Section 2.07  Safe Sport Commitment

USATH totally embraces the principles and guidelines that serve to protect our membership and we work closely in collaboration with the U.S. Center for SafeSport and the U.S. Olympic Committee toward that end.

Beginning in October of 2018, ALL coaches, team managers, team leaders, medical trainers or any other team official that expects to be seated on a team bench in any of our sanctioned events, to include the annual College National Championships and the annual Club Open Championships, will be mandated to show proof of having passed the free on-line SafeSport educational tutorial. The SafeSport Certificate that is issued for this course is valid for two years and must be current for the specific event where participation is being sought. This also extends to all referees assigned to the event by the National Referee Committee Chair. All the above referenced individuals will also be expected to show proof of having passed a Background Check that is valid for two years and must be current at the time of the specific event in which participation is being sought.

In addition, ALL registered clubs must designate a SafeSport Champion for their respective club and they too are expected to have passed the SafeSport educational tutorial and having passed a Background Check every two years and to be familiar with the SafeSport resolution and policy in effect for USATH.

Until such time that Club SafeSport Champions can register within our on-line platform as to their designation for their respective club, SafeSport Champions must register with Chris Morgan, USATH’s Membership Director. Chris will maintain a club SafeSport Champions list that he will produce for all applicable events that will be monitored.

For sanctioned events, compliance with these mandates will be the responsibility of the named person in charge for each respective event, this is typically the responsible person named on the sanction request form and/or the Certificate of Insurance form. For the College Nationals and Open Club Championships, compliance enforcement will fall upon the respective Competition Director.

The USATH Director of SafeSport Education / Certification is Jan O’SHEA. Access to the SafeSport online tutorial can be found through the following link:

Section 4.02 USATH Regional Qualification Process
Each region will strive to have a Regional Qualification Process, to determine its entrants into the USATH Open Club ELITE Championships. Only USATH sanctioned single contests, multi-game tournaments, and regional leagues are recognized as “qualifying” towards USATH Club, College, and High School National Championships. The USATH CC is ultimately responsible for the determination of the qualification format, which is described in Article VI.

The number of available seeds for each region will be determined based on the number of active teams in the region. A team shall be considered active if it participates in at least 50% of the region’s sanctioned events.

In case the winner of a sanctioned Regional League or Regional Qualification Tournament is also the reigning Club Champion, an additional bid shall be awarded to the next highest ranked team from that region. In the event that the qualified teams decline the bid, their spots shall be granted to the highest-ranking regional finishers interested in accepting it. If none of the remaining eligible teams accept the bid, such bid should be turned-over and become a Wild Card bid.

The CC will strive to announce the assigned regional bids early in the season. With that in mind, regional committees are required to commit the number of active teams no later than October 31st of any given year. Following that commitment, the CC will announce the format and for the USATH Open Club Championships no later than November 15th of any given year.

Results are expected to be communicated to the CC on a regular basis if not made available online, and final standings are due by March 31st of any given year, in order to facilitate the draw of the Open Club divisions.

If a regional committee does not meet its committed schedule, the CC reserves the right to reassign the ELITE bids that had been assigned to the region.

Section 4.03 Regional Leagues and Local Competitions
Each region will strive to have a sanctioned regional league(s) with a designated Commissioner and own website or maintain a dedicated page on USATH website about playing schedule, participating teams, league news and results.
Regional leagues will abide by the regulations set forth by the USATH CC, and comply with the USATH Rule book.
Article V. USATH Sanctioned Events Involving Domestic Teams
This article is the reference to be followed by any LOC hosting a domestic tournament. It replaces the USATH Tournament Sanctioning Guide.

Section 5.01 Authority
Per USOC charter as the National Governing Body for Team Handball and subsequent authority and duties, including granting sanctions for amateur athletic competition under paragraph 220525 of the Ted Stevens Act, USA Team Handball sanctions events involving domestic teams and clubs (Article II) and international club and National Teams competitions (Article III) to ensure:

A. an equal opportunity for all hosts (teams, clubs, LOCs) to hold tournaments without unreasonably competing for the same teams to participate in these tournaments and,
B. all players to participate in these events under the best possible playing, officiating, safety, and social conditions.

Section 5.02 Eligibility and Exemptions
Only USATH registered and recognized teams/clubs and LOC may apply to and have an event sanctioned. All events, including single matches and multiple match tournaments, ought to be sanctioned by the USATH TD, CEO or designee.

Note: Only USATH sanctioned single contests, multi-game tournaments, and regional leagues are recognized as “qualifying” towards USATH Open Club, College, and High School National Championships.

Section 5.03 Rights and Responsibilities of the Host Organization
In applying for sanction the host (team/club and/or LOC) agrees to conduct the tournament in accordance with the USATH Rules of the Game (as defined in Article I), and to abide by the USATH Sanctioning Process (as defined in Section 5.04). In return, the host obtains the right to:

A. USATH General Liability and Secondary Accidental insurance coverage for the competition venue owners, host team/clubs players, visiting participants, spectators, and guests.
B. Conduct the tournament on the dates at the location specified.
C. Have the single contest and/or tournament and all games played recognized as “qualifying” for USATH Open Club Championship events.
D. Have the tournament listed on the USATH web page (Events).
E. Receive necessary forms for the conduct of the tournament.
F. Receive support from the USATH membership committee to check participants’ membership status.
G. Use the designation of USATH sanctioned event to leverage media attention, larger attendance, sponsorships and revenue opportunities, including use of the USATH logo and access to the USATH sponsors network.
H. Have the results published on the USATH web page provided the information is submitted in a timely manner and subject to standard editorial policies.
Section 5.04 Sanctioning Process
The entire sanctioning process, including approval process is currently being established on the USATH online platform: [http://usateamhandball.usetopscore.com](http://usateamhandball.usetopscore.com) Please contact the CC chair, TD or CEO for more information.

Note: for all league tournaments, the league commissioner shall be responsible for managing the sanctioning process for each event and reporting the league’s results to the CC.

Section 5.05 Participation in Sanctioned Events
(a) Membership requirements
A. All players and coaches in a sanctioned tournament must be USATH members. Memberships are valid for one season and have to be renewed annually to maintain participation eligibility. All USATH memberships are to be purchased through the dedicated platform.
B. USATH will provide sponsoring club an access to listing of current members to the EM prior to the start of the sanctioned event. However, the LOC is fully responsible for checking players’ eligibility to compete.

(b) Officiating requirements
A. Each qualified match has to be officiated by at least one (1) USATH certified official. Officials certified by the IHF or EHF can be used in place of USATH certified officials.
B. The sponsoring LOC is responsible for all arrangements and costs related to referee needs. Please consult the National Referee Committee (NRC) for the currently enforceable referee court fees to be paid. Upon request, USATH and the NRC may assist the LOC in identifying available certified officials.

(c) Players
A. A player may sign up at any time during the playing season; however, they will not be cleared to play at sanctioned events until their registration has been certified by the USATH.
B. Once a player has taken part in a sanctioned event with a team, they may not participate in sanctioned events with other teams, except in the following situations:
   a. One-time waiver (up to two per team, per tournament) to help a team meet minimum roster requirements. This only applies to teams that have fewer than ten (10) players on their roster. In that case, the sanctioned event will not be counted towards that player’s eligibility for participation in the ELITE division. Note that one-time waivers must be announced in writing at the time that the roster is submitted for review by the CC. The CC will be responsible for maintaining a record of all those waivers, should the TD or CEO need to review them prior to the Open Club Championships. Players may not play for more than two (2) teams over the course of a season.
   b. Permanent transfer, submitted in writing to the CC Chairperson and approved by the club of origin. This process, including approval from the TD or CEO, must be completed prior to playing any sanctioned game with a new team. The CC will be responsible for maintaining a record of all permanent transfers, should the TD or CEO need to review them.
prior to the Open Club Championships. Note that any sanctioned games played with a
former team will not count towards eligibility with a new team. All permanent transfers
must fall within one of the following categories:

i. Off-season transfers – players may transfer without justification during the off-
season period, from June 1st to August 31st of every year. Those transfers must still
meet the rules listed previously but do not require justification.

ii. In-season transfers – players may transfer one-time during the season, provided
they present justification with their request. Acceptable forms of justification
include – but are not limited to – relocation or strategic change on the player’s
current team. The CC will review the request and make a recommendation to the
TD or CEO, who will have the ultimate decision on whether or not to allow the
transfer.

Section 5.06 Violation(s)
Any and all violations of Article IV shall be recorded by the TD or CEO and are subject to disciplinary
sanctions by USATH. Pending disciplinary sanctions shall to be communicated in writing, via emails, to
the respective parties as soon as recognized but no later than within 60 days after the event.
Should an individual or club/team/LOC wish to appeal those sanctions, they will have 10 business days to
do so to the CEO. The CEO will review the case and either support, alter, or overrule the sanction rendered,
in consultation with the CC, within 15 business days. The CEO’s decision is final and cases that are denied
for appeal cannot be reopened.

Section 5.07 Minimum Venue Requirements
The following are minimum venue standards that the LOC is expected to meet. However, the LOC can use
the Sanctioning Application to request an exception be made. The USATH’s TD or designee shall respond
within 10 days with an approval or a denial.

(a) Court
Only a regulation Team Handball court measuring 20 m x 40 m (or approximately 65’7” x 131’2”’)
should be used for all sanctioned events. Each court should have at least a 2m, with 3m preferred perimeter “safety
zone” surrounding it.
Each venue shall have at least one Stadium Court that meets basic Court requirements and provides seating
for at least 100 spectators via bleachers and/or seating bowl.
Note: Courts need not necessarily be adjacent and/or under one roof, but should be within easy walking
distance (less than a ½ mile).
(b) Court Lines
Each court must be visibly marked with 2-inch wide lines according to the IHF rules.

(c) Goals
Each court must have 2 regulation goals with nets. Both goals must be securely attached to the floor with anchors and/or weights and/or sand bags.

(d) USATH Table
If so stipulated by USATH, the main gymnasium shall have one dedicated USATH membership/merchandise table placed near the entrance. The LOC will not be required to manage that table.
(e) Team Bench
Each court shall have sufficient bench seating for 16 athletes for each team and up to four (4) team officials (2 coaches, 1 athletic trainer, and 1 manager/statistician). The team bench must be placed in accordance with Figure 1.

(f) Officials’ Table
Each court shall have one (1) official’s table (capacity: 3 people) equipped with scoreboards (manual or mechanical) that are visible to the spectators facing the scoring tables. Each scoring table must have the equipment listed below:

A. One (1) stop watch
B. Two (2) regulation size balls

The TD or CEO will announce, no later than March 31st of the on-going season, whether or not ELITE divisions will be held. The ELITE divisions will be limited to eight (8) teams until such a time as the number of ELITE-worthy teams exceeds that capacity. The CC reserves the right to adjust the format of play. The CC will preside over the draw of all teams into their respective pools of play.

(i) Teams
A. All teams wishing to participate in ELITE divisions must meet the following minimum participation standard:
   a. Women: three (3) qualifying matches, including regional qualification tournaments.
   b. Men: five (5) qualifying matches, including regional qualification tournaments.

   c. If more than one team from the same club enters a qualification tournament, players may only play for one team during the course of that tournament.
   d. If more than one team qualifies for the ELITE division, those teams may not swap players used during qualification. However, teams may add eligible players who have not played in the qualifier.
   e. If only one team qualifies for the ELITE division, that team may call up any player from its club that:
      i. complies with the player minimum participation rule for the qualified team
      ii. has not qualified for the ELITE division with another team.

D. If the total number of regional bids exceeds the number of available entries into the ELITE division, the CC reserves the right to reduce the number of bids for a given region and will provide an explanation to the concerned region’s commissioner.

(iii) **Wild Card bid(s)**

If any bids remain, they will be assigned to the highest ranking teams. Points are earned by participating in USATH Sanctioned Events that have been approved to award points (regional qualifiers excluded) based on the following table.

So as to be able to announce the schedule of qualifying events early in the season, clubs and LOCs that intend on hosting such an event must submit a request to the CC no later than October 31st of the on-going season. A three (3) point bonus will be awarded to the defending OPEN division champions, in recognition of a successful season.

If two or more teams end up with the same number of points, ties will be broken using the following rules:

1. Head-to-head results during Wild Card qualifiers.
2. The best record (Win – Draw – Loss) against other teams that have qualified for the ELITE division. Records will be assessed using a points system (Win = 2 points – Draw = 1 point – Loss = 0 points).
3. A playoff game to be played on the first day of the Open Club Championships.

Additionally, Wild Card qualifying events must follow these rules:

- Given that the ELITE division is intended to determine the best US-based team, qualifying events should be comprised of at least two-thirds (2/3) US-based teams. If a Wild Card qualifier does not meet that rule, no Wild Card points will be attributed.
- Wild Card qualifiers may include up to two (2) teams from the same club. If a tournament includes more than two teams from the same club, Wild Card points will be allocated on a smaller sized tournament.
- All Wild Card qualifiers must be registered and hosted through the USATH online platform – TOPSCORE. This includes roster management, to allow for review by the CC and the USATH Membership Director no later than 14 days prior to the start of the event. The host will be responsible for ensuring that all registered teams and athletes meet the eligibility requirements, but they must receive a sign-off, in writing, from the CC and the USATH Membership Director prior to the start of the event in order to receive points for the event.
- All guidelines and necessary documents can be found in the Event Sanctioning Guide.

**Section 6.09 Seeding**

Note that this section is applicable across all USATH Open Championships

(a) National ranking
In order to seed teams for the Open Championships, we will use a National Ranking system, based on the results of the previous Open Championships, at the start of every season.

- Each team will score points based on their **overall** placement in the Open Championships, in 2-point increments, with the highest number of points being allocated to the ELITE National Champion.
- All teams that did not participate in the Open Championships start the season with 0 points.
- Throughout the season, the National Ranking will be updated based on points that teams secure through sanctioned events, using Table 1. Note that all **sanctioned** events are counted in this case, not only the Wild Card qualifiers.
- Teams that participate in Regional leagues will score points from that league worth double those listed in Table 1 (e.g. the winner of a 4-team league will score 8 points).

The final season ranking will be announced no later than 30 days prior to the Open Championships and used as the basis for seeding teams. Any ties will be broken by:

1. Head-to-head results in sanctioned events.
2. A random draw.

(b) Seeding an even number of teams
In the event that a division has an even number of teams, those teams will be split into as many pots as there will be groups in the group stage of the championship, in order of strength. For example, if the 8 top-ranked teams have qualified for the same division, the buckets would be:

1. Team #1 and Team #2
2. Team #3 and Team #4
3. Team #5 and Team #6
4. Team #7 and Team #8
One team from each pot shall then be drawn at random into each group.

(c) Seeding an odd number of teams
In the event that a division has an odd number of teams, one team shall be given the choice of which group to play in. That team will be:

1. The defending champion in that division.
2. The highest ranked team on the National Ranking.

All other teams will be split and drawn in the same manner as for an even number of teams.
