited. Eric mentioned the fee structure is being reviewed and data analyzed for recommends for next season. The USOC is also researching a membership data base for all NGB’s.

The national award ribbons were talked about and are being worked on. They are not finalized yet.

The position of Figure Advisor was reviewed. There were 6 applicants, and the review committee had narrowed the list to the top two. After discussion, it was agreed that the top choice would be interviewed. After the application process and the interview, the review committee has forwarded Patricia Jacques as the recommended hire for this position.

MOTION – Recommend hiring Patricia Jacques as the Figure Advisor.
Motion by Heidi Permatteo, second by Trace Hanse. Approved Unanimously
There was a question about what the free membership for board members involved. It was decided this should be talked about at the spring board meeting. The understanding is that only one membership was to be paid for, but a policy will be established.

Budget for staff at Nationals was discussed
  - Airbnb not more than $100 per night $3,000
  - Reimbursement of fuel expenses for Eric (not mileage)

ATTENDEES: Kay Gallatin, Eric Steele, Annelle Anderson, Heidi Permatteo, Kyle Hughes, Trace Hansen

GUESTS: Gloria Manning, Michael Jacques

Administrative Staffing for Nationals
Committee was asked if Gloria and Annelle continuing their paid positions as administrative staff for nationals. Gloria was invited to attend the meeting to explain what support was provided in the past and what might be needed this year. Two things are changing because of the location, one of which is the venue will be doing ticket sales and security, so USA Roller Sports will not be doing this. The other change is that Figure will be going first and, in the past, much of the packet assembly was done during speed before Figure started. Staff is needed athlete registration packets, coach registration and program sales. There will be further discussion on this, but as of right now it is proposed Gloria travel on 7-14 and attend through the 2 weeks of Figure. Annelle will arrive on 7-14 through 7-26. Kay will manage the speed registration with the help of Gloria who is planning on staying for the week of speed along with additional speed volunteers. This will be finalized soon, but there are some additional requests to help the registration process.
- Entries be done early so packets can be done in the office before Eric leaves (July 10th)
- Medals be prepped early (stickers on medals if being done this year)
- Figure Draw be done earlier

International Staff for World Games

Inline hockey has requested a change in their staff and asked for approval.

MOTION – Change JR Woman assistant coach to Charlotte Nicholson replacing Chalie Sgrillo Sr. as requested by the inline hockey committee
Motion by Trace Hansen Second by Heidi Permatteo. Approved Unanimously

Figure Committee submitted decision for coach. This was referred back to the FSC for a recommendation on one coach, or an extension of application window to solicit additional candidates, now that the nationals schedule is out.

International Staff or Pan American Games

Figure has submitted a change to the coaching staff for Pan American Games. They also identified an alternate as per instructions from the USOC. Every name of a staff person who might be attending the games must be in the USOC portal before February 25th to be considered for approval by USOC.

MOTION – Change original coach selection to Vickie Bateman for Pan American Games per Figure committee request and add alternate Scott Clifford.
Motion by Heidi Permatteo Second by Annelle Anderson. Approved Unanimously
Site Visits for 2020 Update

In March the site visit group will go Cedar Rapids to look at that venue. This venue has the ability to have two floors and is arena style setup so no need for bleachers, dasher boards, etc., on main floor. Group will look at hotels and other things such as shuttles etc. The group going is Trace Hansen, Michael Jacques, Eric Steele, and John Fearnnow.

Eric is in contact with the Wichita group to schedule a site visit. It is the hope the site visits can be completed, and a recommendation made so that a presentation can be done at the April Board meeting. Eric will be releasing the rest of the bid city proposals.

Rodchenkov Act
The USOC sent each individual NGB a copy of the act and asked for an endorsement. This was discussed in length at the NGB Council meeting that Eric attended. He felt like this was a strong document and had some good components including a whistle blower portion. Eric felt like USA Roller Sports should endorse if majority of the council also endorsed.

MOTION – Authorize Eric to endorse the Rodchenkov Act if full USOC NGB Council endorses
Motion by Trace Hansen Second by Heidi Permatteo. Approved Unanimously

Finance Committee Concern
The finance committee has been doing some research with Eric and legal council to get a standing on what a member “in good standing” is in regard to outstanding account balances. It was the opinion of Jerry Pigsley that the best place to refuse or change membership due to issues such as money owed USA Roller Sports, or incomplete safe sport and background checks is at the beginning of the membership year.

All sports committees will be asked to come up with a solution for how to collection the correct amount of funds from the athletes. One suggestion was to ask for a large deposit from each athlete trying out for the team and then it would be refunded right way if they didn’t make it.

Figure qualifier – Executive committee was made aware of a discussion about whether international athletes should be allowed to skate the figure qualifier if they can’t represent the US at Worlds. This is still being researched.

Sports Committee Duties – There have been comments that committee members have not seen the sports committee duties document. This is sent to the committee chairs annually with instructions to share with each committee member. There is a new document being worked on by committee, but not forwarded yet.

DIRECTIVE – Ask Peggy to send both the sports committee document and the confidentiality agreement to the committee chairs again asking them to make sure that every committee member has read and signed the documents.

Committee Issues – It was mentioned by Eric that many of the committee members have not completed their safe sport yet and many are past the 60 days deadline.
DIRECTIVE – Ask Eric to send a list of delinquent committee members to each committee chair. If it is the committee chair, then that information should be sent to leadership.

Accounting – The temporary bookkeeper hired for the office has taken a full-time job and is leaving. After recommendation from the finance committee and those working on the accounting it was recommended that we hire an accounting clerk/administrative assistant that will do the accounting as it has been set up without changing or adding. This also allows for some additional support in the office outside the accounting realm.

MOTION – Approve the compensation package for the Accounting Clerk/Administrative Assistant at $30,000 to $32,000 plus benefits.

Delegate for World Roller Games
World Skate has requested the name of the U.S. Delegate for the World Roller Games. The meeting is scheduled for July 3rd. Peggy is researching if there is just one delegate that covers all disciplines attending or if additional delegates can be assigned.

National Venue Search
An update was given on the venue bid in Cedar Rapids. This is a very good venue and the group also visited 3 hotels. Cedar Rapids will give a presentation at the April board meeting in Lincoln and have been asked to have a solid rate on hotel rates available at the meeting.

The visit to Wichita is schedule for next week. Updates will be given at the board meeting.

Finances
The work from Britt & Co is coming along and everything should be handed over to the auditor in the next week. The temporary hired to work at the office resigned and a job description has been placed on Indeed to look for a permanent person. The search committee (Eric Steele, Kay Gallatin, and Janet Pavilonis) interviewed several people last Thursday and will be doing interviews again this Thursday.
Foundation Grant Request
There have been several items brought forward which could be considered for a grant proposal to the Foundation. The list has been shortened down to 1) lanyards and pins for the grassroots program, 2) assistance with the unexpected increase in Safesport costs including a projected 31% increase next year, 3) development of educational materials for the Roll Art training for Figure Judges.

As part of this discussion the RSA Convention was discussed, and it was requested that the grassroots material be available for the Trade show the end of April.

Executive Director Update on Colorado Springs Meetings
Eric gave an update on his time at the Safesport meeting in Colorado Springs. Safesport and USOC are working on a new code that will be implemented March 15th. This will include more stringent Safesport guidelines and allow for some interim measures for pending cases. More to come on this after the final document is received.

Eric left the meeting at 10:00 CST

Meeting was then adjourned at 10:15 CST

Minutes approved unanimously (3/12/19)

2019 USARS HALL OF FAME AND HONORS COMMITTEE

April 4, 2019 – 2 PM Central Time

With the recent passing of the Hall of Fame and Honors Committee Chair, Bill Spooner, the meeting was called to order by USARS Executive Director Eric Steele at 2:00 PM on April 4, 2019. Committee members included Keith Noll, Annelle Anderson, John Gustafson, and Tom Hughes. Peggy Young recorded the Meeting Minutes.

Discussions began with candidates for the USARS Athletes Hall of Fame, open in two categories: Veteran - retired at least 15 years (one inducted per year) and Active - retired five years or more (maximum of three inducted per year).

John Drewry was a member of the USA Speed Team that attended the 1959 World Skating Congress International Championships in New Zealand, where he won the Senior Men's Speed event. She also placed 3rd at the World Championships in her first attempt in Senior World Class Solo Dance in 2012.

K.C. Boutiette entered the sport of speed skating in Washington in 1978, and quickly became a well-known national icon for Speed Skating. He had success on the Quad Speed Skating circuits and was a pioneer as the inline speed skates created a new generation of speed skaters. He ultimately returned to roller speed skating and was successful at the National Championships in 2017.

The meeting turned to a review of the nominations received for the USARS Coaches Hall of Fame. Two categories exist, "Current" coaches who meet the minimum coaching service requirements of ten years or more, limited to three individuals or teams for a calendar year. Only one may be selected for the Hall of Fame in the “Veterans” if they have a minimum of fifteen (15) years coaching experience.

She was able to use her extensive experience to coach other athletes in both speed skating and roller derby at the National level. In 2017, Dani became the first head coach of the Roller Derby Team USA in the first World Roller Games in Nanjing, China. The team, under Dani’s leadership, brought home a historic gold medal.

Karyn Cormier has been teaching roller figure skating for 39 years and has had National Champions and placements every year. She has taught skaters from the very beginning events up to World Class. More often than not, her skaters were on the podium, or finalists in their events. During one particular season, while dealing with health issues, she ended up with six skaters on the podium at Nationals, representing eight champions and multiple placements in freestyle, solo dance, team dance, figures, and loops.

Tony Kissing was a successful Speed Coach, with skaters who attained 38 National Titles between 1971 and 1991, one who became a World Team Member and two inducted into the Athletes Hall of Fame. From this number five went on to become teachers. His skaters all credit him with teaching life-long lessons that they carry with them to this day.
