Timer Instructions

NOTE- **Before** the beginning of each event, enter routine # and event on each slip.

1. Record two times: Deck Time and Total Routine Time
2. **Timing begins and ends with the music.**
3. **Timing of Deck time ends when the last routine competitor leaves the deck.**
4. Deck time cannot exceed 10 seconds. **If any of the three watches shows over 10 seconds for deck time, do not clear any of the watches.** Show the deck times recorded on all three watches to the referee.
5. Total time requirement depends on the type of routine. All of the time requirements for each event are listed in the chart below.
6. **If any routine fails to reach the minimum time or exceeds the maximum time, do not clear any of the watches.** Show the total times recorded on all three watches to the referee.
7. Record all three deck times and total routine times on the routing timing slip.
8. If two watches show the same times, that time will be the official time. Circle that time on the routine timing slip (deck and routine time).
9. If no two watches agree, the intermediate time will be the official time. Circle that time on the routine timing slip (deck and routine time).
