

Actions of the USATT High Performance Committee (HPC)
October – November 2015
Reported by Carl Danner, HPC Chair
December, 2015

During October – November 2015, the HPC did not hold any formal meetings or conference calls. However, the following summary of its actions and discussions is offered to inform USATT members about the HPC's activities conducted by email, and through participation in the other USATT activities.

1. The HPC Chair and other USATT officials discussed security concerns for national team travel in light of recent terrorist activities. USATT officials communicated with the ITTF about security arrangements for the World Junior Championships in France, communicated with the USOC, and provided coaches, players and families with briefings and available updates about security precautions.
2. Players receiving direct athlete support were requested to provide reports on their training and competition activities during the past year.
