

*****IMPORTANT NOTICE*****

To all our members and clubs,

We would like to inform you that the location of the 2018 US MASTERS CHAMPIONSHIPS will change. The 2018 US MASTERS CHAMPIONSHIPS will NOT be in Roseville, CA.

This location was selected in 2015. Unfortunately, the local club situation has changed since that time. Pool rental costs have increased, club size has decreased and the club is unable to host this competition without compromising its financial viability. USA Synchro does not want to cause any extreme financial stress to any of its clubs and the two organizations have reached a mutual agreement to re-locate the event to another location.

We apologize for any inconvenience this causes to your club and Masters participants. We are available to assist during this transition time and have provided some information below regarding changes to your travel. Please feel free to reach out to USA Synchro should you need any assistance.

We would like to take this opportunity to thank Sac Synchro, the City of Roseville and Placer Valley Tourism for bidding for this event. We hope to be able to come back to Roseville in future years and we wish the best to the club and its members.

USA Synchro is currently looking for another location for this competition with the objective to remain close to the original location of Sacramento, Bay Area and Northern California. We hope to provide you with an update within the next month or so.

In the meantime, we remain at your disposal to assist with the re-organization of your travel.

Best Regards,

Myriam Glez
CEO/High Performance Director
USA Synchro
