APPENDIX Q

ATHLETE SAFETY POLICY

Amendments to this Appendix Q are the responsibility of the Board of Directors.

ARTICLE 1

1.01 United States Synchronized Swimming (USSS) is committed to providing a safe environment for its members, athletes, coaches, officials, volunteers and employees. USSS advocates building strong self-images among youth participants, strives to promote good sportsmanship throughout the organization, and encourages qualities of mutual respect, courtesy, and tolerance.

1.02 When any member, athlete, coach, official, volunteer or employee is subjected to physical, sexual, emotional or verbal abuse or harassment, it undermines the mission and values of USSS. All members of the organization, employees, parents, spectators, and other invitees are expected to observe and adhere to the jurisdiction, policies and procedures of the SafeSport Code for U.S. Olympic and Paralympic movements.

A. USSS will not accept or tolerate bullying, hazing, harassment, emotional misconduct, physical misconduct or sexual misconduct in any form by, or directed toward, any USSS member, athlete, coach, official, volunteer, employee, parent, spectator, or other person while participating in or preparing for activities or events conducted under the protection and support of USSS.

B. Harassment and abuse are defined in various sources, such as SafeSport Code for U.S. Olympic and Paralympic movements, state statutes, case law, sports organization and professional association codes of conduct and training manuals, corporate and business workplace documents, and human rights commission materials. USSS has adopted the definitions from the Center for SafeSport for bullying, hazing, harassment, emotional misconduct, physical misconduct and sexual misconduct as defined in the Center for SafeSport Code. The Center for SafeSport Code can be found at: https://safesport.org/files/index/tag/policies-procedures.

3.01 Recommended Actions.

The entire synchronized swimming community shall work cooperatively to promote an environment that is free of sexual, physical, emotional and verbal abuse or harassment in any form. USSS recommends that each individual participating in a USSS activity take the following precautions to help ensure a safe environment for all members, athletes, coaches, officials, volunteers and employees as recommended in the SafeSport training.

A. Encourage parents to become as active as possible in sponsored activities, practices, and other events. The more that parents are involved, the less likely it is for abusive situations to develop.

B. Recognize that there are situations, such as in private coaching lessons, where adults may find themselves alone with minor athletes. Avoid being alone with a child or with any group of children in a private setting while they are participating in sponsored activities of USSS. In particular, in such circumstances, USSS recommends coaches and other adult members of the organization:
   1. Provide one-on-one training or individual coaching with the assistance of another adult or athlete.
   2. Have private conversations with minor athletes within view of others instead of in a private office.
   3. Avoid driving alone with a minor athlete in the vehicle.
   4. Avoid taking a minor athlete alone to the locker room, bathrooms, or any other private room.
   5. Avoid socializing individually with minor athletes outside of sponsored activities.

C. Pair up minor athletes with other minor athletes of the same gender and similar age group when traveling overnight.

   1. Reporting may be made anonymously, and no direct fees or other costs are involved in making a report.

B. The Center for SafeSport has the exclusive authority to investigate and resolve conduct involving sexual misconduct and prohibited conduct under the SafeSport Code that is reasonably related to the underlying allegation of sexual misconduct. Exclusive

On the written request of USSS or the USOC, the Center for SafeSport may, in its discretion, accept authority over alleged violations of any prohibited conduct under the SafeSport Code.

If USSS or the Center for SafeSport determines that any coach, manager, independent contractor, employee, volunteer, official or other member has engaged in any action or conduct constituting such abuse or harassment, the individual will be subject to appropriate disciplinary action, up to and including immediate termination of any contractual relationship, decertification, or expulsion from the membership of the organization.

E. USSS cannot guarantee complete confidentiality of complaints. However, USSS shall strive to ensure that all complaints are handled in a manner that, to the greatest degree possible, protects the rights of all parties.

F. When necessary and appropriate, this information shall be communicated to the appropriate authorities for investigation and should be reviewed by appropriate officials, whose response shall include timely notification of such allegations to the alleged offender.

G. Any individual accused of sexual or physical abuse may be suspended until the matter is investigated and resolved. An individual who is accused but later cleared of the charges may apply to have a suspension lifted or, if applicable, to be reinstated within the organization. Reinstatement is not a right, and no assurance is made that the individual will be reinstated to his/her former position.

H.
