   - The question was asked, “If there is an alleged violation of the code of conduct, what is the process?”
   - Mr. Taylor responded Bylaws don’t have a rule on this. He suggested that an alleged violation could lead to:
     a) a special board discussion,
     b) referral of the matter to the Ethics and Grievance committee, or
     c) perhaps have a small (three person) panel to hold a hearing and make a recommendation to the Board.

5. **High Performance Update**

Mr. Bitzigeio presented his report.
• The Youth Ranking Tournament at ICC is currently going on.
• Mr. Bitzigeio asked a junior player who has competed for several years in tournaments for feedback on the program. The biggest improvement is the National Ranking Tournaments and International Tournaments. Players have more time to talk, play and socialize together. Going together abroad as a team has been good for the group.
• Ms. Cribbs asked “At tournaments do you get a sense of where people are coming from?”
• Mr. Bitzigeio said players come from all over depending on where the tournaments are held.
• Ms. Cribbs thought it would be good for the Board to see a survey of where players are coming from for the tournaments.
• Mr. Bitzigeio is in touch with coaches and clubs regarding players and where they are coming from to attend. Mr. Bitzigeio said it is possible to put together something. After a tournament is held, he gets feedback from the host club.
• Mr. Bitzigeio brought up that following the Santa Monica National Ranking Tournament a Selection Committee will be selecting participants for the Pan Am Games based on the approved Selection Procedures.
• Ms. Cribbs asked for the Pan Am Games update and whether everyone is ready? Will the players be safe?
• Mr. Bitzigeio said everything is in process and on track for the Pan Am Games.
• Mr. Bitzigeio addressed that there are more tournaments scheduled all over the U.S. and Internationally at the same time. We can’t prevent two important tournaments happening at the same time/weekend. With U.S. and International play, it isn’t possible to prevent events from being held at the same time. It is a conflict issue for players. It is a conflict that will happen more with International success. He will continue to search
for solutions.

- Mr. Liu if USATT could release the schedule for National Ranking Tournaments at least two months before the events?
- Ms. Cribbs thanked Mr. Sheth, for putting together the Youth National Ranking Tournament in progress in Milpitas.
- Ms. Cribbs asked if any extra marketing was done for the tournament. Mr. Thompson responded we only listed the tournament on the website and marketed locally.
- Mr. Somaparu asked about upcoming plans.
- Mr. Bitzigeio is working to implement more US coaching education.
- Coaching and certification should be combined, but to implement need a budget. Don’t currently have one. Working on system, and structure to show the USOC what is needed.
- There will be a coaching education event held in Florida at the end of May to be combined with the NA Hopes Challenge taking place. The date was chosen because coaches will already be there for the tournament.
- There needs to be changes, but Mr. Bitzigeio is confident of where the coaching program is going.
- Many coaches in US work hard and deserve respect: however, coaches could also be better if given more opportunities to improve.
- Mr. Somaparu and Ms. Cribbs asked about looking into funding from the USOC for coaches and education opportunities to supplement the grant awarded for 2018.

Ms. Cribbs checked in with Tara Profitt – she is still on phone, 9:13 a.m.

6. **Para High Performance Update**

- Mitch Seidenfeld is recovering from injuries incurred while coaching in the Netherlands. He slipped on hotel stairs and had to have surgery in Amsterdam. The insurance was good, and he had an escort to help him to the hotel after the surgery. He is recovering well.
- Ms. Rather received approval to pay coaching fees to Coach Seidenfeld for the remainder of the para athlete trip even though he was not able to be with the team.
- US athletes attended the ITTF Para Lignano Open (Italy), March 14 – 16, and the ITTF Para Costa Brava Open (Spain), March 20 – 22.
- The results at the Italian and Spanish Open were not great – Ian Seidenfeld struggled with performance due to his father’s injury, and Tahl Leibovitz did not do well at the tournaments without Coach Seidenfeld’s presence.
- Ms. Rather noted that the Para team brought back one gold, three silvers and two bronzes.
- Ms. Cribbs asked that the USOC be made aware of the medals.
- Ms. Rather working on centers for Para to go to play with specific hours designated for Para athletes.
• The goal is to grow all areas of the sport for Para athletes.
• The Para Pan Am Games are coming up. It is time to submit a list of participants and get ready.
• Ms. Rather noted some athletes need a personal care assistant, along with support from coaches and staff. There is not enough help now, but need approval from USOC for more. We also need to make sure people are certified to work with players.
• Ms. Cribbs asked if we are able to follow all the SafeSport policies for our Juniors. Ms. Rather says yes for Para, with just junior athlete Ian Seidenfeld to complete, and his dad serving as a coach.
• It was then asked if we need a woman coach and/or chaperone. Currently, there isn’t a need.
• There are no specific agreements with coaches and Mr. Thompson will address if an emergency comes up.

7. **Independent Contractor Agreements for Coaches in the National Teams Programs**
   • Mr. Thompson sent a sample Contractor Agreement for the Board to review.
   • Mr. Thompson noted that feedback is needed from Mr. Bitzigeio and Ms. Rather on what is needed in the contract.
   • Mr. Danner asked if the Board wanted to think about Medical provisions in the contract?
   • Mr. Thompson noted we currently purchase medical travel if requested for international events. Mr. Bitzigeio did say USATT has to apply for the medical insurance and must have the correct country and detail listed. These insurance requests are turned around quickly.
   • Mr. Danner thinks the form could encourage buying insurance.
   • Ms. Rather stated if USATT is a player)overseas, it will pay for travel insurance, but in the U.S. the players should have their own coverage.

9:27 Mr. Hogshead is no longer on the phone.

8. **Proposed By-Law Amendments**
   • Mr. Danner went through By-law Article 10 and clarified roles.
   • The Board discussed whether the statute of limitations on Grievances should be 90 or 180 days after the occurrence of the event being grieved.
   • Mr. Taylor stated the Board could vote on the By-laws 10.6 and 10.7 proposals and the decision on 10.4 could be revisited at a later meeting.
   • Mr. Danner will find more comps from other NGBS to go over at a later meeting.
MOTION 4. MOVED to amend Article X of the USATT Bylaws as follows:

- In Bylaw 10.6, between “shall” and “appoint” insert “examine the complaint, along with the General Counsel, to determine if the complaint has merit. If it is determined to be with merit, the Ethics and Grievance Committee shall.”
- In Bylaw 10.7, insert a new opening paragraph, reading “The Ethics and Grievance Committee shall rule on all pre-hearing motions and matters raised. This portion of the proceedings is complete when the complaint, answers, and other responses are forwarded to the Hearing Panel for their consideration.”
- In Bylaw 10.7, new paragraph two, replace “in the proceeding” with “after all responses are received by the panel.”

Movant: Carolyne Savini  
Second: Gary Schlager  
The Motion was approved by Roll Call Vote 7-0-1(Profitt)

- The Board then reviewed and discussed the proposed amendments to the Supplemental Hearing and Procedural Rules.
- Mr. Thompson asked where will the Supplemental Rules will be published? Mr. Taylor stated the Board may decide.
- Mr. Thompson asked if there is overlap of Ethics and Grievance rules with some of the SafeSport rules. What is the procedure in the event of an overlap?
- Mr. Taylor noted there could be a discussion on melding the two together.
- Ms. Cribbs noted that SafeSport continues to evolve its policy and procedures.
- Mr. Thompson would like to more clarity on procedures of Ethics & Grievance and SafeSport.

MOTION 5. MOVED to approve the amended Supplemental Hearing Procedural Rules, as submitted by the Ethics and Grievance Committee.

Movant: Gary Schlager  
Second: Deepak Somaparu  
Motion passed unanimously by voice vote.

- The Board then turned to the AAC-proposed amendment to Article XI.
- Ms. Profitt brought up that the Chair of the AAC needs to sign certain documents on behalf of the athletes. It would be better if the documents are distributed in a timely manner to the committee members to review before being signed.
- Reasonable time of notice by email of the documents to entire the AAC would be 24 hours.

The meeting recessed at 10:19.
The meeting resumed at 10:31.

**MOTION 6. MOVED to amend Article XI of the USATT Bylaws by adding a section 11.10 reading:**

  - Sujay said the plan is for implementation by the end of the year.
- Mr. Thompson requested a possible timeline for a roll out of the new items?

12. SafeSport Issues

Mr. Thompson had sent the SafeSport Code out to all to review before the board meeting. Very comprehensive and complex code that has been put together.
• Each NGB must recognize the code in their policy per the USOC.
• The Lawyer for SafeSport said this is the final SafeSport Code policy for the USOC.
• USATT must reference the SafeSport code and have it available by the time the code goes into effect, April 15th.
• Mr. Taylor suggested Mr. Thompson call to see how NGBs manage SafeSport.
• Mr. Taylor brought up we could add a paragraph adopting the SafeSport Code into what we have. For now, leave in place by-laws we have in place and use SafeSport to follow rules.
• Ms. Cribbs realizes this must move forward.
• Mr. Taylor noted we have a By-law titled “Submission to Jurisdiction to US Center of Safesport”. We could add a paragraph to this By-law.
• Mr. Taylor will create the wording for Sunday meeting.

Background checks discussed.
• Mr. Thompson brought up Background checks. What USATT uses now is not good enough for the SafeSport Policy.
• Mr. Thompson requested the use of NCIS—to have it done right and use the same background check as company as the USOC. The USOC is heightening the standard check with a new level of scrutiny.
• Ms. Cribbs stated this is a management decision instead of the Board but agrees that USATT can use the company dictated by the USOC.
• Other NGBs have had red light felonies. USATT has only had misdemeanors, judgment calls, DUIs and reckless driving.
• Mr. Danner thinks we should develop a policy on how to proceed with violations and make sure to document what we did with them. Mr. Thompson agrees with this.

Next was a Board discussion on the process to renew SafeSport Compliance for those whose compliance is expiring.
• Mr. Thompson said there is an issue with Safesport tutorial refresher course. A persons first SafeSport certification must expire before they can take a refresher course. A time lapse can create possible problems.
• Ms. Rather asked why are we not doing fingerprints? Mr. Thompson responded it is a practical matter and added cost to have people go out and have this done. Background checks are accepted by the USOC.
• Ms. Rather asked “How do we check International people?” Mr. Thompson said we normally don’t have access to check except what Immigration uses for allowing others to come in our country.
• Once a coach’s SafeSport expires, the coach will go off the Coaches Directory available online.
• Mr. Thompson knows there issues with the Umpires listing. He is working on corrections with Simply Complete.
• Everyone now must have an annual refresher on the SafeSport Tutorial.
• Ms. Cribbs stated both Ms. Rather and Mr. Bitzigeio should have the right information easily accessible. They should go to the SafeSport compliance officer and know what is needed. They need to be aware of all policies.

• Mr. Thompson shared details for the for “Minor Athlete Abuse Prevention Policy” (MAAPP). MAAPP is a new policy from USOC and is mandatory. The most important items are:
  
  i. The policy makes clear SafeSport compliance is an annual renewal.
  ii. New and heightened rules for one-on-one interactions with adults and minor athletes.

• Mr. Taylor stated what he is hearing is we would not need to change any By-laws. Rather, what USATT has adopted has been intensified.

• Mr. Taylor asked how we will let clubs and members know of the policies?
  o Use all means of communication and media to let people know that the new policies been adopted.
  o Notify all clubs and tournament directors directly.

• Eventually USATT will be required to counter-acknowledge that proof has been transmitted.

Tahl Leibovitz returned to the meeting at 5:17.

A SafeSport audit can suspend and decertify an NGB if there are unacceptable findings; however, it is more typical that the Center will work with the program to make things better.

Mr. Thompson explained that USCSS is creating centralized disciplinary records; a massive data base to be used for all information.

• The data base will post issues from all NGBs, including specification of violations and the names of the perpetrators. All sports’ records would be accessible.

• Ms. Cribbs asked Mr. Thompson to find out if required SafeSport procedures are available in different languages.

• Ms. Cribbs has seen SafeSport violations in the news, and we don’t want parents of players to ask why we didn’t do what was needed to at the time. We need to adhere to policies and support Mr. Thompson.

Ms. Cribbs reviewed the agenda goals for tomorrow’s session.

• Summarize questions for executive session regarding Mr. Bitzigeio’s contract negotiations.
• Make sure to get the Committees approved.
• Review the Strategic Priorities and the expected USOC implementation assistance.
13. Implementation Process of Strategic Priorities
