Interpretation

1. A taekwondo tournament is a competition which is decided, within, the rules, by direct physical contact and forceful physical collisions between contestants. In order to reduce the impact of the inequality in relative factors between contestants and ensure safety as well as create equal conditions for the exchange of techniques, the weight division system was established.

2. The division of men and women into separate categories, men competing against men and women competing against women, is a fundamental rule.

(Explanation #1)
- Not exceeding:
The weight limit is defined by the criterion of one decimal place away from the stated limit. For example, not exceeding 50 kg is established as until 50.0 kg with 50.1 kg being over the limit and resulting in disqualification.

(Explanation #2)
- Over:

Over 50.00 kg mark occurs at the 50.1 kg reading and 50.0 and below is regarded as insufficient, resulting in disqualification.
