FROM THE HIGH PERFORMANCE TEAM:

Although this season is not off to the start any of us could have expected, we hope you all have been able to focus on your health and well-being, while finding unique ways to keep up your fitness. If you have not yet seen, USA Triathlon is hosting the Virtual Run-Bike-Run from now until May 17, providing an opportunity to stay active, healthy, safe, and competitive.

Please share this opportunity with others, and it would be great to see some familiar USA Triathlon elite names on the results list! We expect some of the USA Triathlon HP staff will even jump in! See more details below, and be well!

USA DUATHLON VIRTUAL RUN-BIKE-RUN: PARTICIPATE & SPREAD THE WORD!
The USA Duathlon Virtual Run-Bike-Run presented by TOWER 26 began last week and runs through May 17, and supporting partners include TrueForm and FlipBelt. We’d love for you to be a part of this by participating in the race but also — and just as importantly — helping to spread the word by simply sharing on your social media channels.

As an elite triathlete, you are an inspiring role model and we truly appreciate anything you can do to lift up our multisport community during these challenging times.

By making an optional $35 donation to the USA Triathlon Foundation COVID-19 Relief Fund as part of registration, participants will receive a finisher medal and, most importantly, support multisport community members impacted by the crisis. To register, visit here.

DATES ANNOUNCED FOR TOKYO OLYMPIC GAMES
As you well know, the International Olympic and Paralympic Committees announced that the Tokyo Olympic and Paralympic Games will be postponed to 2021, due to the COVID-19 pandemic. The Tokyo 2020 Olympic Games are now scheduled for July 23 to Aug. 8, 2021, while the Paralympic Games are now scheduled for Aug. 24 to Sept. 5, 2021.

USA Triathlon believes that postponing the Olympic and Paralympic Games until 2021 was the proper decision in the best interests of global public health. We also fully support this announcement because the ability for athletes around the world to both train properly and qualify fairly for the Olympics Games has been significantly impacted due to the circumstances surrounding COVID-19.

For more information on this decision, read the IOC’s statement here.
