Higenamine was added to the World Anti-Doping Agency (WADA) Prohibited List in 2017 and is classified as a beta-2 agonist, which means it is prohibited at all times, both in and out-of-competition. The prohibited substance is becoming more common in dietary supplements, so click here to learn more.

ACE – Athlete Career Education Pivot Workshop
ACE is conducting a Pivot Workshop on June 6-7 for retiring and retired athletes looking for their next steps after retiring from their sports. Athletes have found it very useful to discuss issues (personal, work, school, etc.) and receive resources to help them make that difficult transition out of sport. If you are available and would like to attend, all travel and lodging accommodations will be provided. Apply now; space is limited. For more information, visit TeamUSA.org/ACE or email Terris Tiller at Terris.Tiller@usoc.org.

Mental Health Resources
In conjunction with the USOC, USA Triathlon is providing mental health resources for anyone who is dealing with those issues themselves or who knows an athlete that would be interested those resources. USAT is striving to provide resources and direction to anyone suffering with mental health issues. More information can be found at this link.

ITU Pre Participation Examination (PPE)
All athletes competing in ITU competitions in Junior, U23, Elite and Elite Paratriathlon categories must have completed a pre-competition health screening, which includes a questionnaire, a physical examination and an ECG following the IOC's recommended procedure.
Thereafter, all Junior, U23, Elite and Elite Paratriathlon athletes, competing in the ITU Competitions must complete the medical questionnaire and undergo a medical examination each year. In addition, they must undergo a resting ECG every two years.

Please click here to read further about this PPE. Both documents can be found on the USAT website.

Once you have completed your PPE, athletes should:
- Retain the original completed, dated and signed questionnaire and PPE evaluation for your own records.
- Submit to elite@usatriathlon.org only the completed PPE certification for USAT to keep on file.

**ITU Listserv for WTS, MTR Series and WC Events**

USA Triathlon will continue to send a reminder regarding the start lists for World Triathlon Series, MTR Series and World Cup events in 2019. This email reminder will be sent on the Thursday prior to the USA Triathlon deadline for the event. All athletes who have requested a start will be included, in addition to any athlete or coach who wishes to be included on the distribution list. If you would like to be included, please email elite@usatriathlon.org and request to be added to the “ITU listserv.”

**ITU Event Entries/Withdrawals:**

Please note that all ITU entry and withdrawal requests must be submitted to your National Federation. If you are an American athlete, ALL ENTRY REQUESTS MUST BE SENT TO ituentries@usatriathlon.org. No other form of request will be accepted (including in-person communication or email contact directly with USA Triathlon High Performance Staff). Athletes will not be guaranteed that their name has been added to the ITU list unless they email ituentries@usatriathlon.org. USA Triathlon deadlines for submission are EOD the Sunday before the ITU deadline (32 days prior to competition). The ITU will post each start list 32 days out from competition. After this date, your chances of obtaining a start decrease based on the number of athletes requesting a start.

Penalties will be levied for all withdrawals made inside of 31 days and will only be waived in extenuating circumstances. Please be sure you are 100 percent committed to competing.
