ARTICLE 1

1.01 All Coaches must be members of USAAAS at the appropriate level. See Appendix C. Levels of Coaches Certification:

A. **CCP Level 1:** The Level 1 course is intended as a starting point for coaches. It confirms to the organization, other coaches, judges and athletes that all coaches have had exposure to a general coaching curriculum. It covers specific artistic swimming fundamentals, safety/risk management, ethics and general training. The Level 1 course creates a common base for all coaches including a new coach just starting out up to the most experienced national level coach.

B. **CCP Level 2:** The Level 2 course is intended to give coaches an overall exposure to the sport of artistic swimming. The coach will be able to instruct basic fundamentals, provide teaching progressions, create daily lesson plans, write and teach routines and establish an initial coaching philosophy. In addition to this artistic swimming specific information, general coaching and coaching duties that are less prevalent will be covered. The Level 2 course provides valuable information that will continue the coach’s development and allow the coach to manage a team.

C. **CCP Level 3:** The Level 3 course is intended to give coaches the opportunity to learn about very specific topics that will continue to develop the knowledge of the coach in the sport of artistic swimming.
