• USOC has increased funding of the December camp to 100%, if USATT can arrange that top participants will not have to pay anything to attend.
• Mr. Bitzigeio has been asked to create a database of Past and Present USATT Elite Athletes (participant in Operation Gold events).

The target entrant list is just over 800. With the average entry fee at approximately $275, there need to be 709 entrants to meet the expected break-even point.
• The venue’s lighting will be upgraded.
• Board members are expected to arrive on December 14.
• There is no title sponsor at this time.

7. **Financial Update**

• World Veterans Championships (“WVC”) – 2018
  o Mr. Kaye will have a event post-mortem call with David and Dan tomorrow.
  o There was a $18,000 negative variance in entry fees.
  o Credentialing:
    o A company was found that had worked previously with USA Gymnastics.
o It was generally good to work with.
o The company also managed the housing block very actively, saving $30-40,000.
o JOOLA is refusing to pay $40,000 of its sponsor fee because of the problem at the opening ceremonies.
o Overall, the event was about $90,000 short on the revenue side; expenses were on target, except for the facility and the need for extra security hours.
o The event had a net income of $152,000.
o USATT donated approximately $80,000 in staff time, time away from staff work for USATT and the US Nationals.
o There is still a significant amount of flooring that can be sold.
o Many US entrants were not USATT members, which presents opportunities for marketing and drawing to other major events.
o If USATT stages a similar event in the future, Mr. Kaye recommends hiring an outside entity to staff the event.
• Overall Financials
  o So far this year there are over $80,000 in contributions that are not on the financial statement.
  o Mr. Kaye has begun a general overhaul of the organization of the financials.
  o Membership is trending upward; there are many more tournaments this year.
  o Mr. Thompson deserves much credit for the integration of SafeSport and club membership.
  o Work still needs to be done on the Para Open; USATT needs to discuss whether to continue hosting the event.
  o There is no USOC funding for the Para Open; USATT needs to pitch recent international results to USOC because USOC isn’t interested until actual medals are won.
  o The US Nationals saved $15,000 by having the finals on-site.
  o The US Nationals didn’t meet room numbers for the three-event package; USATT will likely pay a certain amount of attrition fee.
  o Board members are again urged to contribute to the association.
  o Good News: USATT now has a title sponsor for Insider.
  o This year USATT instituted an administrative fee for credit cards used for international play.
  o It is expected that a national team sponsor will come in at $50,000, as opposed to the budgeted $10,000.
  o This year, USATT is projected to have $1,168,000 in revenue.
  o Mr. Mauro will change to being a full-time employee, starting tomorrow.
  o Mr. Mauro has already reassigned all of USATT’s salaries.
  o Mr. Hogshead requested an executive summary of all outside funding and the strings attached to that funding.
  o Mr. Kaye was requested to prepare chart of all staff, salaries, outside funding, and expiration dates.
• RFP’s for new auditors are about to be sent.
  o Mr. Kaye will be reaching out to USOC for list of potential audit firms to receive the RFP.
• Ms. Cribbs thanked Mr. Kaye for meeting the deadline he was given to assemble the financial information.

- The NGC is asked to design the upcoming election process and get it posted.

The Board went into Executive Session at 8:49 [Note: Minutes are not kept in Executive Session.]

The Board returned to General Session at 8:57.

10. **Old Business**

- Ms. Cribbs, Ms. Wu, Mr. Hodges, Mr. Schlager, and Mr. Hogshead had a lengthy call with US Archery (“USAA”) about its phenomenal growth, raising membership from 3,000 to 20,000 since 2012. Lessons presented include:
  - Archery hired one person (which grew into a small team once they had more revenue) who focused exclusively on membership experience and growth.
  - Regionalization of membership organization cripples the national organization, NGB's that have done it in the past regret it because it's unstable and they lose control.
  - Finding the right technology, for overall tasks and for customer support, also helped fuel the growth.
  - USATT needs to have a Point of Contact for members at HQ.
  - Mr. Hogshead noted that the call’s definition of regionalization was a bit sketchy; specifically, there is a difference between regionalization for competitions and regionalization for membership.
  - Mr. Hodges stressed that regionalization should be about regions developing the sport.
  - Ms. Wu stated that USAA emphasized the role of coaches and their coaching certification program; execution of coaching and camps can be done regionally, but the curricula should be controlled by HQ.
11. **New Business**

- Ms. Cribbs expressed excitement about the development and performance of USATT’s National Teams.

The meeting adjourned at 9:08 p.m. EDT.

Respectfully submitted by,

Dennis Taylor
Secretary
