HOST SITE PROPOSAL
This document features a comprehensive proposal outlining the host site sponsorship of the 2022 and 2023 Toyota USA Triathlon Age Group National Championships. The local organizing committee chosen as host should place primary emphasis on the safety and quality of the event while also generating community interest and respectfully representing the USA Triathlon brand.

ABOUT USA TRIATHLON
USA Triathlon (USAT) is the national governing body for the multisport disciplines of triathlon, duathlon, aquathlon and winter triathlon in the United States. USA Triathlon is a member federation of the U.S. Olympic Committee and the International Triathlon Union (ITU).

USAT coordinates and sanctions over 4,300 grass-roots and elite multisport events across the country. USAT’s membership exceeds 150,000 and is comprised of athletes of all ages, coaches, officials, parents and fans striving together to strengthen multisport.

The mission of USA Triathlon is to grow and inspire the triathlon community. Our vision is to provide the resources required for all in the triathlon community to reach their full potential.

EVENT BACKGROUND
The host site of this event will welcome over 5,000 athletes along with 10,000 spectators from across the United States for a three day multisport event consisting of USAT’s Olympic Distance and Sprint Distance Age Group National Championships (amateur athletes). The events will welcome participants from all fifty states to participate in this multisport event. In addition, there is an opportunity to add additional events depending on the venue.

This Request for Proposal will outline the background of this event, USAT’s expectations of the Local Organizing Committee (LOC) and the structure that this event will be produced. It will also outline the benefits of the USAT National Championships and the contents to be submitted in the proposal.

EVENT OWNERSHIP
USA Triathlon owns and operates this turnkey event. USAT will serve as race management and work closely with the LOC to make sure a successful event is produced. The LOC will serve a vital role in the planning and connecting USAT with the right individuals and agencies within the community.

USA Triathlon does reserve the right to use a housing service to secure the necessary hotel room needs for the event.

WORLD QUALIFYING STATUS
The International Triathlon Union (ITU) is the International Federation for the sport of triathlon. It is the organization that chooses the sites of each world championship. The world championship is the event for which USAT qualifies athletes through the Age Group National Championships.

Friday:  Packet Pickup, Expo, Rules Briefing, Olympic-Dist. Bike Check-in, Open Water Swim Competition, Swim Familiarization
Saturday:  Olympic-Distance Age Group National Championships, Expo, Packet Pick-Up, Sprint-Distance Bike Check-In, USA Triathlon Town Hall Meeting, Olympic-Distance Awards Ceremony

EVENT MARKETING
This event will be marketed throughout the United States by USA Triathlon. USA Triathlon will market the event through its print and electronic media outlets. For increased event recognition, the event will include a webpage, with links to all partners, sponsors and the host city CVB/Sports Commission.

Because USAT sees this as a partnership, the LOC’s logo will appear in conjunction with all marketing, advertising and promotion for the event. The LOC reserves the right to review and approve all collateral material for the event prior to its production. The LOC also may use USAT’s logo in conjunction with its printed information but only with approval from USAT.

USA TRIATHLON PARTNERSHIP WITH THE LOC
USA Triathlon will work with the LOC to create and implement a marketing promotion centered on the event location. Such promotions may include special pre-event vacation packages, discounts on future vacation visits to the area, special athlete tours of historical or unique sites, etc.

USA TRIATHLON SITE SELECTION CRITERIA
USA Triathlon will use the following guidelines in reviewing the proposal and in the selection process.

- Swim Course: Clean, scenic body of water, with temperatures ranging between 60F and 80F.
- Weather: Moderate and reliable (No threats of hurricanes, searing heat, forest fires, etc.)
- Bike Course: Safe course with roads that are entirely closed to traffic and can accommodate the athletes comfortably. Road conditions are good with minimal safety concerns.
- Hotels: Should be able to service 5,500 athletes plus staff, friends, family, spectators, and sponsors. Dorms, home stays, campgrounds, etc., are alternative housing options. Attempts should be made to minimize the cost of the hotel room block.
- Race Venue: Adequate space for swim start/finish, transition area, finish line, athlete recovery area, spectator viewing, parking, and race expo. Venue should not be more than 20 minutes drive from hotels. No split transition area.
