Coach Development Video Library

To be released September, 2022 on the SloCoach platform which will be linked to through the USAAS website.

The video library will cover a variety of subjects. Some included will be Land training (strength and flexibility), Nutrition, Skill Basics, Figures, Elements, etc.

The number of videos will be increased over time.

Coach to Coach Program

Virtual sessions led by Hiea Yoon Kang, Tammy McGregor and Kristen Smidstra. 2 zoom sessions with each coach which also included feedback to the coach participants. Amazing presentations, but were poorly attended.

Grades for 2023

There will be several updates to the Grades testing to parallel figure/element changes. The changes will be implemented starting January, 2023.

We are extremely grateful to Shari Darst for all of her hard work implementing these programs and to the many Clinicians and National Team coaches that helped make these programs successful!
