2. DISCRETIONARY SELECTION (if applicable)

2.1. Rationale for utilizing discretionary selection (if any):

The sport of team handball is not a measured or timed event. In the selection of athletes who will compete together as a team, it is difficult to make selection decisions based solely upon objective criteria. The fact that various positions on the team (offense, goalkeeper, defense) require different physical and mental attributes must be considered. It is the belief of the PAGSC that considering the mix of Selection Criteria, which includes discretionary components in evaluation of performance ability and listed considerations, will result in selection of the best athletes, who will work together as an effective team, to continue the success of this program.

2.2. Define the discretionary criteria to be used (if any):

In selecting athletes to be members of the 2023 Pan Am Games Men's Team, the PAGSC will consider information, specifically observation and statistical evaluation, of both

objective and discretionary nature, that pertains to the criteria listed here and in Section 1.3.

The selection procedures of a team handball player has to concern itself with the individual's overall performance and his/her contribution to the performance of the team as a whole in interaction with the other players. Cumulative Performance Evaluation, and/or systematic participation will be considered as a fundamental requirement for selection.

- 2.3. Name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles:

The PAGSC, which includes the requisite minimum of 33.3 percent of athlete representation, is responsible for making all athlete selections for the Pan American Games Team.

Men's Pan American Games Team Selection Committee as of October 20, 2022:

Men's Pan American Games Team Selection Committee	
1. Robert Hedin	Men's Senior National Team Coach
2. Julio Sainz	Men's Head National Team Technical Coach
3. Cedar Bellows	Athlete Representative
4. Ebiye Udo-Udoma	Athlete Representative
5. Krista Austin	USATH High Performance Manager (non-voting)

- 2.3.1. Process that will be used to identify and handle any potential conflicts of interest involving a member of the committee:

All members of the selection committee must comply with the NGB/PSO's conflict of interest policy, to include completing and submitting a disclosure form for review by the NGB/PSO's Ethics Committee prior to convening the committee.

Any member of the selection committee who has an actual, possible, or perceived conflict of interest must disclose it to the NGB/PSO's Ethics Committee prior to the start of the selection process and/or recuse him/herself from the review process and/or voting. A conflict of interest exists when a personal, family, financial, professional, club, team or business interest of the committee

member poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise the committee member's ability to participate in the selection process in an unbiased manner. If a conflict exists, the NGB/PSO's Ethics Committee shall review the conflict and determine the committee member's level of involvement (e.g., whether that committee member must recuse him/herself from participating in discussions and/or voting). For example, if it is determined that a committee member must recuse him/herself from voting, the

Ethics Committee may still determine that a committee member who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and so long as the committee member with the conflict of interest does not vote toward the final

decision. The committee member must not otherwise influence other members of the committee in the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a committee member has a conflict of interest may report the alleged conflict of interest to NGB/PSO's Ethics Committee. Reports may be made anonymously. No committee member shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

Any recused individual shall be replaced in accordance with the NGB/PSO selection committee appointment process.
