Race Director 2018 Committee Report

Mission

The Race Director Committee shall advocate for all multisport race directors in the areas of education, business management, intercommunications, and in the participation of the formulation of all USAT actions and regulations that affect them.

2018 Accomplishments

1. Race Director Summit. This was Job #1 to make the summit germane to race directors. We accomplished this very important goal. The summit was very well received by the RD community and for the first time in several years, race directors were excited about the direction of USAT as it pertains to RDs
2. The RDC provided more substantive input to the RD Summit agenda, as well as led discussion groups on topics which directly affect RD's.
3. Gave continued input and feedback to staff on Strategic planning.
4. Reviewed sanctioning requirements.
5. RD certification mandatory to sanction events.

2019 Objectives

1. Continue to raise expectations and sanctioning requirements for race directors. Develop a tiered system to reward Level 1 & 2 certified race directors.
2. Continue to encourage race directors to request and include USAT Officials at events.
3. Grow participation and more annual members.

Conclusion

The RDC is committed to growing the sport of triathlon by increasing annual membership and to raising the bar for promoting a triathlon. The committee is receiving excellent support from the new USAT staff and board liaisons. RDC believes there is still more work to be done on returning the focus of USAT to a race-director centric organization.
