The Shreveport Convention Center is PCMA Space Verified by MeetingMatrix. Visit [shreveportcenter.com](http://shreveportcenter.com) and click the 'meeting space' tab to download diagrams.

**Please note:** Seating capacity is estimated and will depend on actual event set-up requirements (i.e., stage size, AV requirements, etc.) Room dimensions are laser measured to the farthest point in the room and rounded to the nearest whole number; square foot calculations include deductions for offsets or protrusions within the gross room footprint.
