

North Texas Synchronicity is seeking part-time coaches to help support our Novice, Intermediate and Age Group teams. Our team has grown significantly in the last year and we are planning to expand our coaching staff to provide additional support to our swimmers. The team is located in the northern Dallas/Fort Worth area. North Texas Synchronicity competes in invitational, local, regional meets and Junior Olympics.

NTS has a great group of swimmers, parents and coaches who work to promote our team locally and nationally. We support our coaches with a full range of training and educational programs offered by the team and USA Synchro, including Coaching Certification Programs (CCP), SafeSport, CPR/First Aid classes, Coaches College and judge training classes. Our training program allows us to open these positions to both experienced coaches and former synchronized swimmers who are new to coaching.

If you are interested in coaching or know of someone who you would like to refer, please contact the team at [synchroinfo@northtexassynchro.org](mailto:synchroinfo@northtexassynchro.org). More information about our team can be found at [www.northtexassynchro.org](http://www.northtexassynchro.org).
